INDEPENDENT AUDITOR'S REPORT**To The Members of M/s MS Securities Limited**

CIN NO L08032BR1992PLC004781

REPORT ON THE FINANCIAL STATEMENTS:**Opinion**

We have audited the accompanying financial statements of **MS Securities Limited** (*'the Company'*) which comprise the Balance Sheet as at **31st March, 2021**, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit/loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statement and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with

the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this information; we are required to report the fact. We have nothing to report in this regard except appointment of Company Secretary in the company was not done till the date of signing our audit report as required under section 203 of the Company Act, 2013 and also we are relying on the data provided regarding shareholder's holding shares more than five percent.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Emphasis of Matters

We draw attention to the following matters in the Notes to the financial Statements:

- (a) Note 8, which describes the Loans & Advances given to associate concern.
- (b) Note 6, Investments in shares are measured at fair value through other comprehensive income (FVTOCI) except unquoted shares.

Our opinion is not modified in respect of these matters.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors

in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements: -

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.

INDEPENDENT AUDITOR'S REPORT

To The Members of M/s MS Securities Limited
CIN NO L08032BR1992PLC004781

REPORT ON THE FINANCIAL STATEMENTS:**Opinion**

We have audited the accompanying financial statements of MS Securities Limited ('the Company') which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit/loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statement and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this information; we are required to report the fact. We have nothing to report in this regard except appointment of Company Secretary in the company was not done till the date of signing our audit report as required under section 203 of the Company Act, 2013 and also we are relying on the data provided regarding shareholder's holding shares more than five percent.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Emphasis of Matters

We draw attention to the following matters in the Notes to the financial Statements:

(a) Note 8, which describes the Loans & Advances given to associate concern.

(b)Note 6, Investments in shares are measured at fair value through other comprehensive income (FVTOCI) except unquoted shares.

Our opinion is not modified in respect of these matters.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements: -

1.As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2.As required by Section 143(3) of the Act, we report that:

(a)We have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b)In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c)The Balance Sheet, Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the statement of changes in equity dealt with by this Report are in agreement with the books of account.

(d)In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

(e)On the basis of the written representations received from the directors as on 31st March, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021, from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of internal financial controls over financial reporting of the company and the operating effectiveness of such control, refer to our separate report in 'Annexure B'; and

(g)With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i)The Company does not have any pending litigations which would impact its financial position except the one given below:

NOTE 26 : EMPLOYEE BENEFITS

a) DEFINED CONTRIBUTION PLAN

Provident Fund:

The contributions to the Provident Fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution. The Superannuation Fund constitutes an insured benefit, which is classified as a defined contribution plan as the Company contributes to an Insurance Company and has no further obligation beyond making payment to the insurance company.

b) DEFINED BENEFIT PLAN

Gratuity:

The liability in respect of future payment of gratuity to retiring employees on retirement is provided on the basis of actual number of year's entitlement pending to be paid as at the end of each year. The Company estimates and provides the liability towards gratuity on the basis of actuarial valuation made at the end of the year.

These benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and investment risk.

Provident Fund:

The Company manages the Provident Fund plan through a Provident Fund Trust for its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952 and is actuarially valued. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

c) Amounts Recognised as Expense:

xi) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2021		As at March 31, 2020	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)				
Future salary growth (1% movement)				

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Other details

Methodology Adopted for ALM	Projected Unit Credit Method
Usefulness and Methodology adopted for Sensitivity analysis	Sensitivity analysis is an analysis which will give the movement in liability if the assumptions were not proved to be true on different count. This only signifies the change in the liability if the difference between assumed and the actual is not following the parameters of the sensitivity analysis.

The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

NOTE 29 : FINANCIAL RISK MANAGEMENT

The activities of the Company exposes it to a number of financial risks namely market risk, credit risk and liquidity risk. The Company seeks to minimize the potential impact of unpredictability of the financial markets on its financial performance. The Company has constituted a Risk Management Committee and risk management policies which are approved by the Board to identify and analyze the risks faced by the Company and to set and monitor appropriate risk limits and controls for mitigation of the risks.

A. MANAGEMENT OF MARKET RISK:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks: interest rate risk, price risk and currency rate risk. Financial instruments affected by market risk includes borrowings, investments and derivative financial instruments. The Company has international trade operations and is exposed to a variety of market risks, including currency and interest rate risks.

(i) Management of interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company does not have any exposure to interest rate risks since its borrowings and investments are all in fixed rate instruments.

