4. The Company has assessed the possible impacts of COVID-19 in preparation of the standalone interim financial results, including but not limited to its assessment of liquidity and going concern assumptions, recoverable values of its financial and non-financial assets and impact on revenues and costs. The Company has considered internal and external sources of information and has performed sensitivity analysis on the assumptions used and based on current estimates, expects to recover the carrying amount of these assets. The impact of COVID-19 may be different from that estimated as at the date of approval of these standalone interim financial results and the Company will continue to closely monitor any material changes to future economic conditions.

The business had been severely impacted during the quarter ended June 2020 on account of COVID-19 and softer revenues due to the lockdown, and was also impacted on account of further extension of lockdown and phased opening of hotels in locations where we operate. However, during the quarter ended 30'th September, all the units have started operations and occupancy has increased significantly in our premier properties. Further, during this period, the Company launched "Hospitality @ Home" wherein the Company brings Tajness to home with a promise of warmth, trust and care and also listed select restaurants in few of its hotels under the "Qmin" App launched by Indian Hotels Company Limited, to provide premium 'food ordering from home 'experience to its clientele. Company expects to have increased revenues through the above measures taken.

The management has secured additional financing for the next 12 months and along with improved revenues expected on resumption of operations across all units, the company expects to meet its debts and obligations as they fall due. Accordingly, the financial results of the Company have been prepared on a going concern basis

- 5. The company has credited, ₹ 2 lakhs and ₹ 26 lakhs for the quarter and half year ended 30 September 2020 respectively, being rent concessions received, to Other Income. This is in accordance with paragraph 46A and 46B of IND AS 116, notified by MCA vide its notification dated 24 July 2020.
- 6. The formulae used for calculation of Debt Service Coverage Ratio and Interest Service Coverage Ratio are as follows:
 - a. Debt service coverage ratio = Profit before interest, depreciation and tax / (interest (including imputed interest) + principal repayment)
 - Interest service coverage ratio = Profit before interest, depreciation and tax / interest (including imputed interest)
 - c. The above ratios have been computed on a trailing twelve months basis and after making necessary adjustments for IND AS effects.

Non-Convertible debentures were redeemed fully during the previous year at maturity, on 21/11/2019 and hence there are no debt securities outstanding thereafter. Hence related disclosures are given only for the previous year.

- 7. Disclosure of segment wise information is not applicable as Hoteliering is the Company's only business segment.
- 8. The Indian Parliament has recently approved the code on Social security, 2020. This has also received the consent of the Hon'ble President of India. The Code when implemented will impact the contributions by the Company towards benefits such as Provident Fund, Gratuity etc. The effective date(s) of implementation of this code is yet to be notified and the rules for quantifying the financial impact are yet to be framed. In view of this, any impact due to the change will be assessed and accounted for in the period of notification of the relevant provisions.
- 9. The standalone results for the quarter and six months ended September 30, 2020 are available on the Bombay Stock Exchange website (URL:www.bseindia.com), the National Stock Exchange website (URL:www.nseindia.com) and on the Company's website (URL:www.orientalhotels.co.in).
