Impact Assessment – Ind AS 116

Key points – Ind AS 116

- New lease standards effective from 1st April 2019.
- No distinction between finance lease & operating lease.
- All leases to be recognized in the balance sheet as an Asset and Liability.
 - The lease liability is measured at present value of minimum lease payments to be made over the lease term.
 - The right to use asset is initially measured at the amount of the lease liability, adjusted for lease prepayments, if any
 - Right to use is depreciated over a lease term on a straight-line basis. Interest is added on lease liabilities and actual payments are reduced from the liabilities balance.
- Operating lease expenses will be replaced by Depreciation and interest expenses.
- Exemptions available in the standard is pertaining to short term leases (≤ 12 months) and assets having low values.

Our approach

- FLF has lease term ranging from 7 to 15 years on an average.
- Non-Variable rental contracts have been considered for Ind AS 116
- For Ind AS 116 , FLF has considered the following
 - *Average Lease term – 7 years*
 - *Lease term for New Property Signed – 3 years*
 - *Non-Cancellable minimum period – per agreement*
- Impact on FLF Profit & Loss Statement in FY20 is negligible. Q1 impact on Profit and Loss statement is Rs 4.5 Crores.
- Basis above corresponding Right to use Asset reflecting NPV of lease contracts have been accounted for and corresponding lease liability has also been created.
