TECHNOLOGY • TENACITY • TRANSFORMATION

As India’s largest premium innerwear and athleisure brand, we at Page Industries Limited are constantly adapting to the changing needs of the industry and consumers. Consumer preferences, technological advancements, and market dynamics push us to reinvent and stay ahead of the curve. The Company has placed a strong emphasis on leveraging Technology, demonstrating Tenacity, and moving towards Transformation to strive for our long-term goal of sustainable growth. These three pillars of Technology-Tenacity-Transformation, form the bedrock of our business ethos, encapsulating our journey over the past fiscal year and outlining our vision for the future.

Through a progressive and innovative approach, we continue to harness technology to drive our success. The recent implementation of a pull-based Auto Replenishment System, which ensures that inventory is continuously updated based on real-time demand, has not only enhanced inventory management efficiency but also reduced waste, ensuring that our valued customers always have seamless access to the products they desire.

Our tenacity, rooted in our commitment to growth, is evident in our expansion strategy that enables us to navigate obstacles and forge ahead in our pursuit of excellence. By strengthening presence in general trade and expanding our network of Exclusive Brand Outlets (EBOs), we have solidified our position as the market leader in the premium innerwear and athleisure segments.

Transformation, the third pillar, is at the heart of our brand’s evolution. We understand the significance of evolving with our customers’ changing needs and preferences. By integrating technology and introducing a range of premium quality products that embody latest trends in style and comfort, we have transformed the way our customers perceive and experience the brand. This commitment to transformation ensures that we remain at the forefront of the industry, constantly exceeding expectations.

In the pages that follow, you will find a comprehensive overview of our financial performance, strategic initiatives, our commitment to responsible business practices, and the promising future that lies ahead.

BRAND PORTFOLIO

JOCKEY

Founded in 1876, Jockey's ongoing mission is to continue to push boundaries to deliver the experience and excitement that life enthusiasts expect from one of the world's best-loved and most recognized innerwear and athleisure brands. The brand is committed to quality, comfort, fashion, innovation, and value. As Jockey grows in size and sophistication, the simple commitment to serve its consumer's need for comfort continues to be the brand's hallmark.

Jockey was set up under Page Industries Ltd. in 1994 with the key objective of bringing the world-renowned brand Jockey to India. Jockey manufactures, distributes, and markets products for the whole family – Men, Women, and Kids.

JOCKEY was the first innerwear brand in India to set up Exclusive Brand Outlets (EBOs) across the country. The company through its authorized franchisees has opened 188 Exclusive Brand Outlets across India taking the total number of EBO's to 1.289 including 48 'Jockey Woman' EBOs and 78 Jockey Juniors EBOs.

Page Industries has thirteen Jockey Exclusive Brand Outlets in the UAE and three in Sri Lanka. With an overwhelming response from these stores, Page Industries is already looking at expanding its footprint in these emerging markets.

BRAND HISTORY

JOCKEY

1910

The Cooper Underwear Company (now known as Jockey) creates the “Klosed Krothc” union suit. It was the single greatest advancement in underwear at the time. Coopers also puts its underwear in fine packaging and displays it on major retailers’ sales floors – an industry first. Prior to this, underwear was kept in boxes behind the counter for modesty’s sake.

1960

The Company developed underwear for NASA’s Apollo program that included a very unusual feature-elastic bands on the cuffs that looped around one’s palms for use in zero gravity.

2000

Jockey becomes a founding member of W.R.A.P., the Worldwide Responsible Apparel Production association dedicated to ethical apparel manufacturing.

2016

Jockey launches Cotton+ and Jockey® Performance, two modern collections which carry on Jockey’s proud heritage of developing new and innovative underwear.

1876

Jockey is founded by Samuel T. Cooper whose goal was to revolutionize socks and hosiery.

1940

Artist Frank Hoffman creates the first Jockey® icon, the Jockey® Boy. The icon would last for more than 60 years, with minor updates to keep it fresh. In 1947, the Jockey® brand name is stitched into the waistband of the underwear - another industry first.

1980

The introduction of Jockey for Her in 1982 makes the most famous name in men’s underwear also the most comfortable name in women’s underwear.

2011

Jockey launches the USA Originals Collection in Europe, Asia, Africa, and Latin America. The USA Originals Collection pays tribute to Jockey’s roots and takes inspiration from traditional American colors, textures, and icons.

DRIVERS OF GROWTH

Page Industries Limited has dominated the innerwear market and successfully positioned Jockey as a premium affordable brand with its strong product basket, premium quality, coupled with comfort and style. It's early market advantage in athleisure and a well-established, robust network of manufacturing units, EBOs, MBOs and other retail platforms resulted in the category's rapid growth, giving the Company its competitive edge.

Today, Page Industries is on a transformation journey while staying focused on its goal of becoming a billion-dollar revenue Company. With a tenacious focus and significant investments in technology, supply-chain management, product designing, culture, talent, Page is striving to achieve its long-term vision of becoming the undisputed leader in the premium segment in revenue, profitability and brand strength in Innerwear, Athleisure and Accessories.

The Company has several drivers that keep it relevant in a rapidly changing environment.

FROM THE CHAIRMAN'S DESK

Dear Stakeholder,

As we reflect upon the completion of yet another milestone in our collective journey, we remain optimistic about our commitment to excellence and the resilient spirit of Page Industries Limited. This year, despite the challenges of a subdued quarter, our optimism remains unscathed, with a buoyant long-term view of our business. This is inspired by the vibrant consumption patterns, robust industry dynamics, and promising economic drivers that characterise India's retail landscape.

Tenacity forms the core of our operations, an ethos that has guided us through the volatility and macro challenges of this year. Undeterred by temporary setbacks, we have leveraged our resilience to turn challenges into opportunities. Our commitment to intensifying general trade distribution, expanding modern trade, and rapidly growing our exclusive brand outlets, continues to shape our strategic initiatives.

Our transformation is deeply rooted in technology, and in this vein, we have integrated advanced systems such as the pull-based Auto Replenishment System into our operations. This system serves as a bridge between demand and supply, optimising our inventory levels and ensuring our customers receive their desired products in a timely fashion. This technology has also played a critical role in strengthening our supply chain, making it robust and agile, ready to respond to changing market needs.

We continue to prioritise quality, a hallmark of our brand. Every product that carries our label is a testament to our promise to designing, manufacturing, and delivering premium products.

The expansion of our product portfolio has only further cemented our standing in the market.

In line with our transformation objective, we have also focused on improving customer experience and growing our online business. We believe in keeping our customers at the heart of all we do, and we will continue to invest in strategies that deepen our connection with them. The blend of Technology, Tenacity, and Transformation will continue to be our compass as we navigate through the dynamic landscape of the innerwear, athleisure, and swimwear industries.

Your trust fuels our commitment, and we promise to continue our efforts to create an organisation that delivers sustained growth, one that you can always be proud to be a part of.

Thank You.

Sunder (Ashok) Genomal,

MD's COMMUNIQUÉ

Dear Stakeholder,

I am pleased to share our progress and outlook for Page Industries Limited. Despite the challenges we faced in the past year, we remain confident in India's growth potential and the opportunities for market expansion. As an organization, we are dedicated to fortifying all aspects of our brand, including product development, marketing and sales, retail infrastructure, supply chain management, and technology.

Reflecting on the year gone by, we achieved significant accomplishments while also identifying areas for improvement. Challenges such as product availability in the first half of the year and high inventory levels affecting profitability in the second half required our attention. We acknowledge the need for better market forecasting to enable timely actions and effective cost management especially during volatile times. Despite these setbacks, we achieved a remarkable 23.2% revenue growth and 13.1% volume growth for the full year. By implementing robust supply chain management and monitoring, we successfully mitigated the impact on sales. We have implemented cost control measures and remain optimistic about the long-term potential of our business.

On a positive note, we expanded and enhanced our product portfolio, strengthening our retail presence across various channels. We currently operate in 120,060+ Multi Brand Outlets (MBOs), 3,062+ Large Format Stores (LFS), and 1,289 Exclusive Brand Outlets (EBOs). Additionally, our e-commerce business experienced significant growth. Our efforts to improve product availability and discoverability among our channel partners were fruitful.

Looking ahead, we maintain an optimistic outlook for our business. Our strategic priorities in the short, medium,

and long term include transitioning to a pull-based auto replenishment system, improving product discoverability for all stakeholders, accelerating the expansion of businesses in Outerwear, Women's Innerwear, and Socks, while continuing to drive Men's Innerwear growth, consolidating top MBOs for growth, enhancing consumer loyalty, and strengthening our Direct-to-Consumer channels.

I am pleased to report that despite the challenging market conditions, Speedo achieved remarkable growth with a turnover of ₹ 429 million in FY2022-23, up from ₹ 168 million in the previous year. Further, with promising growth for swimwear market in India, we remain optimistic on Speedo's dominance in the coming years.

Although we made significant progress in the second half of the year, we are committed to further enhancing our performance in these strategic areas, which we believe will pave the way for future growth. Our short-term goal is to reach a billion dollars in revenue, and in the long run, we aspire to maintain our position as the undisputed leader in the Premium Segment in terms of revenue, profitability, and brand strength in Innerwear, Athleisure, and Accessories across Men, Women, and Kids.

At Page Industries Limited, we recognize

the importance of sustainability and responsible business practices. We firmly believe that these practices bring stakeholders together, foster innovation, and benefit the community and the environment at large. To that end, we are committed to embedding sustainability practices at the core of our operations. Our sustainability framework aligns with the United Nations Sustainable Development Goals (UNSDGs) and focuses on specific areas critical to conducting socially and environmentally responsible business, while also promoting growth and delivering long-term value.

Our expansion strategy, exciting product offerings, growth in EBOs and MBOs, and commitment to responsible business practices all contribute to our optimistic outlook. We remain dedicated to delivering outstanding products and services to our stakeholders, navigating the evolving market conditions with agility and resilience.

We extend our heartfelt gratitude for your unwavering trust and continued support in our growth story.

Yours sincerely,

V S Ganesh

STRATEGY FOR GROWTH

At Page, our business strategy embodies the need for constant adaption to the dynamic environment. We leverage innovation and technology to drive operations, enhance efficiency and deliver exceptional products for our consumers. We are embracing automation, digitalisation and integrating systems and processes throughout our value chain. With a strong emphasis on transformation, the business model has evolved, keeping pace with changing market dynamics, adapting to emerging trends and exploring newer avenues for growth. We remain focused on developing, empowering and motivating the best talent in the organisation and nurturing the culture of excellence and innovation.

01

Transition to Auto Replenishment System - Significant strides in the second half of the year:

By ensuring optimum inventory health at the distributor level and fulfilling stock based on demand, the ARS ensures availability of the right mix and quantity of stock at the right time and place, leading to improved inventory mix, better product variety, and increased revenue and profitability for both distributors and the Company.

02

Product Penetration - Strategic product development for competitive edge and enhanced reach:

Page invests in extensive research and development to identify consumer demands and marketing opportunities by leveraging expertise in design, fabric technology and manufacturing capabilities to bring products that resonate with their consumers and create a strong brand presence

03

Focus on Outerwear, Women's Innerwear and Socks:

Product premiumisation and innovation like the 1-mile-wear in athleisure, and cracking the code for women's innerwear, especially bras, has given the Company a headroom for growth

04

EBO Expansion - The only brand with 1300 EBOs and plans to expand at 200-250 EBOs Y-o-Y:

Page's EBO expansion strategy aims at market presence, enhancing brand visibility and capture a larger pie of the retail market. This strategic approach aligns with our commitment to delivering exceptional customer experiences and inching towards the long-term vision of becoming the leader in the premium innerwear segment.

SUSTAINABILITY AT PAGE

Ever since the world began to recover from the gruelling impact of the pandemic, there emerged a pressing need globally to address environmental crisis. Today, Sustainability has become more than a buzzword, moving beyond the realms of CSR towards a more unifying effort by businesses to adopt strategies and make investments towards protecting the natural environment. Page Industries Limited (PAGE) is no different. We believe that Sustainability can bring stakeholders together to boost engagement and innovation that can benefit the community, society and environment at large. Instead of making sustainability a mere appendage to our brand, we are committed to finding ways to embedding sustainability at the core of our business operations by establishing strategies that create value, consistent with the long-term preservation and enhancement of the Environment, Social, and Governance dimensions throughout our value chain.

Sustainability Vision of PAGE

To be a leading apparel company through balanced growth with a focus on quality, innovation, and sustainable design, thereby, creating lasting value for all our stakeholders.

Sustainability Governance

PAGE's sustainability strategy is grounded on a robust and transparent sustainability governance structure which helps the organisation to define the sustainability objectives, the roadmap for achieving the set targets, maintain healthy interactions with external stakeholders, and better disclosures as part of being a responsible business in synergy with its motto "Balancing Growth with Sustainability". The sustainability governance structure at PIL works on three primary pillars viz., Sustainability Steering Committee (SCOM), Mission Committees, and Unit Committees.

Our commitment towards sustainability is guided by the Sustainability Steering Committee (SCOM) comprising of Managing Director, Chief Financial Officer, Chief Human Resource Officer, Chief People Officer, Chief Operating Officer, Chief Marketing Officer, President & Chief of Manufacturing & Operations, and functional heads responsible for driving the sustainability strategy and its implementation across the organization. Moreover, for each sustainability focus area, dedicated mission and unit committees are in place to develop and effectively implement management programs.

