INDAG RUBBER LIMITED

Safety & Reliability Mile After Mile.....

Investor Presentation – Q1 FY20

July 2019

Safe harbor

This presentation and the accompanying slides (the “Presentation”), which have been prepared by Indag Rubber Limited (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward looking statements concerning the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time by or on behalf of the company.

INDIA'S MOST TRUSTED RETREAD

INDAG[®]

THE ONLY ALTERNATIVE TO NEW TYRES

About Retreading

Retreading

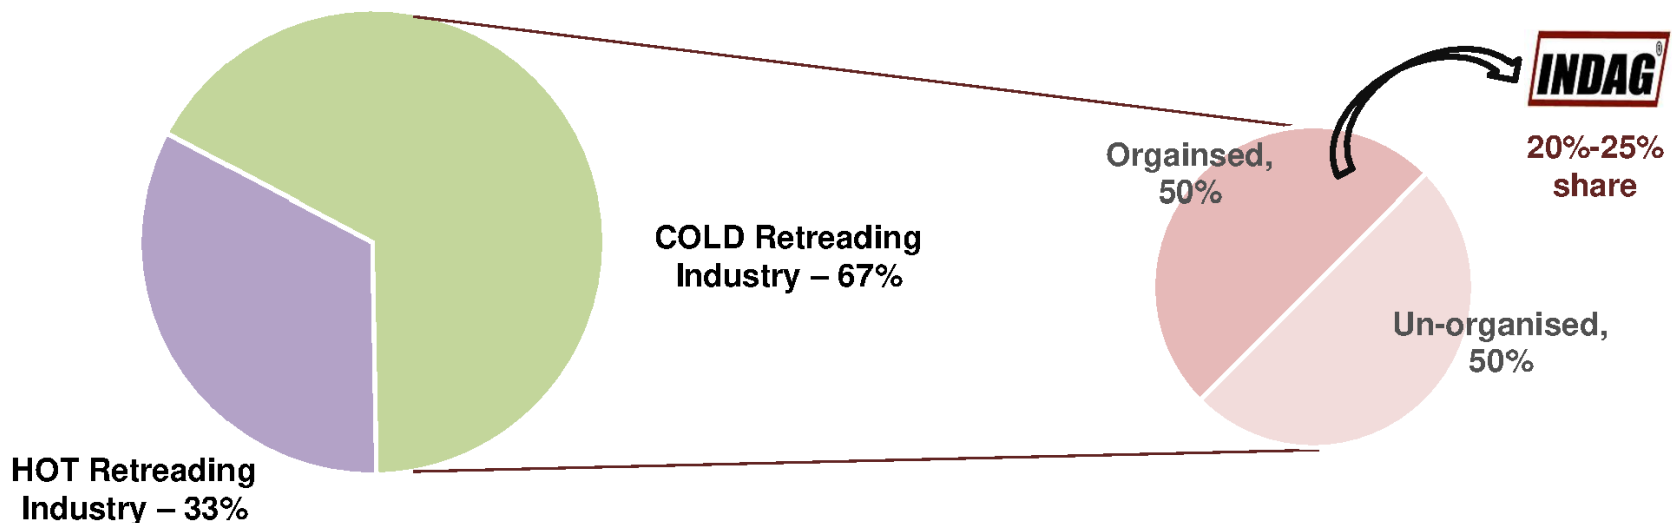

Retreading is a technology where the old tyres are made serviceable by removing worn out and damaged treads and replacing it with new treads

COLD PROCESS

- Precured rubber of high density & available in various tread designs is lined with cushion gum before applying to a buffed casing
- Curing is done in a pressure chamber at low temperature 100°C & pressure

