## De-risked Business Model

- Large number of titles
- Width and depth of distribution platforms
- Multiple genres and types of content

# BUSINESS MODEL

# Shemaroo's Role In A Movie Lifecycle

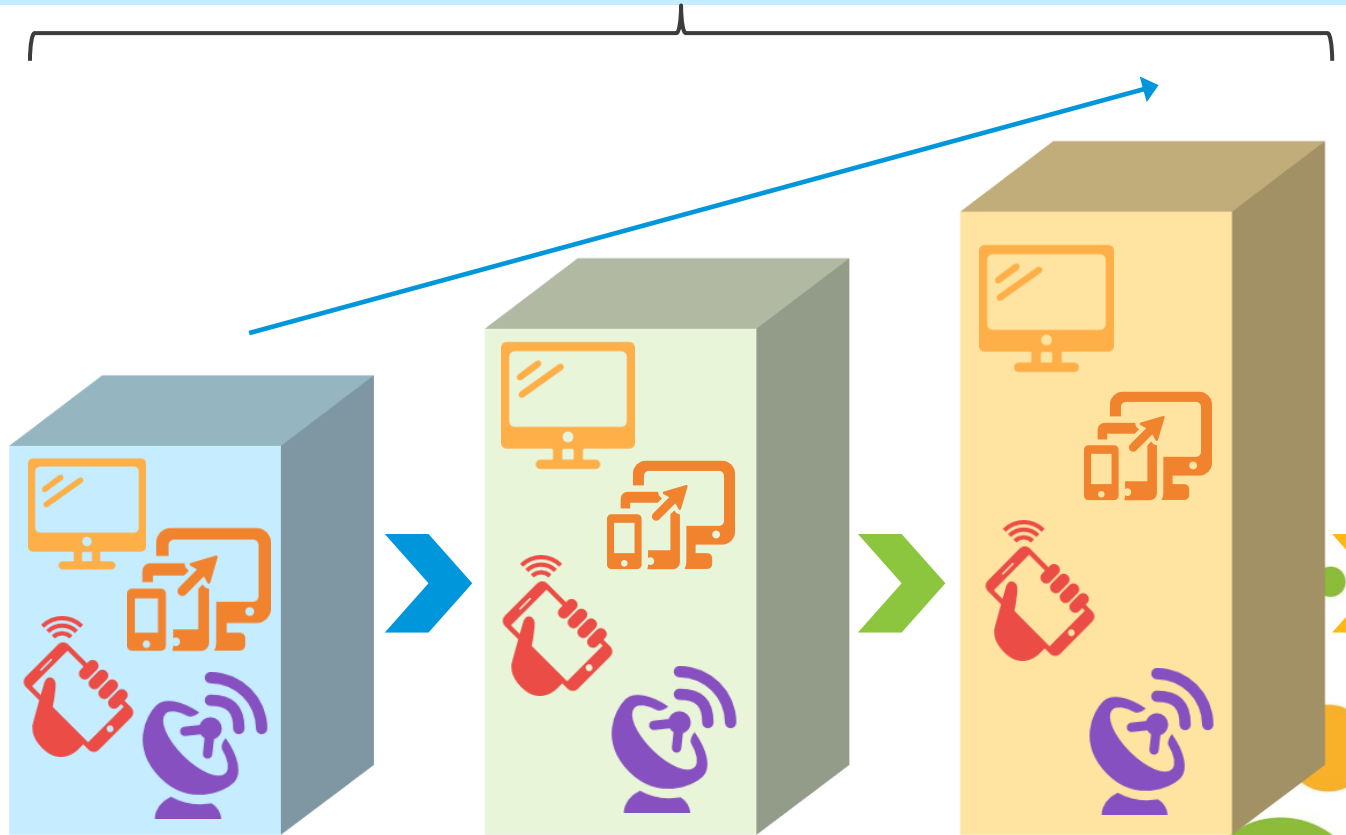

- Shemaroo typically participates in the second and subsequent cycles of film monetisation
- These subsequent cycles of film monetisation have been typically growing due to various factors like increasing advertisement spends, digitisation etc.
- There is a lower risk in these cycles due to visibility of performance of movie during first cycle of launch
- Shemaroo decides on the cost of the content after it is confident of achieving the desired ROI at portfolio level
- Shemaroo then distributes this content over different platforms like Broadcasting channels & Digital Media platforms