Sustainability Focus Areas

PAGE's sustainability agenda and framework complements the United Nations Sustainable Development Goals and revolves around nine focus areas identified as critical to conduct socially and environmentally responsible business while harnessing the opportunities and mitigating the potential risks for the business. The focus areas are centred on three key pillars of environment, social, and governance for balancing growth and delivering long-term value. The material topics around the focus areas are prioritized with internal systems and processes for effective management.

Fostering sustainability within the supply chain

Over time, PAGE has built a robust supply chain that helps us not only manage supply disruptions but also source products at highly competitive prices. Control over our supply chain and sizeable inventory allows us to scale our manufacturing capabilities while addressing any external supply-chain challenges.

The company engages with its suppliers and collaboratively works with them to promote sustainable practices. The following policies have been adopted to impart change,

Initiatives to attract partnered vendors to participate in sustainable practices

In our sustainability journey, we endeavour to look beyond our operations and work with our suppliers, to achieve collective growth. We have taken several steps to strengthen this association, which include:

Stakeholder Engagement

PAGE consistently takes efforts to liaison with stakeholders and appropriately resolve concerns through consultative methods and places equal weight on the concerns of different stakeholder groups. PAGE has identified and prioritised internal and external stakeholders based on the significance of influence they exert on revenue and brand image. Internal stakeholders of Page receive periodic communication on the company’s sustainability commitments and performance and are extensively consulted to understand the technology and workforce requirements, thereby strategizing business plans to reap the desired benefits. The company representatives regularly interact with the external stakeholder groups to gain a mutual understanding of expectations and work on suggestions to futureproof the business. This feedback helps in driving the major business objectives throughout the year.

Additionally, the Steering committee, mission committees, and internal stakeholders are consulted extensively for reviewing and reporting the progress of the company’s sustainability objectives in the current financial year.

FINANCIAL HIGHLIGHTS & PERFORMANCE

Your Directors wish to inform you that during the financial year ended 31 March 2023 the revenue from operations of the Company increased from ₹ 38,865 million to ₹ 47,886 million, a growth of 23.2%. The profit before tax for the year under review stood at ₹ 7,581 million as against ₹ 7,087 million last year which is an increase of 7%. The profit for the year stood at ₹ 5,712 million as against ₹ 5,365 million in the previous year representing a growth of 6.5%.

During the year under review, the Company faced very high inflationary trends impacting nearly all costs

including cotton, packaging, fuel, and logistics. With the cotton prices now softening, the Company has managed to partially offset the trends and hold on the margin strengths with calibrated pricing actions, strong budgets and control measures and optimum use of inventory. The Company's expansion plans continue to be in line with the accelerated sales growth trends.

The Company's remains focused on intensifying general trade distribution, modern trade expansion including rapid expansion of exclusive brand outlets, growing online business, improving customers' experience, strengthening the product portfolio, and ensuring a robust supply chain.

The Company put its Auto Replenishment System (ARS) on hold due to the volatility created by changes in product demand mix and supply chain challenges through the pandemic. This meant that the distributors were free to order based on availability and based on the best judgment, resulting in an imbalance in the channel partners' inventory. During the year under review, the ARS was reinstated and is now being implemented in full, which, we believe will help in correcting imbalances and not only streamline supply chains, but also help in improving the ROI of the channel partners while improving order fulfillment to retailers.

DIVIDEND

During the year 2022-23, your Directors have declared interim dividends on 11 August 2022 (Interim dividend of ₹ 60 per share), 10 November 2022 (Interim dividend of ₹ 70 per share), 9 February 2023 (Interim dividend of ₹ 60 per share) and 25 May 2023 (Interim dividend of ₹ 60 per share) on an equity share value of ₹10 each, amounting to ₹ 2,788 million. In total, four interim dividends have been declared and paid. The Board has not recommended any final dividend.

The Dividend Distribution Policy, in terms of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") is available on the Company's website at <https://www.pageind.com/policies-documents>

Dividends have been accounted as per IND AS, as detailed in "Statement of Change in Equity" of the financial statement.

EXPANSION AND NEW INVESTMENTS

Despite global headwinds and unpredictable market conditions, the financial year 2022-23 has seen notable growth. With a sustained growth plan in place for the financial year 2023-24, the Company is focused on operations and manufacturing and is well equipped to meet the demand with in-house capacity and some additional capacity from outsourced supply partners.

The tape dyeing unit expansion of 35,000 Sq.ft in Hassan is planned to be commissioned by Q2 of the current financial year, which is aimed to meet the market requirement of women’s dyed elastic.

The ‘Cup Molding & Hook n Eye Forming’ projects are a crucial part of women’s bra manufacturing. These projects are also expected to commence during the second quarter of the current financial year and will reduce our import dependency while focusing on improving quality, lead time and cost.

To meet the demand in the premium vertical, the Company is planning to add 200,000 Sq.ft of Cut-to-Pack facility at K R Pete. The commissioning of this facility is expected during the end of this financial year.

Our flagship Odisha Project would be ready by end of FY’24 which shall complement Modern Classic growth, and is slated to be one of largest projects built at 28.5 acres campus, with a built-up area of 6.5 lakhs Sq.ft. This facility will encompass Central Stores, Cut-to-Pack, and Elastics & Socks manufacturing. The campus shall be a state of art facility with more significant emphasis on employee well-being, safety and best manufacturing processes including energy efficient IGBC certification.

The Company is also expanding its socks capacity with an addition of 215 advanced knitting machines. With the proposed expansion, the capacity will have 576 knitting machines.

NABL (National Accreditation Board for Testing and Calibration Laboratories) accreditation for our labs has been in progress for the past 3 years, with two of our labs already certified, and the remaining two in the pipeline for the certification.

The Company added two third-party logistics warehouse facilities at Hoskote and T Narsapura in Bangalore, which will be multi-level storage facilities with a robust warehouse management system.

Tape Dyeing facility at Hassan, Karnataka

Enhancement of socks capacity: Advanced knitting machines.

Other significant projects in the pipeline include:

- Enhancement of floor management system
- Line Scheduling & Planning system
- Maintenance Software & Asset Management
- Color grouping / Roll Management / Cut Plan
- Lab management software
- Strategic sourcing from refined limited supplier base
- Quality @ source model based strategic sourcing
- IMS (Integrated Management System comprising ISO9001, 14001, 45001 and 50001)
- RSL, Oekotex, ZLD compliant sourcing

JOCKEY

The Jockey brand is distributed across 2,850+ cities and towns. The brand products are sold through Exclusive Brand Outlets (EBO), Large Format Stores (LFS) and Multi Brand Outlets (MBO), as well as Online channels, giving it a wide reach of more than 120,060+ stores.

During the year 2022-23, the Company, through its authorised franchisees opened 188 EBOs, taking the total number of “Jockey EBOs” to 1289 which includes 48 exclusive “Jockey Woman” EBOs and 78 exclusive “Jockey Junior” EBO’s. These outlets are spread across the country, covering metro cities, along with several Tier III and Tier IV towns, a testimony to the brand’s growth as well. This is an indicator of the growth potential of the Jockey brand in such towns.

Apart from the domestic EBOs, the Company has 13 operational EBOs outside India, ten in UAE and one each in Sri Lanka, Qatar and Oman, with another work-in-progress store in Sri Lanka. Your Company is confident of leveraging opportunities in these geographies and newer markets.

The online retail business has also shown significant growth, both through the brand website www.jockey.in, and ably supported by our key e-commerce partners.

SPEEDO

The last two financial years had a substantial bearing on India’s swimwear industry, primarily due to the pandemic-driven lockdowns. With the gradual opening up of schools and public places and with normalcy restored, the Speedo

brand has shown good recovery and has achieved a turnover of ₹ 429 million in the financial year 2022-23 as against previous year sales of ₹ 168 million. As on 31 March 2023, Speedo brand is available in 1,230+ stores and 30+ EBOs across 180+ cities in India.

The Company commissioned a study by the global marketing research firm AC Nielsen on the swimming market in India. The study reflects a promising and fast evolving market for both swimwear and swimming equipment. Your Directors are confident that the Speedo business will show healthy growth in the coming years to make Speedo a dominant brand in the premium swimwear market.

ENVIRONMENT, HEALTH, AND SAFETY

Page Industries Limited (PIL) remains committed to establishing a safe work environment for its employees, contract workers, visitors, and other stakeholders engaged in its business operations. Occupational Health and Safety (OHS) management is integral to our organisational culture and integrated into our sustainability framework. PIL’s OHS mission seeks to instil a mature safety culture throughout operational boundaries ultimately introducing a conducive work environment for employees.

Our EHS strategies are designed and directed towards conducting our business in a safe and environmentally responsible manner across all our operations, by optimizing the consumption of natural resources, sustainable production, effective recycling, reuse of wastes, and providing a safe and healthy workplace. Being a responsible producer, all our units have pro-actively complied with all applicable EHS laws and regulations, both in letter and spirit.

ENVIRONMENT

Responsible Chemical Management in Manufacturing and Supply Chain

To ensure the procurement of non-hazardous chemicals and the replacement of hazardous chemicals with safer alternatives, the Company has established a Chemical Management Policy. In alignment with the objective of the policy, the following activities are carried out:

- To ensure the use of non-hazardous chemicals or least hazardous chemicals during product manufacturing, the chemicals used are compared against the ZDHC MRS� (Manufactured Restricted Substance List).
- Chemicals CAS Nos. are screened against ZDHC MRS� requirements before procurement.
- Chemical alternate assessment is being carried out to replace the chemicals listed in the Restricted Substances List.

In addition, PIL has prepared a Restricted Substances List for its supply chain in alignment with international standards including AAFA (American Apparel and Footwear Association) and AFIRM (Apparel and Footwear International RSL Management) RSLs. Chemical Management policy and RSL were launched to the strategic value chain partners in May 2022 and have come into enforcement from January 2023. The implementation and monitoring will take place in three phases spanning over FY 22-25.

Responsible Waste Management

To ensure responsible management of waste and its traceability:

- Hazardous and Non-hazardous wastes generated in manufacturing are categorized and processed with the support of Pollution Control Board-authorized vendors only.
- Waste stream audits are carried out at both hazardous and non-hazardous waste handler facilities.
- Sub-vendors who handle our recycled product or waste have also been audited.
- Traceability certificate will be taken from waste handling vendors.

Health

- PIL's in-house medical team has initiated Occupational Health Counselling and Illness tracking. Management programs including occupational health hazard assessment, ergonomic risk assessment and occupational counselling form are being carried out by the team.

- WASH pledge awareness sessions are conducted at regular intervals.

Safety

Behaviour-based Safety System

- PIL launched its behaviour-based safety system in June 2022 beginning with the sewing activity for all manufacturing facilities.
- A checklist based on 49 unsafe conditions in sewing activity was defined and implemented.
- The Company formed a Behaviour Based Safety (BBS) Team comprising of 300 trained sewing employees.
- BBS review committee comprising senior management personnel will review the observation and root cause analysis carried out by the BBS team for necessary intervention.

Safety Management System at Retail Stores

- To strengthen EHS management at retail stores:
 - o Retail staff have been trained on EHS parameters specific to retail operations
 - o Regular EHS assessments have been carried out at retail stores by trained staff members
 - o Controls and improvement measures have been implemented based on assessment findings
- Defensive driving for 2-wheelers and 4-wheelers has been conducted for all employees as well as heavy-vehicle transport drivers.
- PIL is currently in the process of implementing Integrated Management System which includes Occupational Health and Safety Management System ISO 45001, Environmental Management System ISO 14001, Energy Management System ISO 50001 and Quality Management System ISO 9001.
- Digitalization of EHS data management system is in progress.

PIL participated in the 15th Edition of CII-SR EHS Excellence Awards 2022, in which seven of our manufacturing units have won prestigious awards under different categories in recognition of our commitment and continuous excellence in Environment, Health & Safety practices, and Sustainability Initiatives. Two Units were recognized for participation.

We have in place an Internal Complaints Committee (ICC) in compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013. The committee members routinely meet employees, conduct awareness sessions and deal with complaints, if any, promptly and in a transparent manner.

PROSPECTS

We are encouraged by the enduring brand equity, image, and leadership of the Jockey brand along with the rising strength of the Speedo brand in their respective markets. We will continue our persistent efforts towards customer satisfaction by creating some of the finest products that reflect style, design, comfort, fit and quality across all our verticals: - Jockey Men's, Women's and Kid's Innerwear, Athleisure, Socks and Accessories, as well as Speedo Swimwear and swim-related equipment.

The Jockey brand continues to rise to the results of an independent 'brand health' study carried out earlier by Nielsen Research Agency which rated the Jockey Brand Health in India among the most powerful brands in their research experience across all categories. The research involved fourteen cities across all four zones in the nation. Jockey brand scored a Brand Equity Index of 4.6 on a scale of ten in the Men's Innerwear category and 2.9 in the Women's innerwear category. To put things in perspective, worldwide only 23% of brands across all product categories score a Brand Equity Index 3.0 or over on a scale of ten and only 8% of brands score 5.0 and above. Jockey India Brand Equity Index scores were way above all other brands in both the Men's and Women's Innerwear categories.

