2. India sugar industry has been facing problems on account of high sugar production in the country since 2018-19 resulting in surplus sugar and lower prices. For several quarters, the Company has incurred losses due to high sugarcane costs faced by the estate government, and comparatively lower prices of finished sugar which are also regulated and controlled. The operations of the Company are seasonal and about 70% of the cost of raw materials is incurred during the period of 10 months with peak which long term lending and providing farm inputs etc. Pursuant to an order of Hon'ble High Court of Uttar Pradesh, the Uttar Pradesh sugar industry to sell as the Company is required to increase a border from the state government under the erstwhile Hosi Super Industrial Promotion Policy (HSIPR 2004-06).  
3. These measures are expected to reflect on the result of the sugar industry and as well as the Company in terms of cost on sustainable basis. Based on these steps, along with other internal measures for improvement being undertaken, the management believes that the regular operations at its manufacturing facilities shall remain continued in the near foreseeable future.  
4. On account of delays in servicing of loans, certain lenders in the Company have initiated recovery proceedings at various forums, including filing of applications before the National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016 and attachment of assets of the Company. Against a formal complaint filed by one of the lenders with the investigating agency, the Enforcement Directorate has passed an attachment order on certain assets of the Company to the benefit of Rs. 109.30 Crore, against which the Company has preferred an appeal with the appellate authority and the same is sub-judice. Enforcement Directorate has proceeded to take the constructive possession of the attached property, on which an order by a court has been passed by the Hon'ble High Court of Uttar Pradesh. The Company is continuing to pursue a comprehensive debt resolution process with all the lenders. Majority of commercial lenders have shown their inclination to accept the debt resolution proposal of the Company.  
5. Considering the steps initiated for amending management of the Company and sugar sector, ongoing discussions with the lenders for resolution of their dues and continuing manufacturing operations in near future, the Company is confident that the financial statements are continued to be presented in proper form and manner, which encompasses regularity of assets and liabilities of the Company.  
6. Impact of COVID 19 pandemic: The Company has assessed the potential impact of COVID 19 on preparation of financial results for the quarter and period ended December 31, 2020 based on the information available up to the date of approval of these financial results. However, the impact of COVID 19 as well as negative effect of sugar sector on the carrying amount of property, plant and equipment is a concern as a consequence of impact could not be ascertained and provided for due to non-availability of reliable information or absence of adequate response.  
7. Impact of COVID 19 may differ from what has been assessed by the Management as at the date of approval of these financial results. The Company will continue to closely monitor any material change in future economic conditions and take appropriate action as may be required.  
8. The Credit facilities availed by the Company have been classified as non performing assets (NPA) by all the lenders and related interest is not being paid to the lenders. In view of the fact that the Company has submitted comprehensive debt resolution proposals with all the lenders commencing with its A-grade banks. Majority of commercial lenders have shown their inclination to accept the debt resolution proposal of the Company and accordingly approved the offered Earnings Money Deposit. Interest remains pertaining to commercial lenders for the remaining quarter and nine months ended December 31, 2020 according to the terms of their loans and continuing manufacturing operations in near future. The Company is confident that the financial statements are continued to be presented in proper form and manner, which encompasses regularity of assets and liabilities of the Company.  
9. The Hon'ble High Court of Uttar Pradesh has directed the state government to determine the upper sugar levy for the period of delayed payments of sugarcane prices to cane growers for sugar seasons 2018-19 to 2019-20 by the Uttar Pradesh industry. No demand, surcharge, including filing of applications before the National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016 and attachment of assets of the Company. Against a formal complaint filed by one of the lenders with the investigating agency, the Enforcement Directorate has passed an attachment order on certain assets of the Company to the benefit of Rs. 109.30 Crore, against which the Company has preferred an appeal with the appellate authority and the same is sub-judice. Enforcement Directorate has proceeded to take the constructive possession of the attached property, on which an order by a court has been passed by the Hon'ble High Court of Uttar Pradesh. The Company is continuing to pursue a comprehensive debt resolution process with all the lenders. Majority of commercial lenders have shown their inclination to accept the debt resolution proposal of the Company.

Based on the well settled law and legal opinion submitted, SPL has recorded revenue from operations for the period from April 2019 to September 2019 of Rs. 15.48 Crores. The tariff issued in the revised tariff set per CRE Regulations, 2019, w.e.f. 1st October, 2019, SPL is not accounted for sale of power to Uttar Pradesh Power Corporation Ltd (UPPCL), the power producer, as it is not under protest and subject to outcome of Hon'ble High Court decision on the matter. SPL's consolidation, shows that revenue from operations for year ended March 31, 2020 would have been lower by Rs. 625 Lacs, if accounted for all or been reduced till April per CRE Regulations 2019.  
11. In view of the above stated facts and circumstances, the Company is of the opinion that the above information is a fair representation of the financial results of the Company and the auditors of SPL, have drawn material uncertainty relating to going concern.  
12. In the consolidated financial results of the Company for the quarter and nine months ended December 31, 2020, the financial results of SPL, a material subsidiary has been consolidated, on the quarter and nine months financial results of SPL have not been consolidated as they are not accounted for.
