#### COMPANY OVERVIEW

Syschem (India) Limited (SIL) is a listed company engaged in the manufacturing of Bulk Drugs/Intermediates and contract manufacturing. It is owned and operated by a highly committed group of techno commercial with extensive experience in the bulk drug business.

Our comprehensive capabilities, creative approaches to problem-solving, and track record of reliability and compliance makes us an ideal business house.

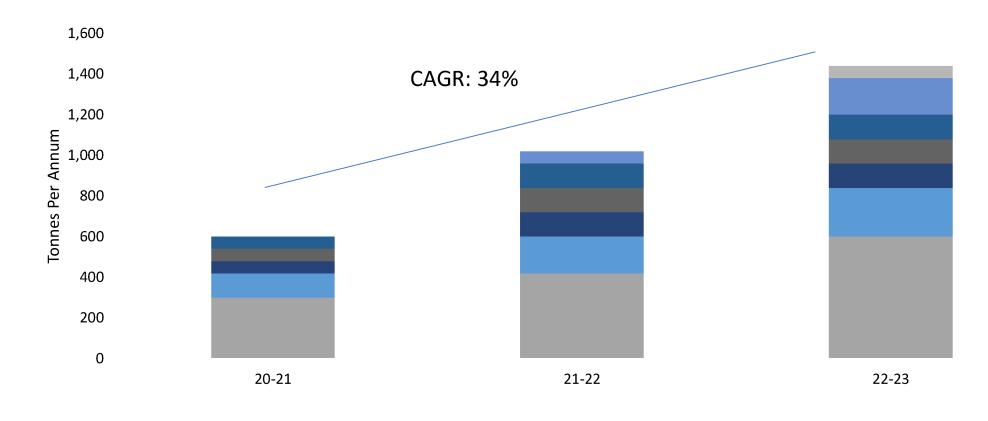

Our mission is to achieve absolute customer satisfaction and leadership in the Active Pharmaceutical Ingredient (API) industry. We aim to create a better, healthier tomorrow through innovative technology, thorough research and development, and efficient operations.

Our vision is to be a leading pharmaceutical company across the globe and to create value for our stakeholders.

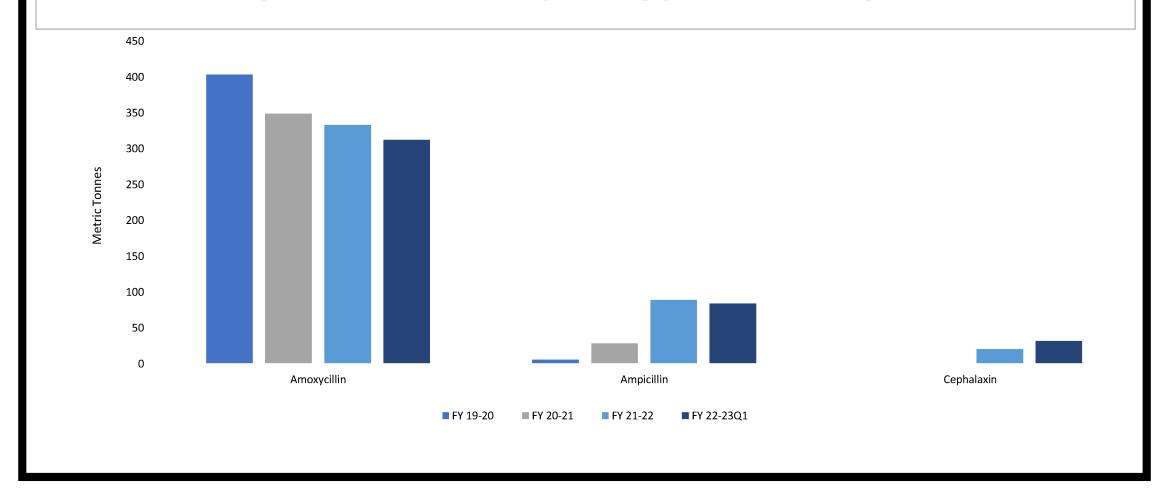

For more information please visit: www.syschem.in

### PRODUCTION CAPACITY

Syschem has ramped up production in reaction to strong customer demand , our primary being Amoxycillin

