All the relevant documents considered at the meeting can be inspected at the office hours on the working days at the registered office of the Company.

Except Mr. Pradip Sandhir, None of the Directors, Key Managerial Personnel of the Company or any of their relatives, are concerned or interested financially or otherwise in the above proposed resolution, except to their equity holdings and Directorships in the Company, if any.

For Item No. 06

To give loan, provide guarantee and provide security in connection of loan availed by various group entities of the company

As per section 185 of the Companies Act, 2013, a Company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the director of the company is interested, subject to the condition that a special resolution is passed by the company in general meeting and the loans are utilised by the borrowing company for its principal business activities.

The Company may have to render support for the business requirements of its group entities in whom any of the Director of the Company is interested / deemed to be interested (collectively referred to as the “Entities”), from time to time.

Therefore, the board of directors recommends the Special Resolution for the approval of members under item No. 06 of this Notice.

All the relevant documents considered at the meeting can be inspected at the office hours on the working days at the registered office of the Company.

None of the Directors, Key Managerial Personnel of the Company or any of their relatives, are concerned or interested financially or otherwise in the above proposed resolution, except to their equity holdings and Directorships in the Company, if any.

For Item No. 07

To approve and increase in the limit of managerial remuneration payable to Mr. Pradip Sandhir, Managing Director in excess of 5% of the net profits of the company

Pursuant to the provision of Section 197, 198 of the Companies Act, 2013, read with schedule V to the Companies Act, 2013, the total managerial remuneration payable to the executive director(s) of the Company taken together in any financial year shall not exceed the limit of 10% of net profit and overall managerial remuneration payable to all directors shall not exceed the limit of 11% of net profit of the Company as prescribed under Section 197 of the Act read with rules made thereunder or other applicable provisions or any statutory modifications thereof. The Nomination and Remuneration Committee and Board of Directors of the Company at vide their Meeting held on August 14, 2023, has approved payment of remuneration to Mr. Pradip Sandhir, in excess of prescribed limit under Section 197 and other applicable provisions of the act, subject to the approval of the members at this 29th AGM to approve the payment of managerial remuneration by Companies, requires members approval for payment of managerial remuneration to the managerial person in excess of prescribed limit of 5% of the net profits of the Company computed in accordance with Section 198 of the Act, in any financial year(s) during his remaining tenure as the Managing Director of the Company; by way of special resolution.

Hence the Board recommends the resolution for member approval by way of special resolution, provided that such variation or increase in remuneration may be beyond the specified limit as specified under the relevant provisions of Section 196, 197 and Schedule V to the Companies Act, 2013.

Keeping in view of the increased responsibilities and challenges involved, it is proposed to pay the managerial remuneration upto Rs. 18 Lakh per annum during his tenure as the Managing Director, in accordance with norms laid down in Schedule V and other applicable provisions of Companies Act, 2013 and rules made thereunder.

Mr. Pradip Sandhir (06946411), is designated as Managing Director and Chief Financial Officer of our Company. He is having overall experience of more than two decades in the field of finance, investment and business development. His functional responsibility in our Company involves handling the overall business affairs including devising investment strategies and overall development of the business.

Accordingly, the Board recommends the resolution set forth in Item No. 7 relating to approve and increase in the limit of managerial remuneration payable to Mr. Pradip Sandhir, Managing Director in excess of 5% of the net profits of the Company, by way of Special Resolution. In compliance with the general circular number 20/2020 dated May 5, 2020 issued by the MCA, this item is considered unavoidable and forms part of this Notice.

Except Mr. Pradip Sandhir, no other director(s) and Key Managerial Personnel(s) or their relatives, is in any way, concerned or interested, financially or otherwise, in this resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF INDIAN ECONOMY

India's economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. Still, private capex soon needs to take up the leadership role to put job creation on a fast track. Recovery of MSMEs is proceeding apace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECGLS) is easing their debt servicing concerns. The Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been directly providing jobs in rural areas and indirectly creating opportunities for rural households to diversify their sources of income generation. Schemes like PM-Kisan and PM Garib Kalyan Yojana have helped in ensuring food security in the country, and their impact was also endorsed by the United Nations Development Programme (UNDP)¹.

The government's focus has rightly been on sectors such as infrastructure, construction, and manufacturing that create jobs for workers across all skills. Production-Linked Incentive (PLI) Schemes for various industries rolled out over the past few years have started to bear fruit. Though still in infancy, these sectors have huge potential to effectively kick-start the manufacturing engine for the country thus diversifying the growth drivers for the country. Growth is expected to be brisk in FY24 on the back of robust credit growth, positive capital investment cycle given the demand as well as the strengthening of the balance sheets of the corporate and banking sectors RBI expects GDP growth for FY24 to be 6.5% which will translate into general optimism in the economy and job sentiments.

