MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Indian Economy

Indian economy in the financial year 2022-23 successfully navigated through global headwinds showing strong resilience and continues to be one of the fastest-growing major economies in the world. The economy is expected to post a real Gross Domestic Product (GDP) growth of 7.0% in the financial year i.e., FY 2022-23 as per the NSO's second advance estimates despite the omicron wave, the Russia-Ukraine offensive with subsequent elevated crude prices, and persistent global supply chain disruptions. Financial assistance provided during the COVID period and pent-up demand created inflationary pressure across the major economies. This was accompanied by a tightening monetary policy stance, which in turn created a ripple effect in global markets. Despite inflationary pressures and global macroeconomic uncertainties, the Indian economy grew by 13.2% in Q1 FY23, 6.3% in Q2 FY23, and 4.4% in Q3 FY23 on the back of strong private consumption and investment and fixed investment growth, as well as a strong recovery of demand in the services sector, replacing the export stimuli. Private consumption as a percentage of GDP stood at 61.6% in Q3 of FY23, supported by a rebound in contact-intensive services such as trade, hotels, and transport. The increase in private consumption has also increased industrial activity, which has resulted in an uptick in capacity utilization across industries to 74.3% in Q3 FY23 from 74.0% recorded in Q2 FY23, as per RBI data.

The fiscal and monetary levers of macroeconomic policy have both been used to manage the problems that have arisen during the past year. In order to control inflation and encourage economic growth, the Reserve Bank of India (RBI) implemented monetary and liquidity measures. In addition, the Central Government cut excise duty on fuel and took supply-side measures to ease food inflation. In the year under review, India overtook the United Kingdom to become the fifth-largest economy in the world. Capital expenditure by the government remained one of the primary growth drivers of India's economy; as per the Ministry of Finance, central government capex during April–February 2023 was 21.7% higher compared to the corresponding period of the previous year. The Centre's budgeted capex for FY24 stands 33% higher than the previous year at 3.3% of the GDP and is expected to provide additional thrust. Buoyancy in tax collection, a 13% increase in GST revenue, and a 20.33% increase in gross direct tax collection Y-o-Y in FY23 have enabled the Central Government to stay on the capital expenditure path without deviating from the fiscal consolidation path. In the Union Budget of 2023–24, the government has retained India's fiscal deficit target at 6.4% of GDP for FY23 while reducing its deficit target to 5.9% of GDP for FY24.

On the external front, India's CAD rose to 2.7% of GDP during April–December 2022 from 1.1% in April–December 2021 on account of a sharp increase in the merchandise trade deficit. The estimated value of services exported for FY23 registered a growth to USD 322.72 billion as compared to USD 254.53 billion in FY22. Overall, the estimated trade deficit stood at USD 122 billion in FY23 compared to USD 85 billion in FY22, owing to a slowdown in external trade in the last quarter of FY23. On the financing side, net FDI inflows remained strong at USD 22.3 billion during April–December 2022. Interest rate hikes by the Federal Reserve resulted in an outflow from emerging countries, and FPI remained a net seller in Indian Capital Market in FY23. According to World Bank, India has one of the highest holdings of international reserves that can act as a buffer against global spillovers, totaling USD 578.4 billion as on 31st March, 2023.

2. The Growth Environment

The financial year started with a sense of careful optimism as pandemic-related restrictions were lifted worldwide and economic activities appeared to be gradually recovering. However, the conflict between Russia and Ukraine resulted in supply chain disruption, leading to a surge in commodity prices, which exacerbated already surging global inflation. The implementation of China's zero-COVID policy led to frequent lockdowns, reduced demand, and disruptions in the supply chain across Asia. In an effort to address inflationary pressures, central banks in both advanced and emerging market economies adopted measures such as quantitative tightening, which further contributed to the slowing of demand. Amid financial sector turmoil, high inflation, the ongoing effects of the Russia-Ukraine war, and three years of COVID, the IMF's April 2023 world economic outlook publication forecast global growth to fall from 3.4% in 2022 to 2.8% in 2023 before settling at 3.0% in 2024. With inflation gradually declining and a gradual recovery from the Ukraine war, the pace of growth is projected to pick up from 2024.

India recovered quickly from the pandemic-induced slowdown, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. The normal monsoon forecast by the India Meteorological Department (IMD), the fiscal thrust on infrastructure, the bumper Rabi harvest would strengthen rural demand, and sustained buoyancy in contact-intensive services auger well for Indian growth. With corporate balance sheets strengthening and the consequent rise in credit financing it has been able to generate, a sustained increase in private capex is also imminent. The Economic Survey 2022-23 and the RBI project the Indian economy to register a real GDP growth rate of 6.5% in FY24. IMF's April's WEO projects India as the fastest growing economy at 5.9% for the current fiscal FY 2023-24.

