OUR APPROACH

Brand Concepts is built on the thinking of our Founders. They believe that brand and lifestyle licensing is mutually beneficial to both the licensor and the licensee. While the brand owner/licensor benefits from generating a new revenue stream, increasing their brand awareness, and expanding into new product categories, geographies as well as retail channels; the licensee generates a new revenue stream at the same time as having an association with the brand name, and differentiating its offerings from competitors.

Since Brand Concepts works with highly reputed global and domestic brands, it follows the highest standards of quality checks, inspite of outsourcing the manufacturing of its products.

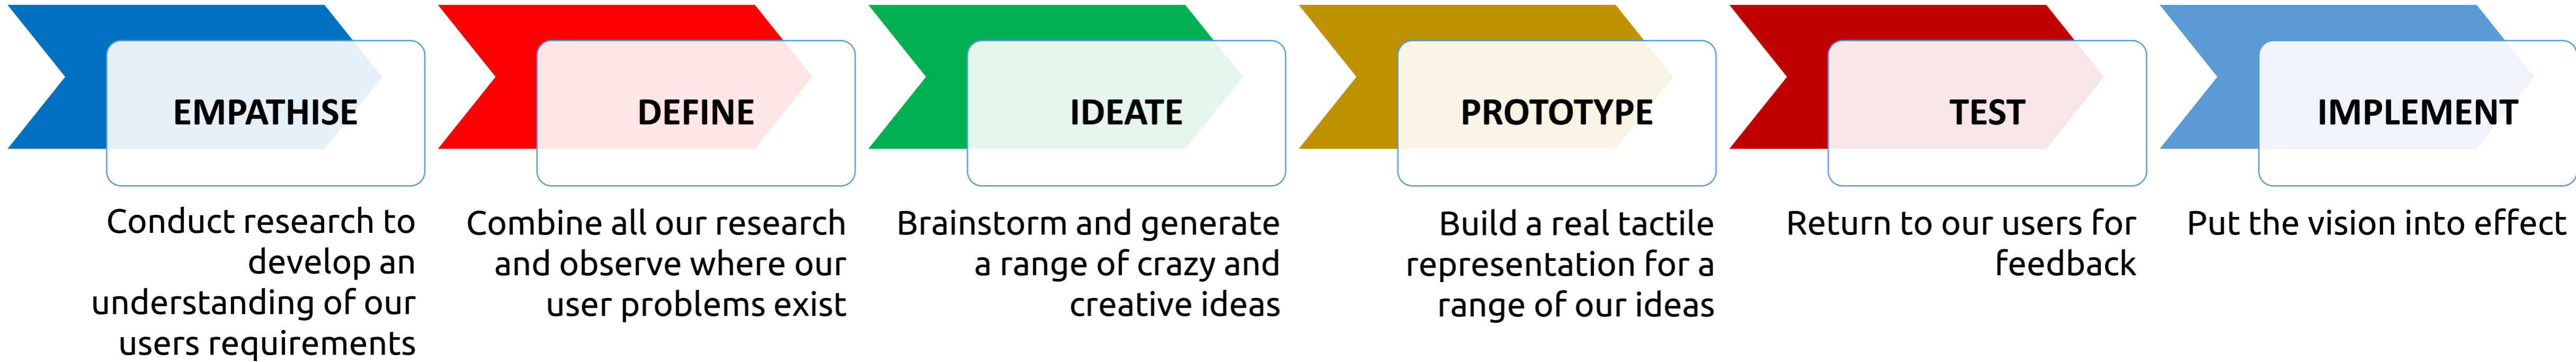

With a dedicated team of in-house professionals that include merchandisers, account specialists and retail planners, Brand Concept services its key retail relationships with unmatched execution and program management

The team is backed by a strong sourcing network, in-house trend-spotting and design teams, coupled with robust logistics and warehousing network.

We sell our products through our owned (8) / franchisee exclusive brand outlets (22) (EBOs) and several large multi brand outlets (MBOs). We have also appointed master distributors (on cash and carry) to service our distributor and retail business.
