Subject: Newspaper Publication for Unaudited Financial Results for the quarter and half-year ended September 30, 2020.

Dear Sir/Madam,

Pursuant to Regulations 30, 33 and 47 of SEBI (LODR) Regulations, 2015, we hereby wish to inform you that the Board of Directors of the Company, at its meeting held on November 20, 2020, has inter-alia considered, and approved the Unaudited Financial Results for the quarter and half-year ended on September 30, 2020.

In continuation of the same, enclosed herewith the copy of newspaper clipping of the Results published in English Newspaper (Financial Express) dated November 21, 2020 and Marathi Newspaper (The Global Times) dated November 22, 2020.

This is for your information and records.

Thanking you,

For Jump Networks Limited,

CENTRAL IN-PRINCIPLE NOD

185 sugar mills, distilleries sanctioned ₹12,500-cr loans

The loans are meant for capacity addition of about 468 crore litre of ethanol per annum

PRESS TRUST OF INDIA
New Delhi, November 20

THE FOOD MINISTRY on Friday said it had given in-principle approval to 185 sugar mills and standalone distilleries to avail ₹12,500 crore of loans for capacity addition of about 468 crore litre of ethanol per annum as part of its efforts to achieve 20% blending with petrol.

In the last two years, 70 ethanol projects were sanctioned loans of ₹3,600 crore.

Apart from promoting ethanol production from sugarcane, the ministry is making efforts to manufacture ethanol using surplus rice with state-owned FCI as well as maize. The move is aimed at boosting ethanol blending with petrol, which currently stands at nearly 5%.

“Under the ethanol interest subvention scheme for molasses-based distilleries, the government in September 2020 has opened a window for 30 days to invite more applications from sugar mills/ distilleries, which were examined by DPPD...”

“about 185 applicants (85 sugar mills and 100 molasses-based standalone distilleries) are being granted in-principle approval for availing loan amount of ₹12,500 crore for capacity addition of about 468 crore litres per annum,” the food ministry said in a statement.

These projects would be completed in another three-four years, thus help in achieving the desired blending target, it added. In the normal sugar season, about 320 lakh tonnes of sugar is produced against domestic consumption of 260 lakh tonnes.

The move is aimed at boosting ethanol blending with petrol, which currently stands at nearly 5%. In the last two years, 70 ethanol projects were sanctioned loans of ₹3,600 crore

This 60 lakh tonnes of surplus sugar which remains unsold, block funds of sugar mills to the tune of about ₹19,000 crore every year, thereby affecting liquidity positions of sugar mills resulting in accumulation of cane price arrears of farmers, the ministry said.

To deal with surplus sugar stocks, the government is providing financial assistance to mills for the export of sweetener. However, India being a developing country can export

sugar by extending financial assistance for marketing and transport only up to 2023 in compliance with WTO arrangements, the statement said.

For long-term solution to deal with surplus sugar, the government has been encouraging diversion of excess sugarcane & sugar to ethanol for supplying to Oil Marketing Companies (OMCs) for blending with petrol. The move would not only reduce import dependency on crude oil but will also enhance the income of sugarcane farmers.

MNRE proposes 54 GW wind park scheme for states

FE BUREAU
New Delhi, November 20

TO ADDRESS THE land-related hassles in wind power projects, the Union ministry of new and renewable energy (MNRE) is planning a wind energy park development scheme.

As part of the same, states will prepare the necessary infrastructure for wind power project developers under the plug-and-play model. MNRE will provide financial assistance of ₹20 lakh per megawatt (MW) to park developers for preparing the sites — involving land, transmission connectivity and other necessary approvals — required for wind plant installations. The park developers will be designated by states.

MNRE proposed the scheme in a recently released concept note. Though auctions for solar and wind parks have traditionally been done by the central government agencies, MNRE noted that a number of such projects have been delayed due to hurdles over land availability, NoCs and transmission-related issues. MNRE has already identified potential wind park zones across Tamil Nadu, Andhra Pradesh, Karnataka, Gujarat, Rajasthan, Madhya Pradesh and Telangana, with a potential of about 54,000 MW of new wind plants under the scheme.

Wind plant now comprise about 43% of the total installed renewable energy capacity of 89 GW.

Govt-society-pvt sector union can fight Covid

FE BUREAU
New Delhi, November 20

UNION COMMERCE & industry, railways and consumer affairs minister Piyush Goyal, on Friday, stressed the need for collective responsibility and strong partnership among government, private sector and society in battling the Covid-19 pandemic, ensuring last-mile connectivity and effective distribution of the vaccine to India's 1.3 billion population at an affordable cost.

Addressing the valedictory session of the 'Asia Health' summit, organised in a virtual format by the Confederation of Indian Industry (CII), Goyal pointed out that the task of creating a better future for all, especially for children, had to

be undertaken collectively. “It cannot be just left to the government and private sector. All of us, working as one, for a common purpose, will help us survive, adapt and overcome the serious pandemic that the whole world is facing,” Goyal said.

Goyal admitted that the enormity of the pandemic and scale at which the country is fighting it has underscored many shortcomings and issues that need urgent attention.

He highlighted the challenges at the time of imposition of the nationwide lockdown in March, with regard to preparedness by the country in fighting the pandemic, availability of PPE kits, possibilities of running out of oxygen and inadequacies of testing facilities.
