## **KEY HIGHLIGHTS** OF THE QUARTER

#### **Management Commentary**

Ravi B. Goyal

Chairman & Managing Director

"I am delighted to share that we have begun the year on a positive note with Q1FY23 EBITDA growing at more than 35% on YoY basis, and PAT stood at Rs. 192 mn. For Q1FY23, total income stood at Rs. 4,272 million as against Rs. 4,136 million for Q1FY22.

Overall, the business continues to be on a growth trajectory as reflected in our operating business performance in the quarter, which would substantiate our overall FY23 performance. Our endeavor is to deliver higher profitability in FY23 as compared to FY22.

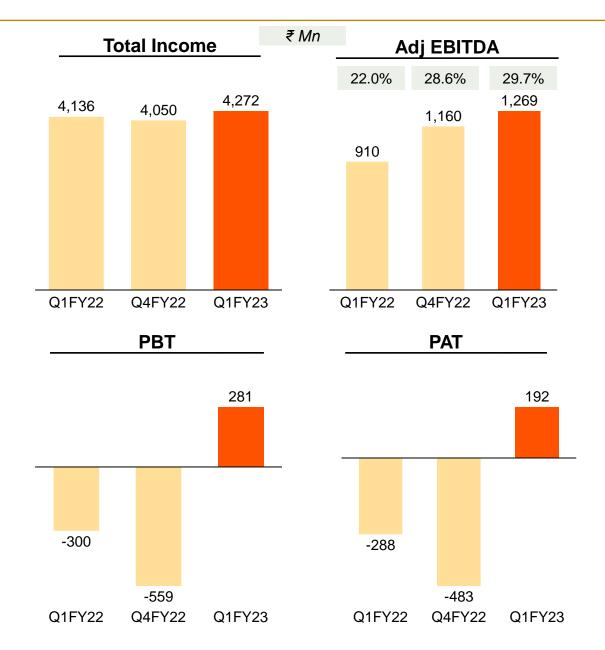

Our focus is on creating one of the largest integrated omni-channel payment platforms in the country by providing innovative digital and cash payment solutions to our clients across sectors. We will continue to leverage our digital payment platform Ongo to provide payment-as-a-convenience to corporates, merchants and consumers, through our comprehensive portfolio mix which includes all-in-one POS and Value-added Services (VAS) like prepaid or loyalty programs etc.

We are very optimistic about ATM outsourcing market owing to a healthy pipeline of fresh RFPs from leading public and private sector banks. RBI's recent initiatives such as the Interoperable Cardless Cash Withdrawal (ICCW) on ATMs via UPI and setting up 75 digital banking units in 75 districts of the country by scheduled commercial banks, offers a vast opportunity to AGSTTL to expand our existing business.

Our longstanding relationship with our customers across industries puts us in an advantageous position for our new business and cross selling opportunities and enhances our market reputation. We will continue to leverage our key strengths/tech-capabilities to innovate and offer customized payment solutions across value chain, further contributing towards strengthening of the overall payment infrastructure in the country."

#### **Performance Highlights: Q1FY23**
