CMD's message

Commenting on the real estate sector, Mr. Ashok Chhajer, CMD of Arihant Superstructures said,

"The turmoil in the NBFC as well as Housing Finance space in the last few months had it's effect on the housing sector. However, we at Arihant have been fairly insulated since we are dealing with the top rated institutions. We believe that these developments will lead to further consolidation in the sector which should stand in good stead for a respected brand like ours.

We have noticed green shoots in the affordable housing space with demand slowly picking up from end-users which translated into sales of 214 units this quarter. We also launched Arihant Amber at Taloja Phase II. Despite the slowdown witnessed earlier, our commitment continues for timely delivery of the projects. We handed over possession of 500 units during the quarter.

With the Budget booster for the middle class, we expect affordable housing demand to gather momentum, especially post elections".
