Dear Shareholders,

I am delighted to present to you the annual report for the fiscal year 2022-2023 of **NRB Industrial Bearings Limited**. Your company has continued to thrive in the ever-evolving global industrial bearings market, thanks to our unwavering focus on delivering high-quality products and exceptional customer service.

The global bearings market has been growing significantly, and we are proud to have maintained our position as a leading player in this market. According to The Business Research Company, the global bearings market grew by 9% at a compound annual growth rate (CAGR) over the past year. The Russia-Ukraine war has disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. Economic sanctions on multiple countries have led to supply chain disruptions, causing inflation across goods and services and affecting many markets worldwide. The bearings market is expected to grow at an annual rate of 8.6% in the next five years.

At NRB Industrial Bearings Limited, we have capitalised on these trends through constant investment in research and development as well as our commitment to providing innovative and reliable bearing solutions. We have been investing in our manufacturing facilities and improving our production processes. Additionally, we have been targeting the rapidly growing manufacturing sector in developing countries to meet the growing demand for our products. We are happy to report that our efforts have paid off, and we have registered substantial business growth in 2022–23.

We have achieved several other milestones, including the JIPM Award for TPM Excellence in Category 'A' and the highest-ever domestic and export business. Our success is a testament to the dedication and hard work of our talented NIBL team, who have continued to deliver exceptional value to our customers and stakeholders despite the challenging economic landscape.

Looking ahead, emerging markets, such as India, are expected to be key drivers of growth in the global market. India's economic outlook for 2024 is positive, with reports from The International Monetary Fund (IMF) expecting India to grow by 5.9% in FY 2023–24 and at an average rate of 6.1% over the next five years.

Despite the challenges presented, we remain focused on expanding our presence in emerging markets and delivering innovative and reliable bearing solutions to our customers. We are also committed to sustainability and social responsibility, and we will continue to prioritise these values in all our operations.

We would like to take this opportunity to express our gratitude to our shareholders for their continued support and confidence in our vision. We also want to thank our customers, partners, NIBL Team, and communities for their trust and collaboration, which have been critical to our success.

In conclusion, we are excited about the future of NRB Industrial Bearings Limited, and we are confident in our ability to continue delivering value to all our stakeholders. We remain committed to our mission of creating consistent value for our customers and supply chain partners, maximising shareholder value, and achieving long-term growth.

Thank you for your continued support.

Sincerely,

Devesh Sahney
Chairman & Managing Director

- j. Subject to receipt of requisite number of votes, the Resolutions shall be deemed to be passed on the date of the Meeting, i.e. Tuesday, 8th August 2023.
- k. Information and other instructions relating to e-voting are as under:
 - (i) The voting period begins on Saturday, August 5th, 2023, at 9.00 a.m. and ends on Monday, August 7th, 2023 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized

form, as on the cut-off date (record date) of Tuesday, 1st August 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (i) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF COMPANIES ACT, 2013

Item 3:

The Members of the Company at the 7th Annual General Meeting ('AGM') held on August 02, 2018, had approved the re-appointment of Deloitte Haskins & Sells, Chartered Accountants (ICAI Firm Registration No.117365W) ("Deloitte"), as the Statutory Auditors of the Company for a period of 5 years commencing from the conclusion of the 7th AGM until the conclusion of the 12th AGM. Accordingly, Deloitte would be completing its second term of five years at the conclusion of this 12th AGM.

In accordance with the provisions of Section 139, 142 and other applicable provisions of the Companies Act, 2013 ('the Act') read with the Companies (Audit and Auditors) Rules, 2014, the Company can appoint or reappoint an audit firm as Statutory Auditors for not more than two terms of five consecutive years.

The Board of Directors, at its meeting held on May 25, 2023, based on the recommendation of the Audit Committee, approved the appointment of M/s. SRBC & CO LLP, (Firm's Registration No. 324982E/E300003) for the first term of five years to hold office from the conclusion of the 12th AGM till the conclusion of the 17th AGM to be held in the year 2028, at a remuneration upto 38 Lakhs plus applicable taxes and reimbursement of out-of-pocket expenses and proposed the same for approval of the members. Besides the audit services, the Company would also obtain certifications which are to be mandatorily received from the statutory auditors under various regulations. The Board of Directors and the Audit Committee shall approve the revision in the remuneration of the statutory auditors, for the balance part of the tenure, based on the performance review and any additional efforts on account of changes in regulations or management processes, business acquisitions, internal restructurings or other considerations.

M/s. SRBC & CO LLP has consented to their appointment and confirmed that their appointment if made, would be in accordance with Section 139 read with Section 141 of the Act. M/s. SRBC & CO LLP has also furnished a declaration confirming its independence in terms of section 141 of the Act and declared that it has not taken up any prohibited non-audit assignments for the Company. Based on the recommendation made by the Audit Committee, after considering the experience and expertise of M/s. SRBC & CO LLP, the Board recommends the appointment of M/s. SRBC & CO LLP for the term of 5 years, as set out in the Resolution no. 3, for approval of the Members as an Ordinary Resolution.

None of the Director, Key Managerial Personnel, or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Item 4:

As per the provisions of Section 188 of the Companies Act, 2013, transactions with related parties which are on an arm's length basis and in the ordinary course of business, are exempted from the obligation of obtaining prior approval of shareholders. However, such transactions, if material, require the approval of shareholders through a resolution, notwithstanding the fact that the same are at an arm's length basis and in the ordinary course of business, as per the requirements of the provisions of Regulation 23(4) of the SEBI Listing Regulations.

SEBI has notified SEBI (Listing Obligation and Disclosure Requirements) (Sixth Amendment) Regulation, 2021, effective from April 1, 2022. Pursuant to the amendments to clause (zc) of Regulation 2(1) read with the proviso to Regulation 23(1) of the SEBI Listing Regulations, which will be effective from April 1, 2022, transactions involving transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand will be considered as "related party transactions", and as "material related party transactions", if the transaction to be entered into individually or taken together with previous transactions during a financial year, exceeds Rs. 1,000 crore or 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower. Further, such material related transaction shall require prior approval of shareholders through resolution and no related party shall vote to approve such resolutions whether the entity is a related party to the particular transaction or not.