3. Industry Structure and Bond Market Developments

India's economic activity rapidly recovered in the financial year 2022-23 despite high inflationary pressures both internally and externally. RBI's main focus during the last fiscal year was to curb inflation, which involved steps such as modulation of liquidity through variable repo rate auctions in the second half of FY 2021-22, the introduction of the standing deposit facility in April 2022 at a rate 40 bps above the fixed rate reverse repo rate of 3.35%, and a cumulative increase of 250 bps in the policy repo rate during 2022-23. With the help of supply side measures, headline CPI inflation gradually decreased from its peak of 7.8% in April 2022 to 5.66% in March 2023. The RBI predicts that inflation will further ease to 5.2% in FY 2023, a reduction of 150 basis points compared to 6.7% inflation recorded in FY 2023. However, although monetary policy has achieved significant disinflation, there is still a long way to go before inflation reaches the target of 4%, on a sustainable basis. Furthermore, there are still risks to inflation projections due to OPEC+ output cuts and uncertainty related to the monsoon.

In late FY 2023, the failure of mid-sized banks in the US and Europe triggered by the faster-than-expected policy rate hike by central banks in a bid to tame high inflation heightened the vulnerability of the financial system in emerging countries like India. However, India's financial system is expected to remain insulated as banks are limited to investing around 23% of deposits in held-to-maturity securities. Further, they use an investment fluctuation fund to absorb losses from changes in the value of their securities investments. The top 10 Indian banks are relatively immune to yield hikes because loans make up more than 50% of all of their assets. Also, 63% of deposits are

made by households, which are regarded as sticky. Additionally, because public sector banks hold more than 60% of deposits, Indian depositors is reassured that their money is safe.

During the year, SEBI announced the establishment of the Corporate Debt Market Development Fund (CDMDF). The main aim of this fund is to increase investor confidence in the corporate debt market by providing a backup facility for the purchase of investment grade corporate debt securities during times of stress or market dislocation. Additionally, the fund will also enhance the liquidity of the secondary market. The CDMDF will be an AIF category 1 fund and SBI Mutual Fund has been given the responsibility to manage it. The CDMDF is expected to be established with an initial capital of INR 3,000 crore, which will be contributed by mutual funds. The fund has received government approval to leverage up to 10 times its initial corpus, which means that the CDMDF could potentially raise additional funds up to INR 30,000 crore.

In the previous financial year RBI issued two tranches of green bonds of INR 8,000 crores each amounting to INR 16,000 crores. This makes India as one the largest issuers of sovereign green bonds. The framework for the issuance was published in October, 2022, aligning itself with International Capital Market Association's Green Bond Principles. The issue obtained oversubscription of more than four times; enabling primary market spread compression of 2 bps on the 10-year, and 3 bps basis points on the 5-year tranche. The yields on these bonds were inside the Yield curve of corresponding maturity resulting in an unexpected "Greenium". The strong demand from domestic investors for sovereign green bond in local currency creates an opportunity for the private sector to utilize the sustainable finance market as a means of raising capital to facilitate the transition. Further, RBI has notified the issuance of Sovereign Green Bonds in the second half of the fiscal year 2023-24.

7. Outlook and Strategy

In the first quarter of FY 2023, the Reserve Bank of India (RBI) shifted its focus from crisis management to crisis prevention by prioritizing its inflation goals over growth. This resulted in the RBI implementing policy actions in each month of the quarter, including off-cycle repo rate hikes and increasing the cash reserve ratio to 4.50%. The RBI is giving more information about their future plans on macroeconomic data to help the government borrow money smoothly in a market that is unpredictable. The global economy has been affected by inflation driven by geopolitical events, resulting in central banks following the hawkish path set by the US Federal Reserve. Amid this global turmoil, the RBI faced the undesirable trade-off between inflation and growth amid relentless rupee depreciation. The Indian bond market was also impacted by declining liquidity amid hardening interest rates across the yield curve. However, the year of 2022 also saw innovations with the potential to have a lasting impact on the Indian financial system, including the launch of pilot trials of the Digital Rupee, India's Central Bank Digital Currency (CBDC) in both wholesale and retail segments, finalization of the framework for India's first Sovereign Green Bond (SGrB) issuance and opening up of the channels for India's trade settlement in the rupee. The RBI Governor has indicated that future actions will be carefully calibrated to the incoming data and evolving scenario without being constrained by conventional approach to policy making.