Another brand health study conducted by Kantar IMRB measured the Brand Equity of the Jockey brand using a propriety tool called 'Brand Spring' (a composite of 'to what extent consumers are familiar with the brand' and "what the consumers' reaction is to the brand").

The results were very encouraging and showed a Brand Spring score of 56 for Men's products and 55 for Women's products, higher than any other brand in the respective categories.

With continued support from Jockey International, USA, Speedo International, UK, and access to ideas, trends and innovations from forty other Jockey international licensees throughout the world, we stand by our long-term commitment to novelty and innovation, be it in product, technology upgradation, back-end processes or marketing. With our strong in-house product development, back-end capabilities, manufacturing expertise and our continuously evolving state-of-the-art technology, combined with a very strong distribution network, we remain optimistic about the prospects of the brand and expect continued healthy sales growth and profitability in the coming years, further consolidating our position in the premium market for Innerwear, Athleisure, Socks, Swimwear & Swim equipment.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

A detailed section on Human Resources/Industrial Relations is provided in the Management Discussion and Analysis Report, which forms part of this Annual Report.

BOARD OF DIRECTORS AND KEY MANAGEMENT PERSONNEL

During the year under review, five Board Meetings and four Audit Committee Meetings were duly convened and held; the details of which are given in the Corporate Governance Report along with the details of composition, category, dates of the meeting, attendance and such other details.

The Board of Directors consists of a balanced profile of members specializing in different fields that enables it to address the various business needs of the Company, while placing very strong emphasis on corporate governance.

Appointment of Mr. Sanjeev Genomal as Non-Executive Director

The Board of Directors at its meeting held on 25 May 2023 appointed Mr. Sanjeev Genomal [DIN: 01399731], as additional director under Non-Executive category. Mr. Sanjeev Genomal shall hold the office up to the date of the ensuing Annual General Meeting. The notice under section 160(1) of the Companies Act, 2013 has been received from a shareholder signifying his intention to propose Mr. Sanjeev Genomal as Director of the Company. The Board recommends his appointment at the ensuing AGM.

Cessation of Mr. B C Prabhakar, Independent Director

Mr. B C Prabhakar [DIN:00040052] was an Independent Director of the Company since 13 September 2012. The second term of Mr. B C Prabhakar, as an Independent Director of the Company ended on 12 September 2022, accordingly, he ceased to be a Director of the Company.

The Board placed on record its sincere appreciation, commending the contribution of Mr. B C Prabhakar.

Retirement by Rotation

As per the provisions of the Companies Act 2013 and the Articles of Association of the Company, Mr. Sunder Genomal [DIN 00109720] and Mr. V S Ganesh [DIN 07822261], Directors of the Company will be retiring by rotation at the ensuing AGM and being eligible, have offered themselves for re-appointment.

The details pursuant to Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 relating to appointment and re- appointment of directors at the AGM are provided in the Notice to the members.

Key Managerial Personnel

In Compliance with Section 203 of the Companies Act 2013, the Board of Directors of Company has the following Key Managerial Personnel:

1. Mr. V S Ganesh [DIN 07822261] - Managing Director;
2. Mr. Shamir Genomal [DIN 00871383] - Deputy Managing Director;
3. Mr. Chandrasekar K - Chief Financial Officer; (till 31 May 2023)

4. Deepanjan Bandyopadhyay - Chief Financial Officer (from 01 June 2023) and
5. Mr. C Murugesh - Company Secretary.

Committees of the Board of Directors

The Company has constituted the following committees in compliance with the Companies Act 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015:

1. Audit Committee,
2. Nomination and Remuneration Committee,
3. Stakeholders Relationship Committee,
4. Risk management Committee and
5. Corporate Social Responsibility (CSR) Committee.

The brief description, composition and other required details of the above committees are provided in the Corporate Governance section of this Annual Report.

During the year under review, the Board of Directors have accepted all the recommendations of the above Committees.

Nomination and Remuneration Policy

The Board has, on the recommendation of the Nomination and Remuneration Committee, framed a policy for selection, appointment of Directors and Senior Management and to fix their remuneration. The Nomination and Remuneration Policy is available in the Company's website, <https://www.pageind.com/investor-relationship>. The salient features of the policy is provided in the Corporate Governance report.

During the year under review, the non-executive directors of the Company had no pecuniary relationship or transactions with the Company, other than sitting fees and remuneration under section 195 and reimbursement of expenses, if any.

Corporate Social Responsibility

Annual Report on Corporate Social Responsibility (CSR) containing composition of CSR Committee and its terms of policy is provided in Annexure-I. The CSR policy of the Company is available on the Company's website at <https://www.pageind.com/policies-documents>

The following CSR activities have been carried out during the year under review:

- Promotion of Education
- Contribution to PM Relief Fund
- Supply of oxygen cylinders, medicines and masks to Government hospitals relating to Covid-19
- Contribution to Akshaya Patra for midday meal scheme for school children
- Contribution to Ministry of Defence
- Healthcare programs

Most of the Company's CSR spending is directed towards educational programs. As 2022-23 was the first full academic year since the Covid-19 pandemic, the response from the intended beneficiaries were minimal and hence the Company was not in the position to spend the required amount. The Company is hopeful that normalcy will prevail and the participation of beneficiaries will be increased from the academic year 2023-24, which would enable the Company to enhance its CSR spending.

During the year under review, the Company has spent an amount of ₹ 65.78 million against the prescribed amount of ₹ 109.64 million. The unspent CSR amount of ₹43.86 million was transferred to Unspent Corporate Social Responsibility Account as per section 135(6) of the Companies Act 2013 and such unspent amount will be utilized for the on-going projects detailed in the CSR Report.

Evaluation of Board of Directors, Committees and Directors

Pursuant to the provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has carried out an annual performance evaluation of its own performance, performance of directors individually and working of the Board Committees. The manner of evaluation is explained in the Corporate Governance Report. Independent Directors met separately to evaluate the Non-Independent Directors and Chairman of the Board. Your Directors expressed their satisfaction with the evaluation results.

Vigil Mechanism / Whistle Blower Policy

The Company has constituted a Vigil mechanism / Whistle Blower mechanism to report genuine concerns about unethical behavior, actual or suspected fraud. The

details are explained in the Corporate Governance Report. The Policy is available on the Website of the Company at <https://www.pageind.com/investor-relationship>. All the complaints received during the year under review have been dealt with appropriately under the above policy.

The Company has not received any serious complaint under Vigil mechanism / Whistle Blower policy during the year under review.

Related party transactions

All related party transactions that were entered during the financial year were at arm's length basis and were in the ordinary course of business. There was no materially significant related party transaction made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons, which may have a potential conflict with the interest of the Company at large.

All Related Party Transactions were placed before the Audit Committee and the Board for approval. Prior omnibus approval of the Audit Committee has been obtained for the transactions which are of foreseen and repetitive nature. The transactions entered, pursuant to the omnibus approval so granted, are placed before the Audit Committee and the Board of Directors for their approval on a quarterly basis.

The Company has framed a Related Party Transactions policy for identification and monitoring of such transactions. The policy on Related Party Transactions as approved by the Board is available on the website at <https://www.pageind.com/investor-relationship>. The related party transaction in AOC-2 is marked as Annexure-II.

Related party transactions pursuant to the SEBI(LODR) Regulations 2015 and the Companies Act 2013 are provided in notes to the Financial statements.

Risk Management

Risk Management is an ongoing process within the Organization. We have a robust risk management framework to identify, monitor and minimize risks. The Board has a policy to oversee the risk mitigation performed by the executive management, which includes identification, assessment, monitoring and reporting of risks. The major risk and mitigation plans have been explained in the Management Discussion and Analysis

Report. During the year under review, two meetings were conducted to review the Risk Management framework.

Ratio of remuneration

Details / Disclosures of Ratio of Remuneration to each Director to the median employee's remuneration pursuant to Section 197 of the Companies Act 2013, read with rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, are provided in Annexure-III.

The statement containing names of top ten employees in terms of remuneration drawn and the particulars of employees as required under Section 197(12) of the Act read with Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is provided in a separate annexure forming part of this report. Further, the report and the accounts are being sent to the Members excluding the aforesaid annexure. In terms of Section 136 of the Act, the said annexure is open for inspection and any Member interested in obtaining a copy of the same may write to the Company Secretary.

Listing

Shares of the Company are listed in the Bombay Stock Exchange Limited, Mumbai (BSE) and National Stock Exchange of India Limited, Mumbai (NSE) and the listing fees have been duly paid.

ENERGY, TECHNOLOGY AND FOREIGN EXCHANGE

Information on conservation of energy, technology absorption, foreign exchange earnings and outgo, pursuant to Section 134(3)(m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014:

a. Conservation of Energy

Your Company continually takes steps to absorb and adopt the latest technologies and innovations in the Garment Industry. These initiatives would enable the facilities to become more efficient and productive as the company expands, thus helping to conserve energy.

Our commitment to reduce energy consumption is achieved through installation of energy efficient fixtures, clutch motors to sewing machines, and power factor optimization initiatives among others. All machinery and equipment are being continuously serviced, updated and overhauled to maintain them in good and energy efficient condition. This resulted in consumption of lesser energy consumption.

Conservation of Energy continues to receive increased emphasis at all units of the Company. Energy audits and Inter-unit studies are carried out on a regular basis for analyzing and taking steps for reduction of energy consumption.

Various energy saving measures have been initiated like energy audit, solar power, LED, servo motors, solar tube, VFD Compressors and Harmonic filters.

b. Technology Absorption, Adaptation and Innovation - Research and Development

In addition to product development and raw material development which continue to be strengthened, Research and Development activities on fashion designing are carried out on an on-going basis. Adopting technologies with state-of-art systems and machineries like PLM software, automated cutting machine, automated fabric inspection machines, etc., the quality of the products and efficiency of the systems have substantially improved. Applying these technologies has helped keep costs of production under control.

Real time data capturing through RFID/Proximity Cards in manufacturing, being an area where we are focused on now, shall help us in building innovative efficiencies.

The nature of activities of the Company does not warrant any exclusive R&D department.

c. Foreign Exchange Earnings and Outgo

Foreign exchange earnings during the year were ₹147 million from exports to Sri Lanka, Nepal and UAE. Outflow owing to royalty, import of raw materials, machinery, spares etc. amounted to ₹ 6,968 million.

DIRECTORS' RESPONSIBILITY STATEMENT

10. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per section 135(5):
 The following CSR activities have been carried out during the year under review:
- Promotion of Education
 - Contribution to PM Relief Fund
 - Supply of oxygen cylinders, medicines and masks to Government hospitals relating to Covid-19
 - Contribution to Akshaya Patra for midday meal scheme for school children
 - Contribution to Ministry of Defense
 - Healthcare programs
- Most of the Company's CSR spending is directed towards educational programs. As 2022-23 was the first full academic year since the Covid-19 pandemic, the response from the intended beneficiaries were minimal and hence the Company was not in the position to spend the required amount. The Company is hopeful that normalcy will prevail and the participation of beneficiaries will be increased from the academic year 2023-24, which would enable the Company to enhance its CSR spending.
- During the year under review, the Company has spent an amount of ₹ 65.78 million against the prescribed amount of ₹ 109.64 million. The unspent CSR amount of ₹ 43.86 million was transferred to Unspent Corporate Social Responsibility Account as per section 135(6) of the Companies Act 2013 and such unspent amount will be utilized for the on-going projects detailed in the CSR Report

CORPORATE SOCIAL RESPONSIBILITY

Page Industries Limited (PAGE) has been carrying out various CSR Programs through different NGOs who work towards the upliftment of the disadvantaged communities. Largely we have been focusing on Education, Health & Hygiene, including Poverty Alleviation, Mental Health & Wellbeing and Skill Building.

In doing so, our mission has been to remain conscious of the needs of the communities and support them through our initiatives.

1. PAGE Scholarship Program

The Objective of PAGE Scholarship Program is to facilitate education to eligible and underprivileged students as part of CSR initiative.

The scope of the program is to support students who have passed 10th Standard and are aspiring for joining PUC, Diploma, ITI courses in institutions located within geographical area of Mysuru, Tumakuru, Mandya, Hassan and Chikkaballapur districts.

Through this program, 1632 students have benefited during the year 2022-23 out of which, 63.33% girl students have benefited.

2. Education (Christel House India)

PAGE has been supporting the NGO Christel House for the past ten years. Christel House is a reputed NGO established in 1998 with the purpose of transforming the lives of children from marginalized and low-income families. The organization works towards breaking the cycle of poverty, to build self-sufficient, contributing members of society. The Christel House model focuses on providing good education and a strong character development program to underprivileged children from slums in Bangalore. The education is complemented with regular health care, nutritious meals, guidance counselling, career planning, family assistance and scholarships to pursue university education and finally, job placements.

Students are provided with regular transportation and nutritious meals (breakfast, lunch, evening snacks and milk) while in school which also ensures / improves their attendance, helps them stay focused on attending online classes, and reduces school dropouts. 97% of Christel House Graduates are gainfully engaged and are either studying in universities or working in the formal sector, or both.

During the year 2022 - 23, PAGE has supported 70 students.

