Annexure-4**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The Management of Gravity (India) Limited, is pleased to present its report analyzing the Company's operations in the textile industry segment. The report contains expectations of the Company's business based on the current market environment.

The Management of Gravity (India) Limited, is pleased to present its report analyzing the Company's operations in the textile industry segment. The report contains expectations of the Company's business based on the current market environment.

OVERVIEW OF THE TEXTILE INDUSTRY:

The economic development of India is greatly dependent on export earning of Textile Industry. Textiles represent nearly 30% of the country's total exports. Providing direct employment to over 45 million persons in the mill, power loom and handloom sectors making it the biggest employer in the country after the agricultural sector.

At present, a third of India's textile production is exported. India is the world's second-largest exporter of textiles and apparel, and the textile industry contributes significantly to the country's economy, making up 7% of industry output, 2% of the national GDP, and 15% of the country's total exports earnings. The US and the European Union are the two largest markets for Indian textile exporters. With all the export promotion & development planning it is expected to grow to US\$2,600 billion by 2025.

OPPORTUNITIES & THREATS:

Ambition of the Government of India, to make India a hub for technical textiles will create an opportunity for the industrial fabric division of your Company to function better as compared to earlier years. Performance of the fabric will see a reasonable growth which will benefit the industry in moving up the value chain. Severe power shortage in most of the states will remain a biggest threat for the utilization of the plant and equipment. Due to shortage of power, the utilization may drop severely and hence volatility in yarn prices may continue. Even though the industry expects the cotton prices to best able, the whole scenario may change, in case China decides to increase their cotton reserves. Hence, it is expected that cotton prices too may have volatility. Due to severe recessionary trends which are continuing in the developed countries, unit realization of products may continue to be under pressure.

SEGMENT-WISE / PRODUCT-WISE PERFORMANCE:

The business segment of the Company is Textiles. Segment wise performance together with discussion on financial performance with reference to operational performance has been in the Directors' Report, which should be treated as forming part of this Management Discussions and Analysis.

FUTURE OUTLOOK:

The Indian textile and apparel industry is expected to grow to US\$ 190 billion by FY26, driven by increased awareness of goods and higher disposable incomes. Increased penetration of organized retail, favorable demographics, and rising income level will drive demand for textiles. The Government initiatives such as the National Textile Policy, the SMARTH scheme, the easy availability of raw materials, and the rising income levels will also add to this sector's critical growth.

The future of the textile industry as a whole looks bright. Textile Units with low financial costs and labour costs with modern Machinery will do well. Economy of size and location of the unit will also play a great role in the success of the unit.

RISK AND CONCERNS:

Being an agro-based industry the production of raw material varies from year to year depending on weather conditions, customer demand, price fluctuation etc. And as mentioned before the textile industry has gone through and still going through a pandemic, still slowly it has started recovering. Also the textile industry being a highly fragmented industry leading to high competition and low profit margins is a matter of concern. Changing export dynamics is also a matter of concern.

- **Volatility in the raw material prices:** Cotton yarn and fabric accounts for approximately, 70% of the total raw material cost. Currently, the Company is able to pass on any rise in the prices of raw material to the consumer. Any inability to pass on the impact of rise in raw material prices may negatively impact the estimated margin of the Company, resulting in lower earnings.
- **Entry of Foreign Players:** With markets being global and digital, it is becoming easier for foreign brands to penetrate into Indian domestic markets, via direct and indirect strategic tie-ups, largely, in the premium and super-premium segments, thus, creating stiff competition for the existing players in the organized sector.
- **Changing customer's behavior and spending capacity:** Rapid change in the customers' preferences, from one brand to another, makes it very difficult for a Company to establish a permanent connect and in gaining brand loyalty, consequently, leading to loss of business to its competitors. Furthermore, where, the improving Indian demographics have given credence to the Indian consumption story, any downward deviation in economic growth, will impact the consumers' discretionary spends, thereby, negatively impacting the earning potential of the Company