HOT PROCESS

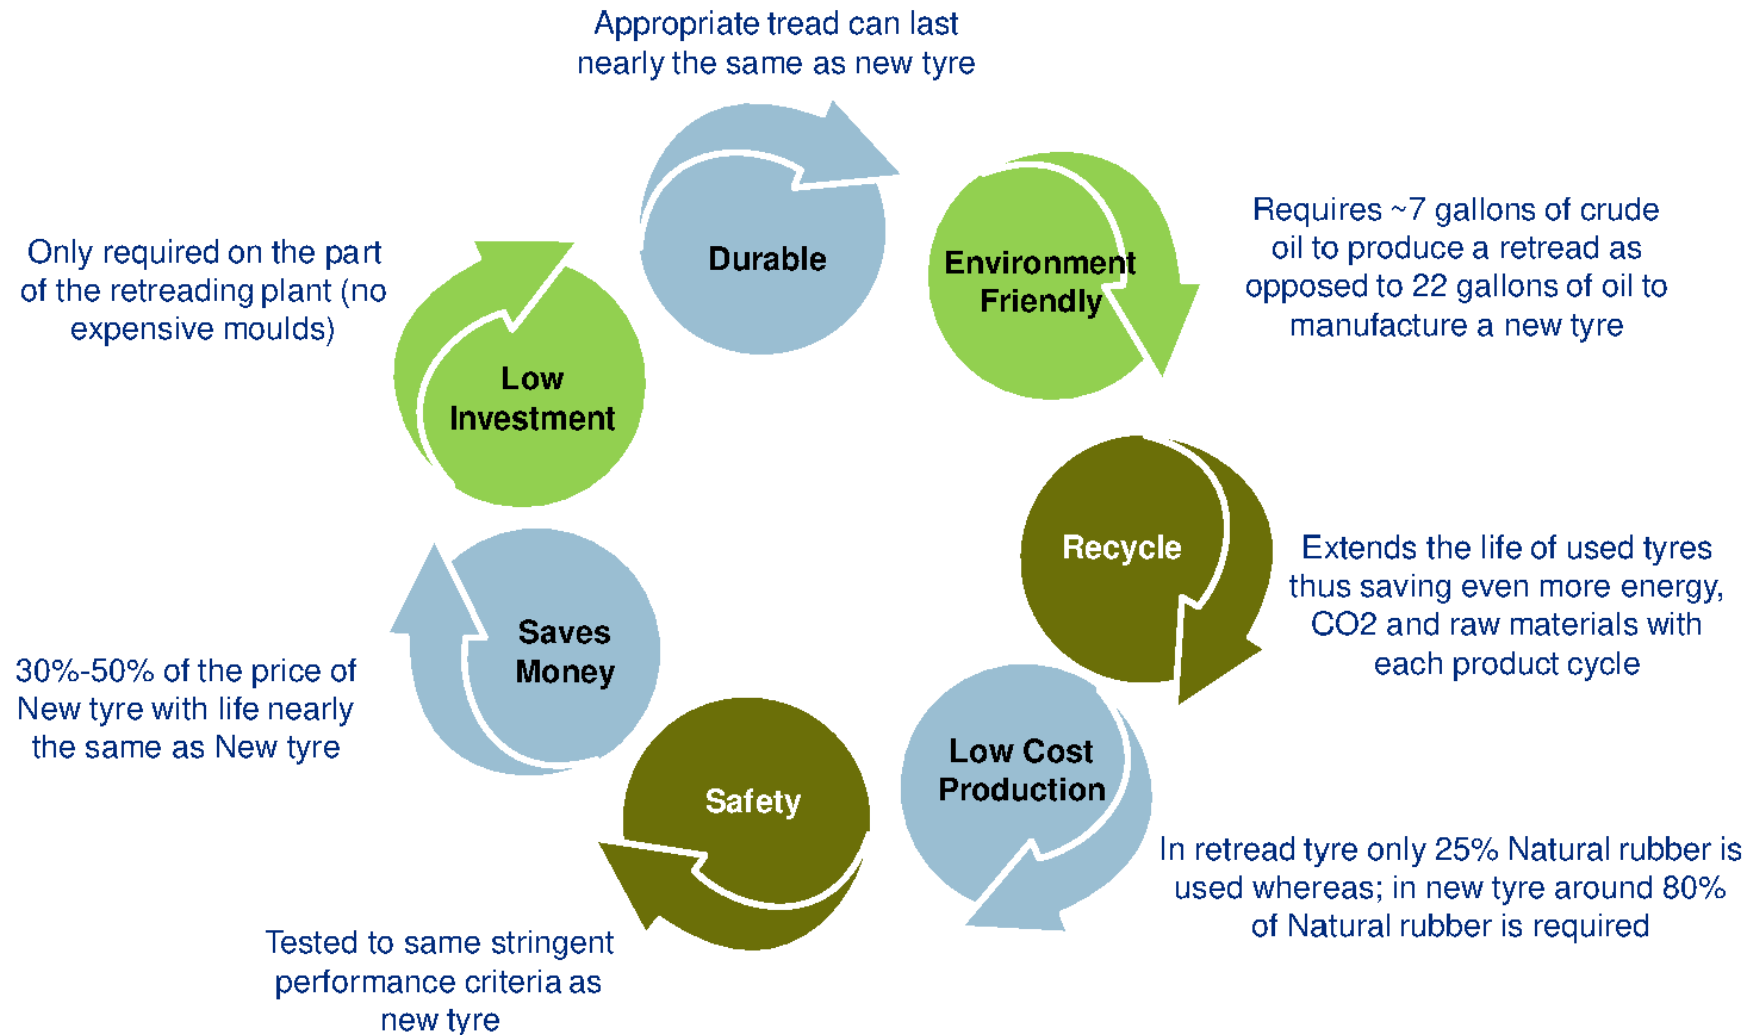

- Uncured rubber is added to a buffed casing & cured in the mold at temperatures of approximately 150°C-160°C
- This temperature allows uncured rubber to flow in the matrix forming the tread design during vulcanization

Retreading Process

Benefits of Retreading

INDIA'S MOST TRUSTED RETREAD

INDAG[®]

THE ONLY ALTERNATIVE TO NEW TYRES

Business Overview

Company Overview
