Strong Quarter Caps Off a Year of Outperformance

Revenue (₹ Mn)

EBIT (₹ Mn)

Margin

- Wires & Cables revenue for FY24 and Q4FY24 grew by 27% YoY and 22% YoY respectively. Strong volume growth in domestic business, supported by government & private capex and uptick in real estate, as well as strategic internal initiatives helped the Company gain significant market share during the year
- Domestically, the distribution business continued with its robust growth momentum, while the institutional business registered accelerated traction, albeit on a lower base
- Revenue from international business bounced back during the quarter with a 60% sequential growth, after registering a decline in the previous quarter. Contribution from the international business to the consolidated revenue stood at 7.7% and 8.0% for the quarter and the year respectively. The Company expanded its global footprint to 79 countries
- Sequential improvement in margins of ~110 bps in Q4FY24 was on account of better operating leverage and lower A&P spends

FMEG

Decent Growth in a Seasonally Strong Quarter

Revenue (₹ Mn)

EBIT (₹ Mn) Margin

- FMEG business exhibited a growth of 17% YoY in Q4FY24, on account of a lower base amid a seasonally strong demand for fans, which registered an impressive growth. The quarter was reasonably good for the new range of BLDC and premium fans, which have received good response from the market
- The Switches & Switchgears segments continued their strong growth momentum during the quarter, while the Lights segment registered sequential growth
- One-time impact from impairment of investment in joint-venture Techno Electromech and provisioning on aged inventory, coupled with the lack of economies of scale resulted in accelerated decline in the bottom-line
- Progress on improving execution of the strategic roadmap is proceeding smoothly
