MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure and Developments:

According to the World Economic Situation and Prospects (WESP) 2019, the global economy was growing at a steady pace of around 3% in calendar years 2019. While the major countries of the world are grappling with low growth, Indian economy has marched ahead with overall growth in the range of 6 to 6.5% over last 2 years.

Despite growing global vulnerabilities, better demand conditions, settled GST implementation, expansion from growing investments in infrastructure, continuing positive effects of reform policies and improved credit off take especially in the service sector the offtake of real estate industry has been steep in Hyderabad and has galloped ahead of other major cities in India.

Indian and Hyderabad Real Estate Sector:

The Indian real estate sector has witnessed a steady growth over the last two years and with the implementation of RERA Regulations, the trust factor has found its footing in the industry. The Indian Government focus on Home for all and Sate Government scheme for Double Bedroom Flats has given a large impetus to the market in and around Hyderabad.

New residential projects received a decent response from the buyers and they majorly remained confined to the western corridor of areas such as Nanakramguda, Kokapet, Narsingi and Kondapur. These ruled the roost in terms of buyer enquires, new launches and residential sales.

The region accounted for the largest share in new launches, growing by over 250% with mid and high-income budget segments witnessing the launch of number of projects in this period. Healthy demand from the potential buyers helped in lifting the sales that had initially witnessed a dip amid the resurgence of COVID 19 cases in April 2022.

Opportunities:

The Real Estate Regulatory Act (RERA) was aimed at ensuring accountability and infusing transparency and uniformity in practices prevalent in the real estate sector, and has been very widely adopted by Governments and Corporates alike, which is bringing more credibility to the sector.

On the other hand, incentives for affordable housing coupled with lower GST rate has increased demand for under-construction segment, a trend which is expected to continue in 2023-24 as well. In terms of city, Hyderabad (West Hyderabad – Madhapur, Gachibowli, areas adjoining ORR) along with other cities like Bangalore, Chennai, Mumbai are expected to drive demand in present and next year as more Work From Home options will leave spendable/ investible income in hands of working class.

The Company's effort to get into Technology products trading as conceived in year 2019 did not take off and had to be abandoned as the partner company was unable to generate the expected business and has been eluding clear business plans and has not been able to bring expected Order book to the Company. The arrangement had to be called off in April 2020 amidst the pandemic to safeguard the larger stakeholders interests.

**Outlook:**

The Company believes that demand conditions in the real estate sector are exhibiting clear signs of improvement after the pandemic and the Management is positive that the Company will be able to strike some small or medium sized housing projects in near future and be able to take advantage of potential revival in economic growth and its resultant positive effects on the real estate sector over the medium term. The Company shall continue to strive to acquire new projects to increase sales and profitability. However, the Company has not carried on any business activity during the Financial year under review.

Risks and Concerns:

The Company works in an environment which is affected by various factors, some of which are controllable while some are outside the control of the Company. Owing to the nature of the industry in, it is exposed to a variety of risk factors. These risks include waning support for multilateral approaches; the escalation of trade policy disputes; financial instabilities linked to elevated levels of debt; and rising climate risk, as the world experiences and increasing number of extreme weather events. The Company has developed a robust risk management framework consisting of identification, assessment, mitigation, monitoring of risks; which, in turn reduces the volatility due to unfavorable internal and external events and facilitates risk. The Management identifies the following risks:

Economic risk: The pandemic has given a hard lesson to one and all in terms of complete shut down of all economic activity and such unexpected development in any of the macroeconomic variables that may adversely impact the Company's profitability or viability are a major threat. Real estate is a cyclical industry and is affected by the changes in variables like interest rate, GDP Growth, purchasing power, inflation, Government policies, GST rates, among others.

Execution Risk: The Real Estate and construction projects are subject to various execution risks like regulatory hurdles, delay in receipt of approvals, availability of labour and raw material, etc. Any such delay may result in cost overruns and impact the Company's operations unfavorably.

Liquidity Risk: The primodal approach of Bankers and financial institutions towards mid sized Real estate companies has not undergone any suitable change and has slowed disbursements to the real estate sector, banks becoming more cautious, developers are finding it a challenge to raise funds for the projects and are being forced to other financial routes, which in turn is increasing their cost of capital, inadequate funding resources may have an impact on the liquidity position of the Company. Also there is a large mismatch between the supply and actual demand in terms of unit and ticket size.

Rising Input Cost: The real estate industry is a capital and work focused sector, accordingly, an ascent in the cost of work makes issues in the development of the project in focus. Besides, uncalled for routine with regards to specific segments of merchants and concrete industry by raising the cost, makes issues in the completion of the project a highly unprofitable gamble.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and all transactions are authorized, recorded and reported correctly. The systems are updated and monitored on a continuous basis. The Company's internal control systems are further supplemented by Internal Audit conducted by competent finance executives and periodic review by Management. The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, Loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of

appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to the Independent Auditors' report on the financial statements of QUANTUM BUILD-TECH LIMITED for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of **QUANTUM BUILD-TECH LIMITED** ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material aspects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023 based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and

operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2023, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".
