A diversified play in wealth management.

- MFD market share for Prudent as of September 2023 stands at 21.4% #.
- It provides value proposition to the AMCs to source business from retail investors in a cost-efficient manner as it is spread across 120 branches having significant presence in B-30 markets.
- Around 35% of the overall MFD base has joined us in last two years. They have started contributing materially to incremental gross sales & new SIP accretion.

Our value proposition has led to increased participation and a long-standing relationship with MFDs

MFDs- Diversity bring Sustainability & Stability

A diversified play in wealth management.

Deconcentrating The MFDs share

Value proposition offered to MFDs helps increase the MFDs pie every year with existing base stable.

The growing MFD base helps us to deconcentrate the overall MFD structure with top 50 MFDs contributing just 8.84% to AUM.

As of 31 March 2023

MFDs Combining with Insurance

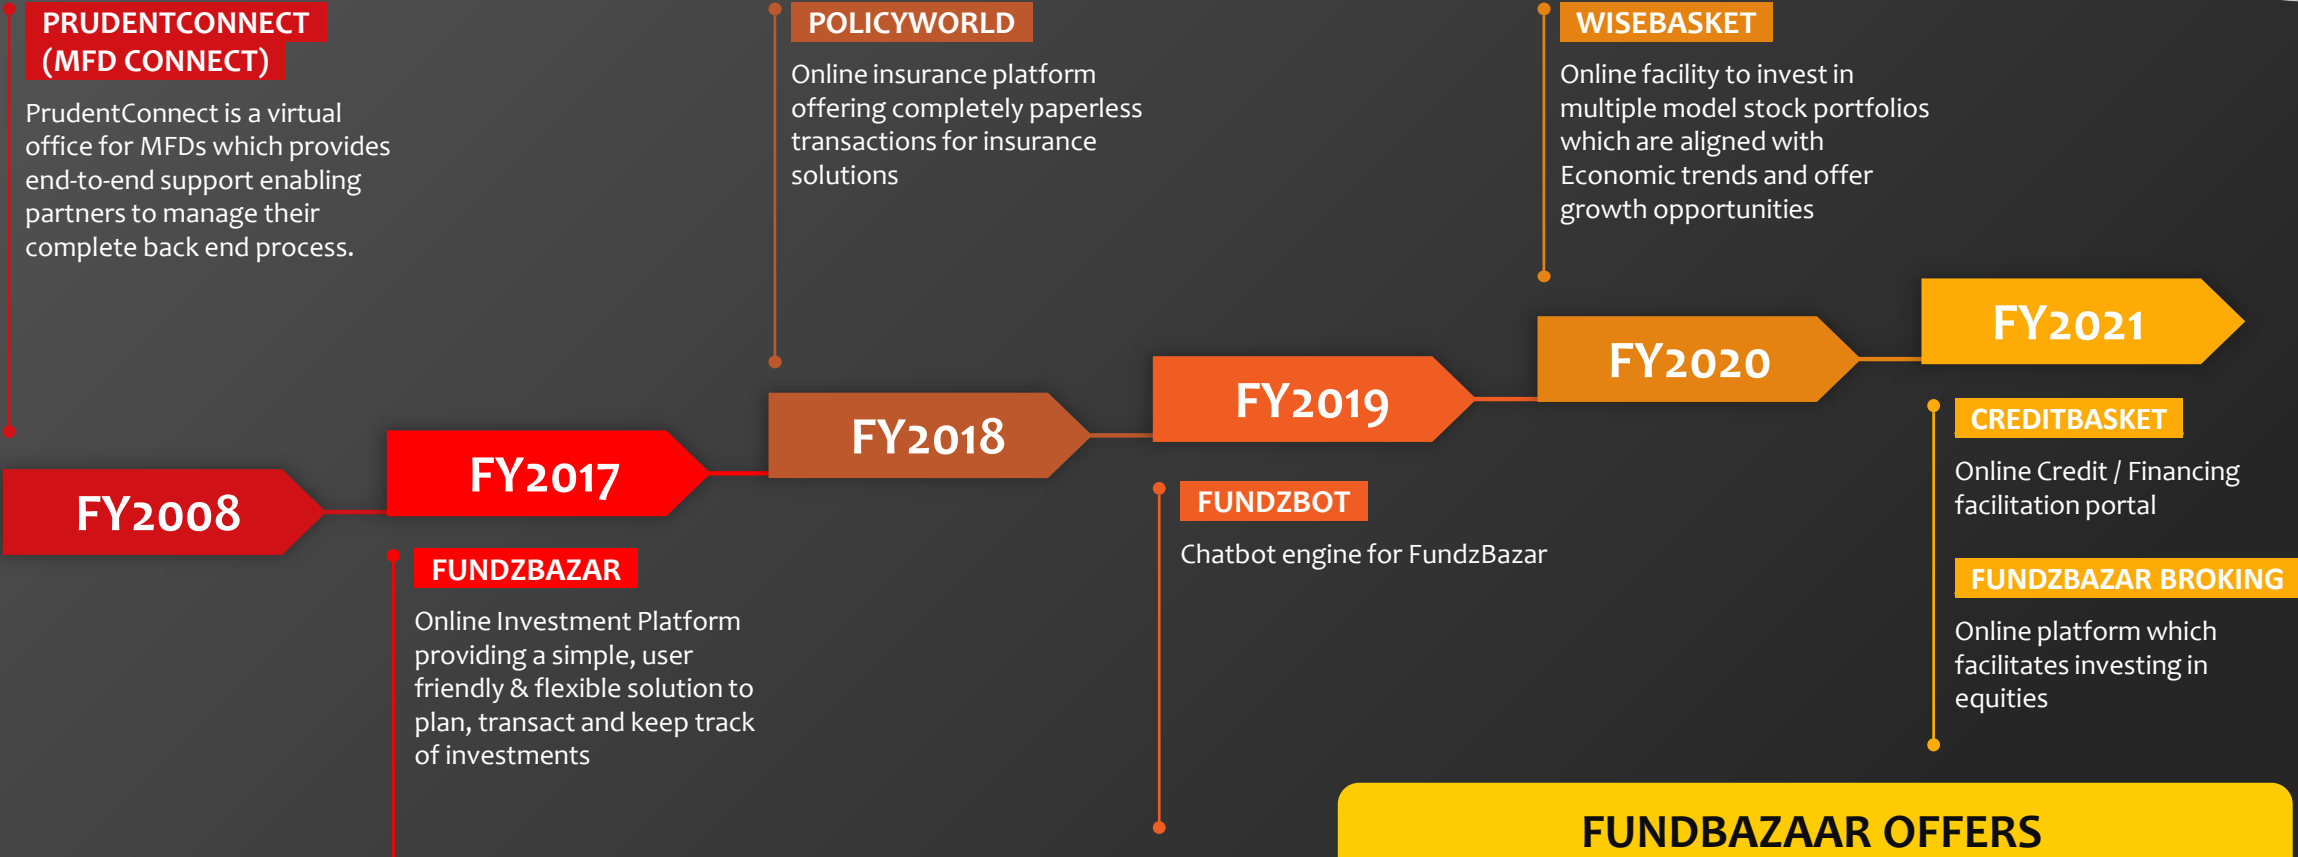

A large MFD base & a multi-product basket platform helps MFDs to cross-sell insurance. Of the 28,215 MFDs, 9,924 MFDs are also POSPs who sell insurance products.

The large MFD base presents significant opportunities to increase the POSP base and to cross-sell insurance products to their existing retail investors.

Getting growth from uncharted and underpenetrated markets

- Prudent is one of the very few national distributors (non-bank) with a presence in the B-30 market catering to retail investors. This geography is under penetrated and provides an opportunity to grow.
- 19% of Prudent's AUM is in B-30 markets compared to 17.5% for industry.
- Since FY18, it has opened branches in 48 locations. 31 of these are in B-30 markets.
- The mix of the physical and digital model allows it to selectively target markets for expansion, especially in Tier 2 or Tier 3 cities.

A SIP Led Equity AUM Bringing Stability to Net Flows

A diversified play in wealth management.

- As on March-23, AUM from the mutual fund business stood at Rs. 56,189 Cr with 93.5% of total AUM being equity-oriented.
- Since individual investors tend to stay invested for longer periods and prefer equity-oriented schemes, Prudent banks on them for a steady inflow of funds through SIP accounts.
- Historically, net sales number is higher than gross flow through SIPs. Net sales will closely track our gross sales from SIPs going forward
- Monthly SIP flow as of March-23 is Rs 517 crore. Annualizing this, we are expecting gross flows from SIPs of Rs 6200 crores in FY24 which is 11% of the FY24 opening AUM.
