Including Total Share of JV

New Multi year orders worth over Rs. 1000 crores received

TACL has received new multi years orders over **Rs. 1,000 crores** from both, domestic and overseas customers across its business divisions, product segments and JVs. These orders are to be executed over a period of next 5 years covering the company's product lines – gaskets, heat shields, forgings and chassis. These orders will help us increase our share with existing customers and new customers across geographies thereby gaining market share in coming years.

~Rs. 400 Crs.

The order spans across newly invested technologies such as heat shields for which we have secured new customers in the Domestic PV space.

The Company has received orders from a new overseas customer through which we have entered in the Agri, Construction & off-road segment.

18% account for Electric Vehicles segment for leading domestic OEM for PV Segment.

~Rs. 420 Crs.

Orders received from a leading established domestic OEM for the Electric Vehicles (EV) for over Rs. 160 crores over 5 years.

Received orders from new customers for multiple auto parts for multiple applications.

Received orders from new OEM customers in the non-automotive segment for export markets.

~Rs. 150 Crs.

Orders received through its JV: Talbros Marugo Rubber for Rubber Hoses which will be directly used to facilitate the E20 fuel mechanism from multiple passenger vehicle OEMs in India.

The Government of India has laid down a target of achieving 20% ethanol blending in petrol by 2025 which will be known as E20. With the use of Biofuel, it will help reduce pollution levels and imports of crude oil in our country.

~Rs. 60 Crs.

Orders received in the heat shield business from a leading passenger vehicle (PV) OEM in India.

This order will help us increase our domestic market share which will help us grow in the coming years.

Mr. Anuj Talwar

Joint Managing
Director

Commenting on the performance Mr. Anuj Talwar, Jt. Managing Director, Talbros Automotive Components Limited said:

“FY23 has been a strong year at Talbros Automotive Components Limited. At a group level including the JVs, the Company has achieved revenues of Rs. 1,037 crore, a growth of 18% YoY.

Over the last year, TACL has received new multi years orders over Rs. 1,000 crores from both, domestic and overseas customers across its business divisions, product segments and JVs. These orders are to be executed over a period of next 5 years covering the company's product lines – gaskets, heat shields, forgings and chassis. These orders will help us increase our share with existing customers and new customers across geographies thereby gaining market share in coming years.

We are committed to our vision of becoming a global leader as an automotive components manufacturer. In the process, as we embrace and celebrate the milestones achieved so far, we aspire to sustain our growth, while advancing into the future by being relevant through the services we offer.

As a company, we emphasize being technologically ahead as we pursue consistent progress, year-after year.

With continuous innovation in new products like heat shields, strengthening EV portfolio, growing orders from non-automotive segments, strong clientele, and our journey towards sustainability for manufacturing E20 biofuel hoses we are very confident of achieving strong growth. We plan to more than double our revenues and become a Rs. 2,200 crore company at a group level by FY27. Over the years, we have increased our focus on Exports and continue to do so. By FY27, we plan to have at least 35% through exports. This will help increase margins too. Our Margins should also increase to 15-16% by FY27.”

FY23 - Revenue Contribution