During FY 2022-23, the regulatory authorities have initiated structural reforms towards bond market in India:

- a) Streamlining the process of debt public issues and redressal of Investor grievances.
- b) Issue of regulatory framework for issue and listing of Non-convertible Securities, Securitized Debt Instruments, Security Receipts, Municipal Debt Securities and Commercial Paper.
- c) Standardized framework for industry classification across sectors and in securities market for credit rating agency.
- d) Review of provisions pertaining to Electronic Book Provider platform for private placement of debt securities.
- e) Credit Ratings supported by Credit Enhancement.
- f) Firewall between Credit Rating Agencies and their Affiliates.
- g) Disclosures and compliance requirements for Issuance and Listing of Municipal Debt Securities under SEBI (Issue and Listing of Municipal Debt Securities) Regulations, 2015, which fall within the definition of "green debt security".
- h) Registration and regulatory framework for Online Bond Platform Providers.
- i) Reduction in denomination for debt securities and non-convertible redeemable preference shares.
- j) Transaction in Corporate Bonds through Request for Quote (RFQ) platform by Alternative Investment Funds (AIFs).
- k) Introduction of future contracts on Corporate Bond Indices.
- l) Enhanced guidelines for debenture trustees and listed issuer companies on security creation and initial due diligence.
- m) Extension of compliance period – fund raising by large corporates through issuance of debt securities to the extent of 25% of their incremental borrowings in a financial year.
- n) Green Debt Securities for issue and listing of Non-Convertible Securities (NCS), Securitized Debt Instruments (SDI), Security Receipts (SR), Municipal Debt Securities and Commercial Paper (CP).
- o) Fully Accessible Route for Investment by Non-residents in Government Securities – Inclusion of Sovereign Green Bonds.

8. Opportunities and Challenges

Opportunities

A. Debt markets have witnessed an exponential growth in the Country over last decade which may be seen from the table given below:

Private Placement of Debt (Non-Convertible Debentures/ Bonds)

FY 2022-23		FY 2012-13	
Total No. of issues	Amount (INR in Crores)	Total No. of issues	Amount (INR in Crores)
204	2,75,531.19	150	80,705.62

Challenges

Like any other market:

- a. Corporate bond markets are venerable to market risks originating from volatility in interest rates;
- b. Operations in corporate bond markets may be vulnerable to competition thereby affecting margins;
- c. Besides market risks, corporate bonds may be vulnerable to credit risk;
- d. Growth and performance of domestic corporate bond markets is dependent upon a host of domestic and global macro and micro-economic factors. India offers moderate-risk, high-yielding debt investment opportunities to offshore investors. However, any significant tightening of monetary policy rates by the global central banks may lead to flight of capital and pose competition to Indian markets.

9. Segment wise performance

**INDEPENDENT AUDITOR'S REPORT**

To
The Members of
A. K. Capital Services Limited

Report on the audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of **A. K. Capital Services Limited**, (hereinafter referred to as "the Company"), which comprise the balance sheet as at 31 March 2023, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015 as amended (Ind AS) and the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report namely Directors' Report, Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, but does not include the financial statements and our auditor's report thereon. The Reports are expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Board report including Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 (Revised) 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibilities for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date of A. K. Capital Services Limited)

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets, according to the information and explanations given to us and on the basis of our examination of the records of the Company:
- a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
 - (B) The Company is maintaining proper records showing full particulars of intangible assets.
 - b) The Company has a regular programme for physical verification of its property, plant and equipment by which all the assets are verified every year. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, all the property, plant and equipment have been physically verified by the management during the year and no discrepancy were observed in such verification.
 - c) The title deeds of immovable properties are held in the name of the Company.
 - d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - e) No proceedings have been initiated during the year or are pending against the Company as of 31 March 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in respect of the Company's inventories:
- a) Considering the nature of business, the Company does not have inventory. In view of this, Clause 3 (ii) (a) of the Order is not applicable to the Company.
 - b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. According to information and explanations given to us and the records examined by us, the quarterly returns or statements including revised, if any filed by the Company during the year with such banks are in agreement with books of account.
- (iii) According to the information and explanations given to us, the Company has not provided any guarantee or security or granted any secured loans or secured or unsecured advances in the nature of loans, to companies, firms, limited liability partnerships or any other parties except loans to an employee. The Company has made investments in debt securities of government and other companies during the year for which the requisite information is given below. Further, the Company has not made investments in or granted any secured or unsecured loans to firms and limited liability partnerships during the year.
- a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to an employee and the details of the same is given as below:

Particulars	Amount (Rs. in Lakhs)
Aggregate amount of loan given during the year	
- Employee	-
Balance outstanding as at 31 March 2023	
- Employee	17.79

- b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made by the Company and the terms and conditions of the loans granted to an employee are, prima facie, not prejudicial to the interest of the Company. The Company has not provided any guarantee or security or any advances in the nature of loan during the year.
 - c) In respect of the aforesaid loan to an employee of the Company, the schedule of repayment of principal and payment of interest has been stipulated under the Sanction letter. The principal and interest are being repaid by the employee regularly as per the terms of the Sanction letter.
 - d) There was no amount overdue with respect to the aforesaid loan given to an employee of the Company and accordingly, reporting under Clause 3(iii)(d) of the Order is not applicable to the Company.
 - e) During the year, no loan or advance has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties and accordingly, reporting under Clause 3(iii)(e) of the Order is not applicable to the Company.
 - f) During the year, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment and accordingly, reporting under Clause 3(iii)(f) of the Order is not applicable to the Company.
- (iv) According to information and explanations given to us and on the basis of our examination of the records of the Company, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made, guarantees, and securities provided, as applicable.
- (v) The Company has not accepted any deposits during the year from the public to which the directives issued by the Reserve Bank of India and provision of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder apply. Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.
- (vi) In our opinion and according to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under Sub-section (1) of Section 148 of the Act.