The Real Estate sector has witnessed resilient growth in the current year, with housing sales and the launch of new houses surpassing in Q2 of FY23 the pre-pandemic level of Q2 of FY20. Information Technology-Business Process Management (IT-BPM) and the E-commerce industry have been exceptionally resilient during the Covid-19 pandemic, driven by accelerated technology adoption and digital transformation. The Government's push to boost the digital economy, growing internet penetration, rise in smartphone adoption and increased adoption of digital payments have also given a renewed push to these industries. The introduction and piloting of Central Bank Digital Currency (CBDC) will also provide a significant boost to digital financial services. They may lay the framework for another generation of financial innovation.

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030

In the Union Budget 2023-24, the Finance Ministry has announced a commitment of Rs. 79,000 crore (US\$ 9.64 billion) for PM Awas Yojana, which represents a 66% increase compared to the last year.

OUTLOOK

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signaling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

1. INDUSTRY STRUCTURE AND DEVELOPMENT

The services sector is not only the dominant sector in India's GDP, but has also attracted significant foreign investment, has contributed significantly to export and has provided large-scale employment. India's services sector covers a wide variety of activities such as trade, hotel and restaurants, transport, storage and communication, financing, insurance, real estate, business services, community, social and personal services, and services associated with construction. In order to enhance India's commercial services exports, share in the global services market from 3.3% and permit a multi-fold expansion in the GDP, the government is also making significant efforts in this direction.

India is a unique emerging market in the globe due to its unique skills and competitive advantage created by knowledge-based services. The Indian services industry, which is supported by numerous government initiatives like smart Cities, clean India, digital India are fostering an environment that is strengthening the services sector. The sector has the potential to open up a multi-trillion dollar opportunity that might stimulate symbiotic growth for all nations.

The Government of India recognises the importance of promoting growth in services sector and provides several incentives across a wide variety of sectors like health care, tourism, education, engineering, communications, transportation, information technology, banking, finance and management among others.

Road Ahead

Both domestic and global factors influence the growth of the services sector. An extensive range of service industries have experienced double digit growth in recent years, supported by digital technologies and institutional frameworks made possible by the government. The ease of doing business in India has significantly increased for domestic and foreign firms due to considerable advancements in culture and the government outlook. Due to ongoing changes in the areas of lowering trade barriers, easing FDI regulations, and deregulation, India's services sector is poised to grow at a healthy rate in the coming years.

India's financial services industry has experienced huge growth in the past few years. This momentum is expected to continue. India's private wealth management Industry shows huge potential. India is expected to have 6.11 lakh HNWI's by 2025. This will indeed lead India to be the fourth largest private wealth market globally by 2028. India's insurance market is also expected to reach US\$ 250 billion by 2025.

2. OPPORTUNITIES AND THREATS

OPPORTUNITIES:

With continuous support by the Government towards entrepreneurship (e.g. ease of doing business), India sees an increasing number of startups and small businesses. With the advent of SME exchange, it has become easier for SMEs to get listed. Furthermore, the rising penetration of private equity and venture capital in Indian startups is expected to result in increased M&As and IPOs.

- Revival from Indian Equity market post lock down will revive the IPO deals and thereby push demand of merchant bankers.
- Growth in foreign direct investment and also funding by promoters in to companies will push demand of merchant bankers for valuation assignments.
- Various funding transactions push demand of merchant bankers for valuation certifications.

THREATS:

Despite opportunities, there are significant factors presenting threats to our business viz:

- Capital Market gets affected by events such as interest rate hikes, monsoon performance, tax concerns, other global events & domestic political events such as interim & state elections.
- Continuous downward pressure on the fees and commissions caused by heightened competition and willingness of most players to deliver services at very low fees.
- The effect of any of the adverse events on the capital market would pose a threat for the process of capital formation and resource raising.

3. SEGMENT-WISE / PRODUCT-WISE PERFORMANCE:

The Company has delivered a satisfactory financial and operating performance for 2022-23. The total revenue is ₹ 155.77 lakhs in FY 2022-23 as compared to ₹ 45.42 lakhs in FY 2021-22. The Profit before interest and taxes stands ₹ 155.00 lakhs for the FY 2022-23 as against ₹ 120.73 lakhs in 2021-22.

4. OUTLOOK FOR FY 23-24

- To become top Merchant Banker in India for Services like IPO, Valuation and Business Advisory.
- To provide solutions to our clients with a vision to maximize their growth by placing the highest importance on quality, professionalism, integrity and confidentiality.

5. RISK AND CONCERN

The Company's ability to foresee and manage business risks is crucial in achieving favorable results. Risk management at Interactive Financial Services Limited is an integral part of the business, focusing to mitigate the adverse impact of risks on business objectives. The Company has laid down a well-defined risk management procedure covering the risk identification, risk exposure, potential impact and risk mitigation

process. The Board periodically reviews the risks and suggests steps to be taken to control and mitigate the same through a properly defined framework.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate internal control system adopted for operating procedures, policies and process guidelines. The guidelines are well-documented with clearly defined authority limits corresponding with the level of responsibility for each functional area. Further, the Company has budgetary control system to monitor expenditure against approved budgets on an ongoing basis. The Company's robust internal audit programme which works to conduct a risk-based audit not only tests the adherence to laid down policies and procedures but also suggests improvements in the current processes and systems.

7. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Financial performance of the company during the FY 2022-23 as compared to FY 2021-2022 is as under:

Particulars	2022-2023	2021-2022	(Rs. In Lakhs)	
			%	of Increase/Decrease
Gross Revenue from operations	155.77	45.42	242.95	%
Profit Before Tax	153.42	120.68	27.13	%
Profit after Tax	120.10	100.10	19.98	%

Operational Performance

The Company continued to focus on improving operational efficiency leading to better returns for the shareholders. Further, the company has significantly enhanced its operational performance by establishing prudent risk management framework.

8. MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONSHIP FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

INDEPENDENT AUDITORS' REPORT

**To the Members,
Interactive Financial Services Limited**

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Interactive Financial Services Limited (“the Company”), which comprises the Balance sheet as at March 31, 2023, the Statement of Profit and Loss (including other comprehensive income), the Statement of changes in equity, the Cashflow Statement for the year then ended, and notes to the financial statements, including a summary of Significant Accounting policies and other explanatory information (hereinafter referred to as the financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, the changes in equity and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor’s responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

Information other than the financial statements and auditors’ report thereon

The Company’s board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance report and shareholder’s information but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure “A” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF INTERACTIVE FINANCIAL SERVICES LIMITED.

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of Interactive Financial Services Limited ("the Company") as of 31st March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

B. Financial Risk Management: -

The Company has exposure to the following risks arising from financial instruments:

- Credit Risk;
- Liquidity Risk; and
- Market Risk
 - Currency Risk
 - Interest Rate Risk
 - Equity Risk

Risk Management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Board of Directors. The activities of this department include management of cash resources, borrowing strategies, and ensuring compliance with market risk limits and policies.

The Company's Risk Management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk Management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Company's Risk Management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

I. Credit Risk

Credit Risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, investments in debt securities and loans.

Other Financial Assets

The Company maintains its Cash and Cash equivalents and Bank deposits with banks having good reputation, good past track record and high quality credit rating and also reviews their credit-worthiness on an on-going basis.

Trade Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The maximum exposure to Credit Risk for Trade Receivables by geographic region was as follows:

Particulars	31st March, 2023	31st March, 2022
-------------	------------------	------------------

Domestic	0.00	0.00
Outside India - USA	-	-
Total	0.00	0.00

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

Particulars	31st March, 2023	31st March, 2022
Neither Due nor impaired	-	0.00
Past Due 1 - 90 Days	(0.67)	-
Past Due 91 - 180 Days	-	-
More than 180 Days	0.67	-
Total	0.00	0.00

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, as per management perceptions, there is no loss on collection of receivables on reporting date and hence no provision considered.

II. Liquidity Risk

Liquidity Risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its Financial Liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to Liquidity Risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements.

Non-Derivative Financial Liabilities	Contractual Cash Flows	
	Carrying Amount 31st March, 2023	Carrying Amount 31st March, 2022
Unsecured Loans	-	-
Trade and Other Payables	0.00	0.00

III. Market Risk

Market Risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, Investments and short term debt. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

a) Currency Risk

The Company's exchange risk arises from its foreign operations, foreign currency revenues in U.S. dollars. A significant portion of the Company's revenues is in this foreign currency, while a significant portion of its costs are in Indian rupees. As a result, if the value of the Indian rupee appreciates relative to this foreign currency, the Company's revenues measured in rupees may decrease. The exchange rate between the Indian rupee and U. S. Dollars has changed substantially in recent periods and may continue to fluctuate substantially in the future. The Management keeps watch on the currency markets on a periodic basis to foresee foreign currency risk. Consequently, the Company would use derivative financial instruments such as foreign exchange forward contracts, to mitigate the risk of changes in foreign currency exchange rates in respect of its forecasted cash flows and trade receivables. As on reporting date company did not had outstanding foreign exchange forward contracts nor any outstanding receivable in foreign currency.

b) Interest Rate Risk

Interest Rate Risk is the risk that the fair value or future Cash Flows of a financial instrument will fluctuate because of changes in market interest rates.

Exposure to Interest Rate Risk

The Company has no exposure to the risk of changes in market interest rates as Company does not have any interest bearing debt obligations. The loans granted by the company is with fixed interest rate.

c) Equity Risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in Fair value through Other Comprehensive Income & FVTPL securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities. The fair value of equity securities as of March 31, 2023 was Rs. 460.77 lakhs [FY 2021-22 - Rs. 507.13 lakhs]. A Sensex standard deviation of 5% [FY 2021-22 - 5%] would result in change in equity prices of securities held as of March 31, 2023 by Rs. 23.04 lakhs [FY 2021-22 - Rs. 25.36 lakhs]

Note No 32. Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings and obligations under finance leases, less cash and cash equivalents. Adjusted equity comprises all components of equity.

Particulars	31st March, 2023	31st March, 2022
Total Interest bearing liabilities	-	-
Less: Cash and Cash equivalents	0.00	0.00
Adjusted Net Debt	0.00	0.00
