We have audited the accompanying standalone Ind AS financial statements of Megri Soft Limited ("the Company"), which comprise the Balance sheet as at March 31, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these

matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
01.	Evaluation of uncertain tax positions	The Company has material uncertain tax positions including matters under dispute, which involves significant judgment to determine the possible outcome of these disputes. Refer Note 25 to the Standalone Ind AS Financial Statements.

Response to key audit matters & conclusion

Principal Audit Procedures

We performed the following substantive procedures: Obtained details of completed tax assessments and demands up to the year ended March 31, 2023 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions, as at April 1, 2022 to evaluate whether any change was required to management's position on these uncertainties. Relying on relevant external evidence available including legal opinion relevant judicial precedents and industry practices getting management confirmation wherever necessary. We agree with management's evaluation.

Information other than the Standalone Ind AS Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone Ind AS financial statements and our auditors' report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles

generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events

or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

● Evaluate the overall presentation, structure and content of the Ind AS standalone financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Megri Soft Limited ("the Company") as of March 31, 2023, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone Financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal

control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these standalone Financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone Financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these standalone Ind AS Financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these standalone Ind AS financial statements and such internal financial controls over financial reporting with reference to these standalone Ind AS Financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

2. Significant Accounting Policies

2.1. **Basis of Preparation of Financial Statements** - This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

2.1.1. **Compliance with Ind AS** - These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') [Companies (Indian Accounting Standards) Rules, 2015, as amended by notification dated March 31, 2016] and other relevant provisions of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

The financial statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off upto two decimal points to the nearest Thousands (as per the requirement of Schedule III), unless otherwise stated.

2.1.2. **Historical Cost Convention**- The Financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) which are measured at fair value / amortised cost;
- Defined benefit plans-plan assets measured at fair value; and
- Share based payments

2.1.3. Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

2.2. **Property, plant and equipment** - **Property, plant and equipment** are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred. Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management.

Assets Estimated useful life (Years)

Assets	Estimated useful life (Years)
Building	60
Computers	3
Plant and Machinery	10
Furniture and Fixtures	10
Office Equipments	5
Vehicles	6

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount of the asset. These are included in profit or loss within other income.

- 2.3. Intangible Assets -** Intangible assets are stated at cost less accumulated amortization and impairment, wherever applicable. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, from the date they are available for use. The estimated useful life of an identifiable asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flow from the asset. The research costs are expensed as incurred. The development costs, which can be capitalized, include the cost of material, direct labour and overhead costs that are directly attributable to preparing the asset for its intended use. Amortization methods and useful lives are reviewed periodically including at each financial year end.

- 2.4. Impairment of non-financial assets -**

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. If any such indication exists or when annual impairment testing for an asset is required, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet for possible reversal of an impairment loss recognized for an asset, in prior accounting periods.

- 2.5. Foreign currency translations**

- 2.5.1. Functional and presentation currency -**Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., Indian Rupee (INR) which is its presentation currency as well.

- 2.5.2. Initial recognition** - On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.
- 2.5.3. Subsequent recognition** - As at the reporting date, foreign currency monetary items are translated using the closing rate and non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction. Exchange gains and losses arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the year or in previous financial statements are recognised in profit or loss in the year in which they arise.
- 2.5.4. Translation of foreign operations-** The financial statements of foreign operations are translated using the principles and procedures mentioned above since these businesses are carried on as if it is an extension of the Company's operations.

2.6. Revenue Recognition

- 2.6.1.** Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those services.
- 2.6.2.** Dividend income is recognized as and when the right to receive is established. Interest on Bank fixed deposits is recognized on an accrual basis on certificates of interest issued by banks.
- 2.6.3.** Export benefits and other benefits are accounted for on an accrual basis. Export entitlements are recognized as a reduction from material consumption when the right to receive credit is established in respect of the exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

2.7. Income tax

- 2.7.1.** The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.
- 2.7.2.** The current income tax is calculated on the basis of the tax rates and the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation. It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities
- 2.7.3.** Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred

tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

- 2.7.4.** Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.
- 2.7.5.** Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.
- 2.7.6.** Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.
- 2.7.7.** Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.8. Provisions

- 2.8.1.** Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.
- 2.8.2.** Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.
- 2.8.3.** If the effect of the time value of money is material, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as a finance cost
- 2.8.4.** The company has adopted the following accounting policy for making provision in respect of income-tax cases under appeal: "In respect of disputed income-tax

demand, where the company is in appeal, provision for tax is made when the matter is finally decided.”

