Investor Presentation Q4 & FY24

## Disclaimer

The Presentation is to provide the general background information about the Company's activities as at the date of the Presentation. The information contained herein is for general information purposes only and based on estimates and should not be considered as a recommendation that any investor should subscribe / purchase the company shares. The Company makes no representation or warranty, express or implied, as to, and does not accept any responsibility or liability with respect to, the fairness, accuracy, completeness or correctness of any information contained herein.

This presentation may include certain "forward looking statements". These statements are based on current expectations, forecasts and assumptions that are subject to risks and uncertainties which could cause actual outcomes and results to differ materially from these statements. Important factors that could cause actual results to differ materially from our expectations include, amongst others, general economic and business conditions in India and abroad, ability to successfully implement our strategy, our growth & expansion plans and technological changes, changes in the value of the Rupee and other currencies, changes in the Indian and international interest rates, change in laws and regulations that apply to the Indian and global industries that we serve, increasing competition, changes in political conditions in India or any other country and changes in the foreign exchange control regulations in India. Neither the company, nor its Directors and any of the affiliates or employees have any obligation to update or otherwise revise any forward-looking statements. The readers may use their own judgment and are advised to make their own calculations before deciding on any matter based on the information given herein.

No part of this presentation may be reproduced, quoted or circulated without prior written approval from Vimta Labs Ltd.

## Vimta Labs at a Glance

Established in 1984, VIMTA is one of India's most renowned companies for contract research and testing, recognized for its high quality, cutting edge technology enabled wide spectrum, reliable services and vast experience. The company's broad capabilities span across biologics, small molecules, agro-chemicals, food & beverages, electronics, clinical diagnostics, medical devices, home and personal care products, and environment testing.

Of experience in CRTO industry

1,400+

Dedicated Multi Disciplinary Team

17

Regional & Satellite labs across India

400,000+

Sq.ft. of Ultra modern lab space

90+

Successful Regulatory Audits

#1

In India:

- Pharma Analytical & Preclinical Services
- > Food Testing Services

## Our Journey

<sup>•</sup> Investment & Revenues in INR

<sup>•</sup> Investments depicted may have spread across more than the denoted year

## Our Offerings (1/3)

Drug discovery and development support to Lifesciences Industry

Food & Agriculture Services

**Electronics & Electricals Testing** 

**Clinical Diagnostics** 

**Environment Testing** & Consultancy

Offerings

Industry

Accreditations & Regulatory Approvals

Pharma Analytical

Pharmaceuticals

DCGI, USFDA, WHO, NPRA, UK MHRA and other European countries

Services

- Leader in India for a wide range of analytical services for the pharmaceutical, biopharmaceutical and animal health industries.
- E&L studies
- Stability testing
- Method development: > Dissolution testing
- Validations
- Genotoxic impurities
- Elemental analysis
- > In vitro studies

- Physical characterization
- Microbiology
- > Immunogenicity
- Characterization
- Bioassays

Clinical Research

Pharmaceuticals

- > One of India's most reputed and reliable CROs
- > Experience of over 2,000 clinical
- > Impressive track record of successful global regulatory audits from national and international regulatory authorities.

**Preclinical Support** 

Pharmaceuticals, Biotech, Medical device, Agrochemicals

Good Laboratory Practices (GLP) certified by NGCMA, and AAALAC accredited

- > General and Genetic toxicology
- > Safety pharmacology
- > Development and Reproductive Toxicology (DART) studies
- > Immunotoxicology
- Comprehensive pharmacological and drug metabolism and pharmacokinetic
- > Wide gamut of Toxicology services also support agrochemical and medical device industries

## Our Offerings (2/3)

Drug discovery and development support to Lifesciences Industry

Food & Agriculture **Services** 

**Electronics & Electricals Testing** 

**Clinical Diagnostics** 

**Environment Testing** & Consultancy

Offerings	Food Testing
No. of Laboratories	7

# Industry Landscape

- Market Opportunity
- Factors Driving Industry Growth

03

## Markets Opportunity

## **Factors Driving Industry Growth**

# Drug Discovery & Development

Increasing demand for new drug innovations, growth in biologics and vaccine products development, and increasing regulations in pharma and biotech industry

Specialized knowledge, skills and testing tools that CROs can provide

### Food Testing

Growing international food regulations, evolving Indian food safety regulations, growing world population, and increasing demand for independent third-party inspection & testing

# Electrical & Electronics Testing

Surge in demand for certification services of electrical & electronic products, growing defence budgets and make in India initiatives

Green push by Government for electrical vehicles

# Environment Testing

Increase in regulations to address the growing concerns of air, water and soil contamination

### Diagnostics

Health risks from communicable diseases, life style diseases, growing population and urbanization is driving the demand for precise diagnostic testing

Growing demand in wellness segment

# Our Competitive Advantage

- Our Position in the CRTO Landscape
- Our Strength

04

## Our Position in the CRTO Landscape

### 1 Pharma Analytical & Preclinical

#1 in India

Customers - 90% of India top 20

36% revenues from overseas

### **Clinical Research**

Among the most reputed CROs in India

75% of revenues from overseas

### 3 Clinical Diagnostics

Among leading labs in TS, AP, UP states

## 4 Food Testing

#1 in India

Customers - 70% of India top 10

### 5 **Environment**

Among top 5 in India

Customers - PSUs, large corporations across industries

### 6 Electronics & Electricals

Start-up

## Our Strengths

### **QUALITY**

Long & successful regulatory track record - cGMP, GLP, GCP

# CUSTOMER CENTRICITY

Long term partnerships with customers

### **INFRASTRUCTURE**

Unparalleled lab infrastructure in the country. Gold LEED certified Vivarium

### **KNOWLEDGE**

Multi-disciplinary, knowledgeable, skilled and trained manpower

### TECHNOLOGY

Wide range of current technologies with expandable capacities

# Way Forward

Our Key Growth Drivers & Strategies

05

# Our Key Growth Drivers & Strategies

#### Favourable markets

- ✓ Growth momentum in markets
- ✓ Growing demand for safe & quality drugs, food, diagnostics, electronics & clean environment

### Core business strategies

- ✓ Capacity expansions
- ✓ Service innovations
- ✓ Penetration into new markets
- ✓ Customer partnerships

### Core operational strategies

- ✓ Operational excellence
- ✓ Hiring right talent
- ✓ Quality & compliance culture
- Cutting edge technologies

### **Best practices**

- ✓ Good corporate governance
- ✓ Risk management
- ✓ Listening to customers' needs
- ✓ Continuous learning

We aspire to reach revenues of >Rs.500 cr by 2025/26

# Thank You
