7. The proposed Amalgamation of Highorbit Careers Private Limited with Info Edge (India) Limited, will be affected by the arrangement embodied in the Scheme of Amalgamation framed under sections 230 & 232 of the Companies Act, 2013, the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, the National Company Law Tribunal Rules, 2016, and other applicable provisions, if any.

8. Relationship subsisting between Parties to the Scheme

The Transferor Company is a wholly owned subsidiary of the Applicant Company-2 / Transferee Company.

9. Rationale and Benefits of the Scheme:

The circumstances which justify and/or necessitate the present Scheme of Amalgamation of Highorbit Careers Private Limited with Info Edge (India) Limited are, inter alia, as follows:

- i. Pursuant to a Share Purchase Agreement dated May 27, 2019, the Transferee Company had acquired entire share capital of the Transferor Company on June 25, 2019, with an objective to further consolidate its position in the online recruitment solutions segment where its flagship brand Naukri.com already has an established leadership position. The Transferor Company is presently a wholly owned subsidiary of Transferee Company.
- ii. Given the similarity in nature of businesses of the Transferor Company and the Transferee Company, it is proposed to merge the Transferor Company, with the Transferee Company. The merger shall result in greater business synergies and reduced administrative and other costs.
- iii. More specifically, merger of the Transferor Company with the Transferee Company would inter-alia have the following benefits:
 - a. Structured, sharper and better management focusing on holistic growth of the businesses;
 - b. Optimum and efficient utilization of resources and sharing of ancillary facilities;
 - c. Common governance structure and effective management of compliances;
 - d. Enhancing shareholder value and leveraging on synergies in doing the business; and
 - e. Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency.

10. Salient features of the Scheme of Amalgamation

- i. All assets and liabilities including Income Tax and all other statutory liabilities, if any, of the Transferor Company will be transferred to and vest in the Transferee Company.
- ii. All the employees of the Transferor Company in service on the Effective Date, if any, shall become the employees of the Transferee Company on and from such date without any break or interruption in service and upon terms and conditions not less favorable than those subsisting in the Transferor Company on the said date.
- iii. Appointed Date for Amalgamation will be April 1, 2020, or such other date, as the Hon'ble National Company Law Tribunal or any other competent authority may approve.
- iv. Since the Transferor Company is a wholly owned subsidiary of the Transferee Company, no new share will be issued by the Transferee Company pursuant to the Scheme of Amalgamation.

11. Extracts of the Scheme: Extracts of the selected clauses of the Scheme are reproduced below in italics (*points/clauses referred to in this part are of the Scheme of Amalgamation*):

- 5.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, the entire business and whole of the Undertaking of the Transferor Company shall, pursuant to order of the Tribunal sanctioning the Scheme under the provisions of section 230 to 232 of the Act, and other applicable provisions of the law for time being in force, including Section 2(1B) of the IT Act, without any further act, instrument or deed, stand transferred to and vested in or deemed to have been transferred to and vested in the Transferee Company on and from the Appointed Date, as a going concern, so as to become, as and from the Appointed Date, the assets and liabilities of the Transferee Company and to vest in the Transferee Company all the rights, title, interest or obligations of the Transferor Company therein.

6. VESTING OF ASSETS

- 6.1 Without prejudice to the generality of Clause 5.1 above, upon the coming into effect of this Scheme and with effect from the Appointed Date, all the estate, assets, properties, IPR, license, rights, claims, title, interest and authorities including accretions and appurtenances comprised in the Transferor Company, of whatsoever nature and where so ever situate shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, if any, without any further act or deed, be and stand transferred to and vested in the Transferee Company and/or be deemed to be transferred to and vested in the Transferee Company as a going concern so as to become, as and from the Appointed Date, the estate, assets, properties, IPR, License, rights, claims, title, interest and authorities of the Transferee Company.
- 6.2 Without prejudice to the provisions of Clause 6.1 above, in respect of such of the assets and properties

of the Transferor Company as are movable in nature or incorporeal property or are otherwise capable of vesting or transfer by delivery or possession, or by endorsement and/or delivery, the same shall stand so transferred or vested by the Transferor Company upon the coming into effect of this Scheme, and shall, become the assets and property of the Transferee Company with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act, without requiring any deed or instrument of conveyance for transfer or vesting of the same.

- 6.3 *In respect of such of the assets and properties belonging to the Transferor Company (other than those referred to in Clause 6.2 above) including sundry debtors, receivables, bills, credits, loans and advances, if any, whether recoverable in cash or in kind or for value to be received, bank balances, investments, earnest money and deposits with any government, quasi government, local or other authority or body or with any company or other person, the same shall stand transferred to and vested in the Transferee Company and/or be deemed to have been transferred to and vested in the Transferee Company, without any further act, instrument or deed, cost or charge and without any notice or other intimation to any third party, upon the coming into effect of this Scheme and with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act.*
- 6.4 *Any and all immovable properties, whether free hold, on lease or under a contractual entitlement, if any, of the Transferor Company, and any documents of title/ rights and easements or otherwise in relation thereto shall be vested in and transferred to and/ or be deemed to have been transferred to and vested in the Transferee Company and shall belong to the Transferee Company in the same and like manner as was entitled to the Transferor Company. It is hereby clarified that all the rights, title and interest of the Transferor Company in any leasehold properties shall, without any further act, instrument or deed, be vested in or be deemed to have been vested in the Transferee Company.*
- 6.5 *All assets, rights, title, interest, investments and properties of the Transferor Company as on the Appointed Date, whether or not included in the books of the Transferor Company, and all assets, rights, title, interest, investments and properties, which are acquired by the Transferor Company on or after the Appointed Date but prior to the Effective Date, shall be deemed to be and shall become the assets, rights, title, interest, investments and properties of the Transferee Company, and shall under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act, instrument or deed, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company upon the coming into effect of this Scheme and with effect from the Appointed Date, pursuant to the provisions of Sections 230 to 232 of the Act.*
- 6.6 *All licenses necessary to carry on the operations of the Transferor Company shall stand transferred to and be vested in the Transferee Company, without any further act or deed by the Transferor Company or the Transferee Company and be in full force and effect in favour of the Transferee Company, as if the same were originally given to, issued to or executed in favour of the Transferee Company and the Transferee Company shall be bound by the terms thereof, the obligations and duties there under, and the rights and benefits under the same shall be available to the Transferee Company. The Transferor Company and/or the Transferee Company shall file intimations, applications and/or necessary clarifications and documents with the relevant authorities, who shall take the same on record, or undertake necessary actions as may be required for having the licenses vested or transferred to the Transferee Company.*

Without prejudice to the above, it is clarified that with respect to any licenses that may require an amendment for the purpose of giving effect to this Scheme and to ensure that there is no change in the entitlements which were otherwise available to the Transferor Company in the absence of this Scheme, the Transferee Company shall be permitted to use the licenses of the Transferor Company till the same are so amended and updated, so as to enable the Transferee Company to continue to avail the entitlements otherwise available to the Transferor Company.

- 6.7 *All the profits or Taxes (including advance tax, tax deducted at source, foreign tax credits and MAT credit), or benefits, indirect tax credits or refunds due, GST set off or any costs, charges, expenditure*

accruing to the Transferor Company or expenditure or losses arising or incurred or suffered by the Transferor Company shall for all purpose be treated and be deemed to be and accrue as the profits, Taxes (namely advance tax, tax deducted at source foreign tax credits and MAT credit), or benefits, indirect tax credits or refunds due, GST set off, or any costs, charges, expenditure or losses of Transferee Company, as the case may be upon the coming into effect of this Scheme and with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act.

7. CONTRACTS, DEEDS ETC.

- 7.1 *Upon the coming into effect of this Scheme, and subject to the provisions of this Scheme, contracts and other instruments of whatsoever nature, to which the Transferor Company is a party or to the benefit of which Transferor Company may be eligible, and which are subsisting or have effect immediately before the Effective Date, shall continue in full force and effect on or against or in favour of, as the case may be, the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company concerned, the Transferee Company had been a party or beneficiary or obligee thereto or thereunder.*
- 7.2 *Without prejudice to the other provisions of this Scheme and notwithstanding that vesting of the assets occur by virtue of this Scheme itself, the Transferee Company may, at any time after the coming into effect of this Scheme, in accordance with the provisions hereof, if so required under any law or otherwise, take such actions and execute such deeds (including deeds of adherence), confirmations or other writings or arrangements with any party to any contract or arrangement to which the Transferor Company is a party or any writings as may be necessary in order to give formal effect to the provisions of this Scheme. The Transferee Company shall, after the Effective Date, under the provisions of this Scheme, be deemed to be authorised to execute any such writings on behalf of the Transferor Company and to carry out or perform all such formalities or compliances referred to above on the part of the Transferor Company to be carried out or performed.*
- 7.3 *Any inter-se contracts between the Transferor Company and the Transferee Company shall stand cancelled and cease to operate upon the coming into effect of this Scheme. It is hereby expressly clarified that any transaction document entered in relation to acquisition of the Transferor Company by the Transferee Company shall be deemed to be cancelled only to that limited extent as far as they affect inter-se rights and / or obligations of Transferor Company and the Transferee Company. The Scheme shall not impact rights and / or obligations of the Transferor Company or the Transferee Company against any third party.*
- 7.4 *Without prejudice to the generality of the foregoing, upon the coming into effect of this Scheme and with effect from the Appointed Date, all consents, permissions, certificates, clearances, authorities, powers of attorney given by, issued to or executed in favour of the Transferor Company shall stand transferred to the Transferee Company as if the same were originally given by, issued to or executed in favour of the Transferee Company, and the Transferee Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Transferee Company.*

8. INTELLECTUAL PROPERTY RIGHTS

- 8.1 *All Intellectual Property Rights of the Transferor Company shall stand transferred to and be vested in the Transferee Company and be in full force and effect in favour of the Transferee Company and may be enforced by or against it as fully and effectually as if, instead of the Transferor Company, the Transferee Company had been a party or beneficiary thereto. The Transferor Company and/or the Transferee Company shall file intimations, applications and/or necessary clarifications and documents with the relevant authorities, who shall take the same on record, or undertake necessary actions as may be required for having the Intellectual Property Rights vested or transferred to the Transferee Company.*

9. EMPLOYEES OF THE TRANSFEROR COMPANY

- 9.1 *All employees of the Transferor Company shall be deemed to have become the employees and staff of the Transferee Company with effect from the Effective Date, and shall stand transferred to the Transferee Company without any interruption of service and on terms and conditions no less favourable than those on which they are engaged by the Transferor Company as on the Effective Date, including in relation to the level of remuneration and contractual and statutory benefit, incentive plans, terminal benefits, gratuity plans, provident fund plans and any other retirement benefits.*
- 9.2 *Services of all employees with the Transferor Company prior to their transfer, shall be taken into account for the purposes of all benefits to be given by the Transferee Company to which such employees may be eligible, including in relation to the level of remuneration and contractual and statutory benefits, incentive plans, terminal benefits, gratuity plans, provident fund plans and other retirement benefits and accordingly, shall be reckoned from the date of their respective appointment in the Transferor Company. The Transferee Company undertakes to pay the same, as and when payable under Applicable Laws.*
- 9.3 *For avoidance of doubt, in relation to those employees for whom the Transferor Company is making contributions to the government/statutory employee provident and pension fund, the Transferee Company shall stand substituted for the Transferor Company for all purposes whatsoever, including in relation to the obligation to make contributions to such funds in accordance with the provisions of such funds, bye-laws, etc. in respect of the employees.*
- 9.4 *All contributions made by the Transferor Company on behalf of the employees and all contributions made by the employees including the interests arising thereon, to the funds and standing to the credit of such employees' account with such funds, shall, upon the Scheme becoming effective, be transferred to the funds maintained by the Transferee Company along with such of the investments made by such funds which are referable and allocable to the employees without any separate act or deed/ approval, and the Transferee Company shall stand substituted for the Transferor Company with regard to the obligation to make the said contributions.*

The Transferor Company or the Transferee Company shall, where applicable, take all steps necessary for the transfer of funds, to the Transferee Company. Pending such transfer, the contributions required to be made in respect of these employees shall continue to be made by the Transferee Company to the existing funds maintained by the Transferor Company.

- 9.5 *The terms and conditions of service applicable to the employees on the Effective Date will not in any way be less favorable to them than those applicable to them immediately before the Effective Date.*
- 9.6 *The contributions made by the Transferor Company under Applicable Law in connection with the employees, to the funds, for the period after the Appointed Date shall be deemed to be contributions made by the Transferee Company.*
- 9.7 *The Transferee Company shall continue to abide by the agreement(s) and settlement(s), if any, entered into or deemed to have been entered into with the employees of the Transferor Company in terms of such agreement(s) and settlement(s) subsisting on the Effective Date, in relation to the employees.*
- 9.8 *All obligations of the Transferor Company with regard to the said fund or funds as defined in the relevant rules shall be taken over by the Transferee Company from the Effective Date to the end and intent that all rights, duties, powers and obligations of the Transferor Company in relation to such fund or funds shall become those of the Transferee Company and all the rights, duties and benefits of the employees employed in the Transferor Company under such funds shall be fully protected, subject to the provisions of law for the time being in force.*

10. TRANSFER AND VESTING OF LIABILITIES

- 10.1 *Upon the coming into effect of this Scheme and with effect from the Appointed Date all the liabilities of the Transferor Company including all secured and unsecured debts (in whatsoever currency), liabilities (including contingent Liabilities), duties and obligations of the Transferor Company of*

every kind, nature and description whatsoever whether present or future, and howsoever arising, along with any charge, encumbrance, lien or security thereon shall, pursuant to the sanction of this Scheme by the Tribunal and under the provisions of Sections 230 to 232 of the Act and other applicable provisions, if any, of the Act, without any further act, instrument, deed, matter or thing, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company, to the extent they are outstanding on the Effective Date so as to become as and from the Appointed Date the liabilities of the Transferee Company on the same terms and conditions as were applicable to the Transferor Company, and the Transferee Company shall meet, discharge and satisfy the same and further it shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such liabilities have arisen in order to give effect to this Scheme.