Cultural festival of Tribes

Vanavasi Kalyana: Yoga for Tribes

Vanavasi kalyana: Tribal Craft making

3. Education & Skill Building (Vanavasi Kalyana)

Vanavasi Kalyana, another reputed NGO, aims at overall improvement in the lives of vanavasis while retaining their cultural identity and social value systems. Their objective is working for the overall development of the Tribal community through Education, Skill Development and Medical Aid.

Students are accommodated at free hostel facilities enabling Vanavasi children to get educated in various fields by providing them proper environment, food, education guidance, physical fitness, cultural and sports activities and ensuring that they are physically and mentally strong. There are 198 such hostels across Karnataka.

PAGE has been partnering with Vanavasi Kalyana since 2020. Through this NGO, we are supporting 17 students.

4. Health Care (Sri Shankara Cancer Foundation)

This year, PAGE has partnered with Sri Shankara Cancer Foundation (SSCF) a not-for-profit organization founded in 2008 and registered under MCA to receive CSR funds. We are supporting Sri Shankara Cancer Foundation towards treatment of people who have been diagnosed with “Relapsed Precursor B-ALL”.

5. Mental Health (Live Love Laugh - LLL)

PAGE has partnered with Live Love Laugh Foundation to support patients with mental health illness through their Rural Community Mental Health Program which was initiated by them in 2016 to provide mental healthcare support to individuals living in low income or marginalized communities. This program follows a sustainable model of intervention and assimilates data for fundamental rural community-based research.

The program ensures that beneficiaries receive free psychiatric treatment, support group care for themselves and their families, access to government aided schemes and vocational training to support their rehabilitation. It also creates awareness in local communities through

Mid-day meals for Government school children under Akshaya Patra Program

Child undergone surgery for airway and swallowing disorder

Child undergone surgery for airway and swallowing disorder

wall writing and street plays, and one-on-one counselling with the community. The program works closely with government front line workers.

The program has benefitted around 669 people with mental illness

6. Health & Nutrition (Akshaya Patra)

This year, PAGE as part of its CSR initiative partnered with The Akshaya Patra Foundation towards their mission of providing nutritious meals to underprivileged children in Ballari by helping to provide mid-day meals to 3,000 children for the entire year.

The Objective of the program is to Improve the nutritional status of children in Government and Government aided schools and in encouraging needy children, belonging to disadvantaged sections, to attend school regularly and help them concentrate on classroom activities.

Our support of Akshaya Patra's mid-day meals program is aligned with our company's commitment to social responsibility and making a positive impact. We believe that supporting education and health initiatives for underprivileged children is a key driver of social and economic development.

7. Health Care (Manipal Foundation)

PAGE as part of its CSR initiative, has also been contributing to the 'Manipal Foundation' for carrying out surgeries in children with airway and swallowing disorders. These children require highly skilled care to re-establish the airway by performing expensive and complex reconstructive procedures. The Manipal Foundation, through its Children's Airway & Swallowing Centre, has been rendering this service to society for over two decades. To ensure that these services reach the disadvantaged groups, it has built a Private Public Partnership to help patients from Government Children's Hospitals.

8. Health Care

In addition to the above initiatives, we extended support to Government Hospitals and distributed medicines and medical equipments. Further, we distributed over 1 lakh face-masks for Government school children and staff members.

The Key Managerial Personnel of the Company are also part of the Board and Committee Meetings wherein the above referred presentations are made.		100%
Key Managerial Personnel			
Employees other than BoD and KMPs	Employees undergo training on Code of Conduct, Human Rights Policies, EHS policy etc. at the time of induction and periodically thereafter.		100%
Workers			

- Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity’s website):

Monetary					
	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine	None	NA	NA	NA	NA
Settlement	None	NA	NA	NA	NA
Compounding fee	None	NA	NA	NA	NA
Non-Monetary					

	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes/No)
Imprisonment	None	NA	NA	NA	NA
Punishment	None	NA	NA	NA	NA

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Not Applicable

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Anti-corruption and bribery are a part of PIL's Code of Conduct for its Board of Directors and employees. The Code of conduct is communicated to all employees at the time of joining and periodically through the employee portal. PIL and its employees do not offer or give any company funds or property as donations to any government agency or its representative, directly or through intermediaries unless mandated under applicable laws, to obtain any favourable performance of official duties.

The company's zero tolerance towards unethical behaviour including corruption and bribery is communicated to all vendors and supply chain partners through Supply Chain Standards and Responsibilities Code for Suppliers and Vendors.

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

	FY 23	FY 22
Directors	None	None
KMPs	None	None
Employees	None	None
Workers	None	None

6. Details of complaints with regard to conflict of interest:

	FY 23		FY 22	
	Number	Remarks	Number	Remarks
Number of complaints received in relation to issues of Conflict of Interest of the Directors	None	None	None	None
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	None	None	None	None

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not applicable, as there were no charges of corruption and conflicts of interests on any employees and other stakeholders of PIL.

Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the principles during the financial year

Total number of awareness programmes held	Topics / principles covered under the training	% age of value chain partners covered (by value of business done with such partners) under the awareness programmes
2 (ESG & GHG Accounting, Restricted Substances List)	P2, P6	81.11%

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.

Yes, the Code of Conduct outlines the guidelines for board members and employees to avoid instances of conflicts of interests. For more details, refer to PIL's Code of Conduct.

PRINCIPLE 2 Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 22-23	FY 21-22	Details of technologies/ projects	Details of improvements in environmental and social impacts
Capex	0.2%	1.70%	Replacement of Clutch motors with Servo motors	Investment in the initiative has resulted in energy savings of 1,90,444 kWh in FY 21-22 and FY 22-23
	0.2%	-	Go Green Machine	Reduction of water consumption in socks production
	0.1%	-	Hook & EYE metal forming machine	To reduce dependency on import, which in turn helps in limiting carbon emission form multiple transport
	0.0%	-	Solar Inverter	Increased use of renewable source
	1.0%	-	Foam Moulding Project	Improvement in energy efficiency
	0.7%	-	Solar Power generation	Increasing Solar Energy consumption and thereby reducing grid electricity dependency
	0.1%	-	LED tube light	FTL to LED has resulted in energy savings of 53,232 kWh in FY FY 22-23
	0.2%	-	Replacement of LPG with PNG	Replacement of LPG with PNG results in lower atmospheric emissions of sulphur dioxide (SO2), carbon monoxide (CO), reactive hydrocarbons and carbon dioxide. It is beneficial in terms of safety as well. 10% reduction in GHG emissions is expected from the investment in PNG to replace LPG (based on GHG protocol Emission Factors from Cross-Sector)
	-	0.20%	Retro fitment of 50HP compressors with VFD	Investment in the initiative has resulted in energy savings of 46,896 kWh in FY 21-22
	-	5.50%	FHS & sprinkler upgradation	Continuous improvement of Health and safety
	-	1.10%	Chemical auto dosing & J Box	Manual mixing of chemical has been eliminated
	-	0.20%	Metal detector	Metal contamination elimination is ensured in manufactured elastic
R&D	-	0.40%	Automated guided Vehicle	Investment in this material movement equipment has reduced manual movement

2. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes, the Company has established a Responsible Sourcing Policy to communicate its position and expectations with respect to the responsible sourcing of goods and services to its value chain partners. The Policy aligns with the organisation's procurement commitments and Sustainability goals. The Policy promotes accountability for decisions, actions, and continual improvement in the performance of suppliers / vendors, hence making the supply chain more sustainable. The policy includes a set of requirements which requires all suppliers / vendors of the Company to adhere to.

3. If yes, what percentage of inputs were sourced sustainably?

% of renewable raw materials in Jockey Products (Fabric Ordering)	82%
% of renewable packaging material (Jockey)	49%
% of suppliers covered for RSL Implementation	44 suppliers

4. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

PIL is committed to reducing the environmental impact of its operations as outlined in the target "100% Recycling and Management of Single Use plastics in packaging by December 2022". Accordingly,

Page Industries initiated the process to reclaim the plastic packaging wastes by registering with CPCB for Extended Producer Responsibility (EPR). In FY 2023, 572 tonnes of plastic wastes are reclaimed and recycled. The plastic wastes generated in operations are safely disposed to authorised vendors for recycling. E-Wastes generated from operations are also sent to authorised vendors for recycling. In FY 2023, 7.33 tonnes of E-Wastes are safely disposed through recyclers. Hazardous Wastes are carefully handled throughout the operations and are sent to recyclers or incinerated. A significant portion of Non-Hazardous wastes viz., Rubber and Elastic wastes are diverted to fuel recovery.

5. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, A clear implementation roadmap has been established to collect and recycle equivalent quantity and quality of pre-and post-consumer plastic packaging in line with the Extended Producer Responsibility (EPR) regulations. PIL has been successfully registered as a brand owner in CPCB (Central Pollution Control Board) as per the updated EPR regulations released by MoEF & CC (Ministry of Environment, Forest and Climate Change) in February 2022. As per the EPR registration, the company has a target to recycle 572 MT of plastic packaging which is the average of FY 20-21 & FY 21-22 pre & post-consumer plastic packaging generated. 100% of the recycling target has been achieved as of February 2023.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

NIC Code	Name of Product / Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No) If yes, provide the web-link.
14101	Product Style 2714	1.32	The boundary for the life cycle assessment of the product style is Cradle to Grave	Yes	The life cycle analysis is currently under progress and the results of the same will be communicated once complete

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

The life cycle analysis is currently under progress and the results of the same will be communicated in next reporting cycles. Based on the assessment, a long-term strategy would be developed to mitigate the identified environmental and social impact by choice of input materials and its production routes.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Indicate input material	% Recycled packaging material to total packaging material consumed (by quantity)	
	FY 23	FY 22
Packaging Material (Jockey)	49%	53%

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

	FY 23	FY 22
	Recycled	Recycled
Plastics (including packaging)	572	9

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Jockey and Speedo Packaging	Nil

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Page is committed to maintaining a healthy, safe, ergonomic, and clean working environment for all its

employees, contract workers, visitors, and stakeholders engaged in its business operations. To sustain its zero-harm work culture, the company has instituted several continuous improvement measures as follows,

Occupational Health and Safety Management

The company is currently in the process of implementing an Integrated Management and is targeted to be in place by FY 2022-23. ISO 45001 standard for occupational health and safety management is developed as an integral part of the system. At present, Page is ensuring that its well-defined EHS operational controls are in line with the requirements of ISO 45001 and ISO 14001. Safe operating procedures and guidelines are derived from relevant Indian standard codes.

EHS committee

The company has instituted an EHS committee at all operating facilities, to proactively manage OHS activities and promote participation of employees in the EHS management system. The committee is led by a factory manager with equal representation of workers. Daily safety meetings as well as weekly and monthly EHS committee meetings are carried out.

OHS Risk Assessment

For routine activities, hazards are identified through HIRA based on IS: 15656:2006 standard. To ensure quality of risk assessment, HIRA is carried out by trained and certified personnel. For non-routine activities, hazards are controlled through a well-defined safe work permit system. Significant risks are identified, and appropriate control measures are implemented to strengthen the OHS management system. The employees are trained to report near-miss and hazards using reporting cards placed near suggestion boxes. Employees and contract workers are trained on work-related hazards and safety measures to be taken through standard operating procedures, work instructions, and OHS manuals.

Safety Audit

Regular Health and Safety compliance audits are carried out across operating facilities. External third-party audits are also conducted to improve the effectiveness of the management system

Safety Training and Awareness Programs

Safety, role-based training programs are being conducted regularly and refreshed at periodic intervals. The leadership and management team are trained on aspects such as safety management systems, incident investigation, audit, and emergency management. Whenever a new safety risk is identified and/or when an accident takes place, the Training Plan and the Safety Operating Procedure are updated.

EHS Communication and Engagement

Safety communication starts at the top level of the organisation and permeates across all grades of the business. By developing effective communication channels which engages with employees and enable individuals to communicate the safety related incidents opens up a two-way channel of communication in the organisation between the leadership team and workforce. In addition, employees are engaged through various safety campaigns and programs.

Incident Reporting

The company has adopted Incident Reporting and Investigation methodology based on fishbone method, i.e., incidents are investigated with respect to man, material, method, environment, and machine, based on which root cause is identified, to examine all safety incidents to learn from incidents and prevent reoccurrence. The gaps identified and control measures implemented are communicated across all manufacturing facilities to strengthen the safety management system. Further, to continuously improve the prevention and management of incidents, incident and accident management systems will be digitized.

Health Check-Ups

The company has a well-established health monitoring system for all its employees covering 100% of the workforce and contract workers including caterers and housekeepers. Every manufacturing unit has a medical dispensary with a dedicated team of doctors, nurses, ambulance facilities, and medical supplies. The medical dispensary operates throughout the

manufacturing unit’s shift timings. The organization’s doctors perform health check-ups periodically and any findings are addressed immediately. Employee State Insurance (ESI) corporation’s health camps are also organized periodically. The health services provided to employees covers both occupational and non-occupational health issues. In addition to general health checks, job specific health check-ups such as audiometry, eye check-up, tetanus immunization once in six months. In addition, the doctors conduct monthly prenatal check-ups for all expecting mothers, provide advice and medicines as necessary.

