Milestones

- Pioneer & Leader in Defence Training Solution Provider
- Balancing the product and fixed revenue stream from AMC
- Thurst on exports for global presence and diversifying revenue stream
- Significant service revenue from AMC ensures profitability even in absence of new equipment orders

Revenue Drivers

Simulator Products

- Orders are of large size and have long closing cycles resulting in revenue volatility
- First mover advantage with many soldiers having trained on the Company's products

Combat Training Centre (CTC)

- Combat Training Centre as a highly advanced & tailored training solution would enable deeper penetration and longevity of relationship

Annual Maintenance Contract

- Long term recurring fixed income with superior profit margins
- Lifecycle of a simulator is 15 years which creates lifetime revenue potential of 120% of product sale
- Perpetual growth in recurring fixed AMC revenue with augmentation in simulator installation base

Exports

- Thurst on sales to under served markets of CIS, Middle-East and African countries
- Focus on developed market sales with a sales team in US

Combat Training Centre

- Handful of companies globally in this segment
- Large value add to the forces with simulated war-games / large scale joint exercises
- Potential order size of USD 25-100 million for a single installation

Indian Army training requirement of 8000 Cr

Global addressable market size of more than USD 8 billion

Large installed base with AMCs – significant recurring income

Abundant Global Opportunities

- Zen's products are mature
- Growing credibility of Indian Defence Vendors with active government support
- Cost of Advanced simulators very prohibitive in Africa and Middle East
- Larger established players have no thrust for Smaller markets
- No ITAR restrictions on Exports

Focused R&D driven organisation

- R&D Driven prototyping to develop state of the art training simulators
- Over 90 in-house researchers working on specialised in-house created domain libraries
- Collaboration with universities to further augment research capabilities
- R&D investment of over 65 crs in the last 5 years, ~24% of revenues
- Significantly shortened lead time in developing new simulators with a databank of extensive simulation modules
- Filed 93 domestic and global patents applications of which 23 granted
- Almost 38% of the employees are dedicated for centralised R&D centre

Total IPR Applications

Comprehensive product range

- More than 50 simulator and other training products for varied training needs
- Comprehensive Customised Training solutions with Combat Training Centre

Credibility with 25-year track record

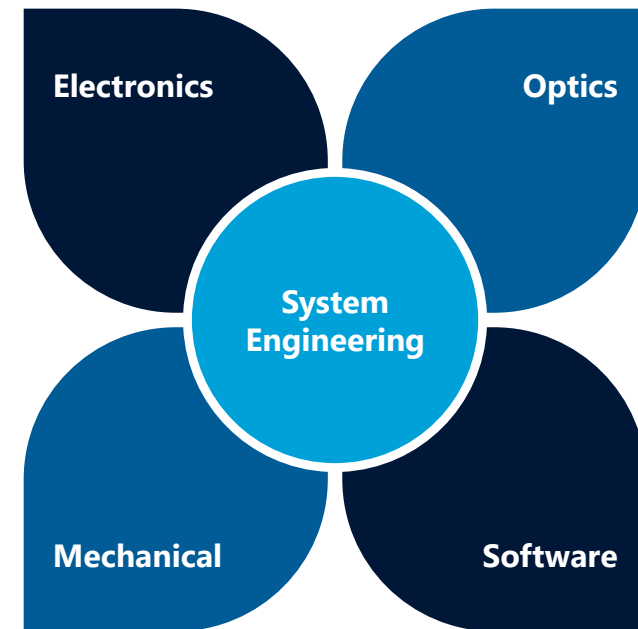

- Great understanding of Indian defence procurement process
- Good insight into the potential pipeline and armed forces pain-points
- Great credibility within the Indian Forces having supplied over 825 simulators over the last 2 decades
- Over 90% of Indian business is from repeat customers

Best-in-Class Sales Support

- 23% of workforce in after sales support
- Excellent feedback ratings
- Over 99% Uptime of product installations in AMC

Complete in-house skills

1

Domestic

- Conducive regulatory regime has opened erstwhile closed single vendor business opportunities
- Offset clauses require global defence players to partner with Indian manufacturers

