Dear Sir,

**Sub: Launch of New Web Portal – HKG MONEY.**

We at HKG Limited are proud to announce yet another launch of new portal “**HKG MONEY**” to our web bank. HKG MONEY is a business which shall provide an unmatched Investment Strategy. From the stock market’s volatile graph to intricate tax planning, with the FDI plans to swing up the overall economic graph, today’s investors has a lot to tend with before moving forward. It is therefore not surprising that, more than before, the investors are turning to take the guidance of independent financial and investment advisors.

While the first half of 2020 was riddled with financial uncertainty, there was a remarkable increase in the number of Demat accounts being opened in the country.

**Industry experts say three factors contributed to these developments-**

Firstly, the COVID-19 crisis created an opportunity for investors to invest in good quality stocks at a cheaper price.

Secondly, a large section of office-goers working from home was able to save on several fronts, had more time to analyse companies and invest for the long term.