(ii) Management of price risk:

The Company invests its surplus funds in various debt instruments including liquid and short term schemes of debt mutual funds, deposits with banks and financial institutions and non-convertible debentures (NCD's). Investments in mutual funds and NCD's are susceptible to market price risk, arising from changes in interest rates or market yields which may impact the return and value of the investments. This risk is mitigated by the Company by investing the funds in various tenors depending on the liquidity needs of the Company.

(iii) Management of currency risk:

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has foreign currency trade payables and receivables and is therefore exposed to foreign exchange risk. The Company mitigates the foreign exchange risk by setting appropriate exposure limits, periodic monitoring of the exposures and hedging exposures using derivative financial instruments like foreign exchange forward contracts. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Company may be impacted due to volatility of the rupee against foreign currencies.

Company does not use derivative financial instruments for trading or speculative purposes.

Exposure to currency risk (Exposure in different currencies converted to functional currency i.e. INR) : Nil

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against US dollars at March 31 would have affected the measurement of financial instruments denominated in US dollars and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

A reasonably possible 5% strengthening (weakening) of the Indian Rupee against GBP/USD/EURO/AED at March 31 would have affected the measurement of financial instruments denominated in GBP/USD/EURO/AED and affected profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

NOTE 29 : FINANCIAL RISK MANAGEMENT (Contd.)

B. MANAGEMENT OF CREDIT RISK:

Credit risk refers to the risk of default on its obligations by a counterparty to the Company resulting in a financial loss to the Company. The Company is exposed to credit risk from its operating activities (trade receivables) and from its financing activities including investments in mutual funds, deposits with banks and financial institutions and NCD's, foreign exchange transactions and financial instruments.

Credit risk from trade receivables is managed through the Company's policies, procedures and controls relating to customer credit risk management by establishing credit limits, credit approvals and monitoring creditworthiness of the customers to which the Company extends credit in the normal course of business. Outstanding customer receivables are regularly monitored. The Company has no concentration of credit risk as the customer base is widely distributed.

Credit risk from investments of surplus funds is managed by the Company's treasury in accordance with the Board approved policy and limits. Investments of surplus funds are made only with those counterparties who meet the minimum threshold requirements prescribed by the Board. The Company monitors the credit ratings and financial strength of its counter parties and adjusts its exposure accordingly.

At March 31, 2021, the ageing for the financial assets as mentioned in the note below & that were not impaired (not provided for) was as follows.

Trade receivables

C. MANAGEMENT OF LIQUIDITY RISK:

Liquidity risk is the risk that the Company may not be able to meet its present and future cash obligations without incurring unacceptable losses. The Company's objective is to maintain at all times, optimum levels of liquidity to meet its obligations. The Company closely monitors its liquidity position and has a robust cash management system. The Company maintains adequate sources of financing including debt and overdraft from domestic and international banks and financial markets at optimized cost.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

NOTE 30 : HEDGE ACCOUNTING

The objective of hedge accounting is to represent, in the Company's financial statements, the effect of the Company's use of financial instruments to manage exposures arising from particular risks that could affect profit or loss. As part of its risk management strategy, the Company makes use of financial derivative instruments, including foreign exchange forward contracts, for hedging the risk embedded in some of its highly probable forecast investment.

For derivative contracts designated as hedge, the Company documents, at inception, the economic relationship between the hedging instrument and the hedged item, the hedge ratio, the risk management objective for undertaking the hedge and the methods used to assess the hedge effectiveness. The derivative contracts have been taken to hedge foreign currency risk on highly probable forecast investment. The tenor of hedging instrument may be less than or equal to the tenor of underlying highly probable forecast investment.

Financial contracts designated as hedges are accounted for in accordance with the requirements of Ind AS 109 depending upon the type of hedge. The Company applies cash flow hedge accounting to hedge the variability in the future cash flows on the overseas remittance to its subsidiaries, subject to foreign exchange risk.

The Company has a Board approved policy on assessment, measurement and monitoring of hedge effectiveness which provides a guideline for the evaluation of hedge effectiveness, treatment and monitoring of the hedge effective position from an accounting and risk monitoring perspective. Hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. The Company assesses hedge effectiveness on prospective basis. The prospective hedge effectiveness test is a forward looking evaluation of whether or not the changes in the fair value or cash flows of the hedging position are expected to be highly effective in offsetting the changes in the fair value or cash flows of the hedged position over the term of the relationship.

Hedge effectiveness is assessed through the application of critical terms match method & dollar off-set method. Any ineffectiveness in a hedging relationship is accounted for in the statement of profit and loss.