Occupational Health Risk Assessment

Occupational Health Risk Assessments are conducted to identify health hazards, assess potential health risks, prioritize, and determine appropriate control measures to protect the health and well-being of employees systematically and proactively. Occupational risks assessments are conducted as per guidelines from “National Institute of Occupational Health & OHSAS”.

Ergonomic Exercises

To promote ergonomics in the work culture and reduce occupational health risks, all employees in the manufacturing line take a break and perform stretching ergonomic exercises every 2 hours in a day. The stretching exercises focus on the neck, shoulders, low back, hand, and wrist. This effectively reduces the ergonomic risk factors and musculoskeletal pain among the workforce. 1-minute eye movement exercise is also conducted for workers who undertake manual quality testing of products.

7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The company through its policy encourages employees to report matters without the risk of subsequent victimisation, discrimination or disadvantage.

The identity of the Whistle Blower shall be kept confidential to the extent possible and permitted under law. The identity of the complainant will not be revealed unless he himself has made either his details public or disclosed his identity to any other office or authority. In the event of the identity of the complainant being disclosed, the Audit Committee is authorized to initiate appropriate action as per extant regulations against the person or agency making such disclosure. The identity of the Whistle-blower, if known, shall remain confidential to those persons directly involved in applying this policy, unless the issue requires investigation by law enforcement agencies, in which case members of the organization are subject to subpoena.

8. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, human rights form the part of business agreements and contracts and supplier sustainability assessments.

9. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	The Company does not engage in any form of child labour/forced labour/ involuntary labour and does not adopt any discriminatory employment practices.
This is in compliance with the laws, as applicable.	
Forced/involuntary labour	
Sexual harassment	
Discrimination at workplace	
Wages	
Others - please specify	

Human Rights Assessment

The company's manufacturing facilities are certified by Worldwide Responsible Accredited Production (WRAP). The WRAP certification program is promoted by the Association of American Apparel and Footwear Industry. WRAP audits Page's facilities on 12 principles namely,

- (xiii) Compliance with Laws and Workplace Regulations,
- (xiv) Prohibition of Forced Labour
- (xv) Prohibition of Child Labour
- (xvi) Prohibition of Harassment and Abuse
- (xvii) Compensation and Benefits
- (xviii) Hours of Work
- (xix) Prohibition of Discrimination
- (xx) Health and Safety
- (xxi) Freedom of Association and Collective Bargaining
- (xxii) Environment
- (xxiii) Customs Compliance
- (xxiv) Security

As a part of the certification, the operations of the Company are subject to assessment in the form of internal and external audits.

10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

None

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

The Company is of the belief that it has upheld the basic principles of human rights. The Company regularly sensitises its employees on the Code of Conduct through various training programmes as well.

2. Details of the scope and coverage of any Human rights due-diligence conducted.

The scope and coverage of Human rights due-diligence is detailed in Principle 3 and Principle 5

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, the offices of the company are accessible to differently abled employees and workers in line with Rights of Persons with Disabilities Act, 2016. The installed features include ramps and lift facilities.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	The company expects its value chain partners to be in compliance with the laws and regulation. The Supply Chain Standard and Responsibility Code and Responsible Sourcing Policy covers the compliance requirements related to Human Rights extensively. Self-assessment checklist for Human Rights assessment has been obtained from all strategic suppliers. HR compliance and ESG audits are planned for the value chain.
Discrimination at workplace	
Child Labour	
Forced Labour/ Involuntary Labour

Others - please specify	

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

None

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	UoM	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
Total electricity consumption (A)	GJ	67,438.49	55,551.48
Total fuel consumption (B)	GJ	54,838.43	39,875.96
Energy consumption through other sources (C)	GJ	0	0

Total energy consumption (A+B+C)	GJ	1,22,276.92	95,427.45
Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees)	GJ/ Million Rupees	2.55	2.45
Energy intensity (optional) - the relevant metric may be selected by the entity	GJ/Million minutes produced	54.02	54.04

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
Water withdrawal by source (in ML)		
(i) Surface water (Government water supply)	28.34	24.63
(ii) Groundwater (Borewell water)	94.03	64.90
(iii) Third party water	97.06	74.62
(iv) Seawater / desalinated water	-	-
(v) Others (Rainwater)	0.46	0.54
Total volume of water withdrawal (in ML) (i + ii + iii + iv + v)	219.89	164.69
Total volume of water consumption (in ML)	194.55	146.55
Water intensity per rupee of turnover (Water consumed (ML)/ Turnover (₹ in billion))	4.06	3.78
Water intensity (optional) - the relevant metric may be selected by the entity	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Trade effluents are only generated in the company's Tape Dyeing unit, located at Hassan. In all other facilities, water is consumed mainly for domestic purposes. Domestic wastewater is treated in PIL's in-house Sewage Treatment Plants (STPs), and the treated water is reused for flushing, gardening, and road washing.

The trade effluents generated in Tape Dyeing Unit is treated in inhouse Effluent Treatment Plant. To reduce reject water, a three-stage reverse osmosis system is instituted. The treated water from ETP is recycled back into the production process and the ETP sludge is dried and handed over to authorized incinerators. Zero Liquid Discharge is under implementation for the plant to eliminate risk of effluent transportation and disposal. The implementation plan includes installation of Low-Temperature Evaporator (LTE) in a pilot scale.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Specify Unit	FY 23	FY 22
NOx	tonnes	1.38	1.78
SOx	tonnes	0.51	0.74
Particulate matter (PM)	tonnes	2.56	3.78
Others- please specify Carbon Monoxide (CO)	tonnes	5.53	7.61

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Specify Unit	FY 23	FY 22
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	1,507	1,094
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	14,701	12,148
Total Scope 1 and Scope 2 emissions per rupee of turnover	tCO ₂ e/Billion turnover in INR	338.48	340.72
Total Scope 1 and Scope 2 emission intensity (optional)- the relevant metric may be selected by the entity	tCO ₂ e/Million Minutes Produced	7.16	7.50

*In FY 2023, the emission sources are regrouped and includes gases like CO₂, CH₄, N₂O whereas FY 2022 includes only CO₂ gas.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

8. Does the entity have any project related to reducing GreenHouse Gas emission? If yes, then provide details.

Yes.

Page has taken considerable steps throughout the reporting year to reduce its own GHG emissions. In line with the long-term target, to reduce GHG emissions intensity by 15% by FY 2025 and 30% by FY 2030, in alignment with India's NDCs against the FY 2019-20 baseline, the following initiatives were adopted.

- Setting emission reduction targets and developing a roadmap to monitor execution
- Carrying out feasibility studies to adopt and invest renewable energy technologies in various units
- Investing in energy-efficient technologies

Year wise GHG emissions avoided

Financial Year	Scope 2 GHG emissions avoided
FY 22-23	422.14 tCO2e
FY 21-22	309.75 tCO2e

During the reporting year, 422.14 tCO2e of Scope 2 emissions have been avoided as a result of effective implementation of direct energy saving initiatives and solar energy consumption from rooftop PV.

9. Provide details related to waste management by the entity, in the following format:

Category of Waste	Description of Waste	Method of Waste disposal	Unit of Measurement	FY 22-23	FY 21-22
Hazardous Waste	Waste oil/Used oil	Recycled	Litters	4807.40	4182

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

10. Briefly describe the waste management practices adopted in your establishments.

The company's waste management approach consists of two parts: reduced waste generation with improved circularity and responsible waste disposal. PIL adopts the best systematic approach for waste

collection, treatment, and disposal and the company engages with authorized third-party waste handlers for the management of generated wastes in line with contractual or legislative obligations which is strictly ensured by PIL by tracking and supervising the aftercare outside the operating premises. PIL maintains a central database of waste generation and disposal substantiated by unit records for all the waste types.

To ensure the company's waste is handled responsibly, traceability audits have been conducted for 100% of hazardous waste vendor sites and their waste handlers. Non-hazardous waste handler audits are currently in progress.

11. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The company has adopted a chemical management policy to manage chemicals in a manner that does not cause harmful consequences to stakeholders across the value chain. The goal is to use chemicals that have the least negative impact on the environment, workers, end users of our products & surrounding community.

Responsible Chemical Management in Manufacturing and Supply Chain

In alignment with the objective of the Chemical Management policy, the following activities are carried out in our organization,

- To ensure the use of non-hazardous chemicals or least hazardous chemicals during product manufacturing, the chemicals used are compared against the ZDHC MRS� (Manufactured Restricted Substance List).
- Chemicals CAS Nos. are screened against ZDHC MRS� requirements before procurement.
- Chemical alternate assessment is being carried out to replace the chemicals listed in the Restricted Substances List.

In addition, PIL has prepared a Restricted Substances List for its supply chain in alignment with international standards including AAFA (American Apparel and Footwear Association) and AFIRM (Apparel and Footwear International RSL Management) RSLs. Chemical Management policy and RSL were launched to the strategic value chain partners in May 2022 and have come into enforcement from January 2023. The implementation and monitoring will happen over three phases spanning over FY 22-25.

12. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks,

wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

The organization adheres to standard environmental management practices. Page’s operating units are all located in industrial areas. Accordingly, there are no significant biodiversity hotspots in the area of operations. None of the protected areas that are of high biodiversity value are getting affected due to the company’s operations.

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not applicable			

13. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Not Applicable

14. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, the entity is compliant with all applicable environmental laws and regulations and there were no instances of non-compliance recorded in FY 2023.

Leadership Indicators

1. Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

Parameter	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
From renewable sources (GJ)		
Total electricity consumption (A)	262.57	221.06
Total fuel consumption (B)	38,729.10	26,750.19
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	38,991.65	26,971.25
From non-renewable sources (GJ)		
Total electricity consumption (D)	67,175.92	55,330.42
Total fuel consumption (E)	16,109.35	13,124.9
Energy consumption through other sources (F)	-	-
Total energy consumed from non renewable sources (D+E+F)	83,285.27	68455.32

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

2. Provide the following details related to water discharged:

Parameter	FY 22-23 (Current Financial Year)	FY 21-22 (Previous Financial Year)
From renewable sources (GJ)		
(i) To Surface water		
- No treatment	-	-

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

3. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

For each facility / plant located in areas of water stress, provide the following information:

1. Name of the area
2. Nature of operations
3. Water withdrawal, consumption and discharge in the following format:

Parameter	FY 23	FY 22
From renewable sources (GJ)		
(i) Surface water	28.34	24.63
(ii) Groundwater	94.03	64.90

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

4. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 23	FY 22
Scope 3 Emissions	Metric tonnes of CO2 equivalent	7,181.63	5,550
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO2 equivalent per million rupees of turnover	0.15	0.14
Total Scope 3 emission intensity (optional) - the relevant metric may be selected by the entity	tCO2e/Million Minutes Produced	3.17	3.14

*Emission computing for FY2023 has been reconciled.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

FY 21-22, FY 22-23 data were externally assured by M/s. BSI Group (India) Private Limited, an independent third-party assurance provider.

5. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

6. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Energy efficiency measures	FTL to LED Replacement in all units	The initiative has achieved energy savings of 53,232 kWh/year
		Clutch motors to Servo motors replacement	The initiative has achieved energy savings of 26,520 kWh/year
		VFD drive installed to Air compressor	The initiative has achieved energy savings of 125188 kWh/year
		Other energy saving initiatives	The initiative has achieved energy savings of 232960.37 kWh/year
2	Increasing Renewable Energy share	Renewable energy consumption from solar rooftop installation	72,935.90 kWh of solar energy has been generated and consumed
		Increased consumption of biomass-based briquettes	The share of biomass briquettes increased by 45% when compared to previous year
3	Plastic Waste Management	Extended Producer Responsibility	100% of the EPR recycling target has been achieved
4	Effluent Management	Zero Liquid Discharge	Pilot Low-Temperature Evaporator is planned

7. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The company has established robust emergency preparedness plans at each unit to deal with potential disaster/emergency situations. Onsite Emergency plans (OEP) details the potential emergency and response measures including the implementation of safety controls, pre-emergency planning, responsibilities of executives. The plans also delegate the authority for rescue operations, evacuations, rehabilitation, co-ordination, and communication. The company also conducts periodic assessments to analyse the effectiveness of the plans. Emergency Response Teams at each unit is constituted with identified personnel for assigning the responsibilities for execution of controls in case of emergency situations. In addition, frequent fire drills and mock drills are conducted.

8. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

The company has an established Supply Chain Standard and Responsibility Code and Responsible Sourcing Policy which serves as a guideline in evaluating prospective business partners. Page’s suppliers and vendors are governed by the Supply Chain Standard and Responsibility Code. The code inherently embraces the social and environmental standards of operation. The suppliers are regularly audited to evaluate their performance and compliance. No adverse impact to the environment has been observed in the organisation’s value chain in the reporting period.

9. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

81.11% of the company’s strategic value chain partners have submitted self-assessment questionnaires for environmental impacts using PIL’s supplier sustainability assessment methodology.

PRINCIPLE 7 Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent.

Essential Indicators

1.
 - a. Number of affiliations with trade and industry chambers/ associations.
 PIL is a part of 3 trade and industry chambers/ associations
 - b. List the top 10 trade and industry chambers/ associations (determined based on the total members of such a body) the entity is a member of/ affiliated to.