2.9. Trade and other payables

These amounts represent liabilities for goods and services provided prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.10. Earnings Per Share (EPS)

2.10.1. Basic earnings per share is calculated by dividing

2.10.1.1. the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

2.10.2. Diluted earnings per share

2.10.2.1. Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account - the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential instruments into equity shares.

2.11. Critical estimates and judgements

2.11.1. The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS that requires management to make accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company’s accounting policies. The estimates and assumptions used in the accompanying financial statements are based upon Management’s evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of non-current investments and have been discussed below. Key source of estimation of uncertainty in respect of current tax expense and payable, employee benefits and fair value of unlisted subsidiary entities have been discussed in their respective policies.

2.12. Employee Retirement Benefits

2.12.1. Short term employee benefits - All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages and bonuses etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

The company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The Gratuity payment plan provides for a lump sum payment to the vested employees at retirement, death, incapacitation while in employment or on termination of employment of an amount based on the respective employee's salary and tenure of employment. Vesting occurs upon the completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-measurements comprising of actuarial gains and losses are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods

2.12.3. Bonus Plans - The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

2.12.4. Long - term employee benefits -Leave Encashment The liability of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date Using the projected unit credit method.

2.13. Segment Reporting

The Company has primarily one business segment of IT/ITES service and accordingly there is no separate reportable segment as per Ind AS -108 ' Operating Segments' specified under section 133 of the Companies Act, 2013.

2.14. Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, the amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to a known amount of cash and, which are subject to an insignificant risk of changes in value.

2.15. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

2.15.1. Initial Recognition and measurement - On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

2.15.2. Subsequent measurement

2.15.2.1. Financial assets carried at amortised cost - A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.15.2.2. Financial assets at fair value through other comprehensive income (FVTOCI) - A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.15.2.3. Financial assets at fair value through profit or loss (FVTPL) - A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

2.15.2.4. Investments in subsidiaries - The Company has adopted to measure investments in subsidiaries at a cost in accordance with Ind AS 27 and the carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

2.15.2.5. Financial Liabilities - Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, as appropriate. The Company's financial liabilities include trade and other payables. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short term maturity of these instruments.

2.15.3. Derecognition of financial instruments - A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or canceled or expired.

2.15.4. Fair value measurement of financial instruments - The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer. In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.16. Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group to express an opinion on the consolidated annual financial results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated annual financial results of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and its subsidiary included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS OF MEGRI SOFT LIMITED

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of Megri Soft Limited as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting of Megri Soft Limited (hereinafter referred to as the "Holding Company") and its subsidiary company (the Holding Company and its subsidiary together referred to as "the Group"), which is the company incorporated outside India, as of that date

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, and its subsidiary company which is company incorporated outside India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial

reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Ind AS Financial Statements

A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and its subsidiary company, which is the company incorporated outside India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements and such internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.1. **Basis of Preparation of Financial Statements** - This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

2.1.1. **Compliance with Ind AS** - These consolidated financial statements have been prepared in accordance with the Indian Accounting standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') [Companies (Indian Accounting Standards) Rules, 2015, as amended by notification dated March 31, 2016] and other relevant provisions of the Act.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

The financial statements are presented in Indian Rupees and all amounts disclosed in the financial statements and notes have been rounded off upto two decimal points to the nearest Thousands (as per the requirement of Schedule III), unless otherwise stated.

The consolidated financial statements consist of financial statements of Megri Soft Limited (parent company) and its 100% owned subsidiary namely Megrisoft Limited registered in England and Wales. Financial statements of foreign subsidiary have been recasted for the purpose of consolidation.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and

expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the parent company, i.e, year ended on March 31 2023.

2.1.2. **Historical Cost Convention**-The Financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) which are measured at fair value / amortised cost;
- Defined benefit plans-plan assets measured at fair value; and
- Share based payments

2.1.3. **Recent accounting pronouncements**

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

2.2. **Property, plant and equipment** - **Property, plant and equipment** are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in profit or loss during the reporting period, in which they are incurred. Depreciation is provided on a pro-rata basis on the straight line method over

the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management.

Assets Estimated useful life (Years)

Assets	Estimated useful life (Years)
Building	60
Computers	3
Plant and Machinery	10
Furniture and Fixtures	10
Office Equipments	5
Vehicles	6

Gains and losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the asset. These are included in profit or loss within other income.

- 2.3. Intangible Assets** - Intangible assets are stated at cost less accumulated amortization and impairment, wherever applicable. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, from the date they are available for use. The estimated useful life of an identifiable asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. The research costs are expensed as incurred. The development costs, which can be capitalized, include the cost of material, direct labour and overhead costs that are directly attributable to preparing the asset for its intended use. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Assets Estimated useful life (Years)

Assets	Estimated useful life (Years)
Softwares	6
Web Properties	10

2.4. Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. If any such indication exists or when annual impairment testing for an asset is required, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of

assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet for possible reversal of an impairment loss recognized for an asset, in prior accounting periods.