The Company lends/borrows funds and guarantees to its group entities from time to time including NRB-IBC Bearings Private Limited, as and when there is requirement of funds for working capital needs. The said transactions are in ordinary course of business and at arms' length and approved by the Audit Committee and the Board of the Directors vide its meeting held on February 9, 2023.

The Company may be required to enter contracts and / or transactions and / or arrangements, as stated below. These transactions, between the Company and / or its Associate companies on one side and related party of the Company on the other side, may exceed the materiality threshold limit as prescribed under the SEBI Listing Regulations. All these transactions will be executed at an arm's length basis and in the ordinary course of business of the Company / or its Associate companies and have been approved by the Audit committee and the Board of Directors at their respective meetings held on February 9, 2023.

The Company vide postal ballot notice dated February 9, 2022, sought approval of the Shareholders for entering into material related party transactions for the Company/its subsidiaries on one hand and a related party of the listed entity on the other hand for financial year 2023-24. The said transactions were approved by the Shareholders and passed with requisite majority on March 20, 2023.

Subsequently, SEBI vide Circular No. SEBI/HO/CFD/CMD1/ CIR/P/2021/662 dated April 08, 2022 has issued clarification on the period of validity of the omnibus approval where the transactions are material and shareholders' approval is also required. The said Circular specifies that the shareholders' approval of omnibus RPTs approved in an AGM shall be valid upto the date of the next AGM for a period not exceeding fifteen months. In case of omnibus approvals for material RPTs, obtained from shareholders in General meetings other than AGMs, the validity of such omnibus approvals shall not exceed one year.

In view of the aforesaid clarification issued by SEBI, approval of the shareholders is sought for the material related party transactions to be entered between the Company and/or its subsidiaries on one side and related party of the Company on the other side, which may exceed the materiality threshold limit as prescribed under the SEBI Listing Regulations from 12th AGM till 13th AGM of the Company, for a period not exceeding fifteen months. All these transactions will be executed at an arm's length basis and in the ordinary course of business of the Company / or its subsidiaries and have been approved by the Audit committee and the Board of Directors at their respective meetings.

Therefore, keeping in view the intent of the Companies Act, 2013, SEBI Listing Regulations, and for better corporate governance, the Company seeks approval of the Members is sought for the following transactions / arrangements entered into with NRB-IBC Bearings Private Limited:

The key details regarding the transactions /arrangements and disclosure as required under Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 are given below for perusal:

MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

I. Outlook/ Business Overview

The Indian economy showed signs of recovery in FY 2022–23, with increased demand and the manufacturing sector operating at nearly full capacity. Domestic demand for all products, including engineering and industrial products, experienced growth during this period.

Economic reports indicate that the Indian economy has grown positively and substantially in 2022–23, following a contraction during the COVID-19 pandemic in 2020–21. Overall, industrial activities in the domestic market are thriving, although export business, particularly in Europe, has been fluctuating due to the ongoing war situation. The agriculture and allied sectors have remained stable and have shown sustainable growth in 2022–23.

For the fiscal year 2023-24, the Indian economy is estimated to grow at around 6%. However, maintaining a high growth trajectory presents a challenge due to uncertainties arising from the ongoing geopolitical crisis, which has led to a surge in global financial market volatility. It is important to note that the impact of these uncertainties is primarily limited to specific countries. The driving force behind industrial growth is India's domestic demand, and the initiation of new infrastructure projects further boosts this demand. The Indian economy is well positioned to tackle the challenges of 2023–24 and continue its growth.

In FY 2022–23, NRB Industrial Bearings Limited focused on cost containment, optimising resource utilisation, and restructuring actions to address the changing demand environment. These efforts allowed us to provide the best value to our customers and achieve a growth rate of 16% during this period.

In the Indian bearing market, approximately 60% of the consumption is fulfilled through domestic production, while the remaining 40% is fulfilled through imports. Demand dynamics show that Original Equipment Manufacturers (OEMs) account for 60% of the demand, while the rest is driven by the aftermarket and exports.

The industrial segment relies heavily on domestically manufactured bearings, which are used in applications such as general machines and motors, electrical equipment (fans and appliances), and heavy industries. Indian-bearing manufacturers derive a

significant share of their revenue from exports and the aftermarket business.

The growth in the OEM sector in the Indian market is a positive indication of the acceptability of Indian-made products in terms of their quality and performance, both domestically and globally. Effective supply chain management and a cost-effective approach are crucial for maintaining growth in the industrial segment. The global bearing market is mature, with dynamic market demand closely related to the engineering industry and capital goods.

Continuous upgrading of existing products to optimise performance, along with new product development, serves as the growth engine for engineering products. Offering comprehensive combined solutions and ensuring total ownership are critical for profitable growth. Research and Development (R&D) will play a vital role in developing new solutions and offering innovative bearing solutions to meet evolving market needs.

In conclusion, NRB Industrial Bearings Limited has capitalised on the recovering Indian economy and focused on cost containment and resource optimisation to achieve a growth rate of 16% in FY 2022–23. The company recognises the importance of supply chain management, cost-effectiveness, continuous product development, and innovation in maintaining growth in the industrial segment. By staying at the forefront of technological advancements and investing in R&D, we aim to provide high-quality bearing solutions that meet the demands of our customers.

and see how we develop the future of work at NIBL Group.

III. Environment, Health and Safety

A safe workplace is an efficient workplace. It promotes physical and mental wellbeing of employees. When the proper safety protections are in place, employees feel safe doing their job, are more productive, are more likely to take personal accountability and be engaged in work. It prevents workplace accidents, injuries, and occupational illness, thereby ensuring the overall health and safety of employees.

We at NIBL provides trainings to employees on the safety measures and has zero tolerance towards negligence provoking hazards accidents. There are regular programs conducted in order to literate employees at shop floor level and staff.

There are mock fire drills conducted so that employees are equipped to handle any kind of accidental situations. A safe working place enhances productivity and efficiency. When employees feel secure, they can focus on their tasks without unnecessary distractions or fear of injury. It also reduces the number of accidents, disruptions, and downtime caused by injuries, which can significantly impact productivity.

