“Investors Release”

Gensol Engineering Limited reports robust Order Book of Rs. 1783 Crores

Ahmedabad, April 10, 2024: Gensol Engineering Limited (BSE: 542851, NSE: GENSOL), a leading player in the renewable energy sector specialising in solar power engineering, procurement, and construction (EPC) services, along with electric mobility solutions, has received significant order book that stands at an impressive Rs. 1783 Crores in the beginning of FY25, signaling a promising year and solidifying its position as a key player in the renewable energy and electric mobility industry. Gensol’s diverse order book showcases its involvement in multiple sectors, each contributing significantly to its overall portfolio.

Gensol’s order book summary is as follows:

S. No.	Entity / Business segment	FY25 Order Book Value (Rs. Crores)
1	Solar EPC (India & Middle East including Scorpius Trackers)	1448
2	Let’sEV (EV Leasing business)	335
	Total Order Book	1783

Commenting on Order Book for FY25, Mr. Anmol Singh Jaggi -- Chairman And Managing Director, Gensol Engineering Limited said: *“Our order book for FY25 is at Rs. 1783 Crores highlighting growing demand for our renewable energy and eMobility solutions. This order book will be executed over the next 12 months. The uptick in the projects reflects the trust clients have in our capabilities and commitment to delivering excellence. This achievement solidifies our status as a frontrunner in Solar EPC, Solar tracking and EV Leasing industry, emphasising our commitment to growth. I thank all the stakeholders and the Gensol family for their continued support that is vital to our success, and we remain dedicated to delivering value and sustainable growth.”*

About Gensol Engineering Limited:

Established in 2012, Gensol Engineering Limited, the flagship company within the Gensol group, specialises in engineering, procurement, and construction (EPC) services, focusing on the solar power sector. Boasting a robust team of over 240 professionals, Gensol has demonstrated expertise in executing turnkey projects globally, having installed both ground-mounted and rooftop solar installations totalling more than 600 MW. Venturing beyond solar, Gensol has established a state-of-the-art electric vehicle (EV) production facility in Pune, India, dedicated to crafting electric three-wheelers and four-wheelers. Gensol EV have received approval from the Automotive Research Association of India (ARAI). In pursuit of revolutionising India's EV landscape, Gensol not only manufactures but also provides comprehensive EV leasing solutions, catering to a diverse clientele that includes PSUs, educational institutions, government entities, multinational corporations, ride-hailing services, employee transport companies, rental services, logistics, and last-mile delivery enterprises. Recently, Gensol acquired Scorpius Trackers, an innovative and world-
