MANAGEMENT AND DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENT

“Indian NBFCs Set to Keep Rising In 2023”

The world seems to be recovering from the aftermath of the challenges posed in the last few years. Overall despite the challenges, India has emerged as a bright spot in terms of economic growth amidst an outlook of global slowdown. The World Bank has reported that India is better positioned to navigate global headwinds and handle global spill overs, as compared to other major emerging economies.

Also, it is heartening to see that the RBI and policymakers recognise the contribution of NBFCs in supporting real economic activity and meeting the credit demand, especially reaching the unbanked. RBI Scale based norms implemented last year have strengthened the sector while offering operational flexibility to meet the increasing credit demand and aid India's economic growth.

During the last financial year, despite geopolitical events, extremely high global volatility in commodities, currencies, financial markets and increase in interest rates globally to tame the high inflation, NBFCs in India have weathered the storm well and exhibited resilience.

In 2023, NBFCs are expected to play a larger role in supporting the socioeconomic construct of the Indian economy. The opportunity for credit penetration remains very high in India. The NBFCs can set a new benchmark by introducing new business models with personalised offerings through digital platforms. CRISIL recently reported that riding on macroeconomic tailwinds, NBFCs are expected to see growth.

In India, large population remains largely unfamiliar with technology and face challenges in financial literacy. When it comes to

serving the underbanked, Indian NBFCs and fin-techs are leveraging technology and innovation to drive the financial inclusion agenda. NBFCs will continue to play a vital role in the growth of the economy due to its deeper reach, ability to offer more flexibility, personalised services through innovative digital solutions. Gold loans have played an important part during the pandemic and will continue to be an important source of credit to MSMEs, agriculture sector, small businesses, unorganised sector and this is also evident from the steady demand for gold loans.

NBFCs with stronger business models, strong capital adequacy, strong underwriting capabilities and focus on digital strategy will continue to perform better and grow stronger in years to come. To benefit from the growth opportunities, many industrial groups have ventured into this segment with new business models. According to ICRA's recent report, in 2023 non-bank lenders will focus on reviving growth by improving asset quality supported by increasing retail demand and liquidity.

Governments policy push by promoting “Atmanirbhar Bharat”, “Make in India” and expanding manufacturing base through “Production Linked Incentive Scheme” has attracted interest of many Indian and global players to participate in India's growth journey.

To ramp the virtuous cycle of Investment and job creation, the budget 2023, has given the needed impetus by increasing allocation to Capital Expenditure outlay by 37.4 % in 2023-24 to Rs. 10 lakh crore over Rs. 7.28 lakh crore in 2022-23. Adding to this, the Capex from private sector would give a strong base to the GDP Growth. RBI in its Policy Meeting on April 06, 2023 has increased the real GDP forecast for FY24 marginally to 6.5 percent from 6.4 percent earlier on the back of higher Rabi crop output, moderating commodity prices, monsoon trajectory and the government's plan of higher capital expenditure.

OPPORTUNITIES AND THREATS

RBI Policy document states that the risks for GDP are evenly balanced but the protracted geo political tensions pose downside risk to the growth.

In its last policy meeting held on April 06, 2023 RBI exercised pause and kept the Policy rate at 6.50%. Since March 2022, RBI has increased the policy rates by 4.50%.

RBI has projected that during FY 2024 India's GDP is expected to grow at 6.50% and inflation is expected to soften towards 5.20%.

Price stability, sustainable growth and financial stability to remain at the core of RBI.

Based on the above the nominal GDP is expected to grow at 11.70%

On the conclusion of the recent 27th meeting of Financial Stability and Development Council (FSDC) headed by honourable Finance Minister Smt. Nirmala Sitharaman, she said that “We see that global financial situation is daunting but at the same time, the Indian economy and financial sector is well protected and well regulated. We have to be cautious and be on our toes and need to take timely steps to mitigate any vulnerability.

India is positioned to grow much better than its peers as and when the global environment improve. Well Capitalised NBFC's having good client profiling risk management system will outpace the growth of the economy.

We remain positive.

BUSINESS OUTLOOK

As India moves from \$3.50 Trillion economy towards the projected \$5 Trillion by 2025-26, we see tremendous growth opportunities for every segment of the credit ecosystem. Credit being an essential part of economic growth, all segments will benefit be it banks, NBFCs, housing finance, gold finance, microfinance. Credit demand from Agriculture, Industry, MSME, Discretionary and Retail are expected to remain robust.