2.5. Foreign currency translations

- 2.5.1. **Functional and presentation currency** -Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., Indian Rupee (INR) which is its presentation currency as well.
- 2.5.2. **Initial recognition** - On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.
- 2.5.3. **Subsequent recognition** - As at the reporting date, foreign currency monetary items are translated using the closing rate and non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction. Exchange gains and losses arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the year or in previous financial statements are recognised in profit or loss in the year in which they arise.
- 2.5.4. Translation of foreign operations- The financial statements of foreign operations are translated using the principles and procedures mentioned above, since these businesses are carried on as if it is an extension of the Group operations.

2.6. Revenue Recognition

- 2.6.1. Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those services.
- 2.6.2. Dividend income is recognized as and when the right to receive is established. Interest on Bank fixed deposit is recognized on an accrual basis on certificates of interest issued by banks.
- 2.6.3. Export benefits and other benefits are accounted for on an accrual basis. Export entitlements are recognized as reduction from material consumption when the right to receive credit is established in respect of the exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

2.7. Income tax

- 2.7.1. The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

- 2.7.2. The current income tax is calculated on the basis of the tax rates and the tax laws enacted or substantively enacted at the reporting date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation. It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities
- 2.7.3. Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
- 2.7.4. Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.
- 2.7.5. Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.
- 2.7.6. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.
- 2.7.7. Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.8. Provisions

- 2.8.1. Provisions are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

- 2.8.2. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.
- 2.8.3. If the effect of the time value of money is material, provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as a finance cost
- 2.8.4. The company has adopted the following accounting policy for making provision in respect of income-tax cases under appeal: "In respect of disputed income-tax demand, where the company is in appeal, provision for tax is made when the matter is finally decided."

2.9. Trade and other payables

These amounts represent liabilities for goods and services provided prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.10. Earnings Per Share (EPS)

2.10.1. Basic earnings per share is calculated by dividing

- 2.10.1.1. the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

2.10.2. Diluted earnings per share

- 2.10.2.1. Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account - the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential instruments into equity shares.

2.11. Critical estimates and judgements

- 2.11.1. The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS that requires management to make accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. The estimates and assumptions used in the accompanying financial statements are

based upon Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of non-current investments and has been discussed below. Key source of estimation of uncertainty in respect of current tax expense and payable, employee benefits and fair value of unlisted subsidiary entities have been discussed in their respective policies.

2.12. Employee Retirement Benefits

2.12.1. **Short term employee benefits** - All employee benefits payable/available within twelve months of rendering the service are classified as short term employee benefits. Vesting occurs upon completion of five years of service.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. Re-measurements comprising of actuarial gains and losses, are recognised in other comprehensive income which are not reclassified to profit or loss in the subsequent periods

The Company has primarily one business segment of IT/ITES service and accordingly there is no separate reportable segment as per Ind AS -108 ' Operating Segments' specified under section 133 of the Companies Act, 2013.

2.14. Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to known amount of cash and, which are subject to an insignificant risk of changes in value.

2.15. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

2.15.1. **Initial Recognition and measurement** - On initial recognition, all the financial assets and liabilities are recognized at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability except financial asset or financial liability measured at fair value through profit or loss ("FVTPL"). Transaction costs of financial assets and liabilities carried at fair value through the Profit and Loss are immediately recognized in the Statement of Profit and Loss.

2.15.2. Subsequent measurement

2.15.2.1. **Financial assets carried at amortised cost** - A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.15.2.2. **Financial assets at fair value through other comprehensive income (FVTOCI)** - A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2.15.2.3. **Financial assets at fair value through profit or loss (FVTPL)** - A financial asset is measured at fair value through profit and loss unless it is measured at amortized cost or at fair value through other comprehensive income.

2.15.2.4. **Investments in subsidiaries** - The Company has adopted to measure investments in subsidiaries at cost in accordance with Ind AS 27 and

carrying amount as per previous GAAP at the date of transition has been considered as deemed cost in accordance with Ind AS 101.

2.15.2.5. **Financial Liabilities** - Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, as appropriate. The Company's financial liabilities include trade and other payables. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to short term maturity of these instruments.

2.15.3. **Derecognition of financial instruments** - A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expired.

2.15.4. **Fair value measurement of financial instruments** - The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer. In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

2.16. **Provisions, contingent liabilities and contingent assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.
