**Notes to the Unaudited Financial Results:**  
 3) The above Unaudited Financial Results prepared in accordance with Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, and the relevant amendment rules thereunder. These unaudited financial results have been reviewed by the Audit Committee and thereafter by the Board of Directors at their respective meeting held on 11th November, 2020 and the same had been subjected to a Limited Review by the Statutory Auditors.  
 4) The Company is primarily engaged in the business of diamonds and accordingly there are no separate reportable segments pursuant to IND-AS-108.  
 5) The formats for unaudited quarterly results is as prescribed under SEBI's Circular CIR/CFD/CMD/15/2015 dated November 30, 2015, as modified to comply with the requirements of SEBI's Circular dated July 5, 2016.  
 6) The figures for the earlier periods have been regrouped / reclassified / restated wherever necessary to conform to the current period's presentation.  
 7) The SARS-CoV-2 virus responsible for COVID-19 continues to spread across the globe and India. On March 11, 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. On March 24, 2020, the Indian government announced a strict 21-day lockdown which was further extended until May 31, 2020 across the country to contain the spread of the virus. On May 30, 2020 the Government announced a phased reopening of certain activities outside specified containment zones, while the lockdown was extended to June 30, 2020 in such containment zones. Some of the states further extended the lockdown to July 31, 2020. The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activity, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The operational difficulties faced due to lockdown were mitigated by technological solutions in terms of 'work from home'. The retail industry as a whole has been adversely impacted by the spread of COVID-19 and consequently the lockdown resulting out of it. The Company has faced significant hand winds due to COVID-19 which have impeded the operations of the Company adversely in the quarter ended 30th Sept 2020. This unprecedented disruption has had a negative impact on the quarterly performance and continue to impact the business and financial results. In this crisis, our priorities are to protect the employees and their families from COVID-19.  
 The Company believes that the pandemic is not likely to impact the carrying value of assets. The Company continues to closely monitor the development and possible effect that may result from the current pandemic on its financial position, liquidity and operations and is actively working to minimize the impact of this unprecedented situation. As the situation is continuously evolving, the eventual impact may be different from the estimates made as of the date of approval of these financial results.

**Notes to the Unaudited Financial Results:**

3) The above Unaudited Financial Results prepared in accordance with Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, and the relevant amendment rules thereafter. These unaudited financial results have been reviewed by the Audit Committee and thereafter by the Board of Directors at their respective meeting held on 11th November, 2020 and the same had been subjected to a Limited Review by the Statutory Auditors.

4) The Company is primarily engaged in the business of diamonds and accordingly there are no separate reportable segments pursuant to IND-AS-108.

5) The format for unaudited quarterly results is as prescribed under SEBI's Circular CIR/CFD/CMD/15/2015 dated November 30, 2015, as modified to comply with the requirements of SEBI's Circular dated July 5, 2016.

6) The figures for the earlier periods have been regrouped / reclassified / restated wherever necessary to conform to the current period's presentation.

7) The SARS-CoV-2 virus responsible for COVID-19 continues to spread across the globe and India. On March 11, 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. On March 24, 2020, the Indian government announced a strict 21-day lockdown which was further extended until May 31, 2020 across the country to contain the spread of the virus. On May 30, 2020, the Government announced a phased reopening of certain activities outside specified containment zones, while the lockdown was extended to June 30, 2020 in such containment zones. Some of the states further extended the lockdown to July 31, 2020.

The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activity, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The operational difficulties faced due to lockdown were mitigated by technological solutions in terms of 'work from home'.

The retail industry as a whole has been adversely impacted by the spread of COVID-19 and consequently the lockdown resulting out of it. The Company has faced significant hand winds due to COVID-19 which have impacted the operations of the Company adversely in the quarter ended 30th Sept 2020. This unprecedented disruption has had a negative impact on the quarterly performance and continue to impact the business and financial results. In this crisis, our priorities are to protect the employees and their families from COVID-19.

The Company believes that the pandemic is not likely to impact the carrying value of assets. The Company continues to closely monitor the development and possible effect that may result from the current pandemic on its financial position, liquidity and operations and is actively working to minimize the impact of this unprecedented situation. As the situation is continuously evolving, the eventual impact may be different from the estimates made as of the date of approval of these financial results.

The Group has resumed operations in a phased manner in line with the directives of the respective local government. The Group's management has made initial assessment of likely adverse impact on business and believes that the impact is likely to be from short to medium term in nature.