Regulatory surveillance and quality governance will enable the faster and sustainable growth.

RISK AND CONCERNS

Geopolitical uncertainty, global financial stability and return of upward volatility in inflation continue pose risk and slowdown the pace of global recovery. Slowdown or recession in developed economies can also impact the economic growth.

The Company has Risk Management framework to identify, evaluate business risks and opportunities. The framework helps in identifying risks, exposure and potential impact analysis at the Company level. The Company is making investments in various themes and is judicious in selecting the opportunities, so as to ensure that investments are in the sectors that are growing or expected to turnaround in line with the economic cycles.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has internal control system which examines and ensures adequate internal checks and control procedures for safety of funds and securities. It also ensures proper accounting, records authorization, control of operations and compliance with law. The Company also believes in the importance of technology and systems in improving controls at various levels and strives to enhance them on a continuous basis. Further the Company is continuously working to improve and strengthen internal check and control system to align with the expected growth in operations.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Since the Company is only managing investments in securities and require minimal staff for its operations. As the business expands the company may hire more staff.

SEGMENT WISE/ PRODUCT WISE PERFORMANCE

As the Company is in only one line of business, product wise and/or segment wise disclosure of performance is not required to be made.

We have audited the accompanying Financial statements of Som Datt Finance Corporation Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2023, the statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash flows ended on that date, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial Performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid financial statements comply with the the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in '**Annexure A**'.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration paid or provided by the company is per the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There were no pending litigations which would impact the financial position of the financial statements.
 - ii. Provision has been made in the financial statements as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There is no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv . (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Som Datt Finance Corporation Limited of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (‘the Act’)

We have audited the Internal Financial Controls Over Financial Reporting of **Som Datt Finance Corporation Limited** (‘the Company’) as at 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended and as on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in guidance note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Control over financial reporting (the ‘Guidance Note’) and the standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists,

and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company internal financial controls system over financial reporting.

Meaning of Internal Financial over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of the Management and Directors of the Company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **Som Datt Finance Corporation Limited** of even date)

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of its property, plant and equipment by which all property, plant and equipment are verified by the management. Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including right of use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, joint ventures and associate companies.
(f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.
(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in the Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.

- xii. In our opinion, the Company is not a Nidhi Company. Accordingly, paragraph 3 (xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanation given to us and on the basis of the examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv. (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

1. Reporting entity

Som Datt Finance Corporation Limited ('the Company') (CIN L65921DL1993PLC377542 changed from CIN: L65921WB1993PLC060507 during the year 2020-21), was incorporated on October 19, 1993. The Company had been granted registration under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) on 10th November, 1998 having Registration No. 05.02987. RBI issued further Certificate dated 29th March, 2005 in lieu of earlier certificate having categorized the Company as Non-Banking Financial Company (Non-Deposit Taking). Consequent upon shifting of registered office of the Company from West Bengal to Delhi, RBI has issued fresh certificate of registration bearing no. B-14.03556 dated 23rd September, 2021. It is carrying on the activity of proprietary investment in stocks and securities.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation of financial statements

(i) Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except certain financial instrument which are measured at fair values, the provisions of the companies Act, 2013 ('the Act'). The Ind AS are prescribed under section 133 of the Act read with rule 3 of the companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The financial statements are presented in Indian Rupees (in lakhs), unless otherwise stated.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Financial instruments,
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial assets and liabilities),

(ii) Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) (in lakhs).

(iii) Use of estimates and judgements

The preparation of financial statements to be in conformity with the Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as on the date of the financial statements and the reported income and expenses during the reported period. Management believes that the estimate used in preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis.

a) Determination of estimated useful lives of property, plant and equipment, Intangible assets and Investment property

Useful lives of property, plant and equipment are based on the life prescribed in Schedule II of the Act. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support. (Refer Note 9 & 10)

b) Recognition of deferred tax assets

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and depreciation carry-forwards could be utilized.

c) Recognition and measurement of provisions and contingencies

The recognition and measurement of provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

d) Discounting of long-term financial assets/liabilities

All financial assets/liabilities are required to be measured at fair value on initial recognition. In case of financial assets which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

e) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Note 28.

