# 'Redemption of security receipts of ARCs improved in FY24'

**NEW HIGH.** Issuance of SRs said to have crossed ₹43,000 cr, redemptions at ₹33,000 cr

K Ram Kumar

The consideration paid for acquiring stressed assets and redemption of security receipts (SRs) by asset reconstruction companies (ARCs) improved in FY24, even as these entities plan to take up issues facing them at their upcoming meeting with the RBI.

In FY24, ARCs acquired bad loans from lenders, aggregating around ₹1.57-lakh crore, according to provisional estimates from the Association of ARCs in India.

In FY23, the acquisition was higher at ₹2.10-lakh crore as it included the one-time assignment of Yes Bank's bad totalling ₹48,000 loans crore to JC Flowers ARC.

In FY24, the issuance of Security Receipts (SR) - the purchase consideration paid for acquiring these assets was over ₹43,000 crore (₹41,000 crore in FY23), and SRs redeemed were over ₹33,000 crore (₹27,000

### **STRESS-FREE REVAMP**

- In FY24, ARCs acquired stressed assets worth around ₹1.57-lakh crore
- There are 27 ARCs registered with the RBI as of March 2024, highlighting the significance of these entities in the resolution of stressed assets for lender.
- The upcoming conference of directors and chiefs of ARCs with RBI will provide a platform for discussing regulatory expectations and concerns. This will be the first such meeting for the ARC sector facilitated by the RBI

crore), per the estimates. The sale of stressed assets to ARCs is one of the channels for their resolution for lenders. This is done either through a combination of cash payments and the issue of security receipts (SRs) or all cash transactions. The number of ARCs registered with the Reserve Bank of India (RBI) stood at 27 as of March 2024

### REDEMPTIONS RISE

"ARCs acquired total dues over ₹10-lakh crore by March 2024 since inception (in 2002). The redemption performance of ARCs, which used to be a major concern, has been showing consistent improvement. From ₹10,000 crore SR redemption in 2019, now it has risen over three times to ₹33,000 crore," said Hari Hara Mishra, CEO of the

Association of ARCs in India. He observed that ARCs are now better capitalised. They are better positioned to play a more effective role in NPA (non-performing asset) resolution thanks to good recover-

"They need some regulatory support, such as allowing retail HNI (high net worth individual) participation in SRs. Like equity markets and mutual funds, which are more liquid today with retail participation, the distressed debt market will also have more liquidity and depth," Mishra

He emphasised that banks prefer NPA sales to ARCs as it provides them with a quick exit compared to recovery from legal measures, which are time-consuming and by which time there is significant value erosion.

Referring to the upcoming conference of directors and chiefs of ARCs with RBI, Mishra said: "The conference will give ARCs a better understanding of regulatory expectations and concerns while allowing the companies to represent the problems faced by them. This will be RBI's first such meet for the ARC

Anshika Kayastha

The divestment of Shriram Finance's entire stake in its housing finance subsidiary is capital accretive for the NBFC and will increase the capital available for faster growth, according to S&P Global.

Shriram Finance, on May 13, approved the sale of an 84.8 per cent stake in Shriram Housing Finance to an affiliate of PE firm Warburg Pincus, company Mango Crest Investment for ₹4,630 crore.

"The capital position of Shriram Finance will strengthen further with the disposal of the subsidiary. Its regulatory tier-1 ratio was 19.6 per cent as of March 31, 2024, well above the min-

imum requirement. "We believe SFL will channel the additional capital to maintain strong growth in its core businesses of financing commercial vehicles and

SUSTAINABLE EXPANSION S&P Global expects the NBFC to maintain credit growth of about 20 per cent, without raising fresh equity. The risk-adjusted capital ratio is seen broadly stable at more than 13 per cent over 2025 and 2026, compared with S&P Global's estimate of 13.5 per cent as of March 2024.

The sale will help the parent company focus on higher profitability, given that Shriram Housing has been growing at over 70 per cent per year and needs capital to sustain this growth, the global agency said. The housing financier's tier-1 capital ratio was 16.5 per cent as of March

About 700 insurance surety bonds valued at around ₹3,000 crore have been issued by different insurance companies so far, an official statement said on Wednesday.

The statement added that State-owned NHAI has so far received 164 insurance surety bonds, consisting of 20 bonds for performance security and 144 bonds for bid securities.

According to the statement, the Ministry of Finance has made insurance surety bonds at par with bank guarantees for all government procurement,

of bid document latest by 25th May 2024.

and NHAI has been urging insurance companies and contractors to use insurance surety bonds as an additional mode of submitting bid security, and or performance security.

NHAI on Wednesday organised a workshop in New Delhi on the implementation of Insurance Surety Bonds (ISB) for NHAI contracts.

The objective of this workshop was to review the progress made in the implementation of Insurance Surety Bonds and encourage participation from the stakeholders for wider adoption of the instrument, the statement said.

crore recorded in FY19-20.

"We are confident of sustaining this profitability. Our institution is well set to continue this performance. Now we can address strategic and national importance projects in a more focussed way," Jaishankar said.

Jaishankar said that IIFCL would continue to be guided by the philosophy of "growth with quality. "Our results in 2023-24 give us more strength to grow. We want to support government initiatives to push infrastructure and take on the role of the most preferred lender for infrastructure," he said.

## ZERO NET NPA

He also said that IIFCL is eyeing a 20 per cent compounded annual growth rate (CAGR) in sanctions and disbursements for the next three years.

Jaishankar said that IIFCL has been able to improve its asset quality with a significant decline in the gross NPA ratio to 1.61 per cent (down from 7.6 per cent in the previous year and 19.70 per cent as of March 2020) and the net NPA ratio to 0.46 per cent, which stood at 9.75 per cent as of March 2020.

"We will now aim to take net NPA to zero this fiscal,"

Pawan K Kumar, Deputy MD, IIFCL, said that IIFCL was exploring the possibility
