Others	4497747	31.09
GRAND TOTAL	14471646	100.00

The Journey

- The Company was set up as Swaraj Mazda Limited (now SML ISUZU LTD). At that time, it represented the coming together of three powerful Corporate brands : Swaraj symbolising the best of Indian technology and engineering, Mazda symbolising R&D and innovation edge on a global scale and Sumitomo representing age-old international trading experience and linkages.
- R&D orientation has been Company's core strength - building up wide range of trucks, buses & special application vehicles, absorption of technologies, product upgradation to meet regulatory requirements and market needs.
- Starting from 2-wheel bases, SML ISUZU model range now spans 5-wheel bases. Carrying capacities spread from 2.5 ton to 8.0 ton in the cargo carriers (GVW 5.2 to 12.0 ton) and 13 to 52 seaters in the passenger segment.
- Portfolio of specialty vehicles - Ambulances, Water Tankers, Tippers, Delivery Van, Dumper Placers, Fire Tenders, 4-Wheel Drive Truck, Troops Carrier etc.
- Company's products finds its buyers in countries such as Bangladesh, Nepal, Nigeria, Ghana, Zambia, West Indies, Sri Lanka etc.
- Now, alliance with Isuzu

Alliance with Isuzu

- has enabled SML to conceive and set up manufacturing systems and facilities matching global standards within a tight framework of capital outlays.
- has enabled SML to launch medium & large size Isuzu buses.
- has enabled SML to upgrade its existing R&D.
- further boosts SML's corporate image & brand strengthening and places it on a cutting-edge platform in product range & technology.
- helps SML to upgrade its products faster & at lower costs to meet current / future regulatory requirements of emission and safety.

Market Potential

Long term prospects of commercial vehicle industry are secular. Economic growth in the medium to long term would be driven by infrastructure investments in areas such as – roads, bridges, power generation, information technology, civil aviation, sea-ports, health, education etc. This trend would generate increased demand for commercial vehicles in coming years.

Demand Factor Conditions

- As per IMF Forecast – July 2017, India's GDP growth in 2017 is estimated at 7.2% against world average estimate of 3.5%.
- As per GIA study on Commercial Vehicles (CV), Asia-Pacific is expected to emerge as the fastest growing hub for CV production led by shifting of automobile production bases to low cost Asian countries.
- As per CRISIL, long term prospects of the Commercial Vehicle industry are positive. Apart from macro-economic factors, implementation of emission & anti-overloading norms, scrapping regulations for older vehicles and changing landscape of the logistics industry towards an organized one would continue to support demand for CVs.

- As per ICRA, with new orders from SRTUs (under the JnNURM programme), Govt.'s proposal of opening up the passenger transport sector to private players, healthy demand from staffing & school segment and other initiatives such as Smart Cities etc., the bus segment is likely to register overall growth of 5-7% in FY 2017-18.
- As per ICRA, M&HCV truck segment is likely to register a growth of 6-8% in FY 2017-18 driven by continuing trend towards replacement of ageing fleet, Govt.'s Scrappage scheme for older vehicles, expectations of pick-up in demand from industrial & infrastructure sector and higher budgetary allocation towards infrastructure & rural sectors. Further, LCV truck segment is also expected to grow 7-8% on account of replacement led demand, pick up in consumption driven sectors and gradual improvement in finance environment.

Improving conditions of road infrastructure – development of state highways & expressways, focus on power generation, housing, health & education coupled with increasing disposable incomes and changing commuting habits, are expected to maintain the growth momentum in the Indian CV market.

An Overview

- Wide Range of Products
 - Both in Cargo (5 – 12 ton) and Passenger Categories (13 - 52 seats)
- Installed Capacity
 - 18000 Vehicles
 - 4000 Bus Bodies
- Manpower Strength