2.2 Summary of significant accounting policies

1) Revenue recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Revenue from contracts with customers is recognised when control of the services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

Interest income

Interest income on financial assets is recognized on an accrual basis using effective interest rate (EIR). Interest revenue is continued to be recognized at the original effective interest rate.

Dividend income

Dividend income is recognised in statement of profit and loss when the right to receive the dividend is established.

Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Basis of Recognition

The cost of an item of property, plant and equipment are recognized only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Further, subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of assets, based on internal assessment and independent technical evaluation done by the Management expert which are equal to, except in case of Leasehold Improvement where useful life is lower than life prescribed under Schedule II to the Companies Act, 2013. The leasehold improvements are depreciated over the assets' useful life under Schedule II or over the lease term if there is no reasonable certainty that the Company will renew ownership at the end of the lease term.

The asset's useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income expenses.

Depreciation methods and estimated useful lives

Assets	Estimated useful life (Years)
Plants & Machinery	10
Vehicles	8
Furniture & Fixture	10
Computers	5

Assets costing less than or equal to Rs. 5,000 are fully depreciated pro-rata from date of acquisition.

2) Investment Property

Investment Property are property held to earn rentals and for capital appreciation. Investment Property are measured initially at cost including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model. An Investment property is derecognised upon disposal or when the investment property are permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which property is derecognised.

3) Intangible assets

Intangible assets acquired separately are measured on initial recognition at historical cost. Intangibles assets have a finite life and are subsequently carried at cost less any accumulated amortization and accumulated impairment losses.

Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation methods and estimated useful lives

Assets	Estimated useful life (Years)
Computer Software	3

4) Impairment of non-financial assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss. In case of revalued assets, such reversal is not recognized.

5) Employee benefits

(i) Defined Contribution Plans

The Company makes payments to defined contribution plans such as provident fund and employees' state insurance. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(ii) Short-term obligations

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave which is valued by independent actuarial valuer at the end of the year. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

(iii) Post-employment obligation

The Company operates the following post-employment schemes:

a) Defined benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

b) Other long-term employee benefits

Other long-term employee benefits are recognised as an expense in the Statement of Profit and Loss as and when they accrue. The Company determines the liability using the Projected Unit Credit Method, with actuarial valuations carried out as at the balance sheet date. Actuarial gains and losses in respect of such benefits are charged to the Statement of Profit and Loss.

6) Taxes

Current Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax is calculated on the basis of the tax rates and the tax laws enacted by the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation.

It establishes provisions or make reversals of provisions made in earlier years, where appropriate, on the basis of amounts expected to be paid to / received from the tax authorities.

Deferred Income Tax

Deferred tax is recognized for all the temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only if it is probable that sufficient future taxable amounts will be available against which such deferred tax asset can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each Balance Sheet date and reduced\ increased to the extent that it is no longer probable\ it becomes probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets and liabilities and the deferred tax balances relate to the same taxable authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

7) Leases (as lessee)

Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

8) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, amount at banks and other short-term deposits with an original maturity of three months or less that are readily convertible to known amount of cash and, which are subject to an insignificant risk of changes in value.

9) Earnings Per Share (EPS)

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to the shareholders of the Company
- divided by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

10) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Classification

The Company classifies its financial assets as subsequently measured at either amortized cost or fair value based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction fees or costs that are directly attributable and incremental to the origination/acquisition of the financial asset unless otherwise specifically mentioned in the accounting policies.

All regular way purchase or sale of financial assets are recognised and derecognised on a trade date basis. Purchase or sale of unquoted instrument is recognised on the closing date or as and when the transaction is completed as per terms mentioned in relevant transaction agreement / document.

Regular way purchase or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held such that it best reflects the way the business is managed and is consistent with information provided to management. The information considered includes:

- The objectives for the portfolio, in particular, management's strategy of focusing on earning contractual interest revenue, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;

- The frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Company's stated objective for managing the financial assets is achieved and how cash flows are realised.

The risks that affect the performance of the business model, the financial assets held within that business model and how those risks are managed.

Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Company considers:

- reset terms
- contingent events that would change the amount and timing of cash flows;
- prepayment and extension terms; and
- features that modify consideration of the time value of money – e.g. periodical reset of interest rates.