- 10.2 *Where any such debts, liabilities, duties and obligations of the Transferor Company as on the Appointed Date have been discharged by such Transferor Company on or after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to be for and on account of the Transferee Company upon the coming into effect of this Scheme.*
- 10.3 *All loans raised and utilized and all liabilities, duties and obligations incurred or undertaken by the Transferor Company on or after the Appointed Date and prior to the Effective Date shall be deemed to have been raised, used, incurred or undertaken for and on behalf of the Transferee Company and to the extent they are outstanding on the Effective Date, shall, upon the coming into effect of this Scheme and under the provisions of Sections 230 to 232 of the Act, without any further act, instrument or deed be stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company and shall become the loans and liabilities, duties and obligations of the Transferee Company which shall meet, discharge and satisfy the same.*
- 10.4 *With effect from the Effective Date, the borrowing limits of Transferee Company shall be deemed without any further act or deed to have been enhanced by the borrowing limits of Transferor Company pursuant to the Scheme, such limits being incremental to the existing limits of Transferee Company, with effect from the Effective Date.*
- 10.5 *Loans, advances and other obligations (including any guarantees, letters of credit, letters of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time from the Appointed Date to the Effective Date become due between the Transferor Company and the Transferee Company shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Transferee Company.*

11. LEGAL AND OTHER SUCH PROCEEDINGS

- 11.1 *Upon the coming into effect of this Scheme, all proceedings, suits, actions, and other proceedings including legal and taxation proceedings, (including before any statutory or quasi judicial authority or tribunal) by or against the Transferor Company pending on the Effective Date shall be continued and/ or enforced by or against the Transferee Company as effectually and in the same manner and to the same extent as if the same had been instituted by or against the Transferee Company.*
- 11.2 *If any proceeding, suit, appeal or other proceeding of whatever nature by or against the Transferor Company is pending, the same shall not abate or be discontinued or in any way be prejudicially affected by reason of or by anything contained in this Scheme, but the said proceedings, suit, appeal or other legal proceedings may be continued, prosecuted and enforced by or against Transferee Company, as the case may be, in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company as if this Scheme had not been made.*
- 11.3 *In case of any proceedings, litigation, suits, recovery proceedings which are to be initiated or may be initiated against the Transferor Company, the Transferee Company shall be made party thereto and any payment and expenses made thereto shall be the liability of the Transferee Company.*

- 11.4 *The Transferee Company also undertakes to pay all amounts including interest, penalties, damages, etc., which the Transferor Company may be called upon to pay or secure in respect of any liability or obligation relating to the Transferor Company for the period from the Appointed Date up to the Effective Date and any costs incurred by the Transferor Company in respect of such proceedings started by or against it relating to the period from the Appointed Date up to the Effective Date upon submission of necessary evidence by the Transferor Company to the Transferee Company for making such payment.*
- 11.5 *Without prejudice to other clauses within this Scheme, with effect from the Appointed Date, all inter-party transactions between the Transferor Company and the Transferee Company shall be considered as intra-party transactions for all purposes from the Appointed Date.*

14. CONSIDERATION AND CANCELLATION OF SHARE CAPITAL OF THE TRANSFEROR COMPANY

- 14.1 *As the Transferor Company is a wholly owned subsidiary of the Transferee Company, the entire issued, subscribed and paid up share capital of the Transferor Company is held by the Transferee Company. - 14.2 *Entire Issued Share Capital and share certificates of the Transferor Company shall automatically stand cancelled.*

The aforesaid are the salient features/selected extracts of the Scheme of Amalgamation. Please read the entire text of the Scheme of Amalgamation to get acquainted with the complete provisions of the Scheme.

12. The proposed Scheme of Amalgamation is for the benefit of both the Companies, their Shareholders and other stakeholders. It is fair and reasonable and is not detrimental to the interest of the public. It is not prejudicial to any person.
13. As mentioned above, since the Transferor Company is a wholly owned subsidiary of the Transferee Company, no new share will be issued by the Transferee Company pursuant to the Scheme of Amalgamation. Accordingly, Report on Valuation of Shares and Share Exchange Ratio is not required/applicable in the present case.
14. The proposed Scheme of Amalgamation has been unanimously approved by the respective Board of Directors of the Transferor Company and the Transferee Company in the respective Board meetings held on November 9, 2020 and November 10, 2020. None of the Directors voted against or abstained from voting on the resolution for approving the Scheme of Amalgamation in the aforesaid meetings.
15. The Transferee Company is listed on BSE and NSE. It may, however, be noted that since the present Scheme solely provides for amalgamation of a Wholly Owned Subsidiary with its Holding Company, no formal approval, NOC or vetting is required from the Stock Exchange(s) or SEBI for the Scheme, in terms of the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2017, SEBI Circular No. CFD/DIL3/CIR/2017/21 dated March 10, 2017 and other applicable provisions, if any.
- The Transferee Company has already filed copy of the Scheme of Amalgamation and other requisite documents, if any, with BSE and NSE.
16. The present Scheme of Amalgamation, if approved in the aforesaid meetings, will be subject to the subsequent approval of the Hon'ble National Company Law Tribunal, Principal Bench, New Delhi. No specific approval is required to be obtained from any other government authority to the present Scheme of Amalgamation.
17. No proceedings for inspection, inquiry or investigation under the provisions of the Companies Act, 2013, or under the provisions of the Companies Act, 1956, are pending against the Transferor Company and the Transferee Company.

18. No winding up petition is pending against the Transferee Company and the Transferor Company.

19. Effect of the Scheme on the Promoters, Directors, Key Managerial Personnel, Shareholders, etc.:

19.1 Transferor Company

- a. The Transferor Company is a wholly owned subsidiary of the Transferee Company, hence, there are no non-promoter shareholders in the Transferor Company. The effectiveness of the Scheme shall have no adverse impact on the equity and preference shareholders of the Transferor Company.

PREAMBLE

This Scheme of Amalgamation (hereinafter referred to as "**Scheme**" and as defined hereinafter) is presented under the provisions of sections 230 to 232 and other relevant provisions of the Companies Act, 2013 (hereinafter referred to as "**Act**", more particularly defined hereinafter) as applicable, read with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016, for the amalgamation of Highorbit Careers Private Limited with Info Edge (India) Limited.

1. DESCRIPTION OF COMPANIES

- 1.1 **Highorbit Careers Private Limited** is a company incorporated under the Companies Act, 1956 on 30 August 2010, with its registered office at GF-12A 94, Meghdoot Building, 94, Nehru Place, New Delhi – 110019, India ("**Transferor Company**" or "**Highorbit**") [CIN: U72900DL2010PTC207653].

Highorbit provides online classifieds, database, digital platform and recruitment solutions in the recruitment and employability vertical to small, medium and large enterprises and job seekers across different verticals particularly (in the case of www.iimjobs.com) mid and senior management verticals and (in the case of www.hirist.com) engineering technology verticals.

The registered office of Highorbit was shifted from D-59, Prashant Vihar, Delhi-110085 to GF-12A, 94, Meghdoot Building, Nehru Place, New Delhi – 110019 on 7th July 2019.

- 1.2 **Info Edge (India) Limited** is a company incorporated under the Companies Act, 1956 with its registered office at Ground Floor, GF-12A 94, Meghdoot Building, Nehru Place, New Delhi - 110019, India ("**Transferee Company**" or "**Info Edge**") [CIN: L74899DL1995PLC068021].

Info Edge is primarily engaged in the business of internet based service delivery operating in four service verticals through various web portals in respective verticals namely recruitment solutions comprising primarily naukri.com, other recruitment related portals and ancillary services related to recruitment, 99acres.com for real estate related services, jeevansathi.com for matrimony related services and shiksha.com for education related services.

The Name of the Transferee Company was changed from 'Info Edge (India) Private Limited' to 'Info Edge (India) Limited', pursuant to a fresh certificate of incorporation dated 27th April, 2006, issued by the Registrar of Companies.

- 1.3 The Transferor Company is a wholly owned subsidiary of the Transferee Company. Entire issued and paid-up share capital of the Transferor Company is beneficially held by the Transferee Company. The Transferee Company is a public listed company, and its equity shares are listed on BSE Limited and National Stock Exchange of India Limited.

2. DESCRIPTION OF THE SCHEME

- 2.1 This Scheme (as defined hereinafter) provides, *inter alia*, for the amalgamation of the Transferor Company with the Transferee Company, by way of merger by absorption and dissolution of the Transferor Company without winding up.

- 2.2 The amalgamation of the Transferor Company into the Transferee Company shall be in full compliance with the conditions relating to "amalgamation" as provided under Section 2(1B) and other related provisions of the Income Tax Act, 1961 such that, *inter alia*:
- (i) all the properties of the Transferor Company, immediately before the amalgamation, shall become the properties of the Transferee Company, by virtue of the amalgamation.
 - (ii) all the liabilities of the Transferor Company, immediately before the amalgamation, shall become the liabilities of the Transferee Company, by virtue of the amalgamation.

3. RATIONALE OF THE SCHEME

- 3.1 Pursuant to a Share Purchase Agreement dated 27th May, 2019, the Transferee Company had acquired entire share capital of the Transferor Company on 25th June, 2019, with an objective to further consolidate its position in the online recruitment solutions segment where its flagship brand Naukri.com already has an established leadership position. The Transferor Company is presently a wholly owned subsidiary of Transferee Company.

Given the similarity in nature of businesses of the Transferor Company and the Transferee Company, it is proposed to merge the Transferor Company, with the Transferee Company. The merger shall result in greater business synergies and reduced administrative and other costs.

- 3.2 More specifically, merger of the Transferor Company with the Transferee Company would *inter-alia* have the following benefits:
- a) Structured, sharper and better management focusing on holistic growth of the businesses;
 - b) Optimum and efficient utilization of resources and sharing of ancillary facilities;
 - c) Common governance structure and effective management of compliances;
 - d) Enhancing shareholder value and leveraging on synergies in doing the business; and
 - e) Cost saving by way of reduction of overheads, administrative, managerial and other expenditure and to bring about operational rationalization and efficiency.
- 3.3 This Scheme would be in the interest of the Transferor Company and the Transferee Company, and their respective shareholders, creditors, if any, and other stakeholders and will not be prejudicial to the interests of any concerned shareholders or creditors.

- 5.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date, the entire business and whole of the Undertaking of the Transferor Company shall, pursuant to order of the Tribunal sanctioning the Scheme under the provisions of section 230 to 232 of the Act, and other applicable provisions of the law for time being in force, including Section 2(1B) of the IT Act, without any further act, instrument or deed, stand transferred to and vested in or deemed to have been transferred to and vested in the Transferee Company on and from the Appointed Date, as a going concern, so as to become, as and from the Appointed Date, the assets and liabilities of the Transferee Company and to vest in the Transferee Company all the rights, title, interest or obligations of the Transferor Company therein.

6. VESTING OF ASSETS

- 6.1 Without prejudice to the generality of Clause 5.1 above, upon the coming into effect of this Scheme and with effect from the Appointed Date, all the estate, assets, properties, IPR, license, rights, claims, title, interest and authorities including accretions and appurtenances comprised in the Transferor Company, of whatsoever nature and where so ever situate shall, under the provisions of Sections 230 to 232 of the Act and all other applicable provisions of Applicable Law, if any, without any further act or deed, be and stand transferred to and vested in the Transferee Company and/or be deemed to be transferred to and vested in the Transferee Company as a going concern so as to become, as and from the Appointed Date, the estate, assets, properties, IPR, License, rights, claims, title, interest and authorities of the Transferee Company.
- 6.2 Without prejudice to the provisions of Clause 6.1 above, in respect of such of the assets and properties of the Transferor Company as are movable in nature or incorporeal property or are otherwise capable of vesting or transfer by delivery or possession, or by endorsement and/or delivery, the same shall stand so transferred or vested by the Transferor Company upon the coming into effect of this Scheme, and shall, become the assets and property of the Transferee Company with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act, without requiring any deed or instrument of conveyance for transfer or vesting of the same.
- 6.3 In respect of such of the assets and properties belonging to the Transferor Company (other than those referred to in Clause 6.2 above) including sundry debtors, receivables, bills, credits, loans and advances, if any, whether recoverable in cash or in kind or for value to be received, bank balances, investments, earnest money and deposits with any government, quasi government, local or other authority or body or with any company or other person, the same shall stand transferred to and vested in the Transferee Company and/or be deemed to have been transferred to and vested in the Transferee Company, without any further act, instrument or deed, cost or charge and without any notice or other intimation to any third party, upon the coming into effect of this Scheme and with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act.

- 6.4 Any and all immovable properties, whether free hold, on lease or under a contractual entitlement, if any, of the Transferor Company, and any documents of title/ rights and easements or otherwise in relation thereto shall be vested in and transferred to and/ or be deemed to have been transferred to and vested in the Transferee Company and shall belong to the Transferee Company in the same and like manner as was entitled to the Transferor Company. It is hereby clarified that all the rights, title and interest of the Transferor Company in any leasehold properties shall, without any further act, instrument or deed, be vested in or be deemed to have been vested in the Transferee Company.
- 6.5 All assets, rights, title, interest, investments and properties of the Transferor Company as on the Appointed Date, whether or not included in the books of the Transferor Company, and all assets, rights, title, interest, investments and properties, which are acquired by the Transferor Company on or after the Appointed Date but prior to the Effective Date, shall be deemed to be and shall become the assets, rights, title, interest, investments and properties of the Transferee Company, and shall under the provisions of Sections 230 to 232 and all other applicable provisions, if any, of the Act, without any further act, instrument or deed, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company upon the coming into effect of this Scheme and with effect from the Appointed Date, pursuant to the provisions of Sections 230 to 232 of the Act.
- 6.6 All licenses necessary to carry on the operations of the Transferor Company shall stand transferred to and be vested in the Transferee Company, without any further act or deed by the Transferor Company or the Transferee Company and be in full force and effect in favour of the Transferee Company, as if the same were originally given to, issued to or executed in favour of the Transferee Company and the Transferee Company shall be bound by the terms thereof, the obligations and duties there under, and the rights and benefits under the same shall be available to the Transferee Company. The Transferor Company and/or the Transferee Company shall file intimations, applications and/or necessary clarifications and documents with the relevant authorities, who shall take the same on record, or undertake necessary actions as may be required for having the licenses vested or transferred to the Transferee Company.
- Without prejudice to the above, it is clarified that with respect to any licenses that may require an amendment for the purpose of giving effect to this Scheme and to ensure that there is no change in the entitlements which were otherwise available to the Transferor Company in the absence of this Scheme, the Transferee Company shall be permitted to use the licenses of the Transferor Company till the same are so amended and updated, so as to enable the Transferee Company to continue to avail the entitlements otherwise available to the Transferor Company.
- 6.7 All the profits or Taxes (including advance tax, tax deducted at source, foreign tax credits and MAT credit), or benefits, indirect tax credits or refunds due, GST set off or any costs, charges, expenditure accruing to the Transferor Company or expenditure or losses arising or incurred or suffered by the Transferor Company shall for all purpose be treated and be deemed to be and accrue as the profits, Taxes (namely advance tax, tax deducted at source foreign tax credits and MAT credit), or benefits, indirect tax credits or refunds due, GST set off, or any costs, charges, expenditure or losses of Transferee Company, as the case may be upon the coming into effect of this Scheme and with effect from the Appointed Date pursuant to the provisions of Sections 230 to 232 of the Act.