S. No.	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/ National)
1	Apparel Export Promotion Council	National
2	Karnataka Employers Association	National
3	National Safety Council of India	National

2. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities.
 Not Applicable as there were no instances of competitive behaviour exhibited by PIL

Leadership Indicators

1. Details of public policy positions advocated by the entity:
 Not applicable

PRINCIPLE 8 Businesses should promote inclusive growth and equitable development

Essential Indicators

1. Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year
 PIL did not take up any Social Impacts Assessments in FY 2023
2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity, in the following format:
 None
3. Describe the mechanisms to receive and redress grievances of the community.
 Any community grievances regarding Page’s operations are communicated through the Security personnel at the gate, employees, and through direct representation to the Unit HR Manager. Grievances reported are reviewed, addressed, and communicated suitably. If required the issue is escalated to Chief Human Resource Officer - Admin & CSR, and MD for review.
4. Percentage of input material (inputs to total inputs by value) sourced from suppliers:

	FY 23	FY 22
Directly sourced from MSMEs/ small producers	19%	20%
Sourced directly from within the district and neighbouring districts	50%	54%

Leadership Indicators

1. Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):
 Not Applicable

2. Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:

Sl. No.	State	Aspirational District	CSR Project	Item from the list of activities in Schedule VII to the Act	Amount spent in the current financial Year (in million ₹)
1	Karnataka	Nil	Education to under privileged children	Education	14.62
2	Karnataka	Nil	Health and Hygiene Program	Promoting health care including preventive health care	9.08
3	Karnataka	Nil	Nutrition program for School Children	Eradicating hunger and malnutrition	4.50
4	Karnataka	Nil	Cancer Research Foundation	Healthcare	0.20
5	NA	NA	Ministry of Defence	Ministry of Defence	0.50
6	NA	NA	PM National relief fund	PM National relief fund	30.00
7	Karnataka	Nil	Street light arrangement	Rural development	0.57
8	Karnataka	Nil	Supply of mask, medical oxygen cylinder and medicines.	Disaster Management	6.31

3.

- Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? No
- From which marginalized /vulnerable groups do you procure? Not Applicable
- What percentage of total procurement (by value) does it constitute? Not Applicable
- Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge
Not applicable
- Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.
Not applicable

MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

ECONOMIC OVERVIEW

The financial year 2023 continued to face the snowballing effects from continued headwinds, most notably the COVID-19 pandemic and its newer variants, geopolitical turmoil with the Russia-Ukraine war entering its second year, energy crises in Europe, among others. All these challenges have manifested in unforeseen ways. Spurred by pent-up demand, lingering supply disruptions, and commodity price spikes, inflation reached multidecade highs last year in several economies across the globe, leading central banks to tighten aggressively to bring it back toward their targets and keep inflation expectations anchored.

The baseline forecast for global output growth estimated at 3.4 percent in 2022 is likely to fall to 2.8 percent in 2023, before rising to 3.0 percent in 2024. For advanced economies, growth is projected to decline by half in 2023 to 1.3 percent, before rising to 1.4 percent in 2024. About 90 percent of advanced economies are expected to see a decline in growth in 2023. For emerging market and developing economies, economic prospects are on average stronger than advanced economies, but these prospects vary more widely across regions. On an average, growth is expected to be 3.9 percent in 2023 and is likely to rise to 4.2 percent in 2024.

Overview of the World Economic Outlook Projections (%):

	2022	Projections	
		2023	2024
World Output	3.4	2.8	3.0
Advanced Economies	2.7	1.3	1.4
Emerging Market and Developing Economies	4.0	3.9	4.2
Emerging and Developing Asia	4.4	5.3	5.1
China	3.0	5.2	4.5
India	6.8	5.9	6.3

The baseline forecast for global headline (consumer price index) inflation is reported to decline from 8.7 percent in 2022 to 7.0 percent in 2023. Disinflation is

expected in all major country groups, with about 76 percent of economies expected to experience lower headline inflation in 2023. Initial differences in the level of inflation between advanced economies and emerging market and developing economies are, however, expected to persist. The projected disinflation reflects declining fuel and nonfuel commodity prices as well as the expected cooling effects of monetary tightening on economic activity. At the same time, inflation excluding that for food and energy is expected to decline globally much more gradually in 2023.

INDIAN ECONOMIC OVERVIEW

Global developments have posed downside risks to India's growth and overall macroeconomic stability. The impact was seen in the first half of 2022-23 in the widening of the current account deficit (CAD), uptick in retail inflation, the outflow of portfolio investments, and the appreciation of the US\$ against the INR. In the second half of 2022-23, retail inflation fell below the tolerance ceiling, with portfolio investments starting to return, the INR stabilising against the US\$, but export growth declining with the slowing of global growth. Despite unfavourable developments and external challenges, the latest IMF World Economic Outlook estimates the Indian economy to be one of the fastest growing major economies in 2022-23.

As per the National Statistical Office, Ministry of Statistics and Programme Implementation, India's Real GDP and Nominal GDP are projected to grow by 7 per cent (YoY) and 15.9 per cent (YoY), respectively, in 2022-23. On the demand side, private consumption has witnessed continued momentum. It is estimated to grow at 7.3 per cent in 2022-23 compared to 11.2 per cent in 2021-22, reflecting the rebound demand witnessed in the current year on account of the release of pent-up demand for contact-intensive services. Exports are projected to grow at 11.5 per cent in 2022-23 despite sustained supply chain disruptions and an uncertain geopolitical environment. The share of exports in GDP (at 2011-12 prices) also increased to 23.1 per cent in 2022-23 compared to 22.1 per cent in 2021-22.

On the supply side, agriculture, forestry and fishing continue to lend unwavering support to economic growth and are expected to witness YoY growth of 3.3 per cent in 2022-23. The growth in the agriculture sector is likely to remain buoyant, supported by healthy progress in Rabi sowing. This has led to a recovery in the rural economy. The industry sector is likely to witness modest growth of 3.6 per cent in 2022-23 compared to strong growth of 11.6 per cent in 2021-22, possibly because of input cost-push pressures, supply chain disruptions and China lockdown affecting the availability of essential inputs and slowing global economy. The services sector is expected to rebound with YoY growth of 9.4 per cent in 2022-23 compared to 8.8 per cent in 2021-22, driven by a recovery of the contact-intensive service sector (Trade, hotels, transport, communication and services related to broadcasting).

THE TEXTILE AND APPAREL MARKET - GLOBAL AND INDIAN OUTLOOK

The global apparel market shrunk from US\$ 1.6 trillion in 2019 to US\$ 1.3 trillion in 2020, reflecting a decline of about 22%. However, in 2021, the market recovered by approximately 16% to reach US\$ 1.5 trillion and is expected to reach approximately to US\$ 2 trillion in 2025, growing at a CAGR of 4% from 2019.

The Indian domestic textile and apparel market was estimated at US\$ 99 bn in 2021-22 and has seen a 30% recovery since 2020-21. The market is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 bn by 2025-26.

INDUSTRY STRUCTURE AND DEVELOPMENT

The Indian textile industry is the second largest producer of MMF Fibre after China. India is the 3rd largest exporter of Textiles & Apparel in the world with India's textiles and clothing industry being one of the mainstays of the national economy. The share of textile and apparel (T&A) including handicrafts in India's total merchandise exports stood at a significant 10.5% in 2021-22. India has a share of 4.6% of the global trade in textiles and apparel. USA, EU-27 and UK continue to be the major textile and apparel export destinations for India and account for approximately 50% of India's textiles and apparel exports. The sector holds importance from an employment standpoint as well and provides direct and indirect employment and source of livelihood for millions of people including a large number of women and rural population.

Indian Apparel Market

The overall apparel segment size in FY 2020 was estimated to be USD 67 bn. The market is projected to grow at 10 percent and reach USD 107 bn by FY 2025. This growth is expected to be driven by factors such as increased purchasing power driving growth in primary discretionary spend, better access and availability of products, acute brand consciousness, increasing urbanization and increasing digitization.

Men's Innerwear

Men's innerwear contributed 7 percent to the overall men's wear category in FY 2020 (USD 1.9 bn) and is expected to grow at 10.3 percent to contribute nearly USD 3.1 bn in FY 2025.

Women's Innerwear

Women's innerwear category was estimated at approximately USD 4.4 bn in FY2020 and is expected to grow at a CAGR of 14 percent and nearly double by FY 2025 (USD 8.5 bn).

Kids Wear

The kids wear market in India stood at USD 14 bn (FY 2020) and is expected to grow at a CAGR of 10.5 percent and grow to nearly USD 23 bn by FY 2025. Uniforms, t-shirts/shirts, and bottom wear are the three biggest categories contributing 37 percent, 24 percent and 18 percent of the overall kids wear market as on FY 2020. Kids' denims segment is showing the fastest growth rate of 13 percent among all the other product categories (FY2020 - FY 2025).

The innerwear industry in India is emerging as one of the fastest growing categories in over the last few decades. Once known for being merely an essential innerwear has transformed as a trendsetter in the apparel industry and is associated with style, comfort, and a fashion statement. The Indian innerwear market currently estimated to account for -9 percent of the total domestic fashion retail market. The pandemic fuelled work from home and hybrid work culture along with increasing awareness on health, fit, and personal hygiene coupled with the growing millennials are factors leading to the growth of the innerwear market.

Athleisure

The Athleisure category was already growing at a rapid pace even in the pre-Covid times. Today, work from home and hybrid work culture blurred boundaries between casual and athleisure clothing allowing consumers to spend their whole day in a comfortable outfit. This coupled with the growing fitness needs of consumers are contributing to a significant growth of this segment. While the retail fashion industry was severely hit by the pandemic and is slowly making a comeback, reports suggest that there is likely a consumer shift from seasonal fashion to 'all-year-long' comfort wear with athleisure fitting the criteria.

The Indian men's casual and activewear category in FY2020 was estimated at USD 7.7 bn and is expected to grow at a CAGR of 13.9 percent to USD 14.9 bn in FY 2025. Women's casualwear category in FY2020 stood at USD 0.9 bn and is expected to grow at a CAGR of 16.1 percent to USD 1.9 bn in FY 2025.

Boston Consulting Group estimates that despite a 27% drop in size of overall apparel market and will be largely driven by the functional athleisure category.

Swimwear

The Asia-Pacific region, and India and China in particular, is expected to experience a higher growth rate for swimwear than other regions in the next five years. Swimming has gained much popularity in the country both as a sporting event as well as a recreational activity. Increasing expenditure on lifestyle goods, coupled with an upsurge in preference for swimming as a leisure and recreational activity, is driving the growth of the swimwear market. Today, most schools in India recognize swimming as an important life skill and have included the sport as a necessary co-curricular activity. Access to swimming in urban India is witnessing a surge as pools are becoming an integral feature / amenity at most high-rise apartment complexes and gated communities.

In the past, the Company had commissioned the global marketing research firm, AC Nielsen to conduct a comprehensive study on the swimwear category & consumer behaviour of swimmers in India. As per the study, 3% of the urban population classified based on income levels across both gender groups take to swimming twice a week in summer season. The research also shows that 24% of the non-swimmers surveyed, demonstrated 'likelihood to swim in the future' which shows that there is a large potential of non-swimmers 'who are willing to swim'.

E-commerce

The Indian ecommerce market is estimated to grow by 21.5% reaching USD 74.8 billion in 2022 and is likely to reach USD 350 billion by 2030 with grocery and fashion/apparel likely to be its key growth drivers.

India's e-commerce festive season sales clocked in a gross merchandise value of US\$ 9.2 billion, an increase of 23% compared 2020.

With the number of internet connections in 2021 significantly increasing to 830 million, internet penetration increased from 4% in 2007 to 45% in 2021.

Online penetration of retail is expected to reach 10.7% by 2024 compared to 4.7% in 2019, while online shoppers in India are expected to reach 220 million by 2025.

According to a report published by IAMAI and Kantar Research, India internet users are expected to reach 900 million by 2025 from ~658 million internet users in 2020, increasing at a CAGR of 45% until 2025.

The online retail market in India is estimated to be 25% of the total organized retail market and is expected to reach 37% by 2030.

OPPORTUNITIES AND THREATS

Opportunities

Economic Shift:

- Growth in organized retail providing a larger opportunity for branded play
- Increase in consumption with factors like education, occupation, urbanization, nuclear families, influence of social media, disposable incomes moving in a positive direction
- Increase in fashion and brand consciousness making consumers more aspirational and discerning
- Increasing urban women population and women corporate workforce

Brand:

- In-house manufacturing and a robust distribution chain allow the brand to ensure adequate supply
- Brand footprint expanding across exclusive retail as well as multi-brand retail creating an excellent base for its growth
- The new / first time consumers acquired by the brand during the pandemic in categories such as athleisure will aid in growth
- The hybrid work culture provides excellent opportunities for categories like work-leisure to expand and grow

Consumer Behaviour:

- The 'stepping-out' of consumers post lock-down promises a resurgence of offline retail in FY22-23.
- The hybrid work culture provides excellent opportunities for categories like work-leisure to expand and grow

Threat

Long Term:

- Several international apparel brands have commenced operations in India realizing that the Indian market is likely to emerge as one of the largest apparel markets in the world in the next few decades
- The emergence of D2C startups in the innerwear and athleisure space in the last few years with aggressive discounting as the key USP to acquire customers

STRATEGIC INITIATIVES

The Company's value system and success revolves around the pillars of Quality, Comfort, Integrity, Simplicity, Transparency, People and Customer delight.