Subsequent Measurement

Financial assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met:

- It is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- The contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR and reported as part of interest income in the profit and loss account. The losses if any, arising from impairment are recognised in the profit and loss account.

Financial asset at fair value through Other Comprehensive Income (FVOCI)

Financial asset with contractual cash flow characteristics that are solely payments of principal and interest and held in a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets are classified to be measured at FVOCI. The impairment losses, if any, are recognized through profit and loss account. The loss allowance is recognized in other comprehensive income and does not reduce the carrying value of the financial asset. On derecognition, gains and losses accumulated in OCI are reclassified to the statement of profit and loss.

Financial asset at fair value through profit and loss (FVTPL)

Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified to be measured at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss account.

All equity investments except for investments in subsidiary/associate/joint ventures are measured at fair value. Equity instruments which are held by the company are classified as at FVTPL.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial Liabilities at fair value through profit or loss (FVTPL)

A financial liability is classified as at fair value through profit or loss if it is classified as held-for-trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in statement of profit and loss.

11) Write-offs

Financial assets are written off either partially or in their entirety when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment on financial instruments in the statement of profit and loss. However, financial assets that are written off may be subject to enforcement activities to comply with the Company's procedures for recovery of amounts due.

12) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

13) Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Derecognition of financial assets and financial liabilities

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset
- The Company has transferred substantially all the risks and rewards of the asset, but has transferred control of the asset

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in statement of profit and loss.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

14) Modifications of financial assets and financial liabilities

Financial assets

If the terms of a financial asset are modified, the Company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value.

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Company recalculates the gross carrying amount of the financial asset as the present value of the renegotiated or modified contractual cash flows that are discounted at the financial asset's original effective interest rate and recognises the amount arising from adjusting the gross carrying amount as a modification gain or loss in profit and loss account.

Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset. If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses. In other cases, it is presented as interest income or other gain or loss as appropriate.

Financial liabilities

The Company derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in statement of profit and loss.

15) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

16) Borrowing Cost

Expenses related to borrowing cost are accounted using effective interest rate. Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

17) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments such as investment in unquoted equity instruments, debentures, preference shares etc.

Management uses its judgement in selecting an appropriate valuation technique for financial instruments not quoted in an active market. Valuation techniques commonly used by market participants are applied.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

18) Provisions, Contingent liabilities and Contingent assets

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

19) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

20) Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the rate of exchange prevailing on the date of the transaction. Exchange differences arising on settlement of revenue transactions are recognised in the statement of profit and loss. Monetary assets and liabilities contracted in foreign currencies are restated at the rate of exchange ruling at the Balance Sheet date. Non-monetary assets and liabilities that are measured at fair value in a foreign

currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

21) Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

(iii) Measurement of fair values

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Financial instruments measured at fair value

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances. The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet are as follows:

	As at March 31, 2023	As at March 31, 2022
Financial assets		
Cash and cash equivalents	156.87	276.38
Trade receivables	-	188.96
Investments	2,135.13	1,762.01
Other financial assets	2.88	4.89
Total financial assets	2,294.88	2,232.24

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables, etc.

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks with high credit ratings assigned by domestic credit rating agencies. Credit risk on investments is limited as the Company generally invests in mutual funds of Asset management companies that have high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk last year was primarily from trade receivables. At the reporting date this year the trade receivables are Nil. Trade receivables were unsecured. The Company does monitor the economic environment in which it operates. The Company manages its credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of parties to which the Company grants credit terms in the normal course of business.

Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counterparties to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the Company uses expected credit loss (ECL) model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for financial assets. The provision matrix takes into account available external and internal credit risk factors such as Company's historical experience for customers.

(iii) Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. The company is exposed to two types of market risks: price risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(a) Price risk

Equity price risk is the risk that the fair value of equities decreases as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL. A 10% increase/(decrease) in the equity price (traded) would have the impact as follows:

Particulars	March 31, 2023	March 31, 2022
Investment in quoted investments	2,135.13	1,762.01
Impact due to increase in price by 10%	213.51	176.20
Impact due to decrease in price by 10%	(213.51)	(176.20)

(b) Interest rate risk

The company invests in liquid fund which invests in fixed income instruments with the highest rating. These investments are the most secure form of investment in the market. Hence, the Company is not significantly exposed to interest rate risk.

