2. Case Study: One of the largest private bank in India- iKredit360 SME Marketplace

Background & Context

Bank is one of India's largest private sector banks with assets of over \$230 Bn. It is a market leader in SME with a market share of 24%, up from 19% one year back.

Banks now wants to start offering SME loans across multiple channels, onboard SME loans in collaboration with Fintechs, corporates and aggregators. Its business models include sourcing SME loans over traditional and open banking channels.

Intellect Solution

Bank selected Intellect's Commercial Loan Origination platform (CLO / iKredit360) after a rigorous 18 month evaluation that included over 30 functional and technical workshops .

It is a cloud native solution implemented on private google cloud

- API's : 129
- PBC: 11
- Interfaces : 67
- Payload : Collective payload of upto 60 MB / proposal
- Volumes : 70,000 applications a month
- Amount Disbursed : INR 7000 Cr a month

Outcomes

Prospect self-service origination microsite and RM office have been implemented. The microsite allows SMEs to self onboard credit request enabled by digital data aggregation from over 60 internal and external touch points. The journey ends with customer accepting the offer through a digital signature. The solution enables Bank to deliver a credit facility approval in minutes down from days before the implementation.

The end-state solution will encompass a end-to-end digital processing of Commercial Loans with zero human touch , customer self-service portal, RM Office and Agency Office components.
