1. Reported Loss during the year 2019-20

- The Company has reported a loss (Total Comprehensive Income) of Rs. 28.95 Crs. The key reasons for loss are enumerated hereunder:
 - Lower deliveries (8.76 lsft vs 11.78 lsft in PY) due to lower sales in the year when these projects were commenced. Out of this 1.78 lsft (PY 2.34 lsft) were delivered in Partnership projects
 - Low Gross Profit Margin in Ashiana Anmol, our project in Sohna, Gurgaon which was delivered this year. It contributed around 47% of the revenues recognized this year
 - Impairment of Unaccrued Selling Expenses Rs. 17.39 Crs (exceptional item)
 - Write-off of Rs. 5 Crs resulting from discontinuation of Ashiana Navrang (Halol) project

2. Unaccrued Selling Expenses Impairment

- One of the items we have been carrying as an Asset in our Balance Sheet is 'Unaccrued Selling Expenses (Rs. 47.68 Crs as on 1st April, 2019). These are basically marketing costs related to projects to be charged off when corresponding revenue in those projects is recognised. These figures have become excessively high in a few projects as we have spent money without getting adequate sales in last few years. The management has estimated the standard marketing cost relating to all such projects and impair the excess charge being carried forward at present. This has resulted in an impairment charge of Rs. 17.39 Crs in the statement of Profit and Loss in the current year.

3. Opting for lower tax regime and resulting MAT derecognition

- The company has decided to opt for the lower tax regime of 22% plus surcharge and cess available for corporate entities from current financial year onwards and also get exemption from payment of Minimum Alternate Tax (MAT) under the regime. Accordingly, the unutilized MAT credit entitlement of Rs. 3.95 crores is being foregone by the company to avail the option and the same has been adjusted in the Statement of Profit and Loss under the head Current Taxes.

4. Discontinuation of Ashiana Navrang (Halol) project and consequential write off

- The company commenced operations in Halol (Gujarat) in 2014 with the project 'Ashiana Navrang' under the JDA (Joint Development Agreement) model, with a total saleable area of 6.71 lsft. Till date it has already constructed (and delivered) 3.27 lsft. across 3 phases, out of which 3.03 lsft has already been sold. Over the years, the sales have reduced gradually and we do not see future prospect in this market. We have decided not to undertake any further development in the project and return the un developed land back to the landowner (JDA partner). As a result, the company has charged Rs. 5 Crs in the statement of Profit and Loss of the current year, which includes Rs. 4.82 Crs of prorated development cost incurred pertaining to future phases and Rs. 17.8 lacs for balance unadjusted deposit given earlier to the JDA partner.

5. Robust Bookings in FY20 leading to strong cash flow visibility

- We clocked booking of 19.82 lakhs sq.ft having sale value of Rs. 671.63 Crs during the year 2019-20. The healthy booking numbers were primarily attributed to the green field launches done in 2nd half of the year, including Ashiana Daksh and Ashiana Amantaran in Jaipur and Ashiana Aditya in Jamshedpur. 13.42 lsft were launched in these three projects, out of which 10.56 lsft (79%) got booked. In Ashiana Amantran, we started converting expressions of interest into bookings just 10 days prior to the start of lockdown in March 2020, and out of total 124 (till 31st March'20) bookings in Ashiana Amantaran, we are expecting 35-45 cancellations in FY20-21 due to uncertainty in customer decision making post COVID-19 outbreak. However, outside of Ashiana Amantaran we have neither seen nor foresee significant cancellations in our other projects. Overall, these robust booking numbers provide strong cash flow visibility in near future.
- We collected Rs. 353.10 Crs (AHL: 264.64 Crs and Partnership projects: Rs. 88.46 Crs) during the year 2019-20. Last year, the same was at Rs. 292.36 Crs (AHL: Rs. 239.45 Crs and Partnership projects: Rs. 52.91 Crs) The Cash Flow From Operations (before land acquisition)* at a consolidated level stood at positive Rs. 34.22 Crs vs positive Rs. 16.41 Crs last year. The cashflow for the year would have been even better if the lockdown had not happened. Substantial collections for the company generally happen in the last ten days of any given month, and the lockdown had significant impact on collections for the month of March.

