# Nifty gains 950 points in 6 sessions, recovers 31% of losses since March 23

**F BUREAU**  
Mumbai, June 2

**THE BENCHMARK NIFTY50** is within kissing distance from the 10,000 points mark. The benchmark has gained 950 points in the last six trading sessions, retracing 31% of its losses since March 23.

Domestic indices rose on Tuesday, given the optimism around the exiting of the lockdown and the assurance given by Prime Minister Narendra Modi for structural reforms to strengthen the economy, and ended the day at a three-month high. The benchmark Sensex was up by 522.01 points or 1.57% to close at 33,825.53.

The Indian markets shrugged off the Moody's downgrade that had rattled the equity market, global ratings agency Moody's downgraded the Government of India's foreign currency and local currency long term issuer ratings to 'Baa3' and retained a negative outlook.

Siddhartha Khemka, head-research, Motilal Oswal Financial Services, said, "Investors ignored India's ratings cut by Moody's over slower growth and continued to cheer gradual easing of the lockdown and good monsoon prediction. Reassurance by PM in CII's annual session that India would return to growth boosted sentiments further. Institutional buying over past few sessions also supported the market."

In the last six trading sessions, the FPIs have bought stocks worth more than \$1.9 billion. The markets witnessed volumes worth ₹11.79 lakh crore against the three-month average of ₹13.9 lakh crore. On the other hand, the cash market saw volumes worth ₹60,555.38 crore against the six-month average of ₹47,043.71 crore.

The stock markets in the UK, France and Germany were up between 1.05% and 2.12%, respectively. Dow Jones Mini futures were up by 151 points at the time of press. Asian markets also ended the day higher with bourses in Shanghai, Taiwan, South Korea and Hong Kong up between 0.20% and 1.11%, respectively. The biggest gainers on Nifty were Bajaj Finance, Zee Entertainment, Reliance Nippon Life Asset Management, Bajaj Finserv, Kotak Mahindra Bank as well as Tata Motors which were up by 9.51%, 9.06%, 8.15%, 7.69% and 7.37%, respectively.

Shares of Kotak Mahindra Bank were up by 7.69% to close at ₹1,344.45 a piece.

According to market experts, the currently in the market is not driven by fundamentals but by the excess liquidity in the capital markets. The central banks around the world have taken measures to ensure supply of money in the market which is leading to a demand for stocks.

G Chokkalingam, chief investment officer, Equinomics Research and Advisory, said, "The markets are going up because of an increase in liquidity with around \$9 trillion worth of stimulus given by central banks globally. With excess liquidity in the market, there is no fundamental reason for the

markets to rally but because there are investors who have funds and are sitting on them, they are turning into buyers in the market."

He further explained that the optimism may not last long in the equity markets as Covid-19 cases will increase once the economy opens up and that the market may decline in a month or two. His address to the Con-

ederation of Indian Industry (CII), Prime Minister Modi stated that the government would take structural reforms to change the course of the country and build a self-reliant India.

## 'Flows into India's debt funds more than double in May'

**NUPUR CHARYA**  
Mumbai, June 2

**INFLOWS INTO** the bond mutual funds more than doubled last month from April after regulators took steps to restore sentiment soured by Franklin Templeton's shock decision to wind up \$4.1 billion of its local credit funds.

Fixed-income funds took in a net ₹94,220 crore (\$12.5 billion) in May, compared with ₹43,430 crore in April, the Association of Mutual Funds in India (AMFI) said in a tweet. Credit risk funds, a category of debt product, suffered net outflows of ₹19,200 crore in April. The RBI on April 27 referred as much as ₹50,000 crore to banks for lending to the mutual funds to Franklin's freeze.

## India's May gold imports fall 99% from a year ago

**INDIA'S GOLD IMPORTS** in May plunged 99% from a year earlier as international air travel was banned and jewellery shops were closed amid a nationwide lockdown to curb the spread of Covid-19, government source said on Tuesday.

The world's second-biggest consumer of the precious metal imported around 1.4 tonnes of gold in May, down from 133.6 tonnes a year ago, said the source, who declined to be identified to speak to the media. —REUTERS