Theatrical, Television and overseas release generate ~90-95% of the revenues in the first cycle of movie launch, where **Shemaroo is not typically present.**

Shemaroo is present in the ancillary revenue streams like digital Media, Home Video & In-Flight movie distribution, which contribute towards the remaining 5 - 10% of the

First Cycle

# Shemaroo's Role In The Value Chain

## Fragmented Production Houses

There are many production houses/content owners in India with smaller content lot

Smaller content lot is difficult to monetize effectively

This fragmented market necessitates the need of a content aggregator and distributor like Shemaroo

## One of the largest Content Houses

### Creates Value

Increasing the life of the movie and creating value for all the stakeholders

### Convenient and Hassle Free

For both Producers and Platforms, it is convenient to deal with one aggregator rather than multiple players

### Large Content Ownership

Large content ownership gives Shemaroo an advantage for unbundling and re-bundling of content

### Premium Quality

Offers quality content to platforms by adhering to robust selection criteria

### Legally Clean Titles

Offering undisputed titles

## Monetisation Platforms

Requires unbundled and re-bundled content with customisation

Need a consistent flow of content

Requires clean and litigation free titles

# DISTRIBUTION PLATFORMS

Media and Entertainment Industry is expected to reach INR 2.66 Tn by FY23

Media and Entertainment Industry growth (INR Bn)

- Strong and consistent economic growth fueled by a rise in consumption and growth in digitisation has boded well for the Indian Media and Entertainment industry which has grown at a CAGR of ~11% over FY14-FY18 to reach INR 1,436 Bn.
- However, in recent years, it faced some headwinds due to demonetisation and teething issues with GST roll out.
- The industry is now well on the road to recovery, and aided by a buoyant Indian economy, strong domestic (particularly rural) demand and growing digital access and consumption, the sector is expected to grow at a CAGR of 13.1% over the next five years to reach INR 2,660 Bn by FY23.

Source: KPMG's Report - "The walls fall down"

**Digital Advertising** revenues grew by 35% to reach INR 116.3 Bn in FY18 over FY17. It is expected to grow at a 30.2% CAGR over the period FY18-FY23 to reach INR 435 Bn.

**Digital Subscriptions** (audio and video) grew at 50% in FY17 to reach INR 3.9 Bn in FY17 over FY16 and expected to reach INR 20.1 Bn by FY20. The video subscription ecosystem has evolved over the past years and now has over 30 OTT players in India.

### Highlights

- ✓ Advancements in digital infrastructure, increasing penetration from non-urban areas, cheaper data and high adoption of mobile phones has contributed to growth in digital advertising.
- ✓ The video watching user base is expected to increase from ~20% of the wireless subscribers in India in 2016 to ~40% by 2020.
- ✓ Videos are expected to contribute around ~77% of the mobile data traffic by 2022 from ~50% in 2017.
- ✓ The consumption of video content on various OTT has increased significantly over the past 18 -24 months.
- ✓ In 2017, 15% of the total video consumption in India took place on OTT platforms with the remaining 85% share on cable and DTH platforms.

### Digital Advertisement Spend (INR Bn)

# 19 Digital Potential

## Rising Internet users (Mn)

The digital sector is poised to witness the entrance of first time internet users especially from smaller towns and rural areas. Rural Internet users are expected to grow from 38% to 52% of total base from 2017 to 2021. This will have a significant impact on the type and language of content that will be offered.

## Increase in online video subscribers

## Increasing share of mobile internet consumption for video in India

Of the total time spent on digital videos, Indian consumers spend 93% of the time on Hindi (63%) and Regional content (30%)

YouTube and Facebook account for around 60%-70% of the total online video consumption in India and **YouTube is the largest digital video platform in the country with 225 Mn Monthly Active Users (MAUs)**

# Strengthening Digital Infrastructure

Following the launch of 4G services by Reliance Jio in Sep-2016 at disruptive prices, it resulted in commoditisation of voice services with realisations per minute dropping by more than 30% post Q2 FY17. Average outgo for 1GB data reduced from ~INR 200 to ~INR 20 in Q3 FY18.

India is the second largest smartphone market in the world. Number of internet enabled smartphone users crossed 300 Mn in 2016 and would reach 650 – 700 Mn by 2020.

India is expected to be the 2nd largest online video viewing audience in the world by FY20. 30% of the app time spent by Indians is on entertainment.