(vii)(a) According to the information and explanations given to us, the Company is generally regular in depositing the undisputed statutory dues including provident fund, goods and service tax, income tax, cess and any other statutory dues applicable to it with the appropriate authorities. There are no arrears of outstanding statutory dues as at the last day of the financial year for the period of more than six month from the date they became payable. As explained to us, the Company did not have any dues on account of duty of excise, sales tax and value added tax.

(b) According to the information and explanations given to us, there are no dues of income tax, goods and service tax and other statutory dues which have not been deposited on account of any dispute with the appropriate authorities except the following dues of income tax:

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs)	Period which the amount relates	Forums where the Dispute is pending
Income Tax Act, 1961	Income Tax	124.59*	Assessment Year 2018-19	Commissioner of Income Tax (Appeals), Mumbai

*Disputed demand of Rs. 159.54 Lakhs has been adjusted against the refund order issued for the assessment year 2022-23 of Rs. 2.95 Lakhs. Further, an amount of Rs. 32.00 Lakhs has been paid under protest against the said demand.

(viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) In respect of borrowings:

(a) During the year, the Company has not defaulted in repayment of loans or other borrowings in the payment of interest thereon to any lender and hence, reporting under Clause 3(ix) (a) of the Order is not applicable to the Company.

(b) The Company is not declared wilful defaulter by any bank or financial institution or other lender and hence, reporting under Clause 3(ix) (b) of the Order is not applicable to the Company.

(c) The Company has applied the term loans for the purpose for which the loans were obtained.

(d) During the year, the funds raised on short term basis by the Company have not been utilized for long-term purposes.

(e) During the year, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures and hence, reporting under Clause 3(ix) (e) of the Order is not applicable to the Company.

(f) During the year, the Company has not raised any loan on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence, reporting under Clause 3(ix) (f) of the Order is not applicable to the Company.

(x) In respect of issue of shares or debt instruments:

(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence, reporting under Clause 3(x)(b) of the Order is not applicable to the Company.

(xi) In respect of frauds and whistle blower complaints:

(a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) No whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.

(xii) The Company is not a Nidhi Company and hence, reporting under clause (xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with related parties are in compliance with Sections 177 and 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) In respect of internal audit system:

(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) In respect of the Reserve Bank of India Act, 1934:

(a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under Clause 3(xvi)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Hence, reporting under Clause 3(xvi) (b) of the Order is not applicable to the Company.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, reporting under Clause 3(xvi) (c) of the Order is not applicable to the Company.

(d) In our opinion, the Group does not have more than one Core Investment Company (CIC) as defined in the Core Investment Companies (Reserve Bank) Directions, 2016. Hence, reporting under Clause 3(xvi) (d) of the Order is not applicable to the Company.

- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In respect of Corporate Social Responsibility (CSR):
- (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under Clause 3(xx)(a) of the Order is not applicable to the Company.
- (b) There are no amounts that required to be transfer to unspent Corporate Social Responsibility (CSR) account as at the end of the previous financial year and for this financial year also hence, provisions of Section 135 of the said Act are not applicable to the Company during the year. Accordingly, reporting under Clause 3(xx) (b) of the Order is not applicable to the Company.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT (Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **A. K. Capital Services Limited** (the Company) as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to further periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

NOTE - 1

CORPORATE INFORMATION

A. K. Capital Services Limited ("the Company") is a listed Company having its registered office at 603, 6th Floor, Windsor, Off CST Road, Kalina, Santacruz East, Mumbai - 400098 and incorporated on 5 October 1993 under the provisions of the Companies Act, 1956. The Company is a SEBI Registered Category I Merchant Banker. The Financial statements are approved by the Company's Board of Directors on 27 May 2023.

NOTE - 2

SIGNIFICANT ACCOUNTING POLICIES

2.01 Basis of preparation and presentation of financial statements

These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof unless otherwise specified.

The financial statements have been presented in accordance with schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

2.02 Functional and presentation currency

Items included in the financial statements of Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). Indian rupee is the functional currency of the Company. All amounts are rounded to two decimal places to the nearest lakh, unless otherwise stated.