7. CONTRACTS, DEEDS ETC.

- 7.1 Upon the coming into effect of this Scheme, and subject to the provisions of this Scheme, contracts and other instruments of whatsoever nature, to which the Transferor Company is a party or to the benefit of which Transferor Company may be eligible, and which are subsisting or have effect immediately before the Effective Date, shall continue in full force and effect on or against or in favour of, as the case may be, the Transferee Company and may be enforced as fully and effectually as if, instead of the Transferor Company concerned, the Transferee Company had been a party or beneficiary or obligee thereto or thereunder.
- 7.2 Without prejudice to the other provisions of this Scheme and notwithstanding that vesting of the assets occur by virtue of this Scheme itself, the Transferee Company may, at any time after the coming into effect of this Scheme, in accordance with the provisions hereof, if so required under any law or otherwise, take such actions and execute such deeds (including deeds of adherence), confirmations or other writings or arrangements with any party to any contract or arrangement to which the Transferor Company is a party or any writings as may be necessary in order to give formal effect to the provisions of this Scheme. The Transferee Company shall, after the Effective Date, under the provisions of this Scheme, be deemed to be authorised to execute any such writings on behalf of the Transferor Company and to carry out or perform all such formalities or compliances referred to above on the part of the Transferor Company to be carried out or performed.
- 7.3 Any inter-se contracts between the Transferor Company and the Transferee Company shall stand cancelled and cease to operate upon the coming into effect of this Scheme. It is hereby expressly clarified that any transaction document entered in relation to acquisition of the Transferor Company by the Transferee Company shall be deemed to be cancelled only to that limited extent as far as they affect inter-se rights and / or obligations of Transferor Company and the Transferee Company. The Scheme shall not impact rights and / or obligations of the Transferor Company or the Transferee Company against any third party.
- 7.4 Without prejudice to the generality of the foregoing, upon the coming into effect of this Scheme and with effect from the Appointed Date, all consents, permissions, certificates, clearances, authorities, powers of attorney given by, issued to or executed in favour of the Transferor Company shall stand transferred to the Transferee Company as if the same were originally given by, issued to or executed in favour of the Transferee Company, and the Transferee Company shall be bound by the terms thereof, the obligations and duties thereunder, and the rights and benefits under the same shall be available to the Transferee Company.

8. INTELLECTUAL PROPERTY RIGHTS

- 8.1 All Intellectual Property Rights of the Transferor Company shall stand transferred to and be vested in the Transferee Company and be in full force and effect in favour of the Transferee Company and may be enforced by or against it as fully and effectually as if, instead of the Transferor Company, the Transferee Company had been a party or beneficiary thereto. The Transferor Company and/or the Transferee Company shall file intimations, applications and/or necessary clarifications and documents with the relevant authorities, who shall take the same on record, or undertake necessary actions as may be required for having the Intellectual Property Rights vested or transferred to the Transferee Company.

9. EMPLOYEES OF THE TRANSFEROR COMPANY

- 9.1 All employees of the Transferor Company shall be deemed to have become the employees and staff of the Transferee Company with effect from the Effective Date, and shall stand transferred to the Transferee Company without any interruption of service and on terms and conditions no less favourable than those on which they are engaged by the Transferor Company as on the Effective Date, including in relation to the level of remuneration and contractual and statutory benefit, incentive plans, terminal benefits, gratuity plans, provident fund plans and any other retirement benefits.
- 9.2 Services of all employees with the Transferor Company prior to their transfer, shall be taken into account for the purposes of all benefits to be given by the Transferee Company to which such employees may be eligible, including in relation to the level of remuneration and contractual and statutory benefits, incentive plans, terminal benefits, gratuity plans, provident fund plans and other retirement benefits and accordingly, shall be reckoned from the date of their respective appointment in the Transferor Company. The Transferee Company undertakes to pay the same, as and when payable under Applicable Laws.
- 9.3 For avoidance of doubt, in relation to those employees for whom the Transferor Company is making contributions to the government/statutory employee provident and pension fund, the Transferee Company shall stand substituted for the Transferor Company for all purposes whatsoever, including in relation to the obligation to make contributions to such funds in accordance with the provisions of such funds, bye-laws, etc. in respect of the employees.
- 9.4 All contributions made by the Transferor Company on behalf of the employees and all contributions made by the employees including the interests arising thereon, to the funds and standing to the credit of such employees' account with such funds, shall, upon the Scheme becoming effective, be transferred to the funds maintained by the Transferee Company along with such of the investments made by such funds which are referable and allocable to the employees without any separate act or deed/ approval, and the Transferee Company shall stand substituted for the Transferor Company with regard to the obligation to make the said contributions.
- The Transferor Company or the Transferee Company shall, where applicable, take all steps necessary for the transfer of funds, to the Transferee Company. Pending such transfer, the contributions required to be made in respect of these employees shall continue to be made by the Transferee Company to the existing funds maintained by the Transferor Company.
- 9.5 The terms and conditions of service applicable to the employees on the Effective Date will not in any way be less favorable to them than those applicable to them immediately before the Effective Date.
- 9.6 The contributions made by the Transferor Company under Applicable Law in connection with the employees, to the funds, for the period after the Appointed Date shall be deemed to be contributions made by the Transferee Company.
- 9.7 The Transferee Company shall continue to abide by the agreement(s) and settlement(s), if any, entered into or deemed to have been entered into with the employees of the

Transferor Company in terms of such agreement(s) and settlement(s) subsisting on the Effective Date, in relation to the employees.

- 9.8 All obligations of the Transferor Company with regard to the said fund or funds as defined in the relevant rules shall be taken over by the Transferee Company from the Effective Date to the end and intent that all rights, duties, powers and obligations of the Transferor Company in relation to such fund or funds shall become those of the Transferee Company and all the rights, duties and benefits of the employees employed in the Transferor Company under such funds shall be fully protected, subject to the provisions of law for the time being in force.

10. TRANSFER AND VESTING OF LIABILITIES

- 10.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date all the liabilities of the Transferor Company including all secured and unsecured debts (in whatsoever currency), liabilities (including contingent Liabilities), duties and obligations of the Transferor Company of every kind, nature and description whatsoever whether present or future, and howsoever arising, along with any charge, encumbrance, lien or security thereon shall, pursuant to the sanction of this Scheme by the Tribunal and under the provisions of Sections 230 to 232 of the Act and other applicable provisions, if any, of the Act, without any further act, instrument, deed, matter or thing, be and stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company, to the extent they are outstanding on the Effective Date so as to become as and from the Appointed Date the liabilities of the Transferee Company on the same terms and conditions as were applicable to the Transferor Company, and the Transferee Company shall meet, discharge and satisfy the same and further it shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such liabilities have arisen in order to give effect to this Scheme.
- 10.2 Where any such debts, liabilities, duties and obligations of the Transferor Company as on the Appointed Date have been discharged by such Transferor Company on or after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to be for and on account of the Transferee Company upon the coming into effect of this Scheme.
- 10.3 All loans raised and utilized and all liabilities, duties and obligations incurred or undertaken by the Transferor Company on or after the Appointed Date and prior to the Effective Date shall be deemed to have been raised, used, incurred or undertaken for and on behalf of the Transferee Company and to the extent they are outstanding on the Effective Date, shall, upon the coming into effect of this Scheme and under the provisions of Sections 230 to 232 of the Act, without any further act, instrument or deed be stand transferred to and vested in and be deemed to have been transferred to and vested in the Transferee Company and shall become the loans and liabilities, duties and obligations of the Transferee Company which shall meet, discharge and satisfy the same.
- 10.4 With effect from the Effective Date, the borrowing limits of Transferee Company shall be deemed without any further act or deed to have been enhanced by the borrowing limits of Transferor Company pursuant to the Scheme, such limits being incremental to the existing limits of Transferee Company, with effect from the Effective Date.
- 10.5 Loans, advances and other obligations (including any guarantees, letters of credit, letters

of comfort or any other instrument or arrangement which may give rise to a contingent liability in whatever form), if any, due or which may at any time from the Appointed Date to the Effective Date become due between the Transferor Company and the Transferee Company shall, ipso facto, stand discharged and come to an end and there shall be no liability in that behalf on any party and the appropriate effect shall be given in the books of accounts and records of the Transferee Company.

11. LEGAL AND OTHER SUCH PROCEEDINGS

11.1 Upon the coming into effect of this Scheme, all proceedings, suits, actions, and other proceedings including legal and taxation proceedings, (including before any statutory or quasi-judicial authority or tribunal) by or against the Transferor Company pending on the Effective Date shall be continued and/ or enforced by or against the Transferee Company as effectually and in the same manner and to the same extent as if the same had been instituted by or against the Transferee Company.

11.2 If any proceeding, suit, appeal or other proceeding of whatever nature by or against the Transferor Company is pending, the same shall not abate or be discontinued or in any way be prejudicially affected by reason of or by anything contained in this Scheme, but the said proceedings, suit, appeal or other legal proceedings may be continued, prosecuted and enforced by or against Transferee Company, as the case may be, in the same manner and to the same extent as it would or might have been continued, prosecuted and enforced by or against the Transferor Company as if this Scheme had not been made.

11.3 In case of any proceedings, litigation, suits, recovery proceedings which are to be initiated or may be initiated against the Transferor Company, the Transferee Company shall be made party thereto and any payment and expenses made thereto shall be the liability of the Transferee Company.

11.4 The Transferee Company also undertakes to pay all amounts including interest, penalties, damages, etc., which the Transferor Company may be called upon to pay or secure in respect of any liability or obligation relating to the Transferor Company for the period from the Appointed Date up to the Effective Date and any costs incurred by the Transferor Company in respect of such proceedings started by or against it relating to the period from the Appointed Date up to the Effective Date upon submission of necessary evidence by the Transferor Company to the Transferee Company for making such payment.

11.5 Without prejudice to other clauses within this Scheme, with effect from the Appointed Date, all inter-party transactions between the Transferor Company and the Transferee Company shall be considered as intra-party transactions for all purposes from the Appointed Date.

12. TAXATION

The Scheme has been drawn up to comply with and fall within the definition and conditions relating to "Amalgamation" as specified u/s 2(1B) and other applicable provision of IT Act, as amended. If any terms or provisions of the Scheme are found or interpreted to be inconsistent with the provisions of the said section of the IT Act, at a later date, including resulting from an amendment of law or for any other reason whatsoever, the Scheme shall stand modified/amended/alterd to the extent determined necessary to comply with and fall within definition and conditions relating to

"Amalgamation" as specified in IT Act. In such an event, the clauses which are inconsistent shall be read down or if the need arises, be deemed to be deleted and such modification / reading down or deemed deletion shall however not affect the other parts of the Scheme.

- 12.2 Upon the Scheme becoming effective, the Transferee Company is expressly permitted and shall be entitled to revise its financial statements and returns along with prescribed forms, filings and annexures under the IT Act, as amended, (including for minimum alternate tax purposes and tax benefits,) GST law and other tax laws, and to claim refunds and/or credits for Taxes paid (including minimum alternate tax), and to claim tax benefits under the IT Act and other tax laws etc. and for matters incidental thereto, if required to give effect to the provisions of this Scheme.
- 12.3 Any Tax liabilities under Tax laws allocable or related to the Transferor Company, to the extent not provided for or covered by tax provision in the accounts made as on the date immediately preceding the Appointed Date, shall be transferred to the Transferee Company.
- 12.4 Any surplus in Taxes/ surcharge/cess/duties/ levies account including but not limited to advance income tax, tax deducted at source, MAT credit, GST / Cenvat and any tax credit entitlements under any Tax laws as on the date immediately preceding the Appointed Date shall also be transferred to the Transferee Company, without any further act or deed.
- 12.5 Any refund relating to Taxes which is due to the Transferor Company including refunds consequent to the assessments made on it and for which no credit is taken in the accounts as on the date immediately preceding the Appointed Date shall also belong to and be received by the Transferee Company.
- 12.6 Upon the Scheme coming into effect on the Effective Date and with effect from the Appointed Date, all deductions related to Taxes otherwise admissible to Transferor Company including payment admissible on actual payment or on deduction of appropriate Taxes or on payment of tax deducted at source (such as under Section 43B, Section 40, Section 40A, etc. of the IT Act) shall be eligible for deduction to the Transferee Company upon fulfilment of the required conditions under applicable Tax law.
- 12.7 Since each of the permissions, approvals, consents, sanctions, remissions, special reservations, goods and service tax exemptions, incentives, concessions and other authorizations of the Transferor Company shall stand transferred by the order of NCLT to the Transferee Company, the Transferee Company shall file the relevant intimations, for the record of the statutory/tax authorities who shall take them on file, pursuant to NCLT's vesting orders.
- 12.8 The withholding tax/ advance tax/ minimum alternate tax, if any, paid by the Transferor Company under the IT Act or any other statute in respect of income of the Transferor Company assessable for the period commencing from the Appointed Date shall be deemed to be the tax deducted from/advance tax paid by the Transferee Company and credit for such withholding tax/advance tax/minimum alternate tax shall be allowed to the Transferee Company notwithstanding that certificates or challans for withholding tax/advance tax are in the name of the Transferor Company and not in the name of the Transferee Company.

- 12.9 All Tax assessment proceedings / appeals of whatsoever nature by or against the Transferor Company pending and/or arising at the Appointed Date shall be continued and/or enforced until the Effective Date as desired by the Transferor Company. As and from the Effective Date, the Tax proceedings shall be continued and enforced by or against the Transferee Company in the same manner and to the same extent as would or might have been continued and enforced by or against the Transferor Company. Further, the aforementioned proceedings shall neither abate or be discontinued nor be in any way prejudicially affected by reason of the amalgamation of the Transferor Company with the Transferee Company or anything contained in the Scheme.

13. CONDUCT OF BUSINESS TILL EFFECTIVE DATE

- 13.1 From the date on which the Boards of Directors of the Transferor Company and the Transferee Company approve this Scheme until the Effective Date:
- a. The Transferor Company shall carry on and be deemed to have carried on all business and activities and shall hold and stand possessed of and shall be deemed to hold and stand possessed of all its estates, assets, rights, title, interest, authorities, contracts and investments for and on account of, and in trust for, the Transferee Company;
 - b. The Transferor Company shall carry on their business and activities with due business prudence and diligence and shall not, without prior written consent of the Transferee Company or pursuant to any pre-existing obligation, sell transfer or otherwise alienate, charge, mortgage, encumber or otherwise deal with any part of its assets nor incur or accept or acknowledge any debt, obligation or liability except as is necessary in the ordinary course of business.
 - c. All profits and income accruing or arising to the Transferor Company, and losses and expenditure arising or incurred by them (including Taxes, if any, accruing or paid in relation to any profits or income) for the period commencing from the Appointed Date shall, for all purposes, be treated as and be deemed to be the profits, income, losses or expenditure (including Taxes), as the case may be, of the Transferee Company;
 - d. Any of the rights, powers, authorities or privileges exercised by the Transferor Company shall be deemed to have been exercised by the Transferor Company for and on behalf of, and in trust for and as an agent of the Transferee Company. Similarly, any of the obligations, duties and commitments that have been undertaken or discharged by the Transferor Company shall be deemed to have been undertaken for and on behalf of and as an agent for the Transferee Company; and
 - e. All Taxes (including, without limitation, income tax, GST or any other taxes) paid or payable by the Transferor Company in respect of the operations and/or the profits of the Transferor Company before the Appointed Date, shall be on account of the Transferor Company and, insofar as it relates to the tax payment (including, without limitation, income tax or any other taxes), whether by way of deduction at source, advance tax or otherwise howsoever, by the Transferor Company in respect of the profits or activities or operation of the Transferor Company with effect from the Appointed Date, the same shall be deemed to be the corresponding

item paid by the Transferee Company, and, shall, in all Proceedings, be dealt with accordingly.

- f. Pending sanction of the Scheme, the Transferor Company shall not, except by way of issue of shares / convertible debentures to the Transferee Company, increase their capital (by fresh issue of shares, convertible debentures or otherwise).

14. CONSIDERATION AND CANCELLATION OF SHARE CAPITAL OF THE TRANSFEROR COMPANY

14.1 As the Transferor Company is a wholly owned subsidiary of the Transferee Company, the entire issued, subscribed and paid up share capital of the Transferor Company is held by the Transferee Company. Upon this Scheme becoming effective, the Transferee Company would not be required to issue and allot any shares to the shareholders of the Transferor Company.

