Investors Release

Commenting on the performance Mr. U. Shekhar, Managing Director, Galaxy Surfactants Limited said

"Our company has delivered a robust performance across all major geographies in FY19, registering a revenue growth of 13.5% as compared to FY18. This development was on the back of a healthy volume growth of 8.8% driven primarily by the India and ROW Markets.

It has been a record year for us in many ways. The team at Galaxy despite the headwinds never gave up. Persistence and patience demonstrated over the years finally bore fruits in the Specialty Care segment which recorded a growth of 18% for FY 19

The strong portfolio of preservatives, mild surfactants and other specialty care products witnessed significant traction in the developed markets which led to a 29.2% YOY volumes growth for our Rest of the World market. We remain positive and see the momentum continuing in FY 20.

Performance surfactants on the back of improving home and personal care demand in India grew 3.5% for the year. The India market grew 12.1% in FY 19

With a diverse customer base, product portfolio, committed & experienced team, we at Galaxy are confident in enhancing our stakeholders' value sustainably and consistently.