Key strategic initiatives taken to maintain market position and profitability:

- Ramp-up capacity in both manufacturing and sales
- Expanding channel presence in distribution, exclusive brand outlets, large format stores & ecommerce
- Expanding investments and spends in sales and marketing at point of sale along with traditional and digital advertising
- Enhance investments in R&D, product development and innovation, automation, and digital transformation

OUTLOOK

In anticipation of growing demand, the Company is looking at capacity expansion with increased infrastructure and facilities which will allow scalability, ramp-up incremental machinery and manpower to meet the expected growth in demand. The Company has also significantly expanded its presence by opening several Exclusive Brand Outlets (EBO's) along with large format stores (LFS), multi brand outlets (MBOs), thereby ensuring brand availability and accessibility across the country.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company is engaged in the business of manufacturing garments and there is no separate reportable segment.

RISK AND CONCERN

The Company's risk management procedure helps identify and evaluate risks on an ongoing basis. Risks are inherent in business activities and to mitigate these effectively and efficiently, the Company has implemented a SCORE framework: -

- **S**trategic Risks,
- **C**ompliance Risks,
- **O**perational Risks,
- **R**eporting obligations and
- **E**nvironment, Health and Safety Risks

The identified risks are integrated into the business plan and a detailed action plan to mitigate these risks and concerns is put in place.

Risk Management Committee:

The Board of Directors have constituted a Risk Management Committee in Compliance with SEBI(LODR) Regulations. Following are the Members of the Committee:

1. Mr. Sunder Genomal;
2. Mr. V S Ganesh;
3. Mr. Shamir Genomal;
4. Mr. Varun Berry;
5. Mr. Chandrasekar K; and
6. Mr. Ravikumar P.

INTERNAL CONTROL SYSTEM AND ADEQUACY

The Company has adequate internal control systems commensurate with the size and nature of its business. The Management is entrusted with the overall responsibility of the Company's internal control systems to safeguard assets and ensure reliability of financial records. The Company has a detailed budgetary control system and actual performance is reviewed periodically to align operating cost with business performance.

The Internal audit program covers all areas of activities with periodical reports submitted to the Management. Internal Auditors submit their quarterly report to the Audit Committee and are invited to the meeting to clarify any issues that may be raised by the Committee members. The Audit Committee reviews all financial statements to ensure adequacy of internal control systems. The Company has a well-defined organization structure, authority levels and internal rules and guidelines for conducting business transactions.

Software solutions including cloud-based applications, SAP, ARIBA, labelling applications such as Nice Label, digital supply-chain solutions like Blue Yonder enable the Company to work with disciplined systems, and adopt best practices that improve efficiency, allow smooth planning, monitoring, and control.

HUMAN RESOURCES / INDUSTRIAL RELATIONS

Page Industries Limited's Human Resource Development team is committed to empowering employees by providing them with adequate skills, the right resources, and support they need to succeed. The team offers a range of development programs and strives to create a positive and supportive work environment where employees feel valued and respected in addition to making it as a Great Place To Work!

Great Place To Work

PAGE has scaled up significantly over the last few years and inducted some exceptionally talented professionals and leaders. The PAGE Culture & Values are essential to the company's continued success and growth.. "Voice of Pageians" is an important initiative to seek feedback from employees on the work culture to make conscious and sustained efforts in improving them.

To implement this 'Voice of Pageians' initiative, the Company has partnered with Great Place to Work® Institute (GPTW), which allows employees to share their feedback on employee experience and culture through completely anonymous surveys. The survey was rolled out to 3200 staff members, and more than 80% of them participated. The survey has revealed overwhelmingly positive feedback, with employees praising the company's leadership, opportunities, diversity, and inclusion. GPTW presented the feedback to the leadership team, who were grateful for the insights. The feedback will be used to improve the company's workplace culture and make it a better place to work for all employees.

Talent Acquisition

Talent Acquisition has been one of the top priorities for the organisation during the first half of the year. We recruited 651 staff members / new talents during 2022-23 with a focus on strengthening middle and junior management across verticals to aid business growth. As of 31st March 2023, the Company has had 3181 staff members on the roll.

Performance Management for Staff Members and Variable Pay

To drive a culture of performance, teamwork, and collaboration among the departments in line with the organisation's goals, we introduced Variable Pay of 10%-30% of the CTC in the year 2020. The Assistant Manager to Managing Director has been covered under the Variable Pay program. Employees below Asst Manager have been covered under the Bonus / Ex-Gratia. The Variable Pay Program is distinctive as it rewards people based on the overall company performance without any restriction of lower / upper limit. Through our Talent Management Program & Promotions, we have distinguished rewards & recognitions for company performance with Variable Pay and individual performance through Salary Revisions, Developmental Programs, Career Growth Opportunities within the company.

Job Rotation & Career Growth Policy

Page introduced a Job Rotation Policy to provide cross-functional experience to the staff and promote a conducive learning and growth environment within the Company. Through this policy, we aim at empowering managers and building future leaders by leveraging those who have the potential to perform and shoulder larger responsibilities across verticals. This policy also aims at increasing the career span of staff members and retain talent.

Training and Learning & Development

During the financial year, the Company conducted over 250 training programs through multiple virtual and onsite training sessions across manufacturing, sales and other verticals. We have trained over 25,000 (all employees) employees resulting into four lakh training hours. Our organization's training framework includes induction programs, role-based training interventions and career development programs along with need-based technical interventions. Our self-paced learning platform, PACE online learning platform "Page Academy & Centre of Excellence (PACE)" has steadily gained momentum and penetrated to even the sales associates on the field and stores. More than 10,000 employees / associates have learned and benefitted through the training platform which has over 500 Modules.

L&D interventions include functional, behavioural and leadership development, all of which have a clear effectiveness measure stipulated and evaluated periodically. Interventions around Go-to-market campaigns such as Jockey Knows me, Luxury by Design, Stretch with storm etc. have demonstrated the sales impact. Owing to all the efforts and investment, the customer experience at our stores has increased significantly as evidenced in our mystery audit scores.

Developing a growth mindset, problem -solving capabilities and people management skills have been our primary focus this year. All our senior leaders underwent a development intervention called "Why Should Anyone Be Led by You".PAGEians invested their time in upskilling through CXO Masterclasses, Webinars & Self-learning through PACE, achieving a mammoth 20000+ learning hrs in a single day, which is a record to cherish.

We have also introduced "LinkedIn Learning access with a library of 11,000 courses" to around 800 managerial staff members. The employees now have an option to pick and choose any course relevant to their job and sharpen their skills. This program was highly appreciated and leveraged by more than 87% staff members.

Rewards & Recognition

Page has introduced three structured Rewards & Recognition (R&R) programs as it has significant relevance to employee motivation, happiness and engagement and productivity.

REAP program is an all-encompassing initiative with Instant / Monthly, Quarterly and Annual recognition features.

WOW Champions is an instant / monthly recognition program that was launched in June 2022. This is a unique peer-recognition program that enables employees to appreciate their peers for their noteworthy contributions. The program has been a tremendous success with 13000 WOW cards shared by Pageians to their peers in 10 months of the launch. With 20% Pageians getting recognised for their efforts and appreciated by their peers and managers stands testimony to its success and popularity. Over 500 Pageians have been recognized and rewarded as Monthly WOW Champions for their consistent efforts.

The other two recognition programs SAGA (Quarterly) MCM Award (Annual) are underway for the launch.

Jockey LEaD- Assessment & Development Centre

The maiden Jockey LEaD - Assessment & Development Centre was organised in September 2022 for a cohort of 23 Sales Officers and Sr. Sales Officers at Bangalore. The selected 23 employees were consistent top performers for the past 2 years across India. This initiative was conceptualized and executed in-house with an objective of:-

- a) Scientifically evaluating potential
- b) Identifying strengths and areas of development
- c) Planning development journey (Short & Long Term)

The 23 employees experienced and participated in a day-long assessment involving individual and group activities in two parallel batches. They were jointly evaluated on identified Page Competencies by both internal and external evaluators. Post assessment centre, each employee was given a detailed feedback report consisting of his/her performance in each activity along with his/her reporting manager.

The development journey was planned on 3E basis, Experience (70%), Exposure (20%) and Education (10%) with a time frame of 6-12 months.

Employee Engagement

Women's Day Celebrations: At Page Industries, we recognise the contribution of the strong women workforce in our business as well as everyday life. We strive to provide a safe and nurturing work environment to our women workforce who are significant contributors to the company's growth. Currently, 80% of our employees are women.

Quality Day Celebrations: World Quality Day is celebrated globally every year in November and it is observed across all Units at Page. The main purpose of this initiative is to raise quality awareness and adopt high-quality standards.

Safety Day Celebrations: The National Safety Day/Week is celebrated in India every year on the 4th of March to build safety awareness. PAGEians across all units observe safety day with events and competitive games on the theme for the year, followed by a safety pledge taken by all employees.

Employee Assistance Program (EAP)

Page lays significant emphasis on the mental health and wellbeing of its employees. We have partnered with a leading Employee Assistance Program (EAP) provider in India to offer Psychological Counselling and comprehensive Wellness Solutions to help employees deal with various work-life challenges like stress, anxiety, parenting, relationship issues, work-life balance etc. We have Welfare Officers at the Units One for every 500 employees to provide counselling support to our employees.

Performance Management System for Non-staff members (Operators)

We continue to nurture the existing performance appraisal systems to evaluate thousands of machine operators across all the Manufacturing Units. The efficiency and skill levels are captured regularly through SAP, evaluated every month. Employees are graded and rewarded based on their performance annually.

10 Years' Service Award

Year-on-year, the Company presents a Long Service Award to all employees and staff members who have dedicated 10 years of service to Page Industries. During 2022-23, 226 employees were felicitated for their dedication and long-term service to the company. This has been steadily increasing, which reflects employees' loyalty, culture and a great place to build their career.

HR Technology & Software

We have been using an on-premises software solution for Payroll Modules (Time, Attendance & Leave) to our on-roll employees. With an aim to upgrade it with SaaS model which is the need of the hour, and improve accuracy, efficiency and have greater control over the payroll process, PAGE piloted an alternate software solution with 200 employees at different units during 22-23.

HR Technology & Software improvement initiative will be a key focus area for the year 23-24 which will enhance employee experience for our 25,000 associates at the shopfloor.

PAGE has implemented HR Management System (HR Mantra Software) for Employee Lifecycle Management modules like Attendance, Leave Management, Employee Self Service, Payroll, Recruitment, Performance Management, Organization Structure, Employee Communication and Employee Feedback.

Compliance Mantra

We have deployed in place, Compliance Mantra Software, an automated robust compliance monitoring tool, since 2013. The software facilitates in ensuring prompt performance and on-time completion of compliance tasks under various statutes, as well as additional tasks, and over and above the statutory requirements. The automation has helped us not only in listing out all applicable statutes relevant to our industry, but also in generating / updating instant reports from various factories in different locations, e-database, uniform process, licenses and documents, on a regular basis. The software also facilitates in ensuring clear accountability, adherence with timelines and process workflows, and in enabling generation / updation of reports and compliance trackers. At present, 101 users are effectively using the software tool for carrying out various tasks which has ensured that at least 11,655 compliance tasks / areas are captured annually. Our internal compliance team monitors adherences, collates data and reports periodically, to the leadership team.

Wrap Certifications

For the first time, the following 12 manufacturing units have been certified with WRAP Platinum Certificate by Worldwide Responsible Accredited Production (WRAP).

12. Security

Unit-28, which was recently inaugurated in Mysore for elastic manufacturing and Unit-19 (Stores) & Unit-15 (Warehouse) will also apply for WRAP during this year!

Employee Retention

With over 90% women employees at the shopfloor, the absenteeism and attrition has been a daunting challenge. Employee longevity has direct relevance to skill level and productivity. It became a high priority focus area and during the year, PAGE took several initiatives to address employee absenteeism and attrition which resulted in increased retention and productivity.

Industrial relations

Industrial Relations remained cordial throughout the year across all our manufacturing units and facilities and the Board records its appreciation for the contribution of all employees towards the growth of the company without which the achievements made, would not have been possible.

As of 31 March 2023, the Company has 23853 employees on roll.

Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code

of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition (Refer note 22 of the financial statements)	
<p>As described in the accounting policy in note 2.2 (c) to the financial statements, revenue from sale of goods is measured at fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates / incentives.</p> <p>The Company has various incentive schemes for its retailers and distributors which are based on volume of sales achieved during the stipulated period. The estimate of sales likely to be achieved by each retailer / distributor requires judgment.</p> <p>The Company also makes provision for sales returns, based on historic trends and assessment of market conditions.</p> <p>Further, as per Ind AS 115, revenues are deferred in cases where the performance conditions have not been met.</p> <p>Considering the judgment and estimates involved in revenue recognition, it is considered to be a key audit matter.</p>	<p>Our audit procedures included, among others the following:</p> <ul style="list-style-type: none"> - We have read and evaluated the Company's accounting policy for revenue recognition, including the policy for recording returns, and discounts in accordance with Ind AS 115 'Revenue from Contracts with Customers'. - We assessed and tested on sample basis the design and operating effectiveness of internal controls including application controls of the Company's system over Company's revenue recognition process. - We selected and tested on a sample basis customer contracts / orders to test whether the revenues recognised with respect to such contracts / orders are in accordance with the Company's accounting policy. - We discussed and obtained an understanding from the management on the key assumptions applied and inputs used in estimating provisions for discounts, sales incentives and sales returns and compared the same with the past trends and the provision made by the management. - We tested on a sample basis invoices raised prior to year-end and post year end to assess whether revenue is recognized appropriately based on the performance conditions met, in line with Ind AS 115. - We read and assessed the relevant disclosures made in the financial statements including disclosures on significant accounting judgments, estimates and assumptions.