2.03 Use of estimates

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognised in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

2.04 Fair value measurement and hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- a. Identify the contract(s) with a customer;
- b. Identify the performance obligations;
- c. Determine the transaction price;
- d. Allocate the transaction price to the performance obligations;
- e. Recognise revenue when or as an entity satisfies performance obligation.

Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees, lead manager fees are recognized when the Company satisfies performance obligation. Lead manager fees are recognised over a point of time. The Company measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

Brokerage

Revenue from brokerage is recognised point in time.

Interest Income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain/loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

Dividend Income

Dividend income is recognised

- a. When the right to receive the payment is established.
- b. it is probable that the economic benefits associated with the dividend will flow to the entity and
- c. the amount of the dividend can be measured reliably

Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent Cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investors properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act, 2013 i.e. 60 years for office premises.

2.09 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.11 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.12 Impairment of assets

a) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.”

b) Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Fair value through profit and loss (FVTPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss.

Fair value through other comprehensive income (FVTOCI): Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Company changes its business model for managing financial assets.

Trade Receivables and Loans:

Trade receivables and loans are initially recognized at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes in the statement of profit and loss.

Equity Instruments:

All investments in equity instruments other than investments in subsidiary companies classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Company's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(a) Borrowings: Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(b) Trade and Other Payables: These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(c) Deposits: They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.14 Investments in equity instruments including deemed equity instruments of subsidiaries

Investments in equity instruments including deemed equity instruments of subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and carrying amounts are recognised in the Statement of Profit and Loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

2.15 Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

Segment information

Companies whole business is being considered as one segment.

2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

2.17 Retirement benefits

i) Defined contribution plans (Provident fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Company has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Company provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lumpsum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Company. The Company's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Company's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Company recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

2.18 Lease

As a lessee:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

As a lessor:

Leases under which the company does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arising from operating leases is accounted for on a straight line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.20 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below;

Ind AS 1 - Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

Ind AS 12 - Income Taxes -

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

8.a RECONCILIATION OF CHANGES IN THE FAIR VALUE OF INVESTMENT PROPERTY:

The fair value of the Company's investment properties as at 31 March 2022 was arrived on the basis of valuation carried out by an external independent valuer registered with the authority which governs the valuer in India. However, for the year ended 31 March 2023, the management has considered the input based on prevailing average market rate of the nearby similar properties. The fair value measurement for investment property has been categorised as Level 2 fair value based on the inputs to the valuation technique used. Considering the type of the asset, market approach (sales comparable method) to estimate the fair value of the subject property is adopted. Since the fair value of the properties is determined by the management for the year ended 31 March 2023, the management has considered to give the sensitivity analysis for the value of the properties.

Sensitivity Level (a hypothetical increase / (decrease) by) 10% would result in increase / (decrease) in fair value by Rs.458.10 Lakhs. ₹ in Lakhs

LEASES

I Lease commitments as lessee:

The Company has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 60 months. The Company has contracts which have fixed rentals.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Following are the changes in the carrying value of right-of-use assets (disclosed under note 9 - property, plant and equipment):

RISK MANAGEMENT

Financial risk management

"The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

Credit risk

Revenue /Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to Rs. 246.22 Lakhs and Rs. 237.58 Lakhs as at 31 March 2023 and 31 March 2022. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date."

The Company have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

₹ in Lakhs

Particulars	Current Year 2022-2023	Previous Year 2021-2022

Balances with banks and other financial assets:

The Company holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

LIQUIDITY RISK

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Company's maximum exposure to liquidity risk for the components of the balance sheet at 31 March 2023 and 31 March 2022 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Company's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities:

Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. The Company manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders. The Company manages its capital structure and makes adjustment in light of changes in business condition. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep optimum gearing ratio. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Company's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Employee benefit plans

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended 31 March 2023. For the purpose of assessing the attrition rate, the Company considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in a increase of closing gratuity by Rs. 10.83 Lakhs for the year ended 31 March 2023.

Further details about gratuity obligations are given in Note - 29.

(b) Impairment allowance for investments

Recognition and measurement of impairment relating to the investments and loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are:

- Credit ratings of the investments and loans;
- Investment and loans staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and
- Forward looking macro-economic factors.

The Company considered current and anticipated future economic conditions relating to industries the Company deals. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its investments to estimate the probability of default in future.