14.2 Entire Issued Share Capital and share certificates of the Transferor Company shall automatically stand cancelled.

15. DIVIDENDS

15.1 The Transferor Company and the Transferee Company shall be entitled to declare and pay dividends, whether interim or final, to their respective shareholders.

15.2 On and from the Effective Date, the profits of Transferor Company, for the period beginning from the Appointed Date shall belong to and be the profits of Transferee Company and will be available to Transferee Company for being disposed of in any manner as it thinks fit.

15.3 It is clarified that the aforesaid provisions in respect of declaration of dividends are enabling provisions only and shall not be deemed to confer any right on any member of the Transferor Company and/or the Transferee Company to demand or claim any dividends which, subject to the provisions of the said Act, shall be entirely at the discretion of the Board of Directors of the Transferee Company, subject to such approval of the shareholders, as may be required.

16. ACCOUNTING TREATMENT

Upon this Scheme becoming effective, the Transferee Company shall give effect to the accounting treatment in its books of account in accordance with "Pooling of interest method" of accounting as laid down in Appendix C of Ind AS-103 Business Combinations of entities under common control notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as may be amended from time to time, in its books of accounts such that:

- (a) The Transferee Company shall record the assets and liabilities, if any, of the Transferor Company vested in it pursuant to this Scheme, at the carrying values as appearing in the consolidated financial statements of Transferee Company.
- (b) The identity of the reserves shall be preserved and the Transferee Company shall record the reserves of the Transferor Company in the same form and at the carrying amount as appearing in the consolidated financial statements of Transferee Company.

- (c) Pursuant to the amalgamation of the Transferor Company with the Transferee Company, the inter-company balances between the Transferee Company and the Transferor Company, if any appearing in the books of the Transferee Company shall stand cancelled.
- (d) The value of investments held by the Transferee Company in the Transferor Company shall stand cancelled pursuant to amalgamation.
- (e) In case of any differences in accounting policies between the Transferor Company and the Transferee Company, the accounting policies followed by the Transferee Company shall prevail to ensure that the financial statements reflect the financial position based on consistent accounting policies.
- (f) The surplus/deficit, if any arising after taking the effect of clauses (a) to (d), shall be adjusted in "Capital reserve" in the financial statements of the Transferee Company and shall be presented separately with disclosure of its nature and purpose in the notes.
- (g) Comparative financial information in the financial statements of the Transferee Company shall be restated for the accounting impact of merger, as stated above, as if the merger had occurred from the beginning of the comparative period. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.
- (h) For accounting purpose, the Scheme will be given effect from the date when all substantial conditions for the transfer of business are completed i.e., the control is transferred in accordance with the requirements of Ind AS.

PART III
OTHER TERMS AND CONDITIONS APPLICABLE TO THE SCHEME

17. RESOLUTIONS

Upon the coming into effect of this Scheme, the resolutions, if any, of the Transferor Company, which are valid and subsisting on the Effective Date, shall continue to be valid and subsisting and be considered & resolutions of the Transferee Company and if any such resolutions have any monetary limits approved under the provisions of the Act, or any other applicable statutory provisions, then the said limits shall be added to the limits, if any, under like resolutions passed by the Transferee Company and shall constitute the aggregate of the said limits in the Transferee Company.

Upon the coming into effect of this Scheme, the borrowing limits of the Transferee Company in terms of the Act shall be deemed, without any further act or deed, to have been enhanced by the aggregate limits of the Transferor Company which are being transferred to the Transferee Company pursuant to the Scheme, such limits being incremental to the existing limits of the Transferee Company, with effect from the Appointed Date.

18. SAVINGS OF CONCLUDED TRANSACTIONS

The transfer and vesting of assets and liabilities under Clauses 6 & 10 above and the continuance of proceedings by or against the Transferee Company under Clause 11 above shall not affect any transaction or proceedings already concluded by the Transferor Company on or after the Appointed Date till the Effective Date, to the end and intent that the Transferee Company accepts and adopts all acts, deeds and things done and executed by the Transferor Company in respect thereto, as if done and executed on its behalf.

19. DISSOLUTION OF THE TRANSFEROR COMPANY

19.1 Upon the coming into effect of this Scheme, the Transferor Company shall stand dissolved without winding-up without any further act or deed.

19.2 Even after the Scheme becoming effective, the Transferee Company shall be entitled to operate all bank accounts relating to the Transferor Company and realize all monies and complete and enforce all pending contracts and transactions insofar as may be necessary until the transfer and vesting of rights and obligations of the Transferor Company to the Transferee Company under this scheme is formally effected by the parties concerned.

20. CONDITIONALITY

The effectiveness of the Scheme is conditional upon and subject to:

- a. Obtaining the sanction of the Tribunal under section 230 to 232 of the Companies Act, 2013 and other applicable provisions of the Act.
- b. The certified copy of the order of the Tribunal under Sections 230 to 232 and other applicable provisions of the Act sanctioning the Scheme being filed with the Registrar of Companies by the Transferor Company and the Transferee

Company.

- c. Such other approvals and sanctions as may be required by Applicable Law in respect of this Scheme being obtained.

21. EFFECT OF NON-RECEIPT OF APPROVALS

In the event the Scheme is not sanctioned by NCLT for any reason whatsoever or for any other reason the Scheme cannot be effected, the Scheme shall become null and void and shall be of no effect and in that event no rights and/or liabilities shall accrue to or be incurred inter-se by the Transferor Company and the Transferee Company or their respective shareholders or creditors or employees or any other person and the Transferor Company and the Transferee Company shall bear and pay their respective costs, charges and expenses for and/or in connection with the Scheme.

It is expressly clarified, for the removal of doubt that if any of the components of this Scheme cannot be implemented or effected for any reason whatsoever, the remaining component(s) shall not in any way be affected or impaired and the Scheme with the remaining component(s) shall be implemented.

22. APPLICATIONS/PETITIONS

The Transferor Company and the Transferee Company, if required shall, with all reasonable dispatch, make applications/ petitions to the Tribunal and other Governmental Authorities under Section 230 to 232 and other applicable provisions, of the Act, for sanctioning of this Scheme.

23. MODIFICATIONS OR AMENDMENTS TO THE SCHEME

Subject to approval of NCLT, the Transferor Company and the Transferee Company, through their respective Board of Directors or such other person or persons, as the respective Board of Directors may authorize, including any committee or sub-committee thereof may assent from time to time on behalf of all the persons concerned to any modifications or amendments or additions to this Scheme subject to approval of the Tribunal or to any conditions or limitations which the Tribunal and/or any other competent authorities, if any, under the law may deem fit and approve of or impose and which the Transferor Company and the Transferee Company may in their discretion deem fit and may resolve all doubts or difficulties that may arise for carrying out this scheme and do and execute all acts, deeds, matters and things necessary for bringing this Scheme into effect.

For the purpose of giving effect to this Scheme or to any modifications or amendments thereof or additions thereto, the delegate of the Transferor Company or the Transferee Company may give and is hereby authorized to determine and give all such directions as are necessary including directions for settling or removing any question of doubt or difficulty that may arise and such determination or directions, as the case may be, shall be binding on all parties in the same manner as if the same were specifically incorporated in this Scheme.

24. REVOCATION AND WITHDRAWAL OF THIS SCHEME

The Board of Directors of the Transferor Company and the Transferee Company shall be entitled to revoke, cancel, withdraw and declare this Scheme to be of no effect at any stage, but before the Effective date, and where applicable re-file, at any stage, in case

- a) this Scheme is not approved by the NCLT or if any other consents, approvals, permissions, resolutions, agreements, sanctions and conditions required for giving effect to this Scheme are not received or delayed;
- b) any condition or modification imposed by the NCLT is not acceptable;
- c) the coming into effect of this Scheme in terms of the provisions hereof or filing of the drawn-up order(s) with any Governmental Authority could have adverse implication on the Transferor Company and/or the Transferee Company; or
- d) for any other reason whatsoever,

and do all such acts, deeds and things as they may deem necessary and desirable in connection therewith and incidental thereto.

Upon revocation, cancellation or withdrawal, this Scheme shall stand revoked, cancelled or withdrawn and be of no effect and in that event, no rights and liabilities whatsoever shall accrue to or be incurred inter se between the Transferor Company and the Transferee Company or their respective shareholders or creditors or Employees or any other person, save and except in respect of any act or deed done prior thereto as is contemplated hereunder or as to any right, liability or obligation which has arisen or accrued pursuant thereto and which shall be governed and be preserved or worked out in accordance with the Applicable Law and in such case, each party shall bear its own costs, unless otherwise mutually agreed.

25. COSTS, CHARGES AND EXPENSES

All costs, charges, Taxes, including stamp duties, levies and all other expenses, if any (save as expressly otherwise agreed) of the Transferor Company and the Transferee Company arising out of or incurred in carrying out and implementing this Scheme and matters incidental thereto shall be borne and paid by the Transferee Company.

26. SEVERABILITY

If any part of this Scheme is held invalid, ruled illegal by NCLT, or becomes unenforceable for any reason, whether under present or future laws, then it is the intention of both, the Transferor Company and the Transferee Company, that such part of the Scheme shall be severable from the remainder of this Scheme and this Scheme shall not be affected thereby, unless the deletion of such part of the Scheme shall causes this Scheme to become materially adverse to either the Transferee Company or the Transferor Company, in which case the Transferor Company and the Transferee Company shall attempt to bring about a modification in this Scheme, as will best preserve for the parties the benefits and obligations of this Scheme, including but not limited to such part of the Scheme.

INDEPENDENT AUDITOR'S REPORT

To the Members of Highorbit Careers Private Limited

Report on the Audit of the Ind AS Financial Statements¹

Opinion

We have audited the accompanying Ind AS financial statements of Highorbit Careers Private Limited ("the Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit/loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

"Information Other than the Financial Statements and Auditor's Report Thereon"

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.²
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required

to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account ;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF HIGHORBIT CAREERS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Highorbit Careers Private Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these standalone financial statements

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting

and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

1. Corporate Information

Highorbit Careers Private Limited (the Company) CIN : U72900DL2010PTC207653 is a private limited company domiciled and incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at GF-12A, 94 Meghdoot Building, Nehru Place, New Delhi – 110019 and principal place of business is in D-59, Prashant Vihar Delhi-110085. The Company is primarily engaged in providing online & offline services primarily through its online portal iimjobs.com.

The Company has been acquired by Info Edge (India) Limited, a listed Company during the year.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

2.1 Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') [Companies (Indian Accounting Standards) Rules, 2015, as amended by notification dated March 31, 2016] and other relevant provisions of the Act.

For all the periods upto and including the year ended March 31, 2019, the Company prepared its financial statements in accordance with accounting standards notified under Companies (Accounting Standard) Rules 2006 (as amended) and other relevant provisions of the Act. These financial statements for the year ended March 31, 2020 are the first financial statement prepared in accordance with Ind AS.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

The financial statements are presented in Indian Rupees.

Since the company has become wholly owned subsidiary of a listed company, it has adopted Ind AS during the year. Till previous year, the company had prepared the financial statements in accordance with accounting standards notified under Companies (Accounting Standard) Rules 2006 (as amended) and other relevant provisions of the Act.

(ii) Historical Cost Convention

The Financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) which are measured at fair value / amortised cost;
- Defined benefit plans-plan assets measured at fair value; and

2.2 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management expert which are equal to, except in case of Plant and Machinery, Furniture and Fixtures and Vehicles where useful life is lower than life prescribed under Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Assets	Estimated useful life (Years)
Mobile Phone	3
Computers	3
Electric fittings	10
Furniture and Fixtures	10
Office Equipment	5
Air Conditioner	10

The leasehold improvements are depreciated over the assets' useful life or over the shorter of the assets' useful life and the lease term.

The asset's useful lives and methods of depreciation are reviewed at the end of each reporting period and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income.

2.3 Intangible assets

Intangible assets acquired separately are measured on initial recognition at historical cost. Intangibles assets have a finite life and are subsequently carried at cost less any accumulated amortization and accumulated impairment losses if any.

Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation methods and estimated useful lives

Assets	Estimated useful life (Years)
Software licenses	3

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognized as at April 1, 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

2.4 Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. If any such indication exists or when annual impairment testing for an asset is required, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet for possible reversal of an impairment loss recognized for an asset, in prior accounting periods.

2.5 Foreign currency translations

(i) *Functional and presentation currency*

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., Indian Rupee (INR) which is its presentation currency as well.

(ii) Transactions and balances

Initial recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Subsequent recognition

As at the reporting date, foreign currency monetary items are translated using the closing rate and non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

Exchange gains and losses arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognized in profit or loss in the year in which they arise.

2.6 Revenue recognition

The Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the modified retrospective approach, applied to contracts that were not completed as of April 1, 2019. In accordance with modified retrospective approach, the comparatives have not been retrospectively adjusted.

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those services. (net of goods and services tax)..

The Company earns revenue significantly from the following sources viz.

- a) Recruitment solutions through its career web site, iimjobs.com & hirist.com, Revenue is received primarily in the form of fees, which is recognized pro-rata over the subscription / advertising / service agreement, usually ranging between one to twelve months.

Revenue in relation to rendering of the services mentioned in (a) above where performance obligations are satisfied over time and where there is no uncertainty as to measurability or collectability of consideration, is recognized ratably over the period of in which services are rendered (subscription period).

In respect of (a) above, the unaccrued amounts are reflected in the Balance sheet as Income received in advance (deferred sales revenue).

The company has as a matter of practical expedient recognized the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognized is generally one year or less.

2.7 Retirement and other employee benefits

- (i) Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

- (ii) Other Long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- a) defined contribution plans - provident fund
- b) defined benefit plans - gratuity plans

a) Defined contribution plans

The Company has a defined contribution plan for the post-employment benefit namely Provident Fund which is administered through the Regional Provident Fund Commissioner and the contributions towards such fund are recognized as employee benefits expense and charged to the Statement of Profit and Loss when they are due. The Company does not carry any further obligations with respect to this, apart from contributions made on a monthly basis.

b) Defined benefit plans

The Company has defined benefit plan, namely gratuity for eligible employees in accordance with the Payment of Gratuity Act, 1972 the liability for which is determined on the basis of an actuarial valuation (using the Projected Unit Credit method) at the end of each period. The Gratuity Fund is recognized by the income tax authorities and is administered through Life Insurance Corporation of India under its Group Gratuity Scheme.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the tenor of the related obligation. The liability or asset recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurements of the net defined liability, comprising of actuarial gains and losses, return on plan assets (excluding amounts included in net interest on the net defined benefit liability) and any change in the effect of asset ceiling (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Change in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the profit or loss as past service cost.

(iv) Bonus Plans

The Company recognises a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the entity recognizes costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

2.8 Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax is calculated on the basis of the tax rates and the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation. It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities.

Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred tax asset can be realized. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.9 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

If the effect of the time value of money is material, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

determine the present value is a pre-tax rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as a finance cost.

