Dear Sir,

**Subject: Intimation under Regulation 30 –Commencement of work on Cost Optimisation Project**

This is to inform that the Company has commenced implementing Cost Optimisation Project. Almost all major equipment(s) related to the project have already been received at the site / expected to be received soon.

The project involves synchronising the steel casting and rolling process.

Once implemented and stabilised, the said project is expected to result in net savings of fuel and yield. It will also enhance sustainability by reducing Carbon Foot Print.

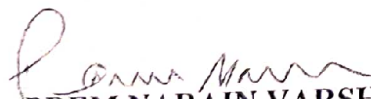

The company is targeting to commence Trial Runs of the said project in the month of May' 24. The subsequent stabilisation period may take further time.

There may also be some impact on production and sales volumes during the said period due to the above project activities.

The above may please be taken on record.

Thanking you

Yours faithfully,  
For Rathi Steel and Power Limited
