Message from the Chairman

Mr. Akhilesh Jain Chairman & Managing Director

- The COVID-19 pandemic decimated socioeconomic advances over the world, marking a year challenging on all fronts. Unfortunately, just as it appeared that the worst was gone, the second wave of Covid hit the country with considerably more severity. However, the world remains resolute to overcome such unprecedented times, as we look forward to more vaccinations and a faster recovery rate.
- At Atishay, we navigated the challenges and delivered a resilient performance for the quarter and year ended FY21. Our revenues stood at 2,628 lakhs, an increase 14%. The Profit after tax stood at 248 lakhs, an increase by 1%.
- In the last quarter, we witnessed increasing traction from existing clients and growing interest across various regions. This was possible due to the lifting of the lockdowns, enabling businesses to flourish after the pandemic's impact. Our unwavering emphasis on the markets we serve has yielded significant rewards in the form of major order wins and we remain hopeful about the future. We invested heavily in workforce automation and transformation to fuel long-term development. Through project-specific training, upskilling, soft skilling, mentoring, and coaching, we built an atmosphere that has allowed them to grow and achieve their full potential.
- We created procedures and processes to ensure that we delivered consistent quality on time. During the year, we also instilled in our team a culture of inquiry and creativity. This aided the company's long-term competitiveness in the product, process, and business models.
- On behalf of Atishay, I'd like to extend my heartfelt thanks to our employees, customers, vendors and our management team for their efforts and contributions to another successful year. And, as usual, I appreciate the faith and support of our investors. We will continue to focus on areas that will help us expand this fiscal year, and we are certain that we will emerge stronger and more resilient from this crisis.