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company continues to prioritize sustainable control processes that are integral part of organization culture. It has built strong Internal Controls Environment and Risk Assessment / Management systems. These systems enable Company to comply with Internal Company policies, procedures, standard guidelines and local laws to help protect Company's assets and confidential information against financial losses and unauthorized use. The robust controls environment at your Company is efficiently managed through:

- Controls Self-Assessments (CSAs) are performed during July to December period of every Financial Year across business processes. The purpose of this thorough exercise is to review and evaluate process compliances against standard control objective, activities and attributes. This enables the Company to proactively identify control weaknesses and initiate actions to sustainably mitigate them,
- Governance Board comprises of the Managing Director, Chief Financial Officer, Chief Human Resource Officer, Supply Chain Leader, General Counsel and Sales leader. The Board assesses and reviews enterprise level risks and works with process owners and functional managers to ensure that corrective action is taken, and risk is mitigated as appropriate.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Company has achieved a turnover of Rs. 1023. 63 Lacs (Rupees One Thousand and Twenty-Three Lacs and Sixty Three Thousand Only) in the current year. The net loss of the Company for the year is 99.51 Lacs (Ninety Nine Lacs Fifty One Thousands Only) as against a net profit of 8.24, (Eight Lacs Twenty-Four Thousand only)

HUMAN RESOURCES DEVELOPMENT AND INDUSTRIAL RELATIONS:

Over the last few years, your Company has brought with it the need for skills and knowledge to successfully meet the requirements of different charters. Also, with the added emphasis placed on the safe operation. The training given not only covers knowledge and technical skills but also lays stress on behavioral areas, like creating a 'safety mindset', and attitude building. The Company also seeks the views of its employees for improving human relations through employee satisfaction surveys. The Company continues to have cordial relations with the employees. It recognizes the potential and performance of its employees, provides challenges and opportunities. It endeavors to upgrade knowledge, attitude and skill of the employees. The labour welfare activities are organized by the Company as an ongoing process. The Company has manpower strength of approximately 30 employees we have established key processes like Stewardship and Governance Process, POSH awareness and always doing the right thing. In order to keep the workforce highly engaged & motivated we follow the best-in-class recruitment practices, innovation and digitization, development of employee skills and capabilities, celebrating the key milestones of our employees and employee recognition

DISCLOSURE OF ACCOUNTING TREATMENT:

During the year under review the Company has been adopted prescribed Accounting Standards issued by the Institute of Chartered Accountants of India as applicable to the Company in the preparation of Financial Statements.

CAUTIONARY STATEMENT

Statements in the Management Discussion and Analysis describing the Company's objectives and expectations may be "forward-looking statement" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and other incidental factors.

CONCLUSION:

Your Company's primary focus will be to grow volumes across markets. Gravity (India) Limited will address each market depending on local conditions and consumer trends. While we recognize that the global environment is extremely challenging there are new opportunities merging to meet consumer needs. Gravity India will focus on profit able growth through a mix of brand led growth, innovation, efficient cost management and successfully scaling up new businesses.

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS,
GRAVITY (INDIA) LIMITED**

Report on the Audit of the Standalone Financial Statements**Qualified Opinion**

We have audited the accompanying standalone financial statements of Gravity (India) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, statement of changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

The Company has not provided for defined benefit obligation in the nature of gratuity based on the requirement of Ind AS 19 i.e. "Employee Benefit", which requires defined benefit obligation to be recognised based on actuarial valuation basis. In absence of valuation, we are unable to quantify the impact of above on the net profit for the year and liabilities as on reporting date.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Standalone Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures,

