# Q1 FY2022 Highlights - Quarter on Quarter

Despite the second wave of Covid-19 challenges, HSIL continues to deliver EBITDA margins of 15.4% driven by strong operational efficiency

HSIL is strategically well positioned to drive revenue growth and cash flows led by the packaging products division

**Commenting on performance, Mr. Sandip Somany, Vice Chairman and Managing Director Said:**

*“The first quarter of the fiscal year started on a subdued note due to the second wave of Covid-19. The top line was clearly impacted as state-wise lockdowns resulted in muted demand from key end-user industries such as alcohol, food, and beverages in the packaging segment and lower demand from the construction & infrastructure sector impacting building products segment. During the quarter, we continued to focus on maintaining higher operational efficiencies and our cost control measures.”*

*He further added, “We bounced back quickly from lockdown 1.0 and delivered strong growth in FY 2021. In near term, we are optimistic that economic recovery is expected to normalize the demand and going ahead, we will deliver profitable and sustainable growth”*

## Q1 FY22 Key Highlights