2.10 Leases (as lessee)

Operating Lease:

The company has adopted IND AS 116 for leases. Accordingly, the company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the Contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of asset

As at the date of commencement of the lease, the Company recognizes a right of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases). For these short term leases, the Company recognizes the lease payments as an operating expense on a straight line basis over the period of lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. The lease liability is initially measured at amortized cost at the present value of the future lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company has applied the standard (IND AS 116) to all lease contracts existing on April 01, 2019 using the modified retrospective approach and has taken the cumulative adjustment to right of use of assets, on the date of initial application. Consequently the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application. Comparatives of previous periods have not retrospectively adjusted and therefore will continue to be reported under previously adopted accounting policy as per Ind AS 17.

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

On transition; the Company recognized right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The Company recognized a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognized at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019. The right-of-use assets were recognized based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The effect of adoption of Ind AS 116 is as follows:

The Company has recognized Right of use assets for Rs. 19 Mn and Lease liabilities of Rs. 15.64 Mn as at March 31, 2020. Prepaid rent arising due to discounting of security deposit of Rs. 0.4 Mn has been adjusted with the Right of use asset (ROU).

During the year ended March 31, 2020, depreciation of Rs. 3.6 Mn on Right of use assets and interest expense of Rs. 0.85 Mn on Lease liabilities has been charged to statement of profit and loss.

During the current quarter, depreciation of Rs. 1.5 Mn on Right of use assets and interest expense of Rs. 0.33 Mn on Lease liabilities has been charged to statement of profit and loss.

The principle portion of the lease payments have been disclosed under cash flow from financing activities. The lease payments for operating leases as per Ind AS 17 - Leases, were earlier reported under cash flow from operating activities.

The following is the summary of practical expedients elected on initial application:

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
3. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
4. Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The incremental borrowing rate applied to lease liabilities as at March 31, 2020 is taken at 8.50%

2.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to known amount of cash and, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management

2.12 Earnings Per Share (EPS)

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit for the period attributable to equity holders of the Company

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

- by the weighted average number of equity shares outstanding during the financial period, adjusted for bonus elements in equity shares issued during the period

(ii) *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential instruments into equity shares.

2.13 Financial Instruments

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through profit or loss, and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses are recorded in profit or loss. For investments in equity instruments in subsidiaries, associates and jointly control entities these are carried at cost less diminution, if any, in these financial statements.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Company has classified its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows and where the contractual terms give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost, are measured at fair value

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments which are within the scope of Ind AS 109 at fair value, other than investments in equity instruments in subsidiaries, associates and jointly control entities, which are carried at cost less diminution, if any.

iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 27 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

(iv) Derecognition of financial instruments

A financial asset is derecognized only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

A financial liability (or a part of financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(v) Financial Liabilities

Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, as appropriate.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short term maturity of these instruments.

(vi) Income recognition

Interest income

For all debt instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial

HIGHORBIT CAREERS PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2020

liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss

Dividends

Dividends are recognized in profit or loss only when the right to receive the payments is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably, which is generally when the shareholders approve the dividend.

2.14 Contributed Equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

2.15 Exceptional items

Exceptional items include income or expense that are considered to be part of ordinary activities, however are of such significance and nature that separate disclosure enables the user of the financial statements to understand the impact in a more meaningful manner.

2.16 Critical estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS that requires management to make accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. The estimates and assumptions used in the accompanying financial statements are based upon Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of non-current investments and has been discussed below. Key source of estimation of uncertainty in respect of current tax expense and payable, employee benefits and fair value of unlisted subsidiary entities have been discussed in their respective policies.

24. Employee Benefits

The Company has classified the various benefits provided to employees as under:

A. Defined Contribution Plans

The Company has a defined contribution plan in respect of provident fund. Contributions are made to provident fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the group is limited to the amount contributed and it has no further contractual nor any constructive obligation.

During the year, the Company has recognised the following amounts towards defined contribution plan in the Statement of Profit and Loss

Particulars	Year ended March 31, 2020	Year ended March 31, 2019
Employers' Contribution to Provident Fund	3,534,031	2,544,769

B. Other Long term benefits

Leave obligations

The leave obligations cover the Company's liability for earned leave.

The amount of the provision for ₹ 136,089 (Previous year - Nil) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment with in the next twelve months.

Particulars	31/03/2020	31/03/2019

	2019-20	2018-19
Discount Rate (per annum)	5.65%	-
Rate of increase in Compensation levels	10% for First 5 years, & 8% thereafter	-

The estimates of future salary increases considered in the actuarial valuation takes into account factors like inflation, seniority, promotions and other relevant factors.

C. Defined Benefit Plans

Contribution to Gratuity Funds – Life Insurance Corporation of India, Group Gratuity Scheme

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contribution to the recognised funds in India.

Assumption used by the Actuary

Particulars	Gratuity

D. Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumption is:

	Change in assumption			Increase in assumption			Decrease in assumption	
	31/03/2020	31/03/2019		31/03/2020	31/03/2019		31/03/2020	31/03/2019
Discount Rate	1.00%	-	Decrease by	-7.90%	-	Increase by	9.20%	-
Salary growth rate	1.00%	-	Increase by	5.50%	-	Decrease by	-5.80%	-

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

(E) Major Category of Plan Asset as a % of total Plan Assets

Through its defined benefit plans, the group is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. The gratuity fund is administered through Life Insurance Corporation of India (insurer) under its group gratuity scheme. Accordingly almost the entire plan asset

Changes in bond A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' assets maintained by the insurer.

HIGHORBIT CAREERS PRIVATE LIMITED
Notes to the financial statements for the year ended March 31, 2020

28. Financial risk and Capital management

(A) Financial risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis Credit ratings	Diversification of bank deposits, credit limits and regular monitoring.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level, with option of taking Forward foreign exchange contracts if deemed necessary.
Price Risk	Investments in mutual funds	Credit ratings	Portfolio diversification and regular monitoring

(a). Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due. This definition of default is determined by considering the business environment in which Company operates and other macro-economic factors.

Credit quality of a customer is assessed based on its credit worthiness and historical dealings with the Company, market intelligence & goodwill. Outstanding customer receivables are regularly monitored.

The Company has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12-month expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively. The calculation is based on historical data of actual losses. The Company evaluates the concentration of risk with respect to trade receivables as low.

Reconciliation of loss allowance provision:	Amount (Rs.)
	Trade receivables
Loss Allowance as on April 1, 2018	-
Change in loss allowance	-
Loss Allowance as on March 31, 2019	-
Change in loss allowance	7,100,187
Loss allowance as on March 31, 2020	7,100,187

Cash and cash equivalents

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invest in deposits with banks with high credit ratings assigned by external credit rating agencies, accordingly the Company considers that the related credit risk is low. Impairment on these items are measured on the 12-month expected credit loss basis.

HIGHORBIT CAREERS PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2020****(b). Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's treasury maintains flexibility in funding by maintaining liquidity through investments in liquid funds and other committed credit lines. Management monitors rolling forecasts of the group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements

The Company had access to the following credit card facilities at the end of the reporting period :

Amount (₹)

Particulars	March 31, 2020	March 31, 2019	April 1, 2018
Credit card facilities	1,980,000	1,980,000	1,980,000

The bank credit card facilities may be drawn at any time.

(ii) Maturities of financial liabilities

The amount disclosed in the above table represent the contractual undiscounted cash flows. Balances equal their carrying balances as the impact of discounting is not significant.

(c). Market risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency.

(i). Currency risk

The Company is exposed to currency risk on account of foreign currency transactions including recognized assets and liabilities denominated in a currency that is not the Company's functional currency (₹), primarily in respect of US\$, United Arab Emirates Dirham (AED), Saudi Riyal (SAR) and Bahraini Dinar (BHD). the Company ensures that the net exposure is kept to an acceptable level and is remain a net foreign exchange earner.

Exposure to currency risk

The currency profile of financial assets and financial liabilities are given below:

Financial assets	As at 31/03/2020		As at March 31, 2019		As at April 01, 2018	
	Amount (₹)	(₹)	Amount (₹)	(₹)	Amount (₹)	(₹)

Total financial liabilities		1,203,042	-	1,196,835	-	446,811

HIGHORBIT CAREERS PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2020****(ii) Interest rate risk**

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's borrowings and deposits/loans are all at fixed rate and are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The exposure of the Company's financial assets/liabilities at the end of the reporting period are as follows:

Particulars	31/03/2020	31/03/2019	01/04/2018
Fixed-rate instruments			
Financial assets	3,275,266	68,447,628	62,909,511
Total	3,275,266	68,447,628	62,909,511

(B) Capital management**(a) Risk management**

The Company's objectives when managing capital is to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders. The capital of the Company consist of equity capital and accumulated profits. The Company avails borrowings only for buying vehicles.

29. Customer contract balances

The Company has adopted Ind AS 115 on Revenue from Contracts with Customers, using the modified retrospective approach. The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and comparative information is not restated in the statement of profit and loss. The adoption of the standard did not have any material impact on the recognition and measurement of revenue and related items in the financial statements/results.

Particulars	31/03/2020	31/03/2019	01/04/2018
Trade Receivable	15,649,629	28,528,676	24,279,687
Contract Liabilities	84,278,172	61,184,032	46,085,130

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days and are conditioned to be recovered purely on passage of time. Hence contract assets have been considered to be Nil.

Contract Liabilities includes Deferred Sales revenue and advance received from Customer

Other disclosure as specified under IndAS 115 are not required to be made as a matter of practical expedient , since the performance obligation is part of contract that has an original expected duration of one year or less.

Contract liabilities are primarily the deferred sales revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognized evenly over the subscription period, being performance obligation of the Company.

Set out below is the amount of revenue recognised from:

Particulars	For the year ended March 31, 2020 (₹)	For the year ended March 31, 2019 (₹)	For the year ended April 01, 2018 (₹)
Amount included in contract liabilities at the beginning of the year	60,015,442	45,127,455	32,623,559

The company has as a matter of practical expedient recognised the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognised is generally one year or less.

<p>Impairment of non-current investments (as described in note 3.4 of the standalone Ind AS financial statements)</p> <p>At March 31, 2020, the investments in non-current investments amount to Rs. 14,672.16 Mn.</p> <p>The management assesses at least annually, the existence of impairment indicators of each non-current investments, and in case of such existence, these assets are subject to an impairment test.</p> <p>The basis of impairment of non-current investments is presented in the accounting policies in Note 2.16 to the Ind AS standalone financial statements.</p> <p>During the current year, impairment indicators were identified by the management on the investments in 7 subsidiaries amounting to Rs. 5,502.23 Mn. As a result, an impairment assessment was required to be performed by the Company by comparing the carrying value of these investments to their recoverable amount to determine whether an impairment was required to be recognised.</p> <p>For the purpose of the above impairment testing, recoverable amount has been determined by reference to the underlying expected cash flows from the underlying business activities being undertaken by these subsidiaries.</p> <p>Further, the determination of the recoverable amount of the investments in the 7 subsidiaries, involved judgment due to inherent uncertainty in the assumptions supporting the recoverable amount of these investments.</p> <p>Accordingly, the impairment of investments in 7 subsidiaries was determined to be a key audit matter in our audit of the standalone Ind AS financial statements.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We understood, evaluated and tested the operating effectiveness of internal controls implemented by the Company relating to identification of impairment indicators and valuation of non-current investments. • We evaluated the Company's valuation methodology applied in determining the recoverable amount. In making this evaluation, we also assessed the objectivity and independence of Company's specialists involved in the process. • We evaluated the assumptions around the key drivers of the cash flow forecasts including estimated reserves, discount rates, expected growth rates and terminal growth rates used with assistance from our valuation specialists. • We assessed the valuation methodology and the key assumptions adopted in the cash flow forecasts considering current economic scenario. • We assessed the key assumptions to external market data or other supporting evidence including discount rates, expected growth rates and terminal growth rates with assistance from our valuation specialists; • We discussed potential changes in key drivers as compared to previous year / actual performance with management to evaluate the suitability of inputs and assumptions used in the cash flow forecasts. • We tested the arithmetical accuracy of the models. • We assessed the adequacy of the disclosures made in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2020 and are therefore the key audit matter. We describe this matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF INFO EDGE (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Info Edge (India) Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these standalone financial statements

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Corporate Information

Info Edge (India) Ltd (the Company) CIN : L74899DL1995PLC068021 is a public limited company domiciled and incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at GF-12A, 94 Meghdoot Building, Nehru Place, New Delhi – 110019 and principal place of business is in B-8, Sector-132, Noida-201 304. Its shares are listed on two stock exchanges of India. The Company is primarily engaged in providing online & offline services primarily through its online portal Naukri.com, Jeevansathi.com, 99 acres.com, shiksha.com & offline portal Quadrangle.com.

The financial statements are approved for issue by the Company's Board of Directors on June 22, 2020.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

2.1 Basis of preparation

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') [Companies (Indian Accounting Standards) Rules, 2015, as amended] and other relevant provisions of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

The financial statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off upto two decimal points to the nearest Million (as per the requirement of Schedule III), unless otherwise stated.

(ii) Historical Cost Convention

The Financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) which are measured at fair value / amortised cost less diminution, if any;
- Defined benefit plans-plan assets measured at fair value; and
- Share based payments.

2.2 Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is

INFO EDGE (INDIA) LIMITED

Notes to the financial statements for the year ended March 31, 2020

derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management experts which are stated as under, except in case of Plant and Machinery, Furniture and Fixtures and Vehicles where useful life is lower than life prescribed under Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Assets	Estimated useful life (Years)
Building	60
Computers	3
Plant and Machinery	10
Furniture and Fixtures	8
Office Equipment	5
Vehicles	6

The leasehold improvements are depreciated over the assets' useful life or over the shorter of the assets' useful life and the lease term.

The asset's useful lives and methods of depreciation are reviewed at the end of each reporting period and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income.

Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition.

2.3 Intangible assets

Intangible assets acquired separately are measured on initial recognition at historical cost. Intangibles assets have a finite life and are subsequently carried at cost less any accumulated amortization and accumulated impairment losses if any.

Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Handwritten initials or marks.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation methods and estimated useful lives

Assets	Estimated useful life (Years)
Enterprise resource planning software	5
Other software licenses	3

Assets costing less than or equal to Rs. 5,000 are fully amortised pro-rata from date of acquisition.

2.4 Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. If any such indication exists or when annual impairment testing for an asset is required, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet for possible reversal of an impairment loss recognized for an asset, in prior accounting periods.

2.5 Foreign currency translations

(i) *Functional and presentation currency*

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., Indian Rupee (INR) which is its presentation currency as well.

(ii) Transactions and balances

Initial recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Subsequent recognition

As at the reporting date, foreign currency monetary items are translated using the closing rate and non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction.

Exchange gains and losses arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the year in which they arise.

Handwritten signatures in blue ink.

During the previous year ended March 31, 2019, the company had adopted Appendix B to Ind AS 21 – Foreign Currency Transactions and Advance Considerations which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

Translation of foreign operations

The financial statements of foreign operations are translated using the principles and procedures mentioned above, since these businesses are carried on as if it is an extension of the Company's operations.

2.6 Revenue recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the modified retrospective approach, applied to contracts that were not completed as of April 1, 2018. In accordance with modified retrospective approach, the comparatives have not been retrospectively adjusted.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those services. (net of goods and services tax)..

The Company earns revenue significantly from the following sources viz.