Note: As the liabilities for the gratuity and compensated absence are provided on an actuarial basis for the Company as a whole rather than each individual employee, the amounts pertaining specifically to KMP are not included in the above table. Gratuity and compensated absence are included based on actual payment.

30 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company.

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

31 Employee benefit plan

A Provident fund

Provident fund benefit is a defined contribution plan under which the Company pays fixed contributions into funds established under Employees Provident Fund and Miscellaneous Provisions Act, 1952. The Company has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as and when they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short term nature.

B Compensated absence

The Company's obligation towards leave encashment is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These obligations are recognised in the Statement of Profit and Loss.

C Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is unfunded.

Changes in the defined benefit obligation and fair value of plan assets as at March 31, 2023 and March 31, 2022:

	Defined benefit obligation	Fair value of plan assets	Benefit liability
As at April 1, 2021	0.49	-	0.49
Current service cost	1.02	-	1.02
Interest cost	0.03	-	0.03
Total amount recognised in statement of profit and loss	1.05	-	1.05

The principal assumptions used in determining gratuity obligations for the Company's plan is shown below:

Description	March 31, 2023	March 31, 2022
Discount rate (per annum)	7.35%	7.10%
Salary growth rate (per annum)	9.40%	9.40%
Mortality rates inclusive of provision for disability	100% of IALM (2012-14)	100% of IALM (2012-14)
Retirement age	75 years for Vijay Rathee 58 years for other employee	58 years

Attrition / Withdrawal rate, based on age:

Upto 30 years	3.00%	3.00%
31-44 years	2.00%	2.00%
Above 44 years	1.00%	1.00%

A quantitative sensitivity analysis for significant assumption is as shown below:

Defined Benefit Obligation (Base)	March 31, 2023		March 31, 2022	
	Decrease	Increase	Decrease	Increase
Discount rate (- / + 1%)	0.66	0.60	1.96	1.30
(% change compared to base due to sensitivity)	5.3%	-5.0%	23.1%	-18.2%
Salary growth rate (- / + 1%)	0.60	0.66	1.30	1.95
(% change compared to base due to sensitivity)	-4.9%	5.2%	-18.0%	22.4%
Attrition rates (- / + 50% of attrition rates)	0.63	0.63	1.70	1.49
(% change compared to base due to sensitivity)	0.6%	-0.6%	6.8%	-6.2%
Mortality rates (- / + 10% of mortality rates)	0.63	0.63	1.59	1.59
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions to the defined benefit plan in future years:

Description	March 31, 2023	March 31, 2022
Within the next 12 months (next annual reporting period)	0.02	0.01
Between 2 and 5 years	0.12	0.07
Between 6 and 10 years	0.80	0.17
Beyond 10 years	-	7.82
Total expected payments	0.94	8.07

32 Segment reporting

The Company operates in a single reportable segment i.e. investing. Since the nature of the investments are exposed to similar risk and return profiles hence they are collectively operating under a single segment. The Company operates in a single geographical segment i.e. domestic.

33 Transferred financial assets that are derecognised in their entirety but where the Company has continuing involvement

The Company has not transferred any assets that are derecognised in their entirety where the Company continues to have continuing involvement.

34 Contingent liabilities and commitments

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

35 Standards issued but not effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

a) Ind AS 1 - Presentation of Financial Statements

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

b) Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

c) Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statement.

36 Recent accounting pronouncements

As per Companies (Accounts) Second Amendment Rules, 2021 through MCA notification dated 24.03.2021, a new proviso has been added in Rules 3(1) of The Companies (Accounts) Rules, 2014, which states that-

By MCA notification dated 01.04.2021, a substitution was made in proviso to sub-rule (1), for the figures, letters and words "1st day of April, 2021" the following has been substituted "1st day of April, 2022". Further by MCA notification dated 31.03.2022, another substitution was made in proviso to sub-rule (1), for the figures, letters and words "1st day of April, 2022" the following has been substituted "1st day of April, 2023".

By this notification(s) it has being made mandatory from 1st April, 2023 for every company to add on the feature of audit trail in their accounting software in which it maintains its books of account. The feature of Audit trail should have an edit log which shall record each and every transaction along with modifications made at any point of time.