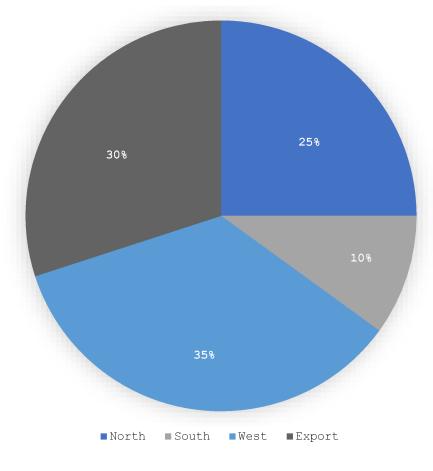

We have recently diversified our product mix and have ramped up production of Ampicillin and Cephalaxin while maintaining a steady production of Amoxycilin

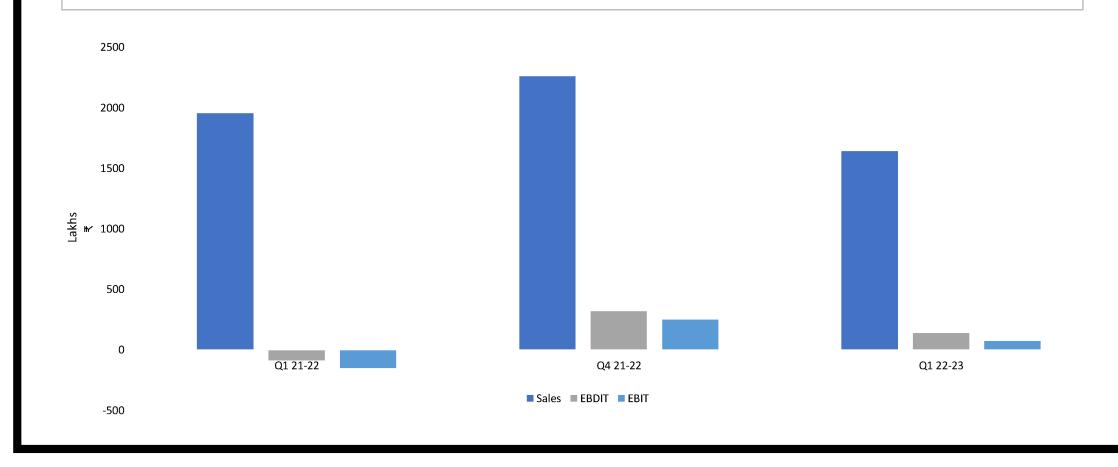

DISTRIBUTION

Our products have strong domestic and distribution networks with a majority of sales in west India and internationally

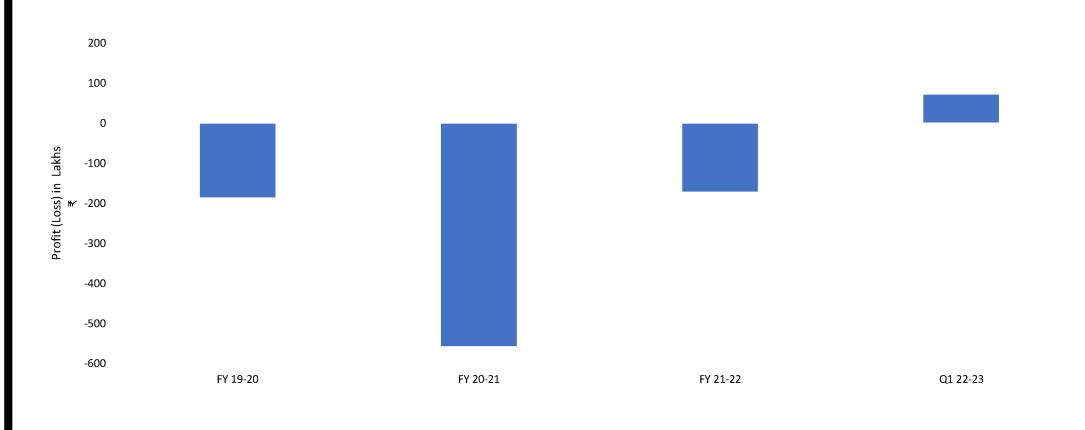

A strong Q4 2021 followed by a period of global uncertainty in 2022, marred by supply disruptions. However, we remained profitable in Q1 22-23

We posted our first quarter of profits after a period of balance sheet issues weighing performance down were resolved

#### PRODUCTION FACILITY

Our expansive production facility is located in Kalka, Panchkula
