Local procurement for defence to see 6% hike this year

64% defence capital budget for buys from domestic firms

AJAI SHUKLA
New Delhi, 19 July

The Ministry of Defence (MoD) has earmarked 64 per cent of the defence capital budget for this year for acquisitions from domestic companies, the MoD said in Parliament on Monday.

This is an increase of six per cent from the last financial year, which was the first time a distinction was overtly made between domestic and overseas defence expenditure. "In line with the government's initiative of 'Atmanirbhar Bharat', it has been decided to earmark an amount of ₹71,438 crore for domestic capital procurement out of the total allocation of ₹111,463 crore for capital acquisition," said the MoD in a written reply to a question from a member.

The figure of ₹71,438 crore that the MoD has earmarked for domestic capital procurement does not actually go in full to domestic firms. For example, when the MoD signed a contract in January with Hindustan Aeronautics (HAL), worth ₹45,696 crore for 83 Tejas Mark 1A fighter aircraft, just about half that figure would be spent in India.

The MoD also stated: "During last three financial years, i.e. 2018-19 to 2020-21, 102 contracts have been signed with Indian vendors for capital procurement of defence equipment such as

aircrafts, missiles, tanks, bullet proof jackets, guns, navy vessels, radars, and networks, etc."

In that same period, "The government has accorded Acceptance of Necessity (AoN) to 119 defence proposals, worth ₹215,690 crore approximately, under the various categories of capital acquisition, which promote domestic manufacturing as per the Defence Acquisition Procedure (DAP)," stated the MoD.

The DAP categories that promote domestic manufacturing are: Buy (Indian — Indian Designed, Developed and Manufactured), "Buy (Indian)", "Buy and Make (Indian)", "Buy and Make", "Strategic Partnership Model", and "Make" categories.

Amongst the indigenous defence projects the government laid claim to were: The 155 mm Dhanush artillery gun, the Tejas Light Combat Aircraft, Akash surface to air

missile system, Scorpene submarine, the destroyer INS Chennai, and the anti-submarine warfare (ASW) corvette. Many of these procurements originated well before the tenancy of this government.

The MoD also laid claim to the "SRIJAN" portal that it launched on August 14, 2020, to promote indigenisation of spares and components. "As on date, 10,929 items, which were earlier imported, have been displayed on the portal for indigenisation. The Indian industry has shown interest for 2,890 displayed items so far. Defence public sector undertakings (DPSUs) and Ordnance Factory Board (OFB) are interacting with these industries to facilitate indigenisation," said the MoD. "1,776 components and spares have been indigenised in 2020-21 as a result of efforts by DPSUs, OFB, and service headquarters, via their own processes of indigenisation," stated the MoD in its reply.

Sebi, DRI probing...

"We have always been transparent with all our regulators and have full faith in them. While we have always been fully compliant with applicable Sebi regulations, we have made full disclosure to Sebi on specific information requests from them in the past. However, we have not received any communication or information requests recently," the statement said.

"With regard to the DRI matter, it issued a show-cause notice to Adani Power, about five years back. Subsequently, the DRI passed an order in favour of Adani Power, confirming that there is no over-valuation of equipment. The department has approached the tribunal and the matter stands sub-judice," it added.

The DRI is currently investigating two separate cases against Adani companies. The one against Adani Power, where it had issued a show-cause notice in 2014, is with the DRI's adjudicating tribunal. The DRI notice had come after it investigated three

Adani Group companies involved in the import of power generation equipment.

IT minister...

Whether the phones were infected with spyware could only be established after "technical analysis". The minister added the report had appeared a day before the monsoon session — this was not a coincidence. They had appeared earlier as well and had been refuted. And India had "robust" systems to prevent illegal surveillance.

But within minutes of his statement, the second part of the revelations from the international collaborative investigation, said spyware was found in the smartphones of key opposition strategist Prashant Kishor and a host of other political leaders, including Vaishnav himself.

Pegasus is sold by Israeli company NSO Group to "vetted governments" around the world.

The Wire does not directly say the phones of those on the list were hacked. It says those on the leaked database of numbers — "believed to be selected by clients of NSO Group as potential targets for surveil-

lance" — include Congress leader Rahul Gandhi and at least two ministers in the Narendra Modi government: Vaishnav, and minister of state Prahlad Singh Patel. The list reveals that several people associated with the functioning of elections were also selected. This includes Ashok Lavasa, the only election commissioner to fault the BJP for violations of the model code of conduct in the lead-up to the 2019 Lok Sabha elections.

The leaked data has also revealed that over 11 phone numbers belonging to the Supreme Court staffer and her close relatives who accused former Chief Justice of India Ranjan Gogoi of sexual harassment in April 2019 were selected as targets for surveillance.

The list also includes someone who has been a key part of India's battle against Covid-19, the virologist Gagandeep Kang. Vaishnav in his statement said: "In India, there is a well-established procedure through which lawful interception of electronic communication is carried out for the purpose of national security, particularly on the occurrence of any public emergency or in the interest of public safety, by agencies at the Centre and States. The requests for these lawful interceptions of electronic communication are made as per the relevant rules under the provisions of section 5(2) of Indian Telegraph Act, 1885 and section 69 of the Information Technology Act, 2000. Each case of interception or monitoring is approved by the competent authority. These powers are also available to the competent authority in the State Governments as per the IT (Procedure and Safeguards for Interception, Monitoring and Decryption of Information) Rules, 2009. There is a very-well established oversight mechanism in the form of a review committee headed by the Union Cabinet Secretary. In case of a State Government, such cases are reviewed by a committee headed by the Chief Secretary concerned. The law also provides an adjudication process for those people who are adversely affected by any such incident. The procedure, therefore, ensures that any interception or monitoring of any information is done as per due process of law," he said.

Opposition leaders including Rahul and Priyanka Gandhi and National Democratic Alliance (NDA) partner Janata Dal (United) said they were shocked and shaken at the revelations.
