Chairperson's Message

"The business environment improved significantly in the first half of the current financial year on the back of improved government spending.

Your Company's performance in the second quarter, compared to the year-ago period, saw higher operating margins despite muted revenue growth, with gains coming from the easing of newsprint rates. Revenues of our Print business remained flat on a sequential basis, with a marginal decline compared to last year, but this was primarily due to a shift in festive season this year. Radio posted healthy growth and our Digital business also performed creditably in the quarter.

The global environment continues to be volatile, both on the economic and geopolitical fronts. If the crisis in West Asia deepens it could impact India and therefore our businesses, however we continue to be optimistic and believe the festive season will bring all around cheer.

We thank our diverse and loyal audiences across multiple mediums and platforms, and remain steadfast in our commitment to being a reliable source of credible news and engaging content."