(c) Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

(d) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
A. K. Capital Services Limited

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of A. K. Capital Services Limited ("the Holding Company") and its subsidiaries (together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2023, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015, as amended ("Ind AS") and the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report namely Directors' Report, Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' Report including Annexures to Board Report, Management Discussion and Analysis, Corporate Governance Report, Business Responsibility Statement, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the audit of the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including consolidated total comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibility for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiaries which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of 6 subsidiaries, whose financial statements reflect total assets of Rs 250,669.06 Lakhs as at 31 March 2023, total revenues of Rs. 29,510.29 Lakhs, total profit before tax of Rs. 8,271.54 Lakhs, total net profit after tax of Rs. 6,181.01 Lakhs and total net cash outflows amounting to Rs. 1,110.99 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in paragraph 1(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the A. K. Capital Services Limited ("the Holding Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls over financial reporting with reference to the financial statements of the Holding Company and its subsidiaries which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiaries which are incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI (the "Guidance Note") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters Paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reporting of other auditors as mentioned in "Other Matter" paragraph, the Holding Company and its subsidiaries, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it related to 6 subsidiaries which are incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

NOTE - 1

CORPORATE INFORMATION

The consolidated financial statements comprise of financial statements of A. K. Capital Services Limited ('the Company' or 'the Holding Company' or 'Parent') and its subsidiaries (collectively, 'the Group'). The Company was incorporated on 05 October 1993. The registered address of the Company is situated at 603, 6th Floor, Windsor, Off CST Road, Kalina, Santacruz East, Mumbai - 400098. The Company is a SEBI Registered Category I Merchant Banker. The financial statements of the Group for the year ended 31 March 2023 were authorized by the Board of Directors on 27 May 2023.

NOTE - 2

SIGNIFICANT ACCOUNTING POLICIES

2.01 Basis of preparation and presentation of financial statements

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof.

The consolidated financial statements have been presented in accordance with Schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at 31 March 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- (ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- (iii) The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a) The contractual arrangement with the other vote holders of the investee
- b) The ability to use its power over the investee to affect its returns
- c) The Group's voting rights and potential voting rights
- d) The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiaries and ceases when the Group loses control of the subsidiaries. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiaries.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The consolidated financial statements have been prepared on the following basis:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiaries are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiaries and the parent's portion of equity of each subsidiaries.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full) except as stated in point no (d). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- (d) Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

(e) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiaries. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Consolidated Profit and Loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to Consolidated Statement of Profit and Loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

- (f) The excess of cost to the Parent Company of its investment in the subsidiaries over the Parent Company's portion of equity of the subsidiaries is recognised in the Consolidated Financial Statements as Goodwill. This Goodwill is tested for impairment at the end of the financial year. The excess of Parent Company's portion of equity over the cost of investment as at the date of its investment is treated as Capital Reserve.
- (g) The financial statements of the subsidiaries used in consolidation are drawn upto the same reporting date as that of the Parent Company.
- (h) Following companies are consolidated:

2.02 Functional and presentation currency

Items included in the financial statements of Group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). Indian rupee is the functional currency of the Group. All amounts are rounded to decimal places to the nearest lakhs unless otherwise stated.

2.03 Use of estimates

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognised in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

2.04 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest & best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- A) Identify the contract(s) with a customer;
- B) Identify the performance obligations;
- C) Determine the transaction price;
- D) Allocate the transaction price to the performance obligations;
- E) Recognise revenue when or as an entity satisfies performance obligation.

Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees and lead manager fees are recognized when the Group satisfies performance obligation. Lead manager fees are recognised over a point of time. The Group measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

Brokerage

Revenue from brokerage is recognised point in time.

Interest income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Net gain on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain/loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

Dividend income

Dividend income is recognised

- a. When the right to receive the payment is established.
- b. it is probable that the economic benefits associated with the dividend will flow to the entity and
- c. the amount of the dividend can be measured reliably

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation & establishes provisions, where appropriate.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition of assets

An item of property plant & equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Group, is classified as Investment property. Investors properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013 i.e. 60 years for office premises.

2.09 Non-financial assets held for sale

Non-financial assets are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification. In accordance with Ind AS 105, the Group is committed to sell these assets. Non-financial assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

2.10 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.12 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.13 Impairment of assets

a) Financial assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.

b) Non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets which are explained below:

Business model assessment

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- (a) How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Group's key management personnel
- (b) The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- (c) How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- (d) The expected frequency, value and timing of sales are also important aspects of the Group's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount). In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Financial assets

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Fair value through profit and loss (FVTPL): A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss

Fair value through other comprehensive income (FVTOCI): Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

Trade receivables and loans:

Trade receivables and loans are initially recognized at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit & Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit & Loss.

(c) Measured at fair value through profit or loss:

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes" in the statement of profit and loss.

Equity instruments:

All other investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

Derecognition

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Financial liabilities:

Initial recognition and measurement

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Group's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(a) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(b) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(c) Deposits:

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.15 Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocates the resources based on an analysis of various performance indicators by business segments.

Segment policies:

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

Segment information

Companies whole business is being considered as one segment.

2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Group's cash management.

