Note: Segment EBITDA calculation excludes Income from Forward Contracts & Other Income and includes allocation of Un-allocable expenditure expenses in pro-rata share of sales in the respective segment.

Business Developments

New Manufacturing unit in North East: The Company's board has approved setting up a new Manufacturing unit in Guwahati, Assam with a capacity of 30,000 MT of Engineering Products and 7,000 MT of CPVC and UPVC Fittings.

This unit is to be commissioned by the end of the current financial year (March'17). The total investment outlay for the project is estimated at Rs. 700 million.

The Key rationales behind the project are as follows:

- ☐ To tap the growing demands of T&D products in the North East region on account of large upcoming PGCIL & BOO projects;
- ☐ To manufacture high value CPVC & UPVC fittings; to feed all our existing pipe units across the country;
- ☐ To take advantage of all the available Tax exemptions, Incentives and other associated benefits extended by Centre and State for setting up manufacturing units in the region;
- ☐ To improve on our margin deliverance; The plant margin profile will be a couple of percentage points higher than our existing average commanded margins due to focus on manufacturing higher value added products and its associated tax benefits and incentives.

Business Developments

- ❑ During the quarter, company ventured into Southern India market by setting up its fifth PVC manufacturing unit in Hyderabad of 6,000 MTPA under its asset light model to increase its total manufacturing size to 41,000 MTPA. The unit having a capacity to produce both Plumbing and Agriculture pipes will target the growing demands of the entire southern region states like Andhra Pradesh, Telangana, Tamil Nadu, Karnataka and Kerala.
- ❑ During the quarter, the company gained entry into the newer market geographies of Asia & Africa by bagging new orders for Engineering products in the countries of Kenya, Cameroon, Congo, Ghana & Malaysia. The company is increasingly focusing on developing new market geographies to further expands its international reach.
- ❑ The company recently got Power Grid approval for its Distribution Pole Business; enabling to tap the large potential Pole requirements for upcoming Power Grid DMS projects in the North Eastern region of the country.

Skipper: Diversified Order Book

(March 2016)

The sector has started witnessing uptick in both ordering and execution and the company expects growth to remain strong and gain further pace with increased participation opportunities from Power Grid, SEBs, TBCB projects, Renewable projects & Exports.

Awards & Accolades

- ☐ Featured in D&B's acclaimed publication 'India's Top 500 Companies' (2016 edition).
