We made good progress towards our goals during the quarter in both Domino's Pizza and Dunkin' Donuts. The performance strengthens our conviction in the strategy for growth unveiled earlier in the year, and reinforces our belief in the potential for the JFL business in the time ahead.

I am happy to state that the new GST regime was implemented very smoothly in the company and we quickly passed on the net benefit to all the consumers across the country".

Commenting on the performance for Q2 FY18, **Mr. Pratik Pota, CEO and Whole time Director, Jubilant FoodWorks Limited** said,

“At the beginning of the year, we had unveiled our new strategy for driving profitable growth. As part of this, we reinvested the GST savings accrued to the company in significantly upgrading the Domino’s pizza product. I am pleased to share that this, along with our other initiatives, helped us deliver a strong performance on Domino’s in Q2FY18. Dunkin’ Donuts too made significant progress towards the stated objective of halving losses this year. Additionally, our discipline of controlling costs and driving efficiencies helped improve overall operating margins. Going forward, we will continue to drive the strategic pillars of Superior Product and Innovation, Enhanced Value, Seamless Customer Experience, and Improved Technology, while bringing a razor sharp focus on cost management. We are excited about the growth potential in the food category and are looking forward to driving profitable growth for our business.”