We also organize health checkup for our employees as we believe work can be stressful. The stress can give rise to various diseases which eventually affect the person's performance at workplace and lays a negative effect on the organization's strength. Therefore, the health of the staff is always a priority at NIBL.

IV. Human Resources

Since its inception, your Company has always viewed its employees as its greatest asset. We concentrate on making the most of the human resources that are at the disposal of the organization and enhance the performance of employees to achieve the organization's objectives. We try to keep the balance between employee needs and satisfaction and an organization's profitability and capability to reach its objectives.

Guidance on a harassment-free workplace is adopted in Company's Code of Conduct and the Company's Human Resource, Sexual Harassment and Affirmative Action Policies. Creating a harassment-free workplace takes into account the commitment from both leadership and employees at all levels.

Creating a harassment-free workplace is crucial for fostering a safe and inclusive environment where all individuals can thrive and contribute to their fullest potential. To establish a harassment-free workplace, here are clear policies are defined. Regular training sessions (classroom as well as e-learning) are conducted for all employees to raise awareness about harassment, its impact, and the responsibilities of each individual to prevent and address it. These compliance trainings are mandatory for all employees.

A zero-tolerance policy for harassment is established in the company which is also included in the Induction Training process.

Safety Governance Structure

Safety is of utmost importance. Your Company had organized Safety Week at our Shendra plant, wherein we provided fire safety training to our employees and conducted safety mock drill. The employees participated enthusiastically in the competitions organized as a part of the Safety Week celebrations.

This year's theme of the National Safety Week was "Our Aim - Zero Harm". The theme emphasizes the significance of protecting society as a whole and creating more opportunities to improve our safety culture. The goal of the safety week is to spread safety awareness amongst all the employees to make the workplace safer. The competitions are a motivation to people to make the workplace safer for all.

Equal opportunity to all

NIBL recognizes and values the differences in employee 'backgrounds and skills' and promotes equal access to employment and supply opportunities without discrimination. We agree not to discriminate against any employee or job applicant because of race, color, religion, national origin, sex, physical or mental disability, or age.

All the cases are evaluated objectively and fairly. Any alleged violation of the equal opportunity policies, will be investigated and, if found valid, acted upon.

Positive working environment:

Company emphasis and make all possible efforts to create a positive working environment for its employees. We believe in creating workplaces where there is trust, cooperation, safety, risk-taking support, accountability, and equity. Such environment encompasses a level of respect, empathy and overall understanding between colleagues.

Company arranges various employee engagement activities to bring them closer and making a great place to work. Engaged employees care about their work and about the performance of the company, and feel that their efforts make a difference. Employee engagement activities like competitions, celebration of national festivals are carried out. The weekly "Chai Pe Samwaad" awards the achievements of the team members, celebrates birthdays, and acts as a forum to bring together all functions to know the achievements and support required to meet the objectives.

INDEPENDENT AUDITOR'S REPORT

To The Members of NRB INDUSTRIAL BEARINGS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **NRB Industrial Bearings Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us [and the audit evidence obtained by the branch auditors and other auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 17A(h) to the standalone financial statements regarding the increase in the authorized share capital of the Company by passing members' resolution through postal ballot and conversion of unsecured interest free loan into 2% Redeemable Cumulative Non-Convertible preference shares to a Promoter shareholder of Rs. 6.50 Crores.

In the event, the said Promoter pursues and is successful in setting aside the Scrutinizer's report then the impact, if any, of the above on the financial statements would depend on any future course of action by either parties in this regard.

Our opinion is not modified in this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Auditor's Response
1	Inventory - Provision for slow and non-moving inventory of finished goods. The Company is in the business of manufacturing of industrial bearings. Determination of saleability of slow moving and non-moving Finished Goods inventory involves significant management judgment and estimate.	1. We have evaluated the design and tested the implementation of internal controls including operating effectiveness of such internal controls on the management's judgements exercised for provisions made and underlying data, assumption used and record maintained for determination of saleability of slow moving and non-moving finished goods.

Sr. No.	Key Audit Matter	Auditor's Response
	<p>The Company has certain non-moving finished goods inventory as at March 31, 2023 lying at factory. This inventory is physically verified quarterly by the Company. Management applies judgment in determining the appropriate provisions for such slow and non-moving finished goods inventory based upon its detailed analysis of old inventory, net realizable value, quarterly movement of such inventory, its physical condition, future use and sales projections for the said inventory. Accordingly determining the saleability of such slow / non-moving inventory and consequently, the amount of provision required for such inventory requires the Company to make significant judgment and estimates and therefore has been considered as a key audit matter.</p> <p>Refer to Note 2(f) and 11 of the standalone financial statements for the above matter.</p>	<p>2. We have evaluated the design and tested the implementation and operating effectiveness of review controls on the reasonableness of sales projections for the slow-moving Finished Goods inventory.</p> <p>3. We have performed audit procedures directly on the information (such as inventory ageing report amongst others) which is being relied upon by the management. This includes agreeing summary information to underlying data and tracing a selection of information from the entity's underlying data into the information as well as identifying and obtaining audit evidence to support the key assumptions underlying the estimate.</p> <p>4. We have observed physical verification of inventory conducted by the Company during the year and on a test check basis, verified the samples of provisions made with basis, assumptions, approval and supporting documents used by the management.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures to the Director's Report, Management's Discussion and Analysis Report and Corporate Governance Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of **NRB Industrial Bearings Limited** on the standalone financial statements for the year ended March 31, 2023)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of **NRB Industrial Bearings Limited** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements .

Meaning of Internal Financial Controls with reference to standalone financial statements

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of **NRB Industrial Bearings Limited** on the standalone financial statements for the year ended March 31, 2023)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) Property, plant and equipment and Intangible assets:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work in progress and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years, which, in our opinion, is reasonable having regards to the size of the Company and the nature of its assets. In accordance with the programme all the items of property, plant and equipment were physically verified during the previous period.

(c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered title deed provided to us, we report that the title deed of the flat is held in the name of the Company as at the balance sheet date.