2.17 Retirement benefits

i) Defined contribution plans (Provident fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Group has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Group provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Group. The Group's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Group's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Group, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan. The Group recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

2.18 Lease

As a lessee:

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

As a lessor:

Leases under which the Group does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arising from operating leases is accounted for on straight-line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.20 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below;

Ind AS 1 - Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors -

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

Ind AS 12 - Income Taxes -

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2023.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

9.a Reconciliation of changes in the fair value of investment properties:

As on 31st March 2022, the fair value of the aforesaid Groups' investment properties have been arrived at on the basis of valuation carried out by an external independent valuer registered with the authority which governs the valuer in India. The fair value measurement for investment property has been categorised as Level 2 fair value based on the inputs to the valuation technique used. Considering the type of the asset, market approach (sales comparable method) to estimate the fair value of the subject property is adopted.

As on 31 March 2023, the Holding Company has considered the input based on prevailing average market rate of the nearby similar properties. The fair value measurement for investment property has been categorised as Level 2 fair value based on the inputs to the valuation technique used. Considering the type of the asset, market approach (sales comparable method) to estimate the fair value of the subject property is adopted. Since the fair value of the properties is determined by the management for the year ended 31 March 2023, the management has considered to give the sensitivity analysis for the value of the properties.

Sensitivity Level (a hypothetical increase / (decrease) by) 10% would result in increase / (decrease) in fair value by Rs.458.10 Lakhs.

As on 31st March 2023, the Subsidiary Company had entered into Agreement To Sell (ATS), to sell the aforesaid investment property (comprising of two units) on 11th January 2023 and 27th March, 2023 for an agreed total consideration of Rs. 875 lakhs for both the units, out of which Rs. 370 lakhs had been received upto 31st March 2023 and remaining amount received subsequently before execution of Sale Deed. The Sale deed for the said property has been executed on 6th April 2023. Accordingly, the asset value has been impaired to the agreed sale consideration and transferred to Asset held for Sale.

LEASES
I Lease commitments as lessee:

The Group has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 60 months. The Group has contracts which have fixed rentals.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Following are the changes in the carrying value of right-of-use assets (disclosed under note 10 - property, plant and equipment):-

RISK MANAGEMENT

Financial risk management

The risk management policies of the Group are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Management has overall responsibility for the establishment and oversight of the Group's risk management framework. In performing its operating, investing and financing activities, the Group is exposed to the Credit risk, Liquidity risk and Market risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and stock of securities.

Credit risk

Revenue/Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to Rs. 552.40 Lakhs and Rs 551.83 Lakhs as at 31 March 2023 and 31 March 2022, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Group have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

₹ in Lakhs

Particulars	Current Year 2022-2023	Previous Year 2021-2022
Revenue from top customer	2163.75	671.27

Balances with banks and other financial assets:

The Group holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Group considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Group assesses and manages credit risk based on reasonable and supportive forward looking information. The Group does not have significant credit risk exposure for these items.

Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Loans

Credit risk is controlled by analysing the credit limits and creditworthiness of the customer on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. An impairment analysis is performed at each reporting date on a portfolio basis. The Group holds collateral as security against the loans. The impairment of the credit risk on the loan is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD)). The Group calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

LIQUIDITY RISK

"The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Group's maximum exposure to liquidity risk for the components of the balance sheet at 31 March 2023 and 31 March 2022 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Group's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities:

Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value. The Group manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders. The Group manages its capital structure and makes adjustment in light of changes in business condition. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep optimum gearing ratio. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call borrowings. There have been no breaches in the financial covenants of any borrowings in the current period.

No changes were made in the objectives, policies or processes for managing capital during the aforesaid financial period.

Description of techniques and valuation inputs used for Level II and Level III hierarchy are under:

Assets class	Fair value hierarchy	Valuation techniques and inputs
Debt instruments, Government securities, commercial paper and state development loan measured at FVTPL	Level II	Valuation techniques and inputs in order of first preference are as under: 1. Cost of securities only if the securities are allotted within last 20 days or purchased within 7 days from the measurement date or, latest traded price reported on recognised stock exchange or settlement house close to measurement date i.e. in the range of 0-7 days, whichever is later. 2. Weighted average (appropriate weight considered by the company) of; -Future cash flows which are discounted using a discount rate arrived at by adding the spread provided by FIMMDA and -Latest subsequent traded price reported on recognised stock exchange or settlement house close to measurement date i.e. in the range of 0-7 days 3. Future cash flows are discounted using a discount rate arrived at by adding the spread provided by FIMMDA or other approved agencies and annualised government security yield provided by regulatory authorities.
Alternative Investment Fund measured at FVTPL	Level II	The valuation is done based on the rating agency valuation provided by the Alternative Investment Fund.
Unquoted equity instruments measured at FVTOCI	Level III	Based on unobservable inputs which generally approximates to the carrying value of the investments unless significantly impaired. Fair value has been considered Nil for significantly impaired investments. Sensitivity change in the unobservable input does not have a significant impact in its value and accordingly, sensitivity disclosure is not given.