## Broadband Infrastructure

- Increasing reach of 4G & fall in data prices to enhance the consumption of videos
- The 'Digital India' initiative from the Government

## Technology

- Growing availability of sub INR 5,000 smart phones
- Increased penetration of Hybrid connected TV STBs, Smart TVs etc.

## Rise of OTT

- Increase in the number of OTT destinations for online video watching
- Surge in the width and depth of content offered for Indian consumers

## Rapid digital adoption in non-metros

- Next wave of internet video users will come from the non-metros driving video consumption
- 75% of new internet users are expected to consume data in local languages by 2020

# Shemaroo In Digital Media

## Digital Media

*Shemaroo was one of the early Indian media companies to syndicate its library in the high growth digital media platforms, thereby gaining early mover advantage*

- The company caters to all types of revenue models like subscription, pay per transaction, advertisement supported (free to consumer) etc.
- Due to its large library ownership Shemaroo has the ability to slice and dice content and package it in different ways that are more suited for the digital media platforms

### Digital Media Presence

#### Internet and OTT

- Shemaroo has agreements with various internet video platforms like YouTube, Hotstar, Reliance Jio, Apple iTunes, Google Play, YuppTV, etc.

#### Mobile Value Added services (MVAS) / Mobile Internet

- The company has agreements with major telecom operators, namely Airtel, Vodafone, Idea, etc.
- Shemaroo distributes imagery, videos, full songs, live streaming etc. under MVAS through both operator branded portals as well as its own branded portals

### Digital Media Revenue (INR Mn)

#### Internet

Vodafone

**Shemaroo's content on YouTube gets over 750 Mn views a month at an average of more than 25 Mn views per day.**

- Shemaroo is among the most viewed channel partners for YouTube in India and has **more than 50 channels of its own on YouTube**
- The company's flagship channel 'ShemarooEnt' crossed 13 Mn subscribers and 'FilmiGaane' crossed 18 Mn subscribers on YouTube in December 2018. 'Shemaroo Gujarati' crossed 1 Mn subscribers in September 2018.
- The high viewership, content connect and viewer stickiness has translated into higher revenues for Shemaroo over the years

## Revenue Model for You Tube

- Shemaroo gets revenue from the advertisements shown on its channel on YouTube, in many ways, for example:
  - Banner Ads
  - Pre roll ads
  - Mid roll ads etc.
- **Shemaroo gets a revenue share from the advertisement revenue that Youtube makes from Shemaroo channels**

## YouTube Views Growth

## Some of Shemaroo's Popular brands on YouTube

# TV Industry Performance and Projection

## TV Industry Performance (INR Bn)

\*Gross of taxes

## Broadcasters' Revenue (INR Bn)

- ✓ TV Industry grew from INR 594 Bn to INR 660 Bn in 2017, a growth of 11.2%. It is expected to reach INR 862 Bn by 2020, at a CAGR of 9.8%.
- ✓ Advertisement revenues contributes to 41% of the industry revenues today, it would grow to 43% of the total revenues by 2020.
- ✓ Ad revenues were driven by increase in number of channels launched, rise in advertising rates.

- ✓ Broadcaster's overall revenue increased from INR 333 Bn in 2016 to INR 366 Bn in 2017. It is expected to reach INR 493 Bn by 2020, at a CAGR of 10.3%.
- ✓ Broadcaster's subscription revenue growth was driven by:
  - long term contracts with escalation clauses
  - digitisation of TV
  - increased transparency contributing higher revenue share

## Industry Dynamics

- Television syndication is the sale of content rights to broadcasters
- The Indian television broadcasting segment currently has more than six genres and Movies as a genre is second in terms of viewership after General Entertainment Channels
- The standard practice of the Indian television industry is to purchase forward rights for a period of 5 to 7 years
- There is a one time fixed fee payment made at the network level for exclusive license to broadcast the content for multiple telecasts

**On any given day, an average of 8 movies are shown on a Movie channel. Even considering the repeat telecast of these movies, the broadcaster would need access to a significantly large movie library**

## Under penetrated Rural India (TV) (Mn Homes)

Although the No. of households for TV viewership in rural area is 17% more than urban area, the penetration there is as low as 52%.