- a) Recruitment solutions through its career web sites such as, Naukri.com:-
Revenue is received primarily in the form of fees, which is recognized prorata over the subscription / advertising / service agreement, usually ranging between one to twelve months.
- b) Matrimonial web site, Jeevansathi.com, Real Estate website, 99acres.com and Education classified website, Shiksha.com:-
Revenue is received in primarily the form of subscription fees, which is recognized over the period of subscription / advertising / service agreement, usually ranging between one to twelve months. The revenue is recognized on principal to principal basis and recognized gross of agency/commission fees, as applicable in case of Jeevansathi.com.
- c) Placement search division, Quadrangle:-
Revenue is received in the form of fees, for placements at various levels in a client's organization. Revenue is recognized on the successful completion of the search and selection activity.
- d) Resume Fast Forward Service:-
The revenue from Resume Sale Services is earned in the form of fees and is recognized on completion of the related service.

Revenue in relation to rendering of the services mentioned in (a) & (b) above where performance obligations are satisfied over time and where there is no uncertainty as to measurability or collectability of consideration, is recognized ratably over the period of in which services are rendered (subscription period) and rendering of the services mentioned in (c) to (d) above are recognised in the accounting period in which the services are rendered. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

In respect of (a) and (b) above, the unaccrued amounts are reflected in the Balance sheet as Income received in advance (deferred sales revenue).

The company has as a matter of practical expedient recognised the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognised is generally one year or less.

2.7 Retirement and other employee benefits

(i) Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other Long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- a) defined contribution plans - provident fund
- b) defined benefit plans - gratuity plans

a) Defined contribution plans

The Company has a defined contribution plan for the post-employment benefit namely Provident Fund which is administered through the Regional Provident Fund Commissioner and the contributions towards such fund are recognised as employee benefits expense and charged to the Statement of Profit and Loss when they are due. The Company does not carry any further obligations with respect to this, apart from contributions made on a monthly basis.

b) Defined benefit plans

The Company has defined benefit plan, namely gratuity for eligible employees in accordance with the Payment of Gratuity Act, 1972 the liability for which is determined on the basis of an actuarial valuation (using the Projected Unit Credit method) at the end of each period. The Gratuity Fund is recognised by the income tax authorities and is administered through Life Insurance Corporation of India under its Group Gratuity Scheme.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the tenor of the related obligation. The liability or asset recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurements of the net defined liability, comprising of actuarial gains and losses, return on plan assets (excluding amounts included in net interest on the net defined benefit liability) and any change in the effect of asset ceiling (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Change in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the profit or loss as past service cost.

(iv) Bonus Plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(vi) Share based payments

Share-based compensation benefits are provided to employees via the Info Edge Limited Employee Option Plan and share-appreciation rights. These are equity settled schemes.

Employee options

The fair value of options granted under the Info Edge Employees' Stock Option Scheme is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the grant date fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Share appreciation rights

Share appreciation rights granted are considered to be towards equity settled share based transactions and as per IND AS 102, cost of such options are measured at fair value as at the grant date. Company's share appreciation rights are recognised as employee benefit expense over the relevant service period.

2.8 Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax is calculated on the basis of the tax rates and the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation. It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities.

Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred tax asset can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

[Handwritten signatures and initials in blue ink]

2.9 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

If the effect of the time value of money is material, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as a finance cost.

2.10 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. The criteria for held for sale is considered to have met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

2.11 Leases (as lessee)

Operating Lease:

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the Contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of asset

As at the date of commencement of the lease, the Company recognises a right of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases). For these short term leases, the Company recognises the lease payments as an operating expense on a straight line basis over the period of lease.

INFO EDGE (INDIA) LIMITED

Notes to the financial statements for the year ended March 31, 2020

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. The lease liability is initially measured at amortized cost at the present value of the future lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Transition

The Ministry of Corporate Affairs on 30 March 2019 notified the new leasing standard, viz., Ind AS 116 Leases. Ind AS 116 is applicable for the financial year beginning on or after 1 April 2019 for all Ind AS companies. It replaces current guidance under Ind AS 17 Leases.

Hence effective April 01, 2019 the Company adopted Ind AS 116 and applied the standard to all lease contracts existing on April 01, 2019 using the modified retrospective approach and has taken the cumulative adjustment to right of use of assets, on the date of initial application. Consequently the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application. Comparatives of previous periods have not retrospectively adjusted and therefore will continue to be reported under previously adopted accounting policy as per Ind AS 17. Refer note 2.10-Significant accounting policies-Leases in the Annual report of the Company for the year ended March 31, 2019.

On transition; the Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019. The right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The effect of adoption of Ind AS 116 as at April 1, 2019 is as follows:

The Company has recognised Right of use assets for Rs. 853.15 Mn and Lease liabilities of Rs. 853.15 Mn as at April 1, 2019 i.e., transition date. The lease equalisation reserve of Rs. 32.22 Mn and prepaid rent arising due to discounting of security deposit of Rs. 32.24 Mn has been adjusted with the Right of use asset (ROU). The Company also reclassified its leasehold land amounting to Rs. 135.87 Mn as ROU asset.

During the year ended March 31, 2020 ,depreciation of Rs. 216.59 Mn on Right of use assets and interest expense of Rs. 66.30 Mn on Lease liabilities has been charged to statement of profit and loss. Accordingly, Contractual lease rentals amounting to Rs. 224.44 Mn and Network & other expense of Rs. 27.09 Mn pertaining to the year have not been recognized as expenses. The profit before tax for the year is lower by Rs. 31.36 Mn in view of these changes.

INFO EDGE (INDIA) LIMITED

Notes to the financial statements for the year ended March 31, 2020

The principle portion of the lease payments have been disclosed under cash flow from financing activities. The lease payments for operating leases as per Ind AS 17 - Leases, were earlier reported under cash flow from operating activities. Refer note 3(b) & 10(d) of financial statement for detailed disclosure.

The following is the summary of practical expedients elected on initial application:

1. Single discount rate is applied to a portfolio of leases of similar assets in similar economic environment with a similar end date
2. The exemption for not recognising right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application has been availed
3. The initial direct costs from the measurement of the right-of-use asset at the date of initial application have been excluded
4. Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The incremental borrowing rate applied to lease liabilities as at April 1, 2019 is taken at 8.50%

2.12 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM).

All operating segments' results are reviewed regularly by the Company's Managing Director & Chief Executive Officer (MD & CEO) who have been identified as the CODM, to assess the financial performance and position of the Company and makes strategic decisions.

The Company is primarily in the business of internet based service delivery operating in four service verticals through various web portals in respective verticals namely recruitment solutions comprising primarily naukri.com, other recruitment related portals and ancillary services related to recruitment, 99acres.com for real estate related services, Jeevansathi.com for matrimony related services and Shiksha.com for education related services.

(a) Description of segments and principal activities

The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along these business segments. The accounting principles used in preparing these financial statements are consistently applied to record revenue & expenditure in individual segments. The reportable segments represent "Recruitment Solutions" and "99acres" and the "Others".

1: Recruitment Solutions: This segment consists of Naukri (both India and Gulf business) and all other allied business which together provides complete hiring solutions which are both B2B as well as B2C. Apart from all Other Online business, it also includes Offline headhunting business 'Quadrangle'.

2: Real State- 99acres: 99acres.com derives its revenues from property listings, builders' and brokers' branding and visibility through micro-sites, home page links and banners servicing real estate developers, builders and brokers.

3: Others: This segment comprises primarily Jeevansathi and Shiksha service verticals since they individually do not meet the qualifying criteria for reportable segment as per the Ind AS.

INFO EDGE (INDIA) LIMITED

Notes to the financial statements for the year ended March 31, 2020

The CODM primarily uses a measure of profit before tax to assess the performance of the operating segments. However, the CODM also receives information about the segments' revenue and assets on a monthly basis.

(b) Profit before tax

Profit before tax for any segment is calculated by subtracting all the segment's expenses (excluding taxes) incurred during the period from the respective segment's revenue earned during the period. To calculate the segment level expenses, certain common expenditures which are incurred for the entity as a whole but cannot be directly mapped to a single segment are allocated basis best management estimates to all the segments.

Interest income is not allocated to segments as this type of activity is driven by the central treasury function. Similarly, certain costs including corporate expenses which are not directly related to general functioning of business are not allocated to segments.

2.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to known amount of cash and, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management

2.14 Earnings Per Share (EPS)

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit for the period attributable to equity holders of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential instruments into equity shares.

For the purpose of calculating basic EPS, shares allotted to ESOP trust pursuant to the employee share based payment plan are not included in the shares outstanding as on the reporting date till the employees have exercised their right to obtain shares, after fulfilling the requisite vesting conditions. Till such time, the shares so allotted are considered as dilutive potential equity shares for the purpose of calculating diluted EPS.

2.15 Treasury shares (Shares held by the ESOP Trust)

The Company has created an Employee Stock Option Plan Trust (ESOP Trust) for providing share-based payment to its employees. The Company uses the trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Company allots shares to the ESOP Trust. The Company treats the ESOP trust as its extension and shares held by ESOP Trust are treated as treasury shares. Share options exercised during the reporting period are satisfied with treasury shares.

The consideration paid for treasury shares including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to/ from retained earnings.

2.16 Financial Instruments

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through other comprehensive income,
- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses are recorded either through profit or loss or thru other comprehensive income. For investments in equity instruments in subsidiaries, associates and jointly control entities these are carried at cost less diminution, if any. However, the gains or losses with respect to Controlled Trust are recognised through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under Ind AS 32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Handwritten signatures and initials in blue ink.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company has classified its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows and where the contractual terms give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVTOCI) :** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit & loss in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments which are within the scope of Ind AS 109 at fair value, other than investments in equity instruments in subsidiaries, associates and jointly control entities, which are carried at cost less diminution, if any. Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established. The investment in Controlled Trust is subsequently measured at fair value through Other Comprehensive Income.

iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 44 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

(iv) Derecognition of financial instruments

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(v) Financial Liabilities

Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, as appropriate.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short term maturity of these instruments.

(vi) Income recognition

Interest income

For all debt instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss

Dividends

Dividends are recognized in profit or loss only when the right to receive the payments is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably, which is generally when the shareholders approve the dividend.

2.17 Contributed Equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

2.18 Cash dividends to equity holders

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorised and is no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period. A corresponding amount is recognized directly in equity.

Handwritten signatures and initials in blue ink.

2.19 Exceptional items

Exceptional items include income or expense that are considered to be part of ordinary activities, however are of such significance and nature that separate disclosure enables the user of the financial statements to understand the impact in a more meaningful manner.

Following are considered as exceptional items -

- a) Gain or loss on disposal of investments to wholly owned subsidiaries at higher or lower than the cost / book value
- b) Write down of investments in subsidiaries, jointly controlled entities and associates which are carried at cost in accordance with IND AS 27 to recoverable amount, as well as reversals of such write down.
- c) Impact of any retrospective amendment requiring any additional charge to profit or loss.
- d) Fair value loss of asset classified as held for sale

2.20 Critical estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS that requires management to make accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. The estimates and assumptions used in the accompanying financial statements are based upon Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of non-current investments and has been discussed below. Key source of estimation of uncertainty in respect of current tax expense and payable, employee benefits and fair value of unlisted subsidiary entities have been discussed in their respective policies.

The areas involving critical estimates or judgments are:

- a) Estimation of current tax expenses and payable-Note 42
- b) Estimation of employee benefits - Note 30
- c) Share based payments - Note 26
- d) Impairment of trade receivable - Note 44

2.21 Estimation of Impairment on Non-Current Investment-

The Company carries reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Nature and purpose of reserves

a) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

b) General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

c) Stock options outstanding account

The stock options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

INFO EDGE (INDIA) LIMITED

Notes to the financial statements for the year ended March 31, 2020

Note 26: Share Based Payments

The establishment of the Info Edge Limited Employee Option Plan(s) are approved by shareholders at annual general meeting. ESOP scheme 2015 was approved by shareholders through postal ballot on April 16, 2016. The employee stock option plan is designed to provide incentives to employees generally at and above the designation of managers to deliver long-term returns. Under the plan, participants are granted options which vest upon completion of three years of service from the grant date. Participation in the plan is at the board appointed committee's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

The Company has set up a trust to administer the ESOP scheme under which Stock Appreciation Rights (SAR) and Stock options (ESOP), with substantially similar types of share based payment arrangements, have been granted to employees. The scheme only provides for equity settled grants to employees whereby the employees can purchase equity shares by exercising SAR/options as vested at the exercise price specified in the grant, there is no option of cash settlement. The SAR/options granted till March 31, 2020 have a vesting period of maximum 3 years from the date of grant.

Set out below is a summary of SAR/options granted under the plan:

Fair value of SAR/options granted

The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, term of option, the share price at grant date, and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of option.

Model inputs for Options/SAR granted during the year are as follows:-

Options are granted for no consideration and vest upon completion of service for a period of three years. Vested options are exercisable for a period of four years after vesting.

	March 31, 2020	March 31, 2019
Fair Value of options (₹ per share)	822.81	573.43
Share price at measurement date (₹ per share)	2,253.74	1,540.37
Expected volatility (%)	34.71%	33.72%
Dividend yield (%)	0.36%	0.39%
Risk-free interest rate (%)	6.55%	7.52%
Expected Life (Years)	4.43	4.12

The expected price volatility is based on the historic volatility (based on the remaining life of options), adjusted for any expected changes to future volatility due to publicly available information.

(D) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumption is:

	Change in assumption		Decrease by Increase by	Increase in assumption		Increase by Decrease by	Decrease in assumption	
	March 31, 2020	March 31, 2019		March 31, 2020	March 31, 2019		March 31, 2020	March 31, 2019
	Impact on defined benefit obligation							
Discount Rate	0.50%	0.50%		-4.10%	-3.70%		4.40%	4.00%
Salary growth rate	0.50%	0.50%		2.80%	2.60%		-2.70%	-2.60%

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior year.

Total	100.00%	100.00%	318.36	265.74

(F) Risk exposure

Through its defined benefit plans, the group is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. The gratuity fund is

Changes in bond yields

A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' assets maintained by the insurer.

The gratuity fund is administered through Life Insurance Corporation(LIC) of India under its Group Gratuity Scheme.

(G) Defined benefit liability and employer contribution

The Company generally eliminates the deficit in the defined benefit gratuity plan with in next one year. Fair value hierarchy

The following section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

b) Fair value hierarchy for assets

Financial assets measured at fair value at March 31, 2020

	Amount (₹Mn)			Total
	Level 1	Level 2	Level 3	
Financial Assets				
Investments				
- Mutual Funds-Daily Dividend & Debt Liquid Fund	2,554.03	-	-	2,554.03

Financial assets measured at fair value at March 31, 2019

	Amount (₹Mn)			Total
	Level 1	Level 2	Level 3	
Financial Assets				
Investments				
- Mutual Funds-Daily Dividend & Debt Liquid Fund	3,399.50	-	-	3,399.50

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

c) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or mutual fund houses quotes (NAV) for such instruments. This is included in Level 1.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis for which third party valuer is appointed. This is included in Level 3.

d) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables are considered to be the same as their fair values due to their short-term nature. The fair values for security deposits, Investment in preference shares & investment in debentures and borrowings are calculated based on cash flows discounted using a current lending rate, however the change in current rate does not have any significant impact on fair values as at the current period end.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(e) Fair value measurements using significant unobservable inputs (level 3)

There is Nil balance in Level 3 items for the year ended March 31, 2020 and previous year ended March 31, 2019

(f) Valuation processes

The Company uses third party valuers to perform the valuations of the unquoted equity shares, preference shares and debentures required for financial reporting purposes for Level 3 purposes other than investment in compulsorily redeemable preference shares and debentures (Debt Instruments) which are done by Finance department of the company.