In respect of immovable property of building constructed on leasehold land, disclosed as Property, Plant and Equipment in the financial statements, the lease agreement has been pledged as security for loans, based on the confirmation directly received by us from Lenders, the lease agreement is in the name of the Company where the Company is lessee in the agreement.

(d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) Inventories:

(a) The inventories except for goods-in-transit and stocks held with third parties were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories/alternate procedures performed as applicable, when compared with the books of account.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from bank on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising stock statements and book debt statements filed by the Company with such bank are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed.

(iii) Loans, Investments etc:

(a) The Company stood guarantee during the year and details of which are given below:

(Rs. in Lakhs)

Sr. No.	Particulars	Guarantees and Security given
A	Aggregate amount granted / provided during the year:	
	- Associates	675.00
B.	Balance outstanding as at balance sheet date in respect of above cases:	
	- Associates	675.00

The Company has not made any investments in, or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year other than those reported above.

- (b) The guarantees provided and security given and the terms and conditions of guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) The Company has not provided any loans nor advances in the nature of loans during the year hence, reporting under clause iii (c), (d), (e) and (f) of the Order is not applicable

(iv) Section 185 and 186:

The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

(v) Public Deposits:

The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Cost Records:

The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) Statutory dues:

According to the information and explanations given to us, in respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, duty of Custom, Cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities though there has been a delay in respect of remittance of Income tax and Profession tax dues.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on March 31, 2023 are given below

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount Involved (Rs.in Lakhs)	Amount Unpaid (Rs.in Lakhs)
Central Excise Act	Assessment Dues	Commissioner (Appeals)- Central Excise	FY 2014-15 to 2017-18	207.61	193.38

(viii) Undisclosed Income:

There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income-tax Act, 1961 (43 of 1961) during the year.

(ix) Borrowings:

- (a) Loans amounting to Rs. 3,684.15 Lakhs outstanding as at March 31, 2023 are repayable on demand and terms and

conditions for payment of interest thereon have not been stipulated. According to the information and explanations given to us, such loans and interest thereon have not been demanded for repayment during the financial year. In our opinion, the Company has not defaulted in the repayment of loans or in the payment of interest thereon during the year.

In our opinion other than mentioned above, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company has not made any investment in or given any new loan or advances to any of its associates during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- (f) The Company has not raised loans during the year on the pledge of securities held in its associate companies.

(x) Issue of securities:

- (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, the Company has made private placement of shares during the year under review.

In respect of the above issue, we further report that:

- a) the requirement of Section 42 of the Companies Act, 2013, as applicable, have been complied with; and
- b) the amounts raised have been applied by the Company during the year for the purposes for which the funds were raised. Also refer Emphasis of Matter section of our audit report.

(xi) Fraud:

- (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) Nidhi company:

The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) Related parties:

In our opinion, the Company is in compliance with section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) Internal audit:

- (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 31, 2023 for the period under audit.

(xv) Non-cash transactions:

In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) 45-IA:

(a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(b) The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xv) Cash loss:

The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.

(xvi) Resignation of statutory auditors:

There has been no resignation of the statutory auditors of the Company during the year.

(xvii) Ability to pay liabilities:

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xviii) CSR unspent amount:

The Company was not having net worth of Rs. 500 Crore or more, or turnover of Rs. 1,000 Crore or more or a net profit of Rs. 5 Crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1 Corporate information

NRB Industrial Bearings Limited (the Company) was incorporated on 24th day of February, 2011 as a Private Limited Company under the provisions of the Companies Act, 1956 (the 1956 Act). On the acquisition of equity shares of the Company on 4th November, 2011 by NRB Bearings Limited, a public limited company, the Company in terms of Section 3 (1) (iv) (c) of the 1956 Act became a Public Limited Company and the name of the Company was changed from "NRB Industrial Bearings Private Limited" to "NRB Industrial Bearings Limited".

The Scheme of Arrangement (the Scheme) for the transfer of Industrial Bearings Undertaking of NRB Bearings Limited (NRB) to the Company under section 391 to 394 read with section 100 to 103 of the Companies Act, 1956 was sanctioned by the Hon'ble High Court of Judicature, Bombay on 24th August 2012. The Scheme, which has become operative from 25th September, 2012 upon filing of the certified copies of the Orders of the Hon'ble High Court with the Registrar of Companies became effective from 1st October, 2012 (the Appointed Date). Pursuant to the Scheme, with effect from the Appointed date the Industrial Bearings Undertaking of NRB is transferred and vested in the Company as a going concern, with all its assets, liabilities, properties, rights, benefits and interest therein subject to existing charges thereon.

In terms of the Scheme, in consideration of the transfer and vesting of the Industrial Bearings Undertaking of NRB, in respect of every 4 equity shares of Rs. 2 each, held by the shareholders of NRB, 1 equity share of Rs. 2 each fully paid up aggregating 24,230,650 equity shares have been issued and allotted on 31st October, 2012, to the shareholders of NRB whose names appeared in the Register of Members, as on 25th October, 2012, being the record date.

All the staff, workmen and employees of Industrial Bearings Undertaking of NRB in service as on 1st October, 2012 have become staff, workmen and employees of the Company without any break in their service.

In terms of the Scheme, the Company recorded all the assets and liabilities pertaining to the Industrial Bearings Undertaking, at the respective book values appearing in the books of NRB as on the Appointed Date. The Company credited to its share capital account, the aggregate face value of the equity shares issued by it pursuant to the Scheme. The difference of

Rs. 5,700.16 lakhs between excess of net assets and the amount credited as share capital after adjusting the cancellation of existing share capital of the Company held by NRB has been credited to Capital Reserve. The equity shares allotted have been listed on the Bombay Stock Exchange and the National Stock Exchange on 9th April, 2013.

The Company is engaged in the business of manufacturing and selling of all types of industrial bearings.

The address of its registered office is 2nd floor, Dhannur building, 15, Sir P.M. Road, Fort, Mumbai – 400 001, Maharashtra, India.

