## **Industry Outlook**

Government reforms such as
Digital India, Make in India, Power
for all and Jan Dhan-AadharMobile Trinity are providing fresh
impetus to the Consumer
appliance and durable Industry

The Rapid rate of urbanization, growth of young population with rising income levels is leading to large emerging middle class in India. Implying huge potential demand for the consumer appliance and durable market in coming years.

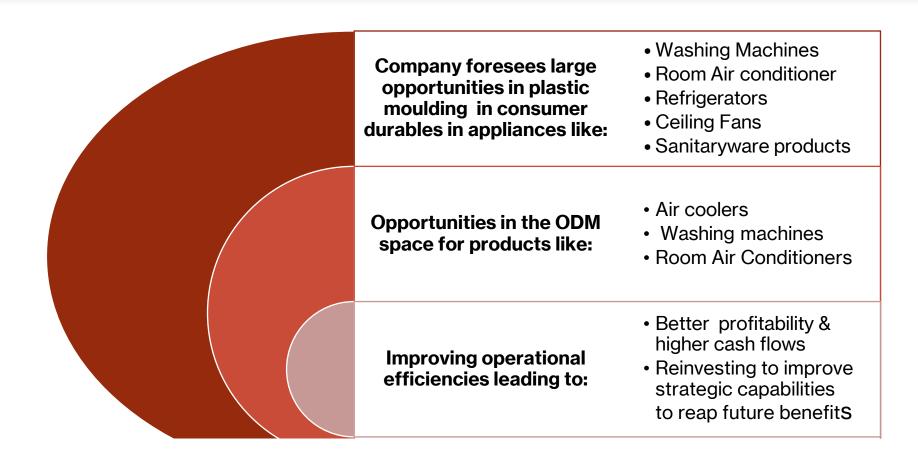

Low penetration levels, falling prices of durables and electronics and changing lifestyle of the Indian consumer are expected to remain big demand drivers for the consumer durable and electronics Industry in India in near future.

Further the Government's initiatives of promoting electronic manufacturing and treating the industry as one of the key pillars of the Digital India Program, opens new and exciting opportunities for the Industry

The Management is enthused about the overall opportunity size and anticipates high growth rates in the industry segments where, company has presence.

### **Future Growth Strategy**

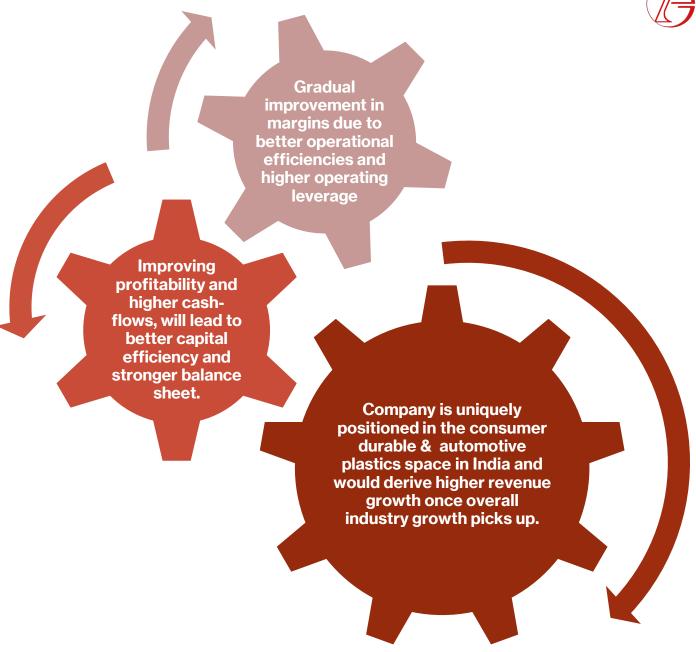

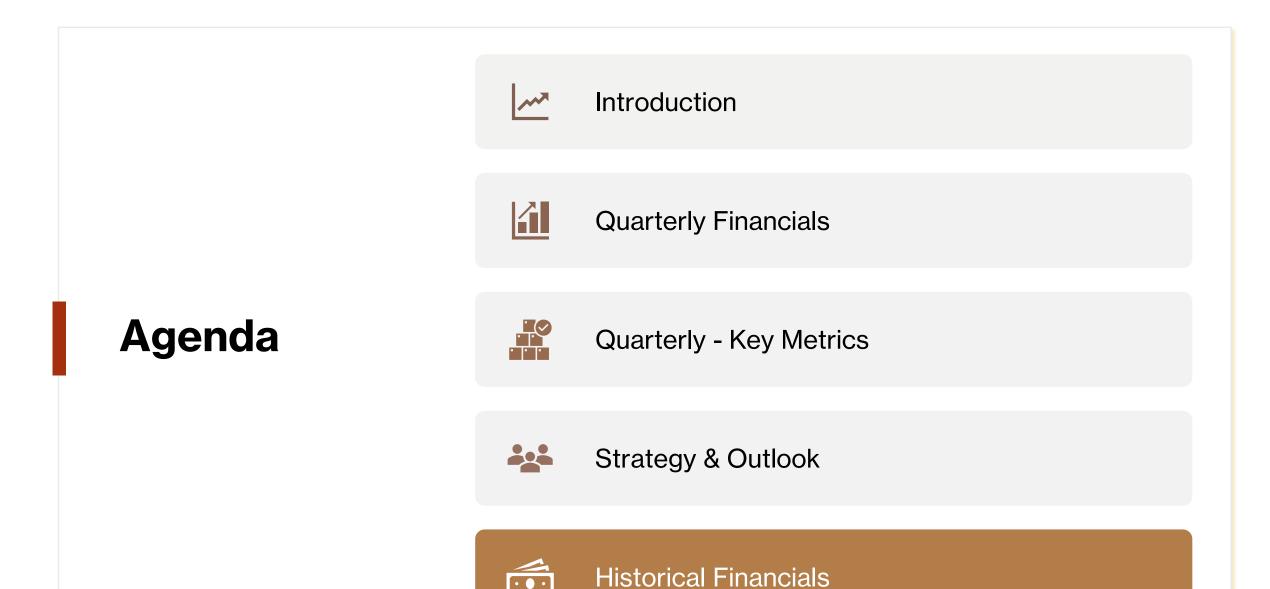

#### **Future Outlook**

- Product business to drive growth for the company
- Company is developing new offerings in focus segments and will be launching the same in coming quarters
- Company's management see exciting times ahead for all its business segments.
