Managing Director's Message

Commenting on the results, Mr. S K Sundararaman, Managing Director, Shiva Texyarn Ltd. said:

"Our Company continues to sustain through the ongoing market headwinds in the spinning sector during the quarter and nine months ended 31st December 2019. Despite a sluggish industry scenario, we reported a 24.7% year-on-year growth in revenue in Q3 FY20. EBITDA and net profit for the third quarter stood at Rs. 9.1 cr and Rs. 0.2 cr, respectively, impacted by rising raw material prices.

We continue to focus on our technical textile product portfolio, in line with our strategy to move towards high-margin, innovation-driven products. Increasing bans on the usage of flex banners in advertising and signage applications, are expected to spur demand for non-flex banner material. While the ban is already in effect in Kerala, it is expected to be implemented in Bengaluru and other regions in the near future, opening up a significant potential opportunity for us. We are ready and poised for this anticipated demand for non-flex banner material, being one of the only few companies with the capacity to deliver at the required scale.

On another note, improved budget towards the defense sector bodes well for us, as we are one of the select few suppliers of NBC suits and tactical gear etc. for our Indian army. Potential orders from the DRDO would support growth in topline and profit margins in the future.

Moreover, our new product – the reusable fabric diaper – 'Paw Paw' – which we launched only last year is gaining customer confidence and interest, not just in Tamil Nadu but also in other regions across India. The product's environment friendliness and competitive pricing enables us to reach out across all sections of society. The QuickDry product line is also growing steadily, having established itself as a trusted quality product. Our target is to have a pan India presence through a robust network of distributors and retailers, for all products in the Lamination division.

Shiva Texyarn stands to benefit from the opportunities in value-added functional products, as we continue to focus on product diversification. We aim to strengthen our portfolio of technology-driven products to support sustainable growth, while offering environment-friendly products. I would like to thank the entire team of 'SHIVA' for their untiring efforts, hard work, sincerity and dedication. Also, I would like to thank our valued stakeholders, whose support and faith in our Company has given us the determination and ambition to set and achieve higher benchmarks."