The Company has formal Plan for improving profitability of the Company, which mainly includes increase in sales and reduction in operating expenses which are based on board approved projections. Based on the above and commitment of financial support from its promoter director to meet financial obligations as they fall due over the next twelve months, the financial statement of the Company are prepared on a going concern basis.

2 Significant accounting policies**a. Statement of compliance and Basis of preparation and presentation**

These financial statements are the separate financial statements of the Company prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

All values are rounded off to the nearest lakhs.

The financial statements are presented in Indian currency (INR) which is the Company's functional and presentation currency.

The financial statements were approved for issue by the board of directors on May, 25 2023.

The financial statements have been prepared on an accrual basis under the historical cost convention except for certain financial instruments which have been measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

All assets and liabilities are classified as current if it is expected to realise or settle within twelve months from the Balance Sheet date.

b. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future

economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit or loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on tangible property, plant and equipment is calculated on straight line basis based on the useful life in accordance with part C of Schedule II of the Companies Act, 2013 other than the following assets class for which useful life has been determined based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, etc.

	Assets	Useful life in years
a)	Plant and Machinery	20
b)	Furniture and Fixtures	15
c)	Electrical Installations	20
d)	Computers	6
e)	Vehicles	10

c. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on straight line basis over their estimated useful life of 6 years. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effects of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment loss.

d. Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit or loss.

e. Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions or at rates that closely approximate the rate at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the Statement of profit or loss in the period in which they arise.

f. Inventories

Inventories are valued at lower of cost (on weighted average basis) and the net realizable value. Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of conversion and other costs are determined on the basis of standard cost method adjusted for variances between standard costs and actual costs.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g. Revenue recognition

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Sale of goods

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Sale of services

Sale of services are recognised at a point in time.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established. Interest income is accounted on time proportionate basis.

Rental income

The Company's policy for recognition of revenue from operating leases is described in note 2 h. below.

h. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The Company as lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

The Company as lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost at the commencement date. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company uses its incremental borrowing rate as the discount rate.

After the commencement date, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and the lease liability is measured by (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any

reassessment or lease modifications, or to reflect revised in-substance fixed lease payments. Interest on the lease liability in each period during the lease term is the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. Interest expense on the lease liability is a component of finance costs.

Transition to Ind AS 116:

The Company has adopted Ind AS 116 using the modified retrospective approach effective April 1, 2019.

The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments. The Company has paid the entire lease premium for the lease hold land as a result of which there is no corresponding Lease liability against the Right-of-Use asset. The nature of expenses in respect of operating leases has changed from lease rent, included in other expenses, in previous year to depreciation cost for the right-to-use asset.

i. Employee benefits

Retirement benefit costs and termination benefits:

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Contributions to Provident and Family Pension Fund and Superannuation scheme, a defined contribution plan are made as required by the statute and expensed in the Statement of Profit or Loss.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to Statement of Profit or Loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Past service cost is recognised in Statement of Profit or Loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit liability. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit or Loss in the line item "Employee benefits expense". Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Short-term and other long-term employee benefits:

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employee upto the reporting date.

j. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended

use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in Statement of Profit or Loss in the period in which they are incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan.

k. Taxes on Income

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit Before Tax' as reported in the Statement of Profit or Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively.

I. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

m. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax available for equity shareholders by the weighted average number of equity shares outstanding during the period.

n. Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

o. Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

p. Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit or Loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Investments in associates

The Company accounts for its investments in associates at cost less accumulated impairment, if any.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

The Company derecognises a financial asset

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of profit or loss if such gain or loss would have otherwise been recognised in the Statement of profit or loss on disposal of that financial asset.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit or Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Compound financial instruments

The component parts of compounded financial instruments (non-convertible preference shares) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument.

At the date of issue, the fair value of liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished at the instrument's maturity date.

Equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole.

This is recognised and included in equity, and is not subsequently remeasured.

Transaction costs that relate to the issue of the instrument are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the instrument using the effective interest method.

Financial Liabilities

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss, depending on the classification of the financial liabilities.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of profit or loss.

Derivative financial instruments:

The Company enters into derivative contracts to manage its exposure to foreign exchange rate risk and interest rate risk, including call spread currency option and interest rate swap.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

resulting gain or loss is recognised in the Statement of Profit or Loss immediately.

3 Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No.2.b	Property, plant & equipment
Note No.2.c	Intangible assets acquired separately
Note No.2.i	Employee benefits

4 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. - (h) Pursuant to the members' resolution passed dated November 29, 2019 for conversion of unsecured loan of a Promoter shareholder into 2% Redeemable Cumulative Non- convertible Preference Shares of Rs. 10 each ("Preference Shares"), the Company, during the year, sought to increase its authorized share capital from Rs. 85 Crore (Equity share capital Rs. 5 Crore and Preference share capital Rs. 80 Crore) to Rs. 99 Crore (Equity share capital Rs. 5 Crore and Preference share capital Rs. 94 Crore) by obtaining an approval from members via a resolution approved through a postal ballot dated March 20, 2023.
During the voting period for such postal ballot, the Scrutinizer invalidated the vote of a Promoter shareholder, who had initially voted against the resolution and later (during the voting period) communicated the decision to vote in favour of the said resolution. Accordingly, the Scrutinizer, in accordance with Clause 16.5.4 (d) of SS-2 'Secretarial Standard on General Meetings' while counting the votes and declared that the resolution to increase the authorized share capital was passed by absolute majority ('the decision').
Subsequently, the Scrutinizer received communication from another Promoter shareholder challenging 'the decision'/ result published by the Scrutinizer . The Company is of the view, supported by legal opinions, that the Scrutinizer's decision is appropriate and accordingly the resolution for increase in authorised capital is valid.

Note 35 : Employee Benefits

Brief description of the Plans:

1) Defined contribution plans :

a) Provident and Family Pension Fund

The eligible employees of the company are entitled to receive post employment benefits in respect of provident and family pension fund, in which both employees and the company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the company has no further obligations beyond making the contribution.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023**b) Superannuation**

The eligible employees of the company are entitled to receive post employment benefits in respect of superannuation scheme, in which the company makes quarterly contributions at 15% of employees' eligible salary. Superannuation scheme is classified as Defined Contribution Plan as the Company has no further obligations beyond making the contribution.