2

Exports

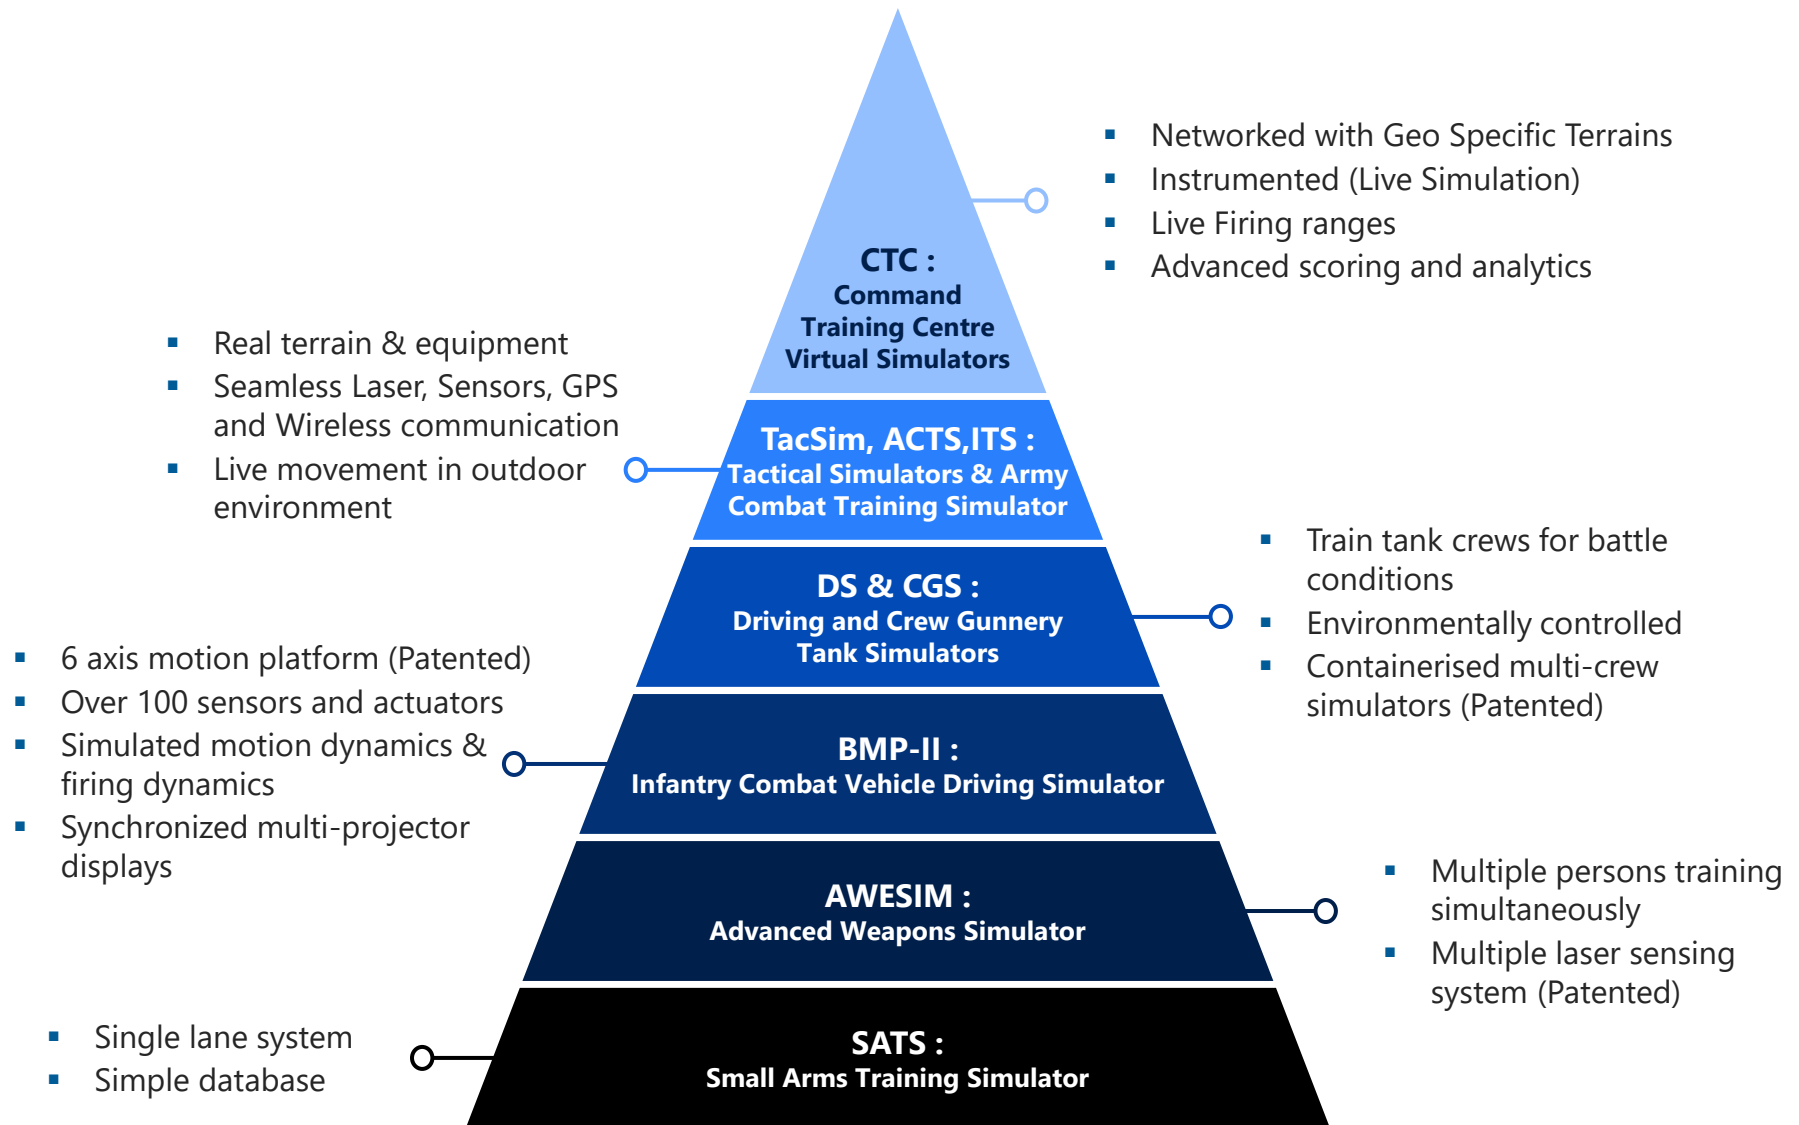

- Target smaller erstwhile ignored markets through tailored training solution
- Dedicated marketing team to push sales
- Strong support from government vs approval hurdles in past.
- Products developed under Make II procedure can further be exported significantly enhancing the opportunity size
- Push will be from India rather than USA due to active support from Indian Govt.

3

AMC Annual Maintenance Contracts

- AMC CAGR of 38.5% over last 5 years
- Simulator sales leads to a potential 120% AMC revenue over product lifecycle
- Continued engagement with customers result in potential upsell opportunities.

Moving Up The Complexity Pyramid

MAKE II procedure in the DPP 2016

- Industry can suo moto come up with solutions which can solve or address the challenges faced by Indian Army
- For accepted solutions the Indian armed forces will give a go ahead to develop such a system
- Indian armed forces will assure the acquisition of such system as a single vendor
- Developer will have to incur the cost of development

Make in India

- Government of India's keen focus on promoting indigenous manufacturing has created conducive environment to make in India for exports
- Offset clauses require global defence players to partner with Indian manufacturers

Indigenously Designed, Developed and Manufactured

- New Category introduced by MoD in DPP 2016:
- Under IDDM even Single vendor situations are accepted this opens up several erstwhile closed opportunities.
- Govt. to focus on IP ownership of products; not just low-cost coolie manufacturing done under licence

Simulator Life Cycle

Simulator sale of X creates a future revenue potential of 1.2X over the product life