The main Level 3 inputs for these unlisted securities are derived and evaluated as below.

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies to the extent available.

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (c) and (f) above.

Note 44 : Financial risk and Capital management

A) Financial risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by Internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis Credit ratings	Diversification of bank deposits, credit limits and regular monitoring.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level, with option of taking Forward foreign exchange contracts if deemed necessary.
Price Risk	Investments in mutual funds	Credit ratings	Portfolio diversification and regular monitoring

a). Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

A default on a financial asset is when the counterparty fails to make contractual payments within 90 days of when they fall due. This definition of default is determined by considering the business environment in which Company operates and other macro-economic factors.

Credit quality of a customer is assessed based on its credit worthiness and historical dealings with the Company, market intelligence & goodwill. Outstanding customer receivables are regularly monitored.

The Company has established an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables and 12-month expected credit loss for other receivables. An impairment analysis is performed at each reporting date on an individual basis for major parties. In addition, a large number of minor receivables are combined into homogenous categories and assessed for impairment collectively. The calculation is based on historical data of actual losses. The Company evaluates the concentration of risk with respect to trade receivables as low.

Reconciliation of loss allowance provision:

	Trade receivables (₹Mn)
Loss allowance as on March 31, 2019	8.17
changes in loss allowance	45.96
Loss allowance as on March 31, 2020	54.13

Cash and cash equivalents

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invest in deposits with banks with high credit ratings assigned by external credit rating agencies, accordingly the Company considers that the related credit risk is low. Impairment on these items are measured on the 12-month expected credit loss basis.

Notes to the financial statements for the year ended March 31, 2020

b). Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's treasury maintains flexibility in funding by maintaining liquidity through investments in liquid funds and other committed credit lines. Management monitors rolling forecasts of the group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting year :

Particulars	Amount (₹Mn)	
	March 31, 2020	March 31, 2019
Cash credit facilities	100.00	100.00

The bank overdraft facilities may be drawn at any time.

(ii) Maturities of financial liabilities

The amount disclosed in the below table represent the contractual undiscounted cash flows. Balances equal their carrying balances as the impact of discounting is not significant.

(c). Market risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The company has determined that an increase/(decrease) of 0.5% in the fair value of mutual fund could have an impact of approximately ₹ 12.77 Mn increase/(decrease) on the income.

(i). Currency risk

The Company is exposed to currency risk on account of foreign currency transactions including recognized assets and liabilities denominated in a currency that is not the Company's functional currency (₹), primarily in respect of US\$, United Arab Emirates Dirham (AED), Saudi Riyal (SAR) and Bahraini Dinar (BHD). The Company ensures that the net exposure is kept to an acceptable level and is remain a net foreign exchange earner.

(ii). Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company's borrowings and deposits/loans are all at fixed rate and are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The exposure of the Company's financial assets/liabilities at the end of the reporting period are as follows:

Particulars	Amount (₹Mn)	
	March 31, 2020	March 31, 2019
Fixed-rate instruments		
Financial assets	10,059.42	12,099.29
Financial liabilities	6.23	8.31
Total	10,065.65	12,107.60

(iii). Price risk

Exposure

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses.

Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

B) Capital management

a) Risk management

The Company's objectives when managing capital is to safeguard its ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders. The capital of the Company consist of equity capital and accumulated profits. The Company avails borrowings only for buying vehicles.

b) Dividend

Particulars	Amount (₹Mn)	
	March 31, 2020	March 31, 2019
(i) Interim dividends :		
1st interim dividend : ₹ 2.5 per share (March 31, 2019 ₹2.5 per share)	305.79	305.29
2nd interim dividend : ₹ 3.5 per share (March 31, 2019 ₹1.5 per share)	428.81	183.17
(ii) Dividends not recognised at the end of the year		
In addition to the above dividends, since year end the directors have recommended the payment of a final dividend of ₹ Nil per fully paid equity share (March 31, 2019 - ₹ 2). Dividend proposed during previous year was approved by the shareholders at the Annual General Meeting held on August 13, 2019.	-	244.23

45. Customer contract balances

During previous year, the Company has adopted Ind AS 115 on Revenue from Contracts with Customers, using the modified retrospective approach. The standard was applied retrospectively only to contracts that were not completed as at the date of initial application and comparative information was not restated in the statement of profit and loss. The adoption of the standard did not have any material impact on the recognition and measurement of revenue and related items in the financial statements/results. Revenue from sale of services is recognised over the period of time.

Particulars	March 31, 2020 (₹Mn)	March 31, 2019 (₹Mn)
Trade Receivable	70.05	60.11
Contract Liabilities	4,677.45	4,759.34

INFO EDGE (INDIA) LIMITED
Notes to the financial statements for the year ended March 31, 2020

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days and are conditioned to be recovered purely on passage of time. Hence contract assets have been considered to be Nil.

Contract Liabilities includes Deferred Sales revenue and advance received from Customer

Other disclosure as specified under IndAS 115 are not required to be made as a matter of practical expedient, since the performance obligation is part of contract that has an original expected duration of one year or less.

Contract liabilities are primarily the deferred sales revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognized evenly over the subscription period, being performance obligation of the Company.

Set out below is the amount of revenue recognised from:

Particulars	For the year ended March 31, 2020 (₹Mn)	For the year ended March 31, 2019 (₹Mn)
Amount included in contract liabilities at the beginning of the year	4,734.96	3,951.66

The company has as a matter of practical expedient recognised the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognised is generally one year or less.

46. The company has considered the possible effects that may result from COVID 19 on its business and the carrying amount of non-current investments. The outbreak of Coronavirus (COVID-19) pandemic globally is causing a slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite period. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to businesses worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations. In developing the assumptions relating to the possible future uncertainties in the global conditions because of the pandemic, the Company, as on date of approval of these financial statements has used various information, as available. The Company has performed sensitivity analysis on the assumptions used and based on current estimates, expects the carrying amount of these non-current investments do not require any further diminution from the value at which these are stated. The Company will continue to closely monitor any material change arising of future economic conditions and its impact on its business. The actual impact of COVID 19 on investments may differ from that estimated as at the date of approval of these financial statements.

STATEMENT OF UNAUDITED FINANCIAL RESULTS FOR THE QUARTER AND HALF YEAR ENDED SEPTEMBER 30, 2020

Notes:

1. The above unaudited financial results have been reviewed and approved by Board of Directors at its meeting held on November 09, 2020. A limited review of the results for the quarter ended September 30, 2020 have been carried out by our statutory auditors.
2. The financial results of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.
3. Based on the information reported to the Director for the purpose of resource allocation and assessment of performance, there are no reportable segments in accordance with the requirements of Ind AS 108 - "Operating Segment Reporting", notified under the Companies (Indian Accounting Standard) Rules, 2015.
4. The World Health Organization announced a global health emergency because of a new strain of coronavirus ("COVID-19") and classified its outbreak as a pandemic on March 11, 2020. On March 24, 2020, the Indian government announced a strict 21-day lockdown across the country to contain the spread of the virus, which was further extended till May 31, 2020. This pandemic and government response are creating disruption in global supply chain and adversely impacting most of the industries which has resulted in global slowdown.

The management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the quarter ended September 30, 2020 and has concluded that there is no impact which is required to be recognised in the financial statements.

Accordingly, no adjustments have been made to the financial statements.

Review Report on Interim Condensed Ind AS Standalone Financial Statements**Review Report to
The Board of Directors
Info Edge (India) Limited**

We have reviewed the accompanying Interim Condensed Ind AS standalone financial statements of Info Edge (India) Limited (the 'Company') which comprise the Condensed Balance Sheet as at September 30, 2020, and the related Condensed Statement of Profit and Loss (including other Comprehensive Income), the Condensed Statement of Cash Flows and Condensed Statement of Changes in Equity for the quarter and period ended September 30, 2020 and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as the "interim condensed Ind AS standalone financial statements").

The management of the Company is responsible for the preparation and presentation of these interim condensed Ind AS standalone financial statements in accordance with recognition and measurement principles laid down in IND AS 34 'Interim Financial Reporting', and applicable Indian Accounting Standards ("IND-AS") issued by the Institute of Chartered Accountants of India (ICAI) and other recognised accounting practices and policies in India. The interim condensed Ind AS standalone financial statements are the responsibility of the Company's management and have been approved by the Board of Directors. Our responsibility is to express a conclusion on the Interim condensed Ind AS standalone financial statements based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying interim condensed Ind AS standalone financial statements have not been prepared in all material respects in accordance with recognition and measurement principles laid down in IND AS 34 'Interim Financial Reporting' and applicable Indian accounting standards issued by Institute of Chartered Accountants of India (ICAI) and other recognized accounting practices and policies in India.

This report on the Interim condensed Ind AS standalone financial statements has been issued solely in connection with preparation of the Company's quarterly financial information pursuant to requirements under Regulation 33 of SEBI (LODR) Regulations, 2015.

INFO EDGE (INDIA) LIMITED

Notes to the interim condensed financial statements for the period ended September 30, 2020

1. Corporate Information

Info Edge (India) Ltd (the Company) CIN : L74899DL1995PLC068021 is a public limited company domiciled and incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at GF-12A, 94 Meghdoot Building, Nehru Place, New Delhi – 110019 and principal place of business is in B-8, Sector-132, Noida-201 304. Its shares are listed on two stock exchanges of India. The Company is primarily engaged in providing online & offline services primarily through its online portal Naukri.com, Jeevansathi.com, 99 acres.com, shiksha.com & offline portal Quadrangle.com.

The interim condensed financial statements are approved for issue by the Company's Board of Directors on November 10, 2020.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

2.1 Basis of preparation

- (i) Compliance with Ind AS

These interim condensed financial statements have been prepared in accordance with the Indian Accounting standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') [Companies (Indian Accounting Standards) Rules, 2015, as amended by notification dated March 31, 2016] and other relevant provisions of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

The financial statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off upto two decimal points to the nearest Million (as per the requirement of Schedule III), unless otherwise stated.

- (ii) Historical Cost Convention

The Financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) which are measured at fair value / amortised cost less diminution, if any;
- Defined benefit plans-plan assets measured at fair value; and
- Share based payments.

2.2 Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is

derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management experts which are stated as under, except in case of Plant and Machinery, Furniture and Fixtures and Vehicles where useful life is lower than life prescribed under Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Assets	Estimated useful life (Years)
Building	60
Computers	3
Plant and Machinery	10
Furniture and Fixtures	8
Office Equipment	5
Vehicles	6

The leasehold improvements are depreciated over the assets' useful life or over the shorter of the assets' useful life and the lease term.

The asset's useful lives and methods of depreciation are reviewed at the end of each reporting period and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income.

Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition.

2.3 Intangible assets

Intangible assets acquired separately are measured on initial recognition at historical cost. Intangibles assets have a finite life and are subsequently carried at cost less any accumulated amortization and accumulated impairment losses if any.

Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation methods and estimated useful lives

Assets	Estimated useful life (Years)
Enterprise resource planning software	5
Other software licenses	3

Assets costing less than or equal to Rs. 5,000 are fully amortised pro-rata from date of acquisition.

2.4 Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. If any such indication exists or when annual impairment testing for an asset is required, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet for possible reversal of an impairment loss recognized for an asset, in prior accounting periods.

2.5 Foreign currency translations**(i) Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., Indian Rupee (INR) which is its presentation currency as well.

(ii) Transactions and balances**Initial recognition**

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Subsequent recognition

As at the reporting date, foreign currency monetary items are translated using the closing rate and non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction.

Exchange gains and losses arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the year in which they arise.

During the year ended March 31, 2019, the company had adopted Appendix B to Ind AS 21 – Foreign Currency Transactions and Advance Considerations which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

Translation of foreign operations

The financial statements of foreign operations are translated using the principles and procedures mentioned above, since these businesses are carried on as if it is an extension of the Company's operations.

2.6 Revenue recognition

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the modified retrospective approach, applied to contracts that were not completed as of April 1, 2018. In accordance with modified retrospective approach, the comparatives have not been retrospectively adjusted.

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those services. (net of goods and services tax)..

The Company earns revenue significantly from the following sources viz.

- a) Recruitment solutions through its career web sites such as, Naukri.com:-
Revenue is received primarily in the form of fees, which is recognized prorata over the subscription / advertising / service agreement, usually ranging between one to twelve months.
- b) Matrimonial web site, Jeevansathi.com, Real Estate website, 99acres.com and Education classified website, Shiksha.com:-
Revenue is received in primarily the form of subscription fees, which is recognized over the period of subscription / advertising / service agreement, usually ranging between one to twelve months. The revenue is recognized on principal to principal basis and recognized gross of agency/commission fees, as applicable in case of Jeevansathi.com.
- c) Placement search division, Quadrangle:-
Revenue is received in the form of fees, for placements at various levels in a client's organization. Revenue is recognized on the successful completion of the search and selection activity.
- d) Resume Fast Forward Service:-
The revenue from Resume Sale Services is earned in the form of fees and is recognized on completion of the related service.

Revenue in relation to rendering of the services mentioned in (a) & (b) above where performance obligations are satisfied over time and where there is no uncertainty as to measurability or collectability of consideration, is recognized ratably over the period of in which services are rendered (subscription period) and rendering of the services mentioned in (c) to (d) above are recognised in the accounting period in which the services are rendered. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

In respect of (a) and (b) above, the unaccrued amounts are reflected in the Balance sheet as Income received in advance (deferred sales revenue).

The company has as a matter of practical expedient recognised the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognised is generally one year or less.

2.7 Retirement and other employee benefits

(i) Short-term obligations

Liabilities for salaries, including other monetary and non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other Long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees upto the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- a) defined contribution plans - provident fund
- b) defined benefit plans - gratuity plans

a) Defined contribution plans

The Company has a defined contribution plan for the post-employment benefit namely Provident Fund which is administered through the Regional Provident Fund Commissioner and the contributions towards such fund are recognised as employee benefits expense and charged to the Statement of Profit and Loss when they are due. The Company does not carry any further obligations with respect to this, apart from contributions made on a monthly basis.

b) Defined benefit plans

The Company has defined benefit plan, namely gratuity for eligible employees in accordance with the Payment of Gratuity Act, 1972 the liability for which is determined on the basis of an actuarial valuation (using the Projected Unit Credit method) at the end of each period. The Gratuity Fund is recognised by the income tax authorities and is administered through Life Insurance Corporation of India under its Group Gratuity Scheme.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the tenor of the related obligation. The liability or asset recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurements of the net defined liability, comprising of actuarial gains and losses, return on plan assets (excluding amounts included in net interest on the net defined benefit liability) and any change in the effect of asset ceiling (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Change in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the profit or loss as past service cost.

