## SEBI MULLS REFORMS

# Tighter check on rating agencies

Regulator also considering up to ₹1-crore reward for informants in insider trading cases

PRESS TRUST OF INDIA  
Mumbai, August 20

**WITH AN AIM** to further safeguard investors' interests and to take defences to task, capital market regulator Sebi is planning to unveil a slew of reforms, including for greater checks on credit rating agencies and for rewarding informants in insider trading cases with up to ₹1 crore reward.

The regulator is also planning to issue norms for 'Mini IIRs' to allow smaller entities and other entities undertaking tasks similar to municipalities to raise funds through this route and get their securities listed on the stock exchanges.

Officials said Sebi's board, at a meeting scheduled on Wednesday in Mumbai, is also likely to take up issues relating to mutual funds, start-up listing platform and buybacks, among other agenda items.

Sebi is now proposing to amend its regulations for rating agencies to ensure that any listed or unlisted entity, before getting rated, gives a written consent to obtain from their lenders and other entities full details about their existing and future borrowings as also their repayment and default of any nature and provide the same to the rating agency.

Besides reward, Sebi is also planning a hotline for informants to share details confidentially, and a possible amnesty or settlement for minor wrongdoings in return for cooperation in the probe.

## UBI: Current DHFL resolution plan best under circumstances

FE BUREAU  
Mumbai, August 20

**THE RESOLUTION PLAN** for Dewan Housing Finance (DHF) that lenders are now examining is the best one under the circumstances, said Rajkumar Rao G, managing director and chief executive officer, Union Bank of India (UBI), the lead bank in the consortium of lenders for DHFL. Taking necessary control of the mortgage firms as option banks are considering and they are still waiting for mutual funds (MFs) to sign the inter-creditor agreement (ICA), he added.

"Even if the banks acquire equity, it will be a very short-term thing. If we are not able to get a good investor at this point of time, then maybe, but it will not be a long-term proposition. It may happen. It is one of the ideas that are on the sidelines of Dhfl 2019, an annual event organised by the Federation of Indian Chambers of Commerce & Industry (Ficci) and Indian Banks' Association (IBA).

creditors involved — banks, insurance companies, MFs and pension funds. Rai explained that the way MFs are structured and the kind of investments they do for them to implement an option plan to the satisfaction of their investors is not easy.

"For banks, it's a very normal thing because our rules permit it, our regulator understands it. MFs are operating in a totally different space. Suppose, a resolution plan involves a payout over 10 years, how will

a mutual fund handle it? Rai said, adding, "The only thing I can say is that the resolution plan which is under discussion can be the best plan under the given circumstances."

Some features of the Dhfl 2019 circular are not applicable to the resolution process for DHFL as a financial company cannot be taken to the insolvency courts. For companies from other sectors, the circular prescribes either bankruptcy proceedings or a high positioning requirement. The insolvency regulation does not apply here because it cannot go to NCLT. It might not go that far if getting RBI involved after 180 days elapses," Rai said.

## General insurers report 13% premium growth in April-July

FE BUREAU  
Mumbai, August 20

**GENERAL INSURANCE COMPANIES** reported a 12.99% growth in their gross direct premium of 29,543.12 crore between April and July compared to the corresponding period a year ago. In July, their premiums stood at 11,476.45 crore, a growth of 22.73% over the corresponding month last year. According to market participants, despite strong growth in July, the motor insurance segment continues to witness a fall in premiums largely due to a fall in car sales in India.

Among the 25 general insurers, New India Assurance, Bajaj Allianz General Insurance, SBI General Insurance and Tata AIG General Insurance, among others, saw a positive growth in the April-July period, showed

the data from Insurance Regulatory and Development Authority of India (IRDAI).

Pushan Mahapatra, MD & CEO of SBI General Insurance, said, "We have been doing consistently well and expect robust insurance, as we grow in the segments such as health, agriculture and property. Motor insurance is a challenge not only for us but for the entire industry. With drop in monthly car sales, we have to look at how the growth can come from other lines of business."

Motor insurance, which includes third party and own damage combined, has a market share of around 38%, followed by health insurance which has a market share of around 30%. New India Assurance continued its dominant position in the industry with a market share of 16.61%. The

combined market share of public sector insurers as on July stood at 41.13%. While in the private sector, ICICI Lombard remained at top with a market share of 8.15% as on July 2019, but its growth from the beginning of April-July stood at 84,520.40 crore against 74,915.02 crore a year ago, a fall of 6.03%.

While general insurers saw premiums of ₹50,210.62 crore and a growth of 11.88% in April-July, the private health insurers saw a higher growth at 41.93% and premiums at ₹5,908.93 crore. Specialised public sector insurers like ECGC and AIC also saw a positive growth of 23.44%. New entrants in the private health insurance, Go Digit, General Insurance, and Edelweiss General Insurance saw huge growth in the period between April-July, showed the data from IRDAI.
