UFO operates India's largest satellite-based, digital cinema distribution network using its UFO-M4 platform, as well as India's largest D-Cinema network. As on September 30, 2018, UFO's global network, along with subsidiaries and associates, spans 5,980 screens worldwide, including 5,302 screens across India and 678 screens across the Middle East, Israel, Mexico and the USA.

UFO adds value to all stakeholders in the movie value chain, spanning movie producers, distributors, exhibitors and the cinema-going audience. UFO provides value to movie producers and distributors by reducing distribution costs, providing reach to a wide network, providing a faster method of delivery of content and reducing piracy through encryption and other security measures. We provide value to movie exhibitors throughout India by providing access to first day release of movies on our digital platform. Audiences benefit from faster access to new movie releases and a consistently high quality viewing experience.

UFO has created a pan India, high impact in-cinema advertising platform with generally long-term advertising rights to 3,800 screens, with an aggregate seating capacity of approximately 1.67 million viewers and a reach of 1,323 cities and towns across India, as on September 30, 2018. UFO's in-cinema advertising platform enables advertisers to reach a targeted, captive audience with high flexibility and control over the advertising process. UFO's in-cinema advertising platform also allows small exhibitors who otherwise are not able to effectively monetise their advertising inventory due to their limited scale and reach to receive a greater share of advertisement revenue than they are able to using traditional advertising methods.
