COVID PROOF GROWTH

In this COVID-19 crisis, we have extended Work from home to most of our employees.

Our IT systems have enabled us to have regular communication & engagement between our employees and clients to ensure consistent connect.

We believe to have a very minimal or no impact on our overall business revenues (except for NBFC Business) on account of COVID-19, and we are dedicated to continue the growth legacy for all our stakeholders in future.

We foresee a significant growth in our Insurance broking business amidst COVID-19 crisis.

We would like to assure our stockholders that our underlying fundamentals remain firmly intact, due to strong handhold across our business segments.