The Company has recognized, in the Statement of Profit and Loss for the year, an amount of Rs. 108.87 lakhs (March 31, 2022 Rs. 97.69 lakhs) as expenses under defined contribution plans.

(Rs. in lakhs)

Benefit (Contribution to)	Year ended March 31, 2023	Year ended March 31, 2022
i) Employer's Contribution to Provident Fund	47.21	39.73
ii) Employer's Contribution to Family Pension Fund	36.57	37.02
iii) Employer's Contribution to Superannuation Fund	25.09	20.95
Total	108.87	97.69

2) Defined Benefit Plans : (Gratuity Funded)

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service, without any payment ceiling. Vesting occurs upon completion of five years of service.

Nature of benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

Governance of plan:

The Trust established for the purpose, has arrangement with Insurance Company (currently HDFC Standard Life Insurance Company Limited and Kotak Life Insurance Company Limited) for future payments of gratuities on behalf of the Trust.

Inherent risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The most recent actuarial valuation of the present value of the defined benefit obligation was carried out at March 31, 2023 by an independent actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

H. Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is: **Rs. In Lakhs**

Principal assumptions	Year	Changes in	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	2023	1%	(16.02)	18.07
	2022	1%	(14.85)	16.94
Salary escalation rate	2023	1%	18.33	(16.52)
	2022	1%	17.11	(15.24)
Employee Turnover	2023	1%	2.93	(3.31)
	2022	1%	2.28	(2.60)

The above sensitivity analyses are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

I. Expected future benefits payable - Maturity profile of defined benefit obligation

Note 39 : Capital management and Risk management

I Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or combination of short term/long term debt as may be appropriate.

II Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on payment performance over the period of time. The Company's exposure of its customers are continuously monitored based on the customer's past performance and business dynamics. Credit exposure is controlled by customer's credit limits that are reviewed and approved by the management at regular intervals.

An impairment analysis is performed at each reporting date. The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and where applicable, specific provisions are made for individual receivables.

B LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by way of banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Interest Rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market interest rate. As at March 31, 2023 and as at March 31, 2022 the Company does not have significant interest rate risk as the Company's debt obligations are with fixed interest rates.

C Market Risks

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage any significant market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

(i) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

INDEPENDENT AUDITOR'S REPORT

To The Members of NRB INDUSTRIAL BEARINGS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of NRB Industrial Bearings Limited ("the Parent"/ "the Holding Company") and the Group's share of profit in its associates, which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended 'Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 17A(h) to the consolidated financial statements regarding the increase in the authorized share capital of the Company by passing members' resolution through postal ballot and conversion of unsecured interest free loan into 2% Redeemable Cumulative Non-Convertible preference shares to a Promoter shareholder of Rs. 6.50 Crores.

In the event, the said Promoter pursues and is successful in setting aside the Scrutinizer's report then the impact, if any, of the above on the financial statements would depend on any future course of action by either parties in this regard.

Our opinion is not modified in this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Inventory - Provision for slow and non-moving inventory of finished goods. The Parent is in the business of manufacturing of industrial bearings.	1. We have evaluated the design and tested the implementation of internal controls including operating effectiveness of such internal controls on the management's judgements exercised for provisions made and underlying data, assumption used and record maintained for determination of saleability of slow moving and non-moving finished goods.

Sr. No.	Key Audit Matter	Auditor's Response
	<p>Determination of saleability of slow moving and non-moving Finished Goods inventory involves significant management judgment and estimate.</p> <p>The Parent has certain non-moving finished goods inventory as at March 31, 2023 lying at factory. This inventory is physically verified quarterly by the Company. Management applies judgment in determining the appropriate provisions for such slow and non-moving finished goods inventory based upon its detailed analysis of old inventory, net realizable value, quarterly movement of such inventory, its physical condition, future use and sales projections for the said inventory. Accordingly determining the saleability of such slow / non-moving inventory and consequently, the amount of provision required for such inventory requires the Company to make significant judgment and estimates and therefore has been considered as a key audit matter.</p> <p>Refer to Note 2(f) and 11 of the consolidated financial statements for the above matter.</p>	<ol style="list-style-type: none"> 2. We have evaluated the design and tested the implementation and operating effectiveness of review controls on the reasonableness of sales projections for the slow-moving Finished Goods inventory. 3. We have performed audit procedures directly on the information (such as inventory ageing report amongst others) which is being relied upon by the management. This includes agreeing summary information to underlying data and tracing a selection of information from the entity's underlying data into the information as well as identifying and obtaining audit evidence to support the key assumptions underlying the estimate. 4. We have observed physical verification of inventory conducted by the Parent during the year and on a test check basis, verified the samples of provisions made with basis, assumptions, approval and supporting documents used by the management.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's/ Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures to the Director's Report, Management's Discussion and Analysis Report and Corporate Governance Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the associates, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's/ Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Parent and its Associates in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the Parent and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Parent and its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the

accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent/ Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the Parent and of its associates are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Parent and of its associates are also responsible for overseeing the financial reporting process of the Parent and of its associates.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent/ Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Parent and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Parent and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Parent and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such branches or entities or business activities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent/ Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Parent/ Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate companies incorporated in India, none of the directors of the Parent and its associate companies incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent/ Holding company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of the Parent. Reporting on the adequacy of Internal Financial Controls with reference to financial statements of the associates incorporated in India and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the associates in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated July 25, 2017.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information, the remuneration paid by the Parent/ Holding Company to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Parent and its associates - Refer Note 33(ii) to the consolidated financial statements.
 - ii) The Parent and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.

- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its, associate companies incorporated in India.
- iv) (a) The respective Managements of the Parent/ Holding Company and its associates which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such associates and respectively that, to the best of their knowledge and belief, as disclosed in the Note 43(ii) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent/ Holding Company or any of such associates to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent/ Holding Company or any of such associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of **NRB Industrial Bearings Limited** on the consolidated financial statements for the year ended March 31, 2023)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of NRB Industrial Bearings Limited (hereinafter referred to as “Parent”), as of that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Parent, is responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Parent’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Parent’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Parent’s internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent, has, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1. Basis of accounting and preparation of the Consolidated Financial Statements

The consolidated financial statements of the Company comprising of Balance Sheet, Statement of profit or loss, Statement of changes in Equity and Cash Flow Statement together with the notes have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [the Companies (Indian Accounting Standards) Rules, 2015] as amended and other relevant provisions of the Act.

All values are rounded off to the nearest lakhs.

The consolidated financial statements are presented in Indian currency (INR) which is the Company's functional and presentation currency.

The consolidated financial statements were approved for issue by the board of directors on 25 May, 2023.

The consolidated financial statements have been prepared on an accrual basis under the historical cost convention except for certain financial instruments which have been measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the

significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

All assets and liabilities are classified as current if it is expected to realise or settle within twelve months from the Balance Sheet date.

i. Principles of consolidation

The consolidated financial statements relate to the Company and share of profit / loss in its associate. The consolidated financial statements have been prepared on the following basis:

- a) The consolidated financial statements include the share of profit / loss of the associate company which has been accounted for using equity method as per Ind AS 28 "Investments in Associates and Joint ventures". Accordingly, the share of profit/ loss of the associate company (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments.
- b) The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be.
- c) The following associate have been considered in preparation of consolidated financial statements.

Particulars	Country of Incorporation	% of ownership interest
NRB – IBC Bearings Private Limited (NIBC)	India	35%
Korta Engineering India Private Limited (Korta India)	India	35%

ii. About the holding company:

The Company was incorporated on 24th day of February, 2011 as a Private Limited Company under the provisions of the Companies Act, 1956 (the 1956

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Act). On the acquisition of equity shares of the Company on 4th November, 2011 by NRB Bearings Limited, a public limited company, the Company in terms of Section 3 (1) (iv) (c) of the 1956 Act became a Public Limited Company and the name of the Company was changed from "NRB Industrial Bearings Private Limited" to "NRB Industrial Bearings Limited".

The Scheme of Arrangement (the Scheme) for the transfer of Industrial Bearings Undertaking of NRB Bearings Limited (NRB) to the Company under section 391 to 394 read with section 100 to 103 of the Companies Act, 1956 was sanctioned by the Hon'ble High Court of Judicature, Bombay on 24th August 2012. The Scheme, which has become operative from 25th September, 2012 upon filing of the certified copies of the Orders of the Hon'ble High Court with the Registrar of Companies became effective from 1st October, 2012 (the Appointed Date). Pursuant to the Scheme, with effect from the Appointed date the Industrial Bearings Undertaking of NRB is transferred and vested in the Company as a going concern, with all its assets, liabilities, properties, rights, benefits and interest therein subject to existing charges thereon.

In terms of the Scheme, in consideration of the transfer and vesting of the Industrial Bearings Undertaking of NRB, in respect of every 4 equity shares of Rs. 2 each, held by the shareholders of NRB, 1 equity share of Rs. 2 each fully paid up aggregating 24,230,650 equity shares have been issued and allotted on 31st October, 2012, to the shareholders of NRB whose names appeared in the Register of Members, as on 25th October, 2012, being the record date.

All the staff, workmen and employees of Industrial Bearings Undertaking of NRB in service as on 1st October, 2012 have become staff, workmen and employees of the Company without any break in their service.

In terms of the Scheme, the Company recorded all the assets and liabilities pertaining to the Industrial Bearings Undertaking, at the respective book values appearing in the books of NRB as on the Appointed Date. The Company credited to its share capital account, the aggregate face value of the equity shares issued by it pursuant to the Scheme. The difference of Rs. 5,700.16 lakhs between excess of net assets and the amount credited as share capital after adjusting the cancellation of existing share capital of the Company held by NRB has been credited to Capital Reserve. The equity shares allotted have been listed on the Bombay Stock Exchange and the National Stock Exchange on 9th April, 2013.

The Company is engaged in the business of manufacturing and selling of all types of industrial bearings.

The address of its registered office is 2nd floor, Dhannur building, 15, Sir P.M. Road, Fort, Mumbai – 400 001, Maharashtra, India.

2 Significant accounting policies

a. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit or loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on tangible property, plant and equipment is calculated on straight line basis based on the useful life in accordance with part C of schedule II of the Companies Act, 2013 other than the following assets class for which useful life has been determined based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, etc.

	Assets	Useful life in years
a)	Plant and Machinery	20
b)	Furniture and Fixtures	15
c)	Electrical Installations	20
d)	Computers	6
e)	Vehicles	10

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

b. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on straight line basis over their estimated useful life of 6 years. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effects of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment loss.

c. Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A

reversal of an impairment loss is recognised immediately in Statement of profit or loss.

d. Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions or at rates that closely approximate the rate at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the Statement of profit or loss in the period in which they arise.

e. Inventories

Inventories are valued at lower of cost (on weighted average basis) and the net realizable value. Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of conversion and other costs are determined on the basis of standard cost method adjusted for variances between standard costs and actual costs.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

f. Revenue recognition

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Sale of goods

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Sale of services

Sale of services are recognised on rendering of such services.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established. Interest income is accounted on time proportionate basis.

Rental income

The Company's policy for recognition of revenue from operating leases is described in note 2 g. below.

g. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

The Company as lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Lease term is a non-cancellable period together with periods

covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost at the commencement date. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company uses its incremental borrowing rate as the discount rate.

After the commencement date, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and the lease liability is measured by (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease payments. Interest on the lease liability in each period during the lease term is the amount that produces a constant periodic rate of interest on the remaining balance of the lease liability. Interest expense on the lease liability is a component of finance costs.

Transition to Ind AS 116:

The Company has adopted Ind AS 116 using the modified retrospective approach with effect from initially applying this standard from April 1, 2019. Accordingly, the information presented for previous year ended March 31, 2019 has not been restated and continues to be reported under Ind AS 17.