GRAVITY (INDIA) LIMITED

including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Key audit matters	How our audit addressed the key audit matter
<p>Exposure in relation to Litigation in High Court for</p> <p>At 31 March, 2023 the value of dispute amount disclosed as Current Financial liabilities of Rs.155.46 and as Contingent Liability of Rs.365.22 Lakhs.</p> <p>This matter has been identified as a key audit matter as same was not disclosed in previous financials. As the amount demanded by Liquidator of Madhavpura Merchant Co-op Bank Ltd is Rs.1144.76 Lakhs and company had paid Rs.624.08 Lakhs over the period of time and company has recognised Rs.155.46 Lakhs as Current Financial Liability in Financials. Remaining balance amount of Rs.365.22 Lakhs is disclosed as Contingent liability.</p>	<p>Loan from Madhavpura Merchant Co-op Bank Ltd</p> <p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained Arbitration Award which was in favour of Company, and Commercial Arbitration Petition which had been decided against the company and Appeal filed against the Arbitration Petition which has been admitted in the Bombay High Court. • Performed walkthrough and test of controls of the management's risk assessment process for legal matters. • Inspected the relevant disclosures made within the financial statements to validate they appropriately reflect the facts and circumstances of the legal dispute and exposures and are in accordance with the requirements of accounting standards.

Information other than the Financial Statements and Auditors report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director's Report is not made available to us at the date of this auditor's report and hence we have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of The Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, issues by the Central Government of India in terms of sub section (11) of the section 143 of the Companies Act, 2016, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 except as described in the Basis for Qualified Opinion paragraph.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial statements. Refer Note 27 of Financials statement.
 - ii. According to the information given to us, the company has not entered into any long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities,

including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

(b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv) (a) and (iv) (b) contain any misstatement.

v. According to information and explanation given to us, the Company has not declared any dividend in terms of provision of section 123 of Companies Act, 2013.

(C) With respect to the matter to be included in the Auditor’s Report under Section 197 (16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE B TO AUDITORS'S REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Gravity (India) Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the

maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes On Financial Statements for the Year ended 31st March 2023

Note No : 1

GENERAL INFORMATION

Gravity (India) Limited (the Company) is a public Company, which was incorporated under the provisions of the Companies Act, 1956 on 13th March 1987 and has its registered office at Thane Bhivandi RD, Village Kalher Maharashtra. The Company is engaged in manufacturing of furnishing fabrics. The Company is listed on Bombay Stock Exchange.

The financial statements were approved for issue in accordance with a resolution of the directors on 29th May 2023.

Note No : 1.1

SIGNIFICANT ACCOUNTING POLICIES

1.1.a Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), and the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

1.1.b Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of

an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows :

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and **Level 3** inputs are unobservable inputs for the asset or liability.

1.1.c Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discount offered by the Company as part of the contract.

Revenue recognised from major business activities:

Sale of goods: Revenue from sale of goods is recognised as and when the Company satisfies performance obligations by transferring control of the promised goods to its customers

1.1.d Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.1.e Borrowing costs

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

1.1.f Short-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, and annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service

1.1.g Taxation

Current tax : The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. Current income tax assets/liabilities for current year is recognized at the amount expected to be paid to and/ or recoverable from the tax authorities.

Deferred tax : Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income-tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income-tax. Accordingly, MAT Credit is recognised as asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Current and deferred tax for the year: Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.1.h Property, plant and equipment (PPE)

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, Plant and Equipment are stated at cost of acquisition as reduced by accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

The Company has elected to continue with the carrying value of all its PPE recognised as on April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as on transition date. Depreciation is provided on Straight Line Method on the basis of useful lives of such assets specified in Schedule II to the Companies Act, 2013 except the assets costing ₹ 5000/- or below on which depreciation is charged @ 100%. Depreciation is calculated on pro-rata basis. The estimated useful life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repair

and maintenance costs are recognized in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.1.i Impairment of Assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted at the pretax discount rate reflecting current market assessment of time value of money and risks specific to asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

1.1.j Inventories

Inventories are valued at cost or net realizable value, whichever is lower. The cost in respect of the various items of inventory is computed as under: In case of raw materials at weighted average cost plus direct expenses. The cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

In case of stores and spares at weighted average cost plus direct expenses. The cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

In case of work in progress at raw material cost plus conversion costs depending upon the stage of completion.

In case of finished goods at raw material cost plus conversion costs, packing cost, non recoverable indirect taxes (if applicable) and other overheads incurred to bring the goods to their present location and condition.