The management assessed that cash and cash equivalents, Trade receivable and other financial asset, trade payables and other financial liabilities approximate their carrying amount largely due to short term maturity of these instruments.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Group's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Group's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Employee benefit plans

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended 31 March 2023. For the purpose of assessing the attrition rate, the Group considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in an increase of closing gratuity by Rs.49.08 Lakhs, for the year ended 31 March 2023.

Further details about gratuity obligations are given in Note - 36

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023**(b) Leases**

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

(c) Impairment allowance for investments and loans

Recognition and measurement of impairment relating to the investments and loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are:

- Credit ratings of the investments and loans;
- Investment and loans staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and
- Forward looking macro-economic factors.

The Group considered current and anticipated future economic conditions relating to industries the Group deals. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its investments to estimate the probability of default in future.

(d) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

NOTE - 48**Code on Social Security, 2020**

Item No. 9:

Vide Notification No. SEBI/LAD-NRO/GN/2023/119 dated February 02, 2023 (SEBI Notification), Securities and Exchange Board of India (SEBI), has inter-alia, amended SEBI (Issue and Listing of Non-Convertible Securities) Regulations, 2021. Accordingly, a listed company issuing non-convertible debt securities is required to ensure that its Articles of Association enables the Board of Directors to appoint a person nominated by the debenture trustee(s) in terms of clause (e) of sub-regulation (1) of regulation 15 of the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993 as a Nominee director on its Board of Directors i.e. in the event of:

- (i) two consecutive defaults in payment of interest to the debenture holders; or
- (ii) default in creation of security for debentures; or
- (iii) default in redemption of debentures.

In case of listed company whose debt securities are listed as on the date of publication of the SEBI Notification shall alter its Articles of Association to comply with the requirement of the SEBI Notification, on or before September 30, 2023.

The Company being a Merchant Banker & Investment Advisor registered with the SEBI, in ordinary course of its business in future will issue debt securities including secured non-convertible debentures, bonds, for the purpose of on-lending, growing the Company's asset book, refinancing existing debt and other general purposes as may be decided by the Board. The issue of debt securities shall be made through private placement and public issue, depending on prevailing market conditions and judicious evaluation of various factors including cost effectiveness, urgency etc.

In order to comply with SEBI Notification, the Board recommends alteration of Articles of Association of the Company by insertion of new Article 12(l) in the Articles of Association of the Company. Accordingly, the Board of Directors in its meeting held on August 5, 2023 had considered and approved the alteration of Articles of Association of the Company, subject to the approval of Members of the Company by insertion of the following Article 12(l) after the existing Article 12(k) of Articles of Association:

12 (l) Right of Debenture Trustee to appoint nominee director:

The Board shall have the power, on receipt of the nomination by the debenture trustee to appoint a Nominee Director on the Board of the Company, in the following circumstances:

- i. 2 (two) consecutive defaults in payment of interest to the debenture holders; or
- ii. default in creation of security for debentures; or
- iii. default in redemption of the debentures.

Such Nominee Director may not be liable to retire by rotation nor be required to hold any qualification shares.

The Debenture Trustee may have the right to remove such Nominee Director so appointed and also in the case of death or resignation or vacancy for any reasons whatsoever in the Nominee Director/s so appointed, at any time appoint any other person as Nominee Director. Such appointment or removal shall be made in writing to the Company.

Such Nominee Director shall hold the office so long as such financial entity acting through debenture trustee holds or continues to hold debentures in the Company.

In terms of Section 14 of the Companies Act, 2013, the consent of the Members by way of a Special Resolution is required to approve alteration of Articles of Association of the Company.

The existing Articles of Association along with the Articles of Association incorporating therein the proposed alterations are available for electronic inspection by the Members without any fee from the date of circulation of this Notice up to the date of 30th AGM, i.e. Saturday, September 16, 2023. INSTRUCTIONS FOR REMOTE E-VOTING:

1. Procedure for Remote E-voting

In compliance with provisions of Section 108 of the Act, and Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended from time to time, and Regulation 44 of the Listing Regulations and the MCA Circulars, the Company is pleased to provide its members facility to exercise their right to vote at the 30th AGM by electronic means and the business may be transacted through e-voting services. The facility of casting votes by the members using an electronic voting system from a remote location ("remote e-voting") will be provided by Link Intime India Private Limited ("LI IPL"). Remote e-voting is a mechanism through which Members shall have an option to cast their vote prior to the scheduled date of the AGM or alternatively the members can cast their votes using the e-voting mechanism during the AGM. The Members who had cast their vote by remote e-voting prior to the AGM may also attend the AGM through VC/OAVM **but shall not be entitled to cast their vote again.**

As per the SEBI circular dated December 9, 2020, individual shareholders holding securities in demat mode can register directly with the depository or will have the option of accessing various ESP portals directly from their demat accounts. Shareholders are advised to update their mobile number and email Id in their demat accounts to access e-Voting facility.