The table below enumerates the Company's hedging strategy, typical composition of the Company's hedge portfolio, the instruments used to hedge risk exposures and the type of hedging relationship:

Sr No	Type of risk/ hedge position	Hedged item	Description of hedging strategy	Hedging instrument	Description of hedging instrument	Type of hedging relationship

These are customized contracts transacted in the over-the-counter market.	Cash flow hedge

MS SECURITIES LIMITED

NOTE: '34' SIGNIFICANT ACCOUNTING POLICIES & NOTES ON ACCOUNTS

1. Corporate Information

MS Securities Limited (the Company) is a listed entity incorporated on 12th of February 1992. The Company's registered office is at 601B, Ashiana Plaza, Budh Marg, Patna-800001.

2. Basis of preparation, Measurement and Significant**2.1 Basis of Preparation and Measurement***a) Basis of Preparation*

The financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other relevant provisions of the Act.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle as twelve months for the purpose of the classification of assets and liabilities into current and non-current.

b) Basis of Measurement

These financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities (including derivative instruments) measured at fair value (refer accounting policy regarding financial instruments),
- Defined benefit plans – plan assets and share-based payments measured at fair value.
- Assets held for sale – measured at lower of carrying value or fair value less cost to sell.

2.2 Key estimates and assumptions

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The areas involving critical estimates or judgments are:

- i. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized; (Note 2.4 (a))
- ii. Recognition and measurement of provisions and contingencies, key assumptions about the likelihood and magnitude of an outflow of resources; (Note 2.4 (g))
- iii. Rebates and sales incentives accruals
- iv. Fair value of financial instruments (Note 2.3)

2.3 Measurement of fair values

The Company's accounting policies and disclosures require financial instruments to be measured at fair values.

The Company has an established control framework with respect to the measurement of fair values. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient

data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.4 Significant Accounting Policies

a) Property, Plant and Equipment

Recognition and measurement

Items of property, plant and equipment, other than Freehold Land, are measured at cost less accumulated depreciation and any accumulated impairment losses. Freehold land is carried at cost and is not depreciated.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

Subsequent expenditure

Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repair and maintenance are charged to profit and loss during the reporting period in which they are incurred.

Depreciation

Depreciation on Tangible Fixed Assets is provided on Written down Method (WDV) using the rates arrived at based on the useful lives of the respective assets prescribed in Schedule II to the Companies Act, 2013. Depreciation on amounts of additions to fixed assets during the year or on its disposal/

demolition/ destruction of fixed assets during the year is provided on pro-rata basis as per Schedule II. As per Note 7 to the Schedule II to the Companies Act, 2013, the carrying amount of the fixed assets as on 1st April, 2015 has been depreciated over the remaining useful life of the asset after retaining the residual value. Wherever the remaining useful life of the asset is NIL as per Schedule II, the carrying amount as on 1st April, 2015 is recognized in the opening balance of retained earnings. Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

b) Borrowing Costs

Interest and other borrowing costs attributable to qualifying assets are capitalized. Other interest and borrowing costs are charged to revenue.

c) Impairment of non-financial assets

An impairment loss is recognized whenever the carrying value of an asset or a cash-generating unit exceeds its recoverable amount. Recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. An impairment loss, if any, is recognized in the Statement of Profit and Loss in the period in which the impairment takes place. The impairment loss is allocated first to reduce the carrying amount of any goodwill (if any) allocated to the cash generating unit and then to the other assets of the unit, pro rata based on the carrying amount of each asset in the unit.

d) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, futures and currency options.

Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortized cost,
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI) except unquoted shares.

on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Equity investments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). There

is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The contractual rights to receive cash flows from the financial asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset. When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company assess on a forward looking basis the Expected Credit Losses (ECL) associated with its financial assets that are debt instruments and are carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applies a simplified approach. It recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Trade receivables are tested for impairment on a specific basis after considering the sanctioned credit limits, security deposit collected etc. and expectations about future cash flows.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable and incremental transaction cost.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Loans and borrowing

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require specified payments to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognized less cumulative amortization.

Where guarantees in relation to loans or other payables of subsidiaries are provided for no compensation, the fair values are accounted for as contributions and recognized as fees receivable under "other financial assets" or as a part of the cost of the investment, depending on the contractual terms.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

e) Inventories

Inventories are valued at lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Raw materials, packing materials and stores: Costs includes cost of purchase and other costs incurred in bringing each product to its present location and condition.

