Sub:- General Update

Dear Sir(s),

We wish to inform that the Company has received communication from Honda Motorcycle & Scooter India Pvt. Ltd. ("**HMSI**" or "**OEM**") informing about the global recall of their bikes on account of leakage of oil observed from the engine caused due to dislodgement of sealing plug cone out of the Engine Cover ("recalled part") which was supplied by the Company's plant situated at Bawal, Haryana.

Although, the value of the recalled part supplied by the Company is approximately Rs 3.2 crores but the likely amount intimated by the OEM on account of this recall is estimated to be Rs. 76 crores, on account of various costs incurred by the OEM for the replacement of the recalled part in various countries across the globe. The Company has an adequate product recall insurance policy and accordingly, the Company has intimated the aforesaid matter to the insurance company.

The Company is hopeful of settlement of this amount by the insurance company and does not foresee any material impact on financial or operational or other activities of the Company.

It is for your information and records please.

Thanking you.

Yours faithfully,

For Uno Minda Limited
