**Subject: Man Industries (India) Limited has received approval from Shell Global for external, internal, and concrete coating of steel pipelines at Anjar, Gujarat.**

**Reg: Business Update pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

**Dear Sir / Madam,**

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are delighted to inform you that the Company have undergone stringent technical assessment of coating mill at Anjar, Gujarat in the form of performance testing of external, internal and concrete coating for steel pipeline and the same is confirmed by Shell Global Solutions International BV (One of the renowned global oil and gas company) as listed in the table below and approved against their Design and Engineering Practices (DEPs).

Sr. No	Description of coating
1	3-layer Polyethylene external coating of line pipe for buried and immersion service
2	Anti-buoyancy concrete coating for external surface of submerged steel pipeline
3	Liquid epoxy internal coating of line pipe for non- corrosive gas transmission complying to ISO 15741-2016

Shell Global Solutions International BV approval would demonstrate quality standard compliances, reduce risk, and optimize performance.

This is for your kind information and record.

Thanking You,

Yours faithfully,  
**For Man Industries (India) Limited**