We have determined that there are no other key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information

is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give

a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
- (g) In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

ANNEXURE '1' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Re: Page Industries Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangibles assets.
- (b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 3 to the financial statements included in property, plant and equipment are held in the name of the Company, except as under:

Description of Property	Gross carrying value (₹ In Mn)	Held in name of	Whether promoter, director or their relative or employee	Period held since	Reason for not being held in the name of Company
Land at Gowribindanur	Nil	Karnataka Industrial Areas Development Board (KIADB)	No	January 2021	Lease deed expired. Registration pending
Land at Ananthpur	28	Andhra Pradesh Industrial Infrastructure Corporation Limited	No	June 2020	Registration pending

- (d) The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets during the year ended March 31, 2023.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

- (ii) (a) The inventory has been physically verified by the management during the year, except for inventories lying with third parties. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. Inventories lying with third parties have been confirmed by them as at March 31, 2023. There were no discrepancies of 10% or more in aggregate that were noted for each class of inventory in respect of such physical verification and third party confirmations.
- (b) As disclosed in Note 17 to the financial statements, the Company has been sanctioned working capital limits in excess of Rupees five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks in respect of gross value of collateral security are in agreement with the books of accounts of the Company.
- (iii) During the year the Company has neither made any investments, nor provided any loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) to (f) of the Order is not applicable to the Company
- (iv) There are no loans, investments, guarantees, and security in respect of which provisions of sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified the maintenance of cost records under section 148(1) of the Act, for the products of the Company.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and services tax, duty of customs, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been delay in remittance of advance income-tax. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues that have not been deposited on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (₹ in millions)	Amount paid under protest (₹ in millions)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax demands	12.39	2.95	AY 2011-12	Income Tax Appellate Tribunal (ITAT)

Total		1619.18	59.52		

- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company did not have any term loans outstanding during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) and (f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares / fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

- (xi) (a) No fraud by the Company or no material fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of audit procedures.
- (xii) The Company is not a nidhi company as per the provisions of the Act. Therefore, the requirement to report on clause 3(xii)(a) to (c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 177 and 188 of Act where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) (a) The Company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi) (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) There are no other Companies part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred any cash losses in the current and immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

- (xix) On the basis of the financial ratios disclosed in Note 41 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, for the year ended March 31, 2023 in compliance with second proviso to sub section (5) of section 135 of the Act. ANNEXURE '2' REFERRED TO IN PARAGRAPH UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE

Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Page Industries Limited ("the Company") as of March 31, 2023, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance

that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to these financial statements and such internal financial controls with reference to these financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements for the year ended 31 March 2023

(All amounts in Indian Rupees Million, unless otherwise stated)

1. Corporate information

Page Industries Limited (“the Company”) was incorporated in the year 1995 with the key objective of bringing the innerwear brand “JOCKEY” to India. The core values of the brand include youthfulness, fun, quality, value, confidence and innovation. The Company has introduced a wide range of quality products for men, women and children as well as innovative marketing concepts such as display modules aimed at enhancing the consumer’s involvement with the purchase.

The Company commenced operations in the year 1995 in Bengaluru with the manufacturing, distribution and marketing of Jockey products. The Company has added to its profile by entering into license with “SPEEDO”, globally known International brand for swim wear.

The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is located at Cessna Business Park, 7th Floor, Umiya Business Bay, Tower-1, Varthur Hobli, Outer Ring Road, Bengaluru - 560 103. Its shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

The financial statements are approved for issue by the Company’s Board of Directors on 25 May 2023.

2. Significant accounting policies

2.1. Basis of preparation

i. The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III) as applicable to the financial statements

The financial statements have been prepared on the historical cost basis, except for certain financial instruments (refer accounting policy regarding financial instruments), which are measured at fair

values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services as at the date of respective transactions.

The financial statements are presented in Indian Rupees (₹) and all the values are rounded off to the nearest million upto two decimal places, unless otherwise stated.

ii. Use of estimates, assumptions and judgements

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised, and future periods are affected.

Information about significant areas of estimation / uncertainty and judgements in applying accounting policies that may have significant impact are as follows:

a) Measurement of defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rate and past trends. Further details about gratuity obligations are given in note 34.

b) Provision for litigation and contingencies

The provision for litigations and contingencies are determined based on evaluation made by the management of the present obligation arising from past events the settlement of which is expected to result in outflow of resources embodying economic benefits, which involves judgements around estimating the ultimate outcome of such past events and measurement of the obligation amount. Due to the judgements involved in such estimations the provisions are sensitive to the actual outcome in future periods.

c) Useful life of assets considered for depreciation of Property, Plant and Equipments

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at each financial year end. The lives are based on prior asset usage experience and the risk of technological obsolescence.

d) Provision for dealer incentive and accrual for sales return

The Company has various incentive schemes for its retailers and distributors which are based on volume of sales achieved during the stipulated period. The estimate of sales likely to be achieved by each retailer / distributor is based on judgment, historic trends and assessment of market conditions. The Company reviews the trend at regular intervals and accordingly makes a provision for such incentives at each reporting date.

The Company has contracts with customers which entitles them the right to return. The Company makes provision for such right to return, based on historic trends.

e) Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

2.2. Summary of significant accounting policies

a. Current versus non-current classification

The Company presents assets and liabilities in balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Foreign currencies

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (₹), which is the Company's functional and presentation currency.

Foreign currency transactions and balances

Initial recognition

Transactions, if any, in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Translation

Monetary assets and liabilities denominated in foreign currencies, if any, are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency, if any, are translated using the exchange rates at the dates of the initial transactions.

Exchange differences

Exchange differences, if any, arising on settlement or translation of monetary items are recognized in the statement of profit and loss in the period in which they arise.

c. Revenue from contract with customers

Revenue from contracts with customers is recognized upon transfer of control of promised goods/products to customers at an amount that reflects the consideration to which the Company is entitled for those goods/products.

To recognize revenues, the Company applies the following five-step approach:

- Identify the contract with a customer,
- Identify the performance obligations in the contract,
- Determine the transaction price,
- Allocate the transaction price to the performance obligations in the contract, and
- Recognize revenues when a performance obligation is satisfied.

Sale of goods

Revenue from sale of goods is recognized upon transfer of control of promised goods to customers. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates/ incentives.

The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Goods and Services Tax (GST) is not received by the Company in its own account. Rather, it is tax collected on behalf of the government. Accordingly, it is excluded from revenue.

Contract balances

Contract assets: A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

Contract liabilities: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is received.

Liabilities arising from rights to return

A refund liability is the obligation to refund some or all of the consideration received from the customer. The Company has therefore recognized refund liabilities in respect of customer's right to return. The Company updates its estimate of refund liabilities (i.e., accrual for sales returns) at the end of each reporting period.

Sale of scrap and other materials

Revenue from sale of scrap and other materials is recognized upon transfer of control of goods to customers.

Duty draw back

Duty drawback is accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Interest income

For all financial instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

d. Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

- When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.
- Where the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When loans or similar assistance are provided by governments or related institutions, at a below-market rate of interest, the effect of this favourable interest is treated as a government grant. The loan or assistance is initially recognized and measured at fair value, and the government grant is measured as the difference between the proceeds received and the initial carrying value of the loan. The loan

is subsequently measured as per the accounting policies applicable to financial liabilities.

e. Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income (OCI) or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the balance sheet date.

Deferred income tax

Deferred tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

f. Property, plant and equipment and capital work in progress

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Further, capital work in progress is stated at cost, net of accumulated depreciation. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit and loss as incurred.

The Company identifies and determines cost of each component/ part of property, plant and equipment separately, if the component/ part has a cost which is significant to the total cost of the property, plant and equipment and has useful life that is materially different from that of the remaining asset.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date are classified as capital advances and cost

of assets not ready for use at the balance sheet date are disclosed under capital work- in- progress.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013 as follows:

Asset	Useful life in years
Plant and machinery	15 years/ 10 years
Office building	60 years
Factory building	30 years
Computers	3 years/ 6 years
Office equipment	5 years
Furniture and fittings	10 years
Vehicles*	5 years

*The Company, based on management estimate, depreciates vehicles over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013 (8 years) as the management believes that these are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

g. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset are reviewed at least at the end of each reporting period. The amortization expense on intangible assets is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

A summary of the policies applied to the Company's intangible assets is, as follows:

Computer Software

Useful lives	3 years
Amortization method used	Amortized on a straight-line basis

h. Impairment

Financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial Instruments') requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company provides for impairment upon the occurrence of the triggering event.

Non-financial assets

Property, plant and equipment, right of use assets and intangible assets

Property, plant and equipment, right of use assets and intangible assets are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely

independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

i. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

j. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

Leasehold land included in right-of-use assets is depreciated over the lease period.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section (h) Impairment of non-financial assets.

Lease Liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in financial liabilities (refer note 35).

Lease payments on short-term leases, and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Company as a lessor

The Company continues to classify leases as either finance leases or operating leases and account for those two types of leases differently.

The Company accounts for the head lease and the sub-lease as two separate contracts. The Company is required to classify the sub-lease as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

k. Inventories

Inventories are valued at the lower of cost and net realizable value.

Raw materials, consumables, stores, spares and packing materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Finished goods and work-in-progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on weighted average basis.

Traded goods: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

l. Retirement and other employee benefits

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service.

Gratuity

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on projected unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company transfers it immediately to retained earnings.

Compensated absences

The cost of short-term compensated absences are provided for based on estimates. Long term compensated absence costs are provided for based on actuarial valuation using the projected unit credit method. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for at least 12 months after the reporting date.

m. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets**Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction cost directly attributable to the acquisition of financial assets at fair value through profit or loss are recognized immediately in the statement of profit and loss.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give

rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognized in statement of profit and loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains or losses).

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate.

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and

payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and loans and borrowings.

Subsequent measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest rate (EIR) method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Loans and borrowings

Loans and borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

De-recognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

n. Fair value measurements and hierarchy

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use, or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1	Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2	Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
Level 3	Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The carrying amounts of trade receivables, trade payables, payables towards capital goods, other Bank Balances and cash and cash equivalents are considered to be the same as their fair values, due to their short-term tenor.

o. Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises of the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. The diluted potential equity shares have been arrived at, assuming that the proceeds receivable were based on shares having been issued at the average market value of the outstanding shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that would, if issued, either reduce future earnings per share or increase loss per share, are included.

p. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Chief Operating Decision Maker is considered to be the Board of Directors which makes strategic decisions and is responsible for allocating resources and assessing performance of the operating segments. The Company is primarily engaged in the business of manufacturing, distribution and marketing of garments. These in the context of Ind AS 108 on Operating Segments Reporting are considered to constitute single business segment.

q. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the Company's cash management.

r. Cash dividend distribution to equity holders

The Company recognizes a liability to make cash distributions to equity holders of the Company when the distribution is authorized, and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

s. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

t. Contingent liability

Contingent liability is a possible obligation that arises from past events, existence of which will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company, or a present obligation that arises from past events where it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

39 Financial assets measured at fair value through profit/loss:

The fair values of the Company's security deposits and loans are determined by using Discounted Cash Flow (DCF) method (Level 3) using discount rate that reflects the issuer's borrowing rate for the respective financial asset/liability as at the end of the reporting period.

The carrying value of trade receivables, trade payables, cash and cash equivalents, other bank balances, short-term borrowings and other current financial assets and liabilities approximate their fair values largely due to the short-term maturities of these instruments.

There are no transfers between levels during the year ended 31 March 2023 and 31 March 2022.

40 Financial risk management objectives and policies

The Company's activities expose it to the following risks:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

a) Credit risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and other financial assets.

i) Trade receivables

Customer credit risk is managed by the Company through established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and major customers are generally secured by obtaining security deposits/bank guarantee or other forms of credit insurance. Refer below for movement of impairment allowance.

	31 March 2023	31 March 2022
Opening balance	44.58	22.09
Provision / (reversal) for doubtful debts	(15.26)	22.49
Closing balance	29.32	44.58

ii) Financial instruments, cash deposits etc.

Credit risk is limited as the Company generally invests in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investments in fixed deposits. Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically the Company ensures that it has sufficient cash on demand to meet expected short term operational expenses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of internal accruals and borrowings as required.

	8,605.31	523.74	413.15	9,542.20

c) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk. Financial instruments affected by market risk include borrowings, trade receivable and trade payables.

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company does not have any significant exposure to borrowings with variable interest rates.

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not have significant foreign currency exposure and hence, is not exposed to any significant foreign currency risk.