**Traditional Media Includes – Television Syndication, Overseas Distribution and Others**

**Television Syndication**

- Shemaroo has a diverse content library which it syndicates rights to various Satellite Channels, Cable & Terrestrial Networks
- Considering the vast and diverse library of Shemaroo, it can be easily assumed that most broadcasting channels would have some content syndicated from Shemaroo at sometime or the other

**Subscription Based Services**

- In partnership with major DTH and Cable operators, Shemaroo operates subscription-based, ad-free content services across various genres like Movies, Devotion, Comedy and Regional

# Increasing Global Footprints

- Indians form one of the highest diaspora population in the world, who have the willingness to pay for content and yet have limited options for this content
- The company caters to a score of audiences in international markets through its relationships with many leading international traditional and digital platforms across Geographies like USA, Europe, South East Asia, Africa, Australia, UAE etc.
- On the back of Shemaroo's ever increasing content library, the company plans to significantly scale up presence internationally and build significant capacities and resources internally to cater to the growing demand for Indian content amongst the diaspora as well as the non-diaspora population
- With a focus on the North American market, the company has opened an office in USA

## Home Entertainment

- The Home Entertainment business has helped Shemaroo to garner the legacy of becoming a nationwide well known and accepted brand
- Has successfully migrated from one content format to another (Video VHS to VCD to DVD to Blu-Ray)

Over the last few years the trend in the Home Entertainment industry has been a migration from physical to digital formats which is how the company is also positioning itself

## In-flight Entertainment

- Shemaroo distributes its content to more than 50 airlines globally like Emirates, Qatar Airways, Singapore Airlines, Lufthansa, Jet Airways amongst others

# OUR STRATEGY

*“Shemaroo’s multifold growth over the years has been a result of its excellent relationships with its partners in the media industry. Shemaroo will continue to strengthen its position in the industry by providing unparalleled value addition to all stakeholders”*

## Riding on the Digital Wave

With a fundamental shift happening in how consumers consume the content, Shemaroo aims to be at the forefront of digital and technological innovations

## Strengthening IPs and Entering new domains

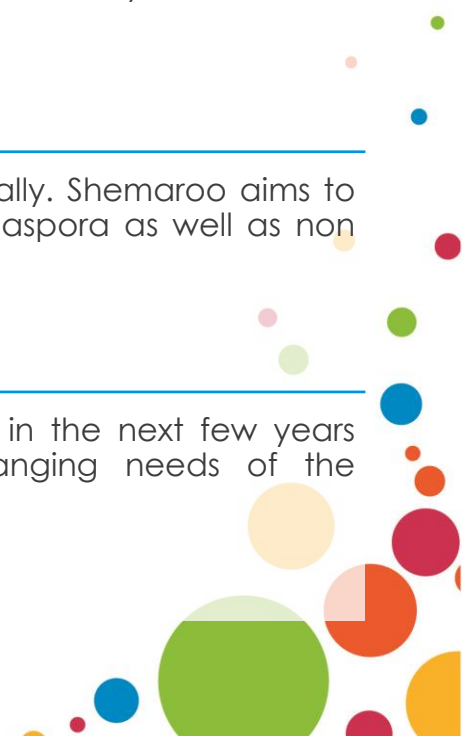

In line with the fast growing appetite of multiple genres of content by consumers, Shemaroo aims to further strengthen its Bollywood and non-Bollywood IPs like regional, devotion, kids, etc.

## Expanding our footprint globally

There is an increasing affinity towards Indian content globally. Shemaroo aims to significantly scale up its presence internationally serving diaspora as well as non diaspora audience to tap this growing demand

## Increasing B2C presence

Shemaroo aims to significantly increase its B2C presence in the next few years through innovative product offerings meeting the changing needs of the consumers

## Scaling up the Content Library driven by RoI

- Acquiring perpetual rights, as well as, to monetise these over a maximum number of distribution platforms
- Acquiring Television Broadcast rights and Digital Media Rights

## Enhancing Monetisation of Content Library through Existing and Emerging Media Platforms

- Broad base revenue streams by increasing distribution of content through existing and emerging media avenues

## Enhancing Revenue Predictability through Strategically Packaged Sales

- Vast content library allows to aggregate and package several titles together instead of monetising each title on an individual basis

## Creating a sustainable competitive advantage via Marketing Strategy and moving up the Value Chain

Marketing Strategy is based on:

- Leveraging industry relationships
- Monitoring distribution platforms
- Tracking varying consumer preferences
- Adapting content offering
- Enhancing visibility, recall of content titles

## Optimising Content Monetisation across its Life-Cycle

- Maximising the revenue potential of content across its life cycle
- In view of different consumption patterns, reorganising the content for distribution