The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments. The Company has paid the entire lease premium for the lease hold land as a result of which there is no corresponding Lease liability against the Right-of-Use asset. The effect of adoption of Ind AS 116 on the loss for the year and earnings per share is not significant. The nature of expenses in respect of operating leases has changed from lease rent, included in other

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

expenses, in previous year to depreciation cost for the right-to-use asset.

h. Employee benefits

Retirement benefit costs and termination benefits:

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Contributions to Provident and Family Pension Fund and Superannuation scheme, a defined contribution plan are made as required by the statute and expensed in the Statement of profit or loss.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and is not reclassified to Statement of profit or loss. Past service cost is recognised in Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit liability. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of profit or loss in the line item "Employee benefits expense". Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic

benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Short-term and other long-term employee benefits:

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employee upto the reporting date.

i. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan.

j. Taxes on Income

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

k. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration

required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

l. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax available for equity shareholders by the weighted average number of equity shares outstanding during the period.

m. Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

n. Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

o. Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of profit or loss if such gain or loss would have otherwise been recognised in the Statement of profit or loss on disposal of that financial asset.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of

the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Compound financial instruments

The component parts of compound financial instruments issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument. At the date of issue, the fair value of liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished at the instrument's maturity date.

Equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, and is not subsequently remeasured.

Transaction costs that relate to the issue of the instrument are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the instrument using the effective interest method.

Financial Liabilities

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss, depending on the classification of the financial liabilities.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of profit or loss.

Derivative financial instruments:

The Company enters into derivative contracts to manage its exposure to foreign exchange rate risk and interest rate risk, including call spread currency option and interest rate swap. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of profit or loss immediately.

3 Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No.2.a	Property, plant & equipment
Note No.2.b	Intangible assets acquired separately
Note No.2.h	Employee benefits

4 Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. 65 lakhs 2 % Redeemable Cumulative Non -Convertible Preference shares of Rs. 10 each fully paid up were issued to a Promoter shareholder in March 2023 with redemption at the end of 10 years.

- (h) Pursuant to the members' resolution passed dated November 29, 2019 for conversion of unsecured loan of a Promoter shareholder into 2% Redeemable Cumulative Non- convertible Preference Shares of Rs. 10 each ("Preference Shares"), the Company, during the year, sought to increase its authorized share capital from Rs. 85 Crore (Equity share capital Rs. 5 Crore and Preference share capital Rs. 80 Crore) to Rs. 99 Crore (Equity share capital Rs. 5 Crore and Preference share capital Rs. 94 Crore) by obtaining an approval from members via a resolution approved through a postal ballot dated March 20, 2023.

During the voting period for such postal ballot, the Scrutinizer invalidated the vote of a Promoter shareholder, who had initially voted against the resolution and later (during the voting period) communicated the decision to vote in favour of the said resolution. Accordingly, the Scrutinizer, in accordance with Clause 16.5.4 (d) of SS-2 'Secretarial Standard on General Meetings' while counting the votes and declared that the resolution to increase the authorized share capital was passed by absolute majority ('the decision').

Subsequently, the Scrutinizer received communication from another Promoter shareholder challenging 'the decision'/ result published by the Scrutinizer . The Company is of the view, supported by legal opinions, that the Scrutinizer's decision is appropriate and accordingly the resolution for increase in authorised capital is valid.

Note 35 : Employee Benefits

Brief description of the Plans:

1) Defined contribution plans :

a) Provident and Family Pension Fund

The eligible employees of the company are entitled to receive post employment benefits in respect of provident and family pension fund, in which both employees and the company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the company has no further obligations beyond making the contribution

b) Superannuation

The eligible employees of the company are entitled to receive post employment benefits in respect of superannuation scheme, in which the company makes quarterly contributions at 15% of employees' eligible salary. Superannuation scheme is classified as Defined Contribution Plan as the Company has no further obligations beyond making the contribution.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

The Company has recognized, in the Statement of Profit and Loss for the year, an amount of Rs. 108.87 lakhs (March 31, 2022 Rs. 97.69 lakhs) as expenses under defined contribution plans.

(Rs. in lakhs)

Benefit (Contribution to)	Year ended March 31, 2023	Year ended March 31, 2022
i) Employer's Contribution to Provident Fund	47.21	39.73
ii) Employer's Contribution to Family Pension Fund	36.57	37.02
iii) Employer's Contribution to Superannuation Fund	25.09	20.95
Total	108.87	97.69

2) Defined Benefit Plans : (Gratuity Funded)

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service, without any payment ceiling. Vesting occurs upon completion of five years of service.

Nature of benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

Governance of plan:

The Trust established for the purpose, has arrangement with Insurance Company (currently HDFC Standard Life Insurance Company Limited and Kotak Life Insurance Company Limited) for future payments of gratuities on behalf of the Trust.

Inherent risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The most recent actuarial valuation of the present value of the defined benefit obligation was carried out at March 31, 2023 by an independent actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

H. Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. in lakhs)

Principal assumptions	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	2023	1%	(16.02)	18.07
	2022	1%	(14.85)	16.94
Salary escalation rate	2023	1%	18.33	(16.52)
	2022	1%	17.11	(15.24)
Employee Turnover	2023	1%	2.93	(3.31)
	2022	1%	2.28	(2.60)

The above sensitivity analyses are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

Note 39 : Capital management and Risk management

I Capital Management

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or combination of short term/long term debt as may be appropriate.

II Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

A CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on payment performance over the period of time. The Company's exposure of its customers are continuously monitored based on the customer's past performance and business dynamics. Credit exposure is controlled by customer's credit limits that are reviewed and approved by the management at regular intervals.

An impairment analysis is performed at each reporting date. The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and where applicable, specific provisions are made for individual receivables.

B LIQUIDITY RISK

(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by way of banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

Interest Rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market interest rate. As at March 31, 2023 and as at March 31, 2022 the Company does not have significant interest rate risk as the Company' s debt obligations are with fixed interest rates.

C Market Risks

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage any significant market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors .

(i) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The Company's foreign currency exposure are denominated in US Dollar, Euro and Japanese Yen and Emirati Dirham which arise mainly from foreign exchange imports, exports and foreign currency borrowings.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated financial assets and financial liabilities are as follows:
