Adani's Australia coal unit back in spotlight after name change

REUTERS
Melbourne, 5 November

Adani Enterprises, which has attracted criticism in parts of Australia for developing a new thermal coal mine, has drawn attention again by changing the name of its Australian unit to Bravus Mining and Resources.

The rebrand comes as the miner readies to ship out its first coal next year in the face of years of vocal opposition from climate change activists, whose catch cry 'Stop Adani' became a marketing slogan emblazoned on T-shirts and earrings.

That opposition ultimately helped swing Australia's national election last year towards a conservative coalition victory, as workers in coal producing regions voted to support new jobs.

"We will continue to stand up and deliver for the good of our community,

no matter how courageous it requires us to be, and Bravus, our new name, reflects this intent," Chief Executive David Boshoff said.

Bravus is building its 10 million tonne per year mine and rail line in the northern state of Queensland even as

climate change activists continue to target its bankers, insurers and suppliers.

It has employed more than 1,500 people and issued more than \$A1.5 billion (\$1.08 billion) worth of tenders, it said. But some are now disputing Adani's take on its new name, with

both Greenpeace and a scholar from the Australian National University saying the Latin for 'brave' is not bravus.

"Bravus is ... based on the Latin 'barbarus', meaning barbarian," Greenpeace said. "The word itself had much of a connotation of a violent enemy of civilisation." Chris Bishop, a classical studies lecturer at ANU in Canberra said in the English language "the word 'Bravo' (derived from the older bravus) can mean 'a mercenary, an assassin, or a desperado.' Adani stuck to its definition when contacted by Reuters. "The new name Bravus is derived from the words 'brave' or 'bold'. It includes the 'us' suffix, highlighting the inclusive nature of the company," a spokeswoman said.

Other coal groups have also rebranded this year. Australian coal lobby group Coal21 became Low Emission Technology Australia (LETA) in August, while Arch Coal turned into Arch Resources in May.

Russian firm looks to buy Reliance Naval

AJAI SHUKLA
New Delhi, 5 November

Most shipbuilding companies are backing away from purchasing Anil Ambani's Reliance Naval and Engineering Ltd (RNaval), which is being sold to pay its debts. However, Russia's state-owned United Shipbuilding Corporation (USC) remains interested.

Responding to a media report last month that said USC had opted out of the bidding process, the Russian Embassy in India clarified on Thursday: "USC has never officially indicated its refusal to participate in the tender."

RNaval is under the hammer under the Insolvency and Bankruptcy Code (IBC) to recover debts that have mounted to almost ₹10,000 crore. Besides USC, two large Indian companies — Chowgule and APM Terminals Management BV — were in the fray, along with a number of asset reconstruction companies. RNaval's primary asset is Pipavav Shipyard in Gujarat.

Stating that USC had passed the accreditation procedure to obtain access to RNaval's electronic account, the Embassy stated: "[USC] is currently con-

USC is believed to be interested in debt-laden firm to position itself for Indian Navy's submarine contract

ducting the due diligence of RNaval's condition and assessing parameters of the possible investments."

The Russian Embassy states that, owing to the Covid-19 pandemic, USC has faced difficulties in evaluating Pipavav Shipyard, since that involves direct interaction between experts from both sides.

"The USC is expected to finalise its stance on further participation in the bidding procedure after completing the remote study of the documents provided by the debtor's trustee and the field review of RNaval's assets by the USC's specialists," the embassy said.

USC is believed to be interested in buying out RNaval in order to position itself to com-

pete for Project 75I — the Indian Navy's project to build six submarines in India, which will be driven by air-independent propulsion (AIP). The ownership of Pipavav Shipyard would allow USC to build the six submarines itself, while claiming it had met the "Make in India" norms.

USC is also building four Krivak-class frigates, of which two are required to be built in India. Currently, they are to be built in Goa Shipyard but that could change if USC buys RNaval and opts to build two warships at Pipavav Shipyard.

Mumbai-based Mazagon Dock Ltd (MDL) is also keen to gain access to Pipavav Shipyard, though it is not participating in the IBC process. The shipyard has a defence shipbuilding licence and world-class infrastructure, including a dry dock that can accommodate an aircraft carrier.

In September, the Ministry of Defence scrapped RNaval's contract to build five naval offshore patrol vessels (NOPVs), which were supposed to be delivered between November 2014 and November 2016. In 2018, after RNaval failed to deliver even the first NOPV, the navy encashed the firm's bank guarantees.

Adani Power Q2 profit zooms to ₹2,228 cr

PRESS TRUST OF INDIA
New Delhi, 5 November

Adani Power on Thursday said its consolidated net profit jumped manifold to ₹2,228.05 crore in the quarter ended September 30, mainly on account of improved income.

The company had clocked a net profit of ₹3.88 crore in the year-ago period, Adani Power (APL) said in a regulatory filing. Total income in the quarter also rose to ₹8,792.28 crore from ₹6,815.22 crore a year ago.

Total expenses reduced to ₹5,898.35 crore from ₹6,658.44 crore in the year-ago period.

"The Indian economy has started to demonstrate its resilience and diehard spirit, as the impact of Covid-19 wanes and the nation moves towards normalcy. Energy in all forms, and power from all sources will

act as a key enabler to achieve the dream of economic prosperity for India's vast population. The Group remains committed to sustainable growth of the energy infrastructure, and becoming a key contributor to the nation's economic progress," Adani Group Chairman Gautam Adani said in a statement.

Adani Power Managing Director Anil Sardana said the country's power demand has started showing strong improvement with revival of its economic growth engine, after the slump brought by the pandemic. "We have a strong belief in the essentiality of conventional power and its compatibility with the renewable growth imperative. With our complementarity with the Adani Group's energy mix portfolio and partnerships in natural gas and solar energy, we will continue to seize value

accretive opportunities and pursue our long-term growth strategies," he said.

The company further said during the quarter, APL and its subsidiaries achieved an average plant load factor (PLF) of 49.9 per cent and sales volume of 12.6 Billion Units (BU), as compared to a PLF of 59.2 per cent and sales volume of 14.5

Adani Transmission net falls 7% to ₹214 cr

Adani Transmission (ATL) on Thursday posted 7 per cent fall in consolidated net profit at ₹214.13 crore for September quarter 2020-21, mainly on account of reduced income. In the year-ago period, the net profit was ₹230.43 crore, the company said in a BSE filing. Total income during July-September reduced to ₹2,306.45 crore from ₹2,638.32 crore a year ago. PTI

BU recorded in the second quarter of 2019-20.

This lower performance was primarily a result of 'customer back-downs' in Maharashtra and a subdued merchant market, partially offset by higher grid demand and improved coal availability in Rajasthan, as well as full quarter utilisation of the recently acquired power plants

in Chhattisgarh.

"The Supreme Court, vide its order dated August 31, 2020, partially allowed claims of Adani Power Rajasthan, APL's wholly-owned subsidiary, to recover compensatory tariff from Rajasthan DISCOMs as per the order of the Appellate Tribunal Of Electricity (APTEL) dated September 14, 2019. However, Rajasthan DISCOMs have filed a review petition in the Supreme Court.

"Further, APTEL has also allowed, vide its order dated 5th October 2020, appeal by Adani Power Maharashtra. (APML), APL's wholly-owned subsidiary, against an order of the Maharashtra Electricity Regulatory Commission (MERC) regarding coal shortfall compensation due to de-allocation of the Lohara coal block, along with carrying cost," the company said.

GCPL Q2 net profit up 10.7% to ₹458 cr

FMCG major Godrej Consumer Products (GCPL) on Thursday reported a 10.66 per cent increase in its consolidated net profit at ₹458.02 crore in the second quarter ended September. The company had posted a net profit of ₹413.88 crore in the same quarter a year ago, GCPL said in a BSE filing. Its net sales were at ₹2,893.86 crore, up 10.95 per cent during the quarter under review as against ₹2,608.15 crore in the corresponding period of the last financial year. GCPL Chairperson and Managing Director Nisaba Godrej said: "We delivered a strong performance this quarter with double-digit, profitable sales growth. Consolidated sales grew 11 per cent and Ebitda grew by 19 per cent. All our geographic clusters also recorded positive sales growth." PTI

Lupin clocks ₹211-cr profit

Lupin reported a consolidated net profit of ₹211 crore for the second quarter of the financial year, primarily led by a recovery in sales in the US. The company had reported a net loss of ₹185.3 crore in the corresponding period last year. Sequentially, Lupin's net profit jumped 97.4 per cent over the previous quarter. The revenues, however, dipped by 1.2 per cent on a YoY basis to ₹3,835 crore, but sequentially the revenues rose 8.7 per cent. SOHINI DAS
