Managing Director's Message

**Commenting on the results,
Mr. S K Sundararaman,
Managing Director, Shiva
Texyarn Ltd. said :**

“For the quarter ended 30th June 2019, our financial performance in revenue and operating profit remained more or less flat as compared to the corresponding previous period, despite rising cotton prices and a continued slowdown in yarn selling price.

I am happy to share that our contribution from the non spinning business has increased, in line with our conscious & strategic shift from spinning to higher margin technical textile products that are based on unique technology and innovation; and we expect to see the positive effect of this shift for the full year.

We continue to expand our technical textiles product portfolio. ‘Paw Paw’ – our reusable fabric diaper which we launched at the beginning of the year is witnessing good traction in Tamil Nadu and other regions across India. This product is not only environment friendly and sustainable but is also competitively priced, enabling us to reach out across all sections of our society. Our target is to have a pan India presence through a wide network of distributors and retailers, for our key products in the Lamination division. Our non flex banners business in the coating division has been showing good growth in volume and demand, especially on the back of the recent ban on usage of flex banners in political campaigns in certain states of India.

We stand to benefit from strong opportunities in our value added functional products, as we continue to focus on product diversification. Shiva Texyarn aims to strengthen its focus on technology-driven products to support strong, sustainable growth, while offering environment-friendly products.

I would like to thank the entire team of ‘SHIVA’ for their untiring efforts, hard work, sincerity and dedication. Also, I would like to thank our valued Shareholders, whose support and faith in our Company has given us the determination and ambition to set and achieve higher benchmarks.”