**Note: Cashflow From Operations before land acquisition reported above are different from the statutorily reported operating cashflows (as per Ind AS 7)*

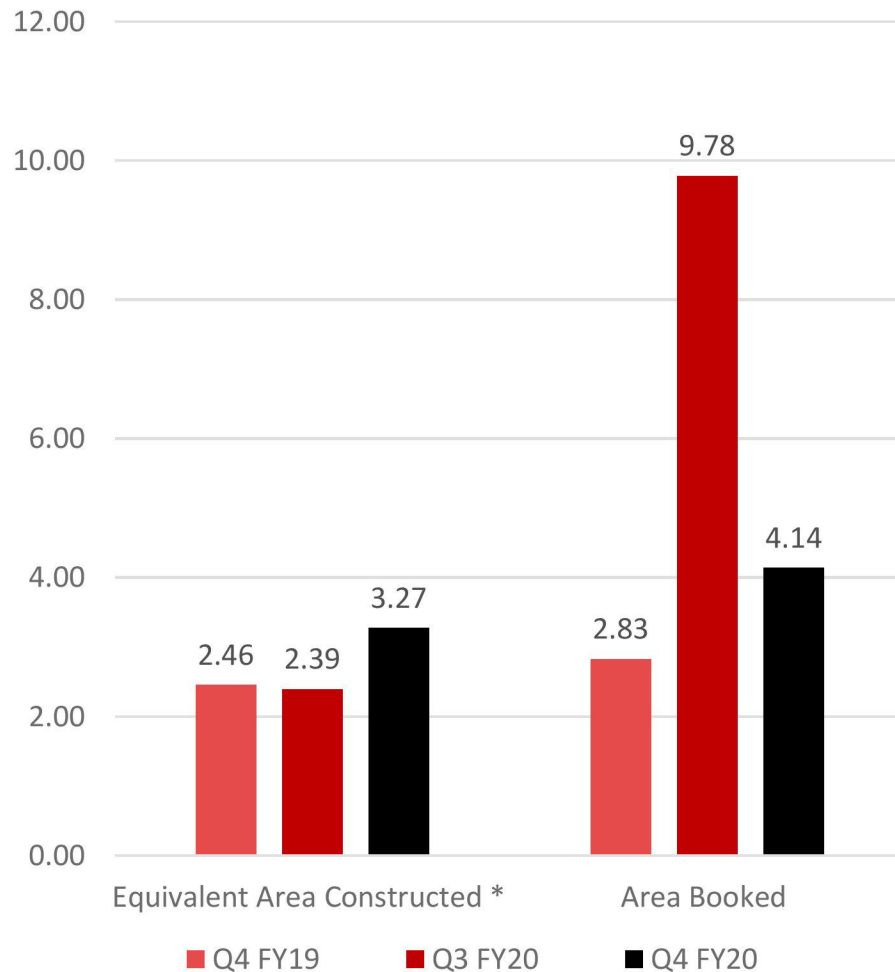

6. Low debt levels and comfortable liquidity position

- One of the strong features of our financial management is the low leverage we have always maintained on our Balance Sheet. Our borrowing strategy has always been counter cyclical, i.e. borrowing during down cycles and repaying the debt during up cycles. We repaid Rs. 41.35 Crs of our long-term debt during the year 2019-20, which resulted in reduction of long-term debt levels from Rs. 126.46* Crs to Rs. 85.04* Crs as at the year-end date. At these levels of debt, we are comfortably placed at a L.T. Debt to Equity ratio of 0.11. We have also prepaid Rs. 10 Crs of NCD of ICICI Prudential Regular Savings Fund (Scheduled Redemption Date: 21st April, 2021) in June'20 itself to further lower our debt levels and also save on interest costs.

*Please note that above debt excludes Rs. 18.74 Crs (Present Value as disclosed in financials of Rs. 18.47 Crores) provided by IFC towards financing of Ashiana Daksh, and an amount of Rs. 20.20 Crs drawn as Overdraft.

- As on 31st March our total cash and cash equivalent was at Rs. 154.30 Crs
- *Strong cash flow visibility due to healthy sales in FY 2019-20 coupled with low debt levels have been instrumental in ensuring reaffirmation of our Credit Rating by all the 3 credit rating agencies ICRA (rated A), CARE (rated A) and Brickworks (rated A+), amidst challenging times for the industry and uncertain macro economic conditions which have got worsened by the COVID-19 pandemic, if required.*