(iv) Bonus Plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(vi) Share based payments

Share-based compensation benefits are provided to employees via the Info Edge Limited Employee Option Plan and share-appreciation rights. These are equity settled schemes.

Employee options

The fair value of options granted under the Info Edge Employees' Stock Option Scheme is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the grant date fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

Share appreciation rights

Share appreciation rights granted are considered to be towards equity settled share based transactions and as per IND AS 102, cost of such options are measured at fair value as at the grant date. Company's share appreciation rights are recognised as employee benefit expense over the relevant service period.

2.8 Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax is calculated on the basis of the tax rates and the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation. It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities.

Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred tax asset can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.9 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

If the effect of the time value of money is material, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as a finance cost.

2.10 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. The criteria for held for sale is considered to have met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

2.11 Leases (as lessee)

Operating Lease:

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the Contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of asset

As at the date of commencement of the lease, the Company recognises a right of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases). For these short term leases, the Company recognises the lease payments as an operating expense on a straight line basis over the period of lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. The lease liability is initially measured at amortized cost at the present value of the future lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Transition

The Ministry of Corporate Affairs on 30 March 2019 notified the new leasing standard, viz., Ind AS 116 Leases. Ind AS 116 is applicable for the financial year beginning on or after 1 April 2019 for all Ind AS companies. It replaces current guidance under Ind AS 17 Leases.

Effective April 01, 2019 the Company adopted Ind AS 116 and applied the standard to all lease contracts existing on April 01, 2019 using the modified retrospective approach and has taken the cumulative adjustment to right of use of assets, on the date of initial application. Consequently the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application.

On transition; the Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019. The right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The effect of adoption of Ind AS 116 during current half year ended and previous year ended March 31, 2020 is as follows:

The Company has recognised Right of use assets for Rs. 853.15 Mn and Lease liabilities of Rs. 853.15 Mn as at April 1, 2019 i.e., transition date. The lease equalisation reserve of Rs. 32.22 Mn and prepaid rent arising due to discounting of security deposit of Rs. 32.24 Mn has been adjusted with the Right of use asset (ROU). The Company also reclassified its leasehold land amounting to Rs. 135.87 Mn as ROU asset.

During the half year ended September 30, 2020, depreciation of Rs. 115.91 Mn (year ended March 31, 2020 : Rs. 216.59 Mn) on Right of use assets and interest expense of Rs. 29.63 Mn (year ended Marh 31, 2020 : Rs. 66.30 Mn) on Lease liabilities has been charged to statement of profit and loss. Accordingly, Contractual lease rentals amounting to Rs. 104.07 Mn (year ended March 31, 2020: Rs. 224.44 Mn) and Network & other expense of Rs. 9.17 Mn (year ended March 31, 2020: Rs. 27.09 Mn) pertaining to the period have not been recognized as expenses. The profit before tax for the year is lower by Rs. 32.30 Mn (year ended March 31, 2020: Rs. 31.36 Mn) in view of these changes.

The principle portion of the lease payments have been disclosed under cash flow from financing activities. The lease payments for operating leases as per Ind AS 17 - Leases, were earlier reported under cash flow from operating activities. Refer note 3(b) & 10(d) of financial statement for detailed disclosure.

The following is the summary of practical expedients elected on initial application:

1. Single discount rate is applied to a portfolio of leases of similar assets in similar economic environment with a similar end date
2. The exemption for not recognising right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application has been availed
3. The initial direct costs from the measurement of the right-of-use asset at the date of initial application have been excluded
4. Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The incremental borrowing rate applied to lease liabilities as at April 1, 2019 is taken at 8.50%

2.12 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM).

All operating segments' results are reviewed regularly by the Company's Managing Director & Chief Executive Officer (MD & CEO) who have been identified as the CODM, to assess the financial performance and position of the Company and makes strategic decisions.

The Company is primarily in the business of internet based service delivery operating in four service verticals through various web portals in respective verticals namely recruitment solutions comprising primarily naukri.com, other recruitment related portals and ancillary services related to recruitment, 99acres.com for real estate related services, Jeevansathi.com for matrimony related services and Shiksha.com for education related services.

(a) Description of segments and principal activities

The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along these business segments. The accounting principles used in preparing these financial statements are consistently applied to record revenue & expenditure in individual segments. The reportable segments represent "Recruitment Solutions" and "99acres" and the "Others".

1: Recruitment Solutions: This segment consists of Naukri (both India and Gulf business) and all other allied business which together provides complete hiring solutions which are both B2B as well as B2C. Apart from all Other Online business, it also includes Offline headhunting business 'Quadrangle'.

2: Real State- 99acres: 99acres.com derives its revenues from property listings, builders' and brokers' branding and visibility through micro-sites, home page links and banners servicing real estate developers, builders and brokers.

3: Others: This segment comprises primarily Jeevansathi and Shiksha service verticals since they individually do not meet the qualifying criteria for reportable segment as per the Ind AS.

The CODM primarily uses a measure of profit before tax to assess the performance of the operating segments. However, the CODM also receives information about the segments' revenue and assets on a monthly basis.

(b) Profit before tax

Profit before tax for any segment is calculated by subtracting all the segment's expenses (excluding taxes) incurred during the period from the respective segment's revenue earned during the period. To calculate the segment level expenses, certain common expenditures which are incurred for the entity as a whole but cannot be directly mapped to a single segment are allocated basis best management estimates to all the segments.

Interest income is not allocated to segments as this type of activity is driven by the central treasury function. Similarly, certain costs including corporate expenses which are not directly related to general functioning of business are not allocated to segments.

2.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to known amount of cash and, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the company's cash management

2.14 Earnings Per Share (EPS)

(i) *Basic earnings per share*

Basic earnings per share is calculated by dividing:

- the profit for the period attributable to equity holders of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

(ii) *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential instruments into equity shares.

For the purpose of calculating basic EPS, shares allotted to ESOP trust pursuant to the employee share based payment plan are not included in the shares outstanding as on the reporting date till the employees have exercised their right to obtain shares, after fulfilling the requisite vesting conditions. Till such time, the shares so allotted are considered as dilutive potential equity shares for the purpose of calculating diluted EPS.

2.15 Treasury shares (Shares held by the ESOP Trust)

The Company has created an Employee Stock Option Plan Trust (ESOP Trust) for providing share-based payment to its employees. The Company uses the trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Company allots shares to the ESOP Trust. The Company treats the ESOP trust as its extension and shares held by ESOP Trust are treated as treasury shares. Share options exercised during the reporting period are satisfied with treasury shares.

The consideration paid for treasury shares including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to/ from retained earnings.

2.16 Financial Instruments

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value through other comprehensive income,
- those to be measured subsequently at fair value through profit or loss, and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses are recorded either through profit or loss or thru other comprehensive income. For investments in equity instruments in subsidiaries, associates and jointly control entities these are carried at cost less diminution, if any. However, the gains or losses with respect to Controlled Trust are recognised through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under Ind AS 32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company has classified its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows and where the contractual terms give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVTOCI) :** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit & loss in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments which are within the scope of Ind AS 109 at fair value, other than investments in equity instruments in subsidiaries, associates and jointly control entities, which are carried at cost less diminution, if any. Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established. The investment in Controlled Trust is subsequently measured at fair value through Other Comprehensive Income.

iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 44 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

(iv) Derecognition of financial instruments

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(v) Financial Liabilities

Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, as appropriate.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short term maturity of these instruments.

(vi) Income recognition

Interest income

For all debt instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss

Dividends

Dividends are recognized in profit or loss only when the right to receive the payments is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably, which is generally when the shareholders approve the dividend.

2.17 Contributed Equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

2.18 Cash dividends to equity holders

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorised and is no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period. A corresponding amount is recognized directly in equity.

2.19 Exceptional items

Exceptional items include income or expense that are considered to be part of ordinary activities, however are of such significance and nature that separate disclosure enables the user of the financial statements to understand the impact in a more meaningful manner.

Following are considered as exceptional items -

- a) Gain or loss on disposal of investments to wholly owned subsidiaries at higher or lower than the cost / book value
- b) Write down of investments in subsidiaries, jointly controlled entities and associates which are carried at cost in accordance with IND AS 27 to recoverable amount, as well as reversals of such write down.
- c) Impact of any retrospective amendment requiring any additional charge to profit or loss.
- d) Fair value loss of asset classified as held for sale

2.20 Critical estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS that requires management to make accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. The estimates and assumptions used in the accompanying financial statements are based upon Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of non-current investments and has been discussed below. Key source of estimation of uncertainty in respect of current tax expense and payable, employee benefits and fair value of unlisted subsidiary entities have been discussed in their respective policies.

2.21 Estimation of Impairment on Non-Current Investment-

The Company carries reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Nature and purpose of reserves

a) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

b) General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

c) Stock options outstanding account

The stock options based payment reserve is used to recognise the grant date fair value of options issued to employees under Employee stock option plan.

Fair value hierarchy

The following section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

b) Fair value hierarchy for assets

Financial assets measured at fair value at September 30, 2020

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investments				
- Mutual Funds-Daily Dividend & Debt Liquid Fund	-	-	-	-

Financial assets measured at fair value at March 31, 2020

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investments				
- Mutual Funds-Daily Dividend & Debt Liquid Fund	2,554.03	-	-	2,554.03

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

c) Valuation techniques used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or mutual fund houses quotes (NAV) for such instruments. This is included in Level 1.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis for which third party valuer is appointed. This is included in Level 3.

d) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables are considered to be the same as their fair values, due to their short-term nature. The fair values for security deposits, investment in preference shares & investment in debentures and borrowings are calculated based on cash flows discounted using a current lending rate, however the change in current rate does not have any significant impact on fair values as at the current period end.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(e) Fair value measurements using significant unobservable inputs (level 3)

There is Nil balance in Level 3 items for the period ended September 30, 2020 and previous year ended March 31, 2020

(f) Valuation processes

The Company uses third party valuers to perform the valuations of the unquoted equity shares, preference shares and debentures required for financial reporting purposes for Level 3 purposes other than investment in compulsorily redeemable preference shares and debentures (Debt instruments) which are done by Finance department of the company.

The main Level 3 inputs for these unlisted securities are derived and evaluated as below.

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies to the extent available.

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (c) and (f) above.

36. Customer contract balances

During the year ended March 30, 2019, the Company had adopted Ind AS 115 on Revenue from Contracts with Customers, using the modified retrospective approach. The standard was applied retrospectively only to contracts that were not completed as at the date of initial application and comparative information was not restated in the statement of profit and loss. The adoption of the standard did not have any material impact on the recognition and measurement of revenue and related items in the financial statements/results. Revenue from sale of services is recognised over the period of time.

Particulars	September 30, 2020 (₹Mn)	March 31, 2020 (₹Mn)
Trade Receivable	71.50	70.05
Contract Liabilities	3,740.02	4,677.45

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days and are conditioned to be recovered purely on passage of time. Hence contract assets have been considered to be Nil.

Contract Liabilities includes Deferred Sales revenue and advance received from Customer

Other disclosure as specified under IndAS 115 are not required to be made as a matter of practical expedient, since the performance obligation is part of contract that has an original expected duration of one year or less.

Contract liabilities are primarily the deferred sales revenue against which amount has been received from customer but services are yet to be rendered on the reporting date either in full or in parts. Contract liabilities are recognized evenly over the subscription period, being performance obligation of the Company.

Set out below is the amount of revenue recognised from:

Particulars	For the period ended September 30, 2020 (₹Mn)	For the year ended March 31, 2020 (₹Mn)
Amount included in contract liabilities at the beginning of the period/year	3,759.42	4,734.96

The company has as a matter of practical expedient recognised the incremental costs of obtaining a contract as an expense when incurred, since the amortisation period of the asset that the entity otherwise would have recognised is generally one year or less.

37. The company has considered the possible effects that may result from COVID 19 on its business and the carrying amount of non-current investments. The outbreak of Coronavirus (COVID-19) pandemic globally is causing a slowdown of economic activity. In many countries, businesses are being forced to cease or limit their operations for long or indefinite period. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered disruptions to businesses worldwide, resulting in an economic slowdown and uncertainties pertaining to future operations. In developing the assumptions relating to the possible future uncertainties in the global conditions because of the pandemic, the Company, as on date of approval of these interim condensed financial statements has used various information, as available. The Company has performed sensitivity analysis on the assumptions used and based on current estimates, expects the carrying amount of these non-current investments do not require any further diminution from the value at which these are stated. The Company will continue to closely monitor any material change arising of future economic conditions and its impact on its business. The actual impact of COVID 19 on investments may differ from that estimated as at the date of approval of these interim condensed financial statements.

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF INFO EDGE (INDIA) LIMITED AT THEIR MEETING HELD ON NOVEMBER 10, 2020 EXPLAINING THE EFFECT OF THE SCHEME OF AMALGAMATION OF HIGHORBIT CAREERS PRIVATE LIMITED WITH INFO EDGE (INDIA) LIMITED AND THEIR RESPECTIVE SHAREHOLDERS AND CREDITORS, UNDER SECTIONS 230 TO 232 AND OTHER APPLICABLE PROVISIONS OF THE COMPANIES ACT 2013, ON EACH CLASS OF SHAREHOLDERS, KEY MANAGERIAL PERSONNEL, PROMOTERS AND NON PROMOTER SHAREHOLDERS OF THE COMPANY

1. Background

- 1.1 This report is under the provisions of Section 232(2)(c) of the Companies Act, 2013 (the "Act") and summarizes the effect of the Scheme of Amalgamation between Highorbit Careers Private Limited ("**Highorbit**" or "**Transferor Company**") and Info Edge (India) Limited ("**Info Edge**" or "**Transferee Company**" or the "**Company**") and their respective shareholders and creditors (the "**Scheme**") on each class of shareholders, key managerial personnel, promoters and non-promoter shareholders, of the Company.
- 1.2 The draft Scheme was placed before the Board and initialed by the Company Secretary, for the purpose of identification.

2. Cancellation of share capital of the Transferor Company

- 2.1 The Transferor Company is a wholly owned subsidiary of the Transferee Company. Hence, the Transferee Company would not be required to issue and allot any shares to the shareholders of the Transferor Company.
- 2.2 Upon the Scheme becoming effective, no shares of the Transferee Company shall be allotted in lieu or exchange of the holding of the wholly owned subsidiary of the Transferee Company in the Transferor Company and the stated capital/issued and paid-up capital of the Transferor Company shall stand cancelled.

3. Effect of the Scheme on the shareholders (promoter and non-promoter) of the Company

- 3.1 The Company has only one class of shareholders, i.e. equity shareholders. The effectiveness of the Scheme will have no impact on the shareholders of the Company. Accordingly, the shareholders of the Company shall continue to be the shareholders of the Company, even after the effectiveness of the Scheme

4. Effect of the Scheme on the Key Managerial Personnel ('KMPs') and Board of Directors of the Company

- 4.1 The effectiveness of the Scheme will have no impact on the KMPs / Board of Directors of the Company. The KMPs / Board of Directors of the Company shall continue to be the KMPs / Board of Directors of the Company, even after the effectiveness of the Scheme.
- 4.2 None of the directors, the KMPs of the Company and their respective 'Relatives' (as defined under the Act and rules formed thereunder) have any material interests, financial or otherwise in the Scheme.