In case of by-products at estimated realizable value.

Net realizable value is the estimated selling price in ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

1.1.K Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

1.1.l Earning Per Share

Basic earnings per share are calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that reduce profit/increase loss per share are included.

1.1.m Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.1.a Financial Instruments

(i) Financial Assets

(ia) Initial recognition and measurement : All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting

(ib) Subsequent Measurement :

(ib.a) Financial assets carried at amortised cost (AC) : A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

(ib.b) Financial assets at fair value through other comprehensive income (FVTOCI) : A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ib.c) Financial assets at fair value through profit and loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(ic) Investment In Subsidiaries, Associates And Joint Ventures

The Company Has Accounted For Its Investments In Subsidiaries, Associates And Joint Venture At Cost.

(id) Other Equity Investments

The Company Subsequently Measures All Equity Investments At Fair Value. There Are Two Measurement Categories Into Which The Company Classifies Its Equity Instruments:

(id.a) Investments In Equity Instruments At FVTPL: Investments In Equity Instruments Are Classified As At Fvtpl, Unless The Company Irrevocable Elects On Initial Recognition To Present Subsequent Changes In Fair Value In Other Comprehensive Income For Equity Instruments Which Are Not Held For Trading.

(id.b) Investments In Equity Instruments At FVTOCI: On Initial Recognition, The Company Can Make An Irrevocable Election (On An Instrument-By-Instrument Basis) To Present The Subsequent Changes In Fair Value In Other Comprehensive Income. This Election Is Not Permitted If Equity Investment Is Held For Trading. These Elected Investments Are Initially Measured At Fair Value Plus Transaction Costs. Subsequently, They Are Measured At Fair Value With Gains And Losses Arising From Changes In Fair Value Recognised In Other Comprehensive Income And Accumulated In The Reserve For 'Equity Instruments Through Other Comprehensive Income'. The Cumulative Gain Or Loss Is Not Reclassified To Statement Of Profit And Loss On Disposal Of The Investments.

(ie) Impairment Of Financial Assets

In accordance with IND AS 109, the company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

(ie.a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

(ie.b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. the company uses historical default rates to determine impairment loss on the portfolio of trade receivables. at every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(if) De-Recognition Of Financial Instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under IND AS 109. A financial liability (or a part of a financial liability) is de-recognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(ii) Financial Liabilities

(i.a) Initial Recognition And Measurement

All financial liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost, fee of recurring nature are directly recognized in the statement of profit and loss as finance cost.

(i.b) Subsequent Measurement

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

<p>Note :- Company's Loan facility declared as non performing long back in 1998. The bank from which company had taken the loan was gone into liquidation and its banking license was cancelled in 2012. The liquidator of bank has floated the Settlement scheme of 2013 to offer the OTS facility for all borrowers whose accounts were become NPA after 1993. As per the Scheme amount payable is Principal Outstanding on NPA date, plus interest and cost and charges and adding debits other than accrued interest and Interest from 1.4.10 @6%p.a. till the date of payment of amount. Accordingly company calculated the amount and paid Rs.624.08 Lakhs. However liquidator has objected to the amount payable stating that as per scheme for all borrowers appointed date of NPA is fixed as 31.3.2001 and according to liquidator amount payable comes to Rs.1144.76 Lakhs in case of company. Company objected to the said amount and filed the petition in the Court. Court informed to settle the dispute in the arbitration proceedings. Arbitration award was granted in favor of the company on 3rd September, 2016. Liquidator filed the Commercial Arbitration petition challenging the Arbitration award in the Bombay High court. on 25th March 2019 order has been passed by the Court setting aside the Arbitration award. Again company has filed Appeal against the Arbitration petition Order in the Bombay Highcourt in July 2019. The Bombay highcourt has admitted the appeal on 14th February, 2020. After that no hearing has happened and matter is subjudice. According to Company and legal advisor only Rs.155 Lakhs will be further payable and same is already shown as current financial liability.</p>