Finished goods and work in progress: In the case of manufactured inventories and work in progress, cost includes all costs of purchases, an appropriate share of production overheads based on normal operating capacity and other costs incurred in bringing each product to its present location and condition

If payment for inventory is deferred beyond normal credit terms, then the cost is determined by discounting the future cash flows at an interest rate determined with reference to market rates. The

difference between the total cost and the deemed cost is recognized as interest expense over the period of financing under the effective interest method.

f) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet includes cash at bank and on hand, deposits held at call with financial institutions, other short term highly liquid investments, with original maturities less than three months which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents cash and short term deposits as defined above is net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

g) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognized as finance cost.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent Assets are not recognized till the realization of the income is virtually certain. However, the same are disclosed in the financial statements where an inflow of economic benefit is probable.

Trading of the shares of the company is suspended at Calcutta Stock Exchange, Kolkata.

h) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of goods

Revenue from sale of goods is recognized when significant risks and rewards of ownership in the goods are transferred to the buyer.

The Company recognizes revenues on the sale of products, net of returns, discounts, sales incentives/rebate, amounts collected on behalf of third parties (such as sales tax) and payments or other consideration given to the customer that has impacted the pricing of the transaction.

Accumulated experience is used to estimate and provide for the discounts and returns. No element of financing is deemed present as the sales are made with normal credit days consistent with market practice.

Royalty & Technical Fees - Royalty is recognized on accrual basis in accordance with the substance of the relevant agreement.

Interest income -Interest on Deposits is recognized on time basis

Dividend income -Dividends are recognized in profit or loss on the date on which the Company's right to receive payment is established

i) **Employee Benefits**

i) **Short-term Employee benefits**

Liabilities for wages and salaries including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are classified as short term employee benefits and are recognized as an expense in the Statement of Profit and Loss as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) **Long Term Employee Benefits**

- Defined Contribution Scheme:The benefit includes contribution to EPF (Employee Provident Fund), ESI etc. The contribution is recognized during the period in which the employee renders service.
- Defined Benefits Plan:Provision for gratuity liability is made on the basis of premium actuarially assessed at the end of the period and intimated by the Life Insurance Corporation of India in terms of a policy taken with them.

j) **Income Tax**

Income tax expense/income comprises current tax expense income and deferred tax expense income. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in OCI. In which case, the tax is also recognized directly in equity or other comprehensive income, respectively.

Current Tax

Current tax comprises the expected tax payable or recoverable on the taxable profit or loss for the year and any adjustment to the tax payable or recoverable in respect of previous years. It is measured using tax rates enacted or substantively enacted by the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretations and establishes provisions where appropriate.

- Current tax assets and liabilities are offset only if, the Company has a legally enforceable right to set off the recognized amounts; and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred Tax

Deferred Income tax is recognized in respect of temporary difference between the carrying amount of assets and liabilities for financial reporting purpose and the amount considered for tax purpose.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilized such reductions are reversed when it becomes probable that sufficient taxable profits will be available.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be recovered.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.
- iii) Deferred tax asset / liabilities in respect of temporary differences which originate and reverse during the tax holiday period are not recognized. Deferred tax assets / liabilities in respect of temporary differences that originate during the tax holiday period but reverse after the tax holiday period are recognized.

k) Foreign Currency Transactions

i) Functional and Presentation currency

The Company's financial statements are prepared in Indian Rupees (INR “₹”) which is also the Company's functional currency.

ii) Transactions and balances

Foreign currency transactions are recorded on initial recognition in the functional currency using the exchange rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rate at the date the fair value is determined.

Exchange differences arising on the settlement or translation of monetary items are recognized in profit or loss in the year in which they arise except for the qualifying cash flow hedge, which are recognized in OCI to the extent that the hedges are effective.

l) Government grants

Government grants, including non-monetary grants at fair value are recognized when there is reasonable assurance that the grants will be received and the company will comply with all the attached conditions.

When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods necessary to match them with the costs that they are intended to compensate.

Government grants relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to the profit and loss on a straight line basis over the expected lives of the related assets

m) Dividend

The Company recognizes a liability for any dividend declared but not distributed at the end of the reporting period, when the distribution is authorized and the distribution is no longer at the discretion of the Company on or before the end of the reporting period. As per Corporate laws in India, a

distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

n) **Earnings Per Share**

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

o) **Payment to Auditors for services rendered: -**

	<u>Current Year</u>	<u>Prev. Year</u>
a) As Statutory Auditor	47,200.00	40,000.00
b) Other Services	17,700.00	17,700.00

p) Balance of Sundry receivables and payables are subject to formal confirmation. All sundry debtors are unsecured but considered good by the management to the extent of their book value.

q) Estimated amount of capital contracts remaining to be executed not provided for net of advances: - Rs. NIL (*Last year NIL*)

r) Claims against the company not acknowledged as debts - Nil.
